Two Are Hurt When Car Hits Truck, Home

The driver of the auto which rammed the rear of a truck at W. Broad-st and Mix-rd, and then careened into a nearby grocery-home Wednesday night is being held in city jail, charged with operating a motor vehicle while intoxicated.

Harry J. Tresner, 33, 132 Buena Vista-av, told Patrolman N. J. McClurg he was driving west at about 50 to 70 miles per hour when the accident occurred.

He said he struck the rear of a truck driven by William H. McConihay, 31, 424 N. Grener-rd. Both drivers were treated for minor injuries at Mt. Carmel Hospital.

As Tresner lost control, the vehicle veered across the four-lane highway and smashed into the spare bedroom of the building owned by Mr. and Mrs. Valentine Federline at 4529 W. Broad-st.

No one was injured in the house, but four customers in the store said they were severely frightened. Federline could not estimate the damage but said the entire house was knocked out of line.

Pilot Dogs Inc. To Benefit By Annual Outing

The board of directors of the Mid-West Tavern Owner's Assoc. Inc. have completed plans for their annual outing to be held at Helmandale Grove Sunday, Sept. 6.

It was also announced that 50 per cent of the ticket proceeds will be donated to the Pilot Dogs, Inc.

Pilot Dogs Inc is an organization whose work is devoted especially to those unfortunate people who have lost their eye sight.

The outing will consist of refreshments and dancing. Also the usual entertainment and amusement for all who attend. Tickets are only $1.00.

To get to Helmandale Grove go over the South Parsons-av viaduct and follow the signs. It is only about a half mile out of the city limits on Groveport-pk.

Outing will be held rain or shine since there is plenty of shelter.

Another Killing Is Reported

We're referring to the classified ad in The Hilltop Record and the West Side News. This ad was scheduled to run two weeks, but was cancelled because of immediate results:

"For rent, 2 room cottage. Not modern. Rainbow Addition. RA. 5070."

Mrs. Robert Kidd, 2259 Vadis-st, had 40 calls. If you have a place to rent, call RA. 1125 and "Help your friend" find a home before school starts.

Half Day School Sessions Are Now Seen For Junior High Schools

Novice G. Fawcett, superintendent of schools, has announced that, pending completion of remodeling or construction of local Junior High Schools, it may be necessary to temporarily adopt half-day schedules.

Several thousand Junior High School pupils would be affected by the emergncy measure. The local school affected would be Starling, S. Central-av and W. State-st.

Fawcett said school officials knew when contracts were awarded for the remodeling jobs they would face problems this fall. The summer is not long enough for the extensive work needed.

Junior high children, unlike elementary pupils, can't be scattered for sessions in rented church rooms or stand-by schools because of their specialized programs. Children taking home economics, or wood shop work, for example, must be kept together where facilities are centered.

Each of the schools will be completely modernized when work is finished in late September or October. Later completion deadlines have been set for large new additions now under construction at each of the three schools.

The additions will add both facilities, such as a cafeteria, and classrooms.

"Builders are racing with time," Mr. Fawcett said. "We have high praise for these men who are trying to help us house our children. But we won't know until next week exactly what our plans in these schools can be."

Fawcett said half day sessions, if they are necessary in any of the four schools, will be temporary. So also would be any alternate modification of school program.

He said an exact plan for trouble areas will be announced early next week.

"We're all going to try to avoid double sessions," Replogle said.

Fawcett said a different solution may be necessary for each school, depending upon the amount of work completed. "I'll bet 100 men are working right this minute on Starling School in an effort to get the job finished," he commented. "The other contractors are working just as hard."

Plan Scout Camporee For District

Plans are being completed for a Southwest District Scout Camporee to be held at Camp Lazarus on Sept. 18, 19 and 20 with all units in the district invited to attend.

V. A. Barbee, chairman of camping and activities, will be in direct charge of the event, scheduled to start Friday evening and end on Sunday afternoon. The entire week-end will be filled with activities relating to scouting and camp craft. All units will be expected to stay under canvas.

Registration for this event must be completed by Sept. 4.

The date for the annual Scouter convention was also announced last week as Scout leaders and officials met at Westgate Shelter House for the first meeting of the fall season. The convention will be held on the campus of Capital University on the afternoon and evening of Sept. 27.

The gates at Camp Clime will open at 10 a. m. on the day of the meet. There is good water available and plenty of shade trees. There will be soft drinks and eats at the concession stands.

Haire said that one of the issues to be discussed at the meeting would be the plans for the dedication of the new press box and discussion of ways and means to better aid he school athletic department.

First Returned Hilltop POW Is Home Again

When Hilltopper Howard D. Estell came home again Sunday night to 227 N. Eureka-av, after having been a prisoner of war for 33 months and 10 days this is the sight that greeted him. "Welcome Home Howard" read the sign amid multicolored flickering lights and the returned soldier said, "Must be Christmas."

Pfc. Howard Estell became the first Hilltop soldier returned from the Korean War to receive a Certificate of Honor from American Legion Camp Chase Post 98. Pictured here is Howard surrounded by his family as the presentation was made Monday by Roger Myers, commander of Camp Chase Post. Left to right in the photo are niece, Lora Estell, brother, James Estell, and wife, Lee; Howard D. Estell, James Estell, Sr., Blanche Estell, Roger Myers and Harold Estell.

Howard had many things to tell to his father and brothers when he returned to his home Sunday night. Here he is pictured as he related some of his experiences as a prisoner of war. Left to right in the photo are James L. Estell, Jr., Howard, James L. Estell, Sr., and brother, Harold.

"It's good to be home again, is about all I can say," said Howard F. Estell, son of Mr. and Mrs. James Estell, 227 N. Eureka-av, as he sat amid his family in happy reunion this week after being the first Hilltop youth returned as a prisoner of war in "Operation Big Switch."

"Over there," said Howard, "about the only thing we had to tie ourselves to was home. I thought of home all the time and as the days and months passed some of the things became a little vague and dim. We just dreamed of the day we could come home."

Relating his experiences, Howard said that he was taken prisoner on Nov. 2, 1950, at Unsan, Korea, where he was a member of Co. L, 8th Cavalry Regt. of the 1st Cavalry Div. The capture was effected when his group had pulled back from the front line and was waiting on a roadway for orders to return to their outfit. Chinese Communist troops surrounded the small force and forced their surrender. These were the first American troops to be taken captive by Chinese troops.

Estell said that he was held as a prisoner at POW Camp 5 at Pyocktong, which was the headquarters for all POW camps in North Korea. The camp was located on the Yalu River in the heart of MIG Alley.

The returned soldier recalled that one of the most thrilling sights to the imprisoned Americans was the day that an American Jet swooped low over the camp, low enough for the men in the camp to read the insignia on the side of the plane. "Just the sight of that plane coming in that low was a terrific booster for our morale," he related.

On being home again, he said, "The sight of that Golden Gate bridge caused pandemonium on our ship. We all knew we were at last home again. It was like a dream. Seemed too that the plane bringing us home from California wouldn't even go fast enough. I caught myself several times pulling at the seat trying to help the plane along. I can't tell you my thoughts when I looked down on Columbus. All I could think of was I'm home."

The Hilltop soldier will be home for 30 days and then must report back to Ft. Sheridan, Ill., for medical checkups and processing. As to whether or not he will remain in the army, Howard is doubtful, saying, "I'm too mixed up right now. Maybe by the time I go back I'll have made up my mind about it."

New member of the Estell family whom Howard had never seen was his little niece Lora Estell, age two years, who is pictured here becoming acquainted with her soldier uncle while Blanche Estell, mother of Howard, looks on.

Eight New Teachers Start At West High

When the first sessions of school get underway at West High School next Wednesday, Sept. 9, for a half day period, the student body of the school will meet eight new teachers who have become affiliated with West during the vacation period.

Principal I. F. Young said this week that although school for the students does not begin until Wednesday, teachers will be in session at North High School all day on Tuesday Sept. 8.

Carl Breaning of Ostrander is the new West Junior High coach succeeding Orrie Lehman who at the close of the school year announced his intention of withdrawing from coaching duties in order to give more attention to other curicular activities. Breaning will also aid in the coaching of reserve football.

David Wills, a graduate of West High School will return to his alma mater this year as a teacher replacing Miss Elnora Kautz in Social Sciences. Miss Kautz resigned due to ill health. Wills has been teaching at Hilliards.

Another West High graduate, Herbert Schneider, who has been teaching in Omftedt, Mich. will also begin teaching here this year. Schneider will replace John Neldecker as teacher of social studies and geography.

Mrs. Frances Evans, who has been teaching at Minford this year will take over the Latin duties of Margaret Campbell.

Miss Edna Smith, retired English teacher at West will be replaced by Mrs. Kathryn Duff who has been teaching at South High School.

With Gene Pierce having moved into the coaching staff his biological science classes have been taken over by Clarence Bower an Ohio State graduate who is now completing his master degree studies.

Miss Leota Williamson, who has been teaching at Grove City is a new teacher at West replacing Helen Hall as teacher of commercial subjects.

Mary Jamison West Junior High music teacher is being replaced this year at West by Miss Ann Bishop who has been teaching at Lockport, N. Y.

During the summer months too, many changes have taken place at West High School with extensive remodeling being done.

Principal Young said this week that the wiring for the new public address system for the entire school is now completed but that installation of the system would not take place for a while due to the lack of funds.

The vocal music rooms has been remodeled and fitted with permanent risers and seats and two new rooms have been added at the northwest corner of the West High building by raising the roof level one floor. The new rooms will house the commercial department and those formerly occupied by the commercial department have also been remodeled to accommodate a dramatics and radio room, control room and broadcasting studio.

One of the most noticeable improvements at West is the installation of a new concrete walk at the main entrance to the school. The old brick walk had become somewhat deteriorated necessitating the installation of the new one.

CIGARET IGNITES DAVENPORT

The fire department responded to a call early Monday afternoon, to the rear of 2775 W. Broad-st, when a davenport was ignited from a cigarette. Loss was estimated at $10.

Grid Prospects For Cowboys Not Too Dim

By Woody Owen

The West High School Cowboys football squad after an unimpressive scrimmage game win over Grandview last Saturday, continued its daily workouts this week and with the opening of the season but one week away the coaching staff is shuffling the players around in an effort to find a smooth working combination before that time.

Jim Vincent, all-city defensive safety man on the "52" squad, has been moved to an offensive end position in hopes of bolstering that position.

Roger Thompson, another defensive star from the past season, is currently working as an offensive fullback to give more depth at that spot. One new candidate in the person of Bob Fenimore a track star, reported this week. He should give the locals more speed in the backfield and has also shown well on defense.

At this time there is much work to be done with not one player having cinched a starting assignment as yet. It also looks as if a few of the players may have to perform on both offense and defense due to the inexperience of many of the candidates, or until such time as adequate replacements can be found to give these players a breathing spell.

Many surprises may be in store however for Cowboy followers before the 1953 season concludes as five of the seven City League coaches are now in the process of rebuilding what is left of their fine 1952 squads.

Football Preview Tickets On Sale

Tickets for the Football season opener at the preview game to be held at Grandview High on Sept. 11 featuring the teams of West, North, Arlington and Grandview were to go on sale sometime this week, according to announcement by George Williams director of ticket sales at West.

William said that the ducats for the game can be obtained at the West High School office, Sensenbrenners Office Supply, 2467 W. Broad-st; Goodwin's Pharmacy 2772 Sullivant-av and Spang's Pharmacy at Hague and Sullivant-av.

All proceeds from local sales will go to the West High athletic fund.

SUFFERS HEART ATTACK

Louetta Bennett, 74, of 156 S. Richardson-av, suffered a heart attack at 12:21 p. m. Monday. The emergency squad used an inhalator for 15 minutes.

Local Driver Wins State Roadeo

Bob Husted, local driver at the Sohio Terminal on Wilson-rd, is pictured as he received his championship trophy for winning the Ohio Truckers Association Roadeo in the straight truck class at Lesourdsville Park last Saturday.

By virtue of winning the state competition Husted is now slated for the national finals at St. Paul on Sep. 22-26.

Donald F. Smith, general chairman, of the Hilltop YMCA annual Membership Enrollment announced this week the appointment of Nelson Greene and Joe Goodwin as the Business Division Chairmen.

Boys and Girls Bike Conscious As New Record Contest Begins

"Get on the bandwagon and join the parade of bike riders," will during the period between Sept. 8 and Oct. 19 be a familiar slogan among the youngsters of the Hilltop area. The reason is the Hilltop Record's fall subscription campaign offering boys and girls popular "Huffy" bikes as prizes.

This fall subscription contest for boys and girls of all ages will enable almost any boy or girl to own one of these popular brand bikes. There are hundreds of them to be given in sizes 16, 20, 24 and 26 with the trainer wheel being attached to the 16-inch variety. The only restriction is that the contest is solely for residents of Franklin County.

Here's how the boy or girl who is ambitious, can own one of these popular two wheelers. Get 60 one-year subscriptions to the Hilltop Record and you have a bike; 30 two-year subscriptions also win as do 12 five-year subscriptions or 120 six month subscriptions.

In order to win one of these bikes you must send in the entry blank which appears in today's edition of The Hilltop Record on Page 4.

There is no limit to the number of bikes to be awarded in the six weeks' duration of the contest. Just 10 one-year subscriptions each week for the six weeks period can make you a winner or five two-year subscriptions for each week of the contest.

Get busy now and send in your entry blank today. Then start out and win that bike for your very own.

Franklin County Fair Threatened By Health Aide

An ultimatum has been issued to the Franklin County Fair Board by Dr. H. L. Mitchell, county health commissioner, who warned that unless proper sewage system was installed, the County Board of Health will step in.

Dr. Mitchell said, in a letter, that numerous complains had come to him following the recent Franklin County Fair at Hilliards, and he added that if the necessary sanitary steps were not taken, the health authorities will go to court for an order holding up the fair next year.

We Also Wonder

A farmer was losing his patience and temper trying to drive a team of mules into a field, when the local parson came by and said, "Don't speak like that to those dumb animals; they can't understand what you say."

"Youre just the man I want to see," said the farmer. "Tell me, how did Noah get these things in the Ark?"

General Motors Plans One Cent Increase In Wages Next Week

General Motors today announced an upward revision of one cent per hour in its cost-of-living allowance to approximately 390,000 hourly rate employes resulting from an increase in the nation's cost-of-living index.

The one cent increase in the cost-of-living allowance for hourly rate employes becomes effective with the pay period beginning on Sept. 7. These employes therefore will receive a total hourly cost-of-living allowance of six cents per hour for the months of September, October and November.

Under the GM wage formula, wages are reviewed quarterly and adjusted in line with changes in the revised "Consumer Price Index" of the U.S. Bureau of Labor Statistics. The BLS index for July 15, made public today, is 114.7, compared with 113.7 and Apr. 15 is the date upon which the cost-of-living allowance for the last quarter was based.

Approximately 100,000 eligible salaried employes will also receive an equivalent increase in their quarterly cost-of-living allowance of $5, thus their total cost-of-living allowance for the three months period will be $30.

The next review of the cost-of-living allowance will be in November, based on the Oct. 15 index.

West Park Champs Win Over "All Stars"

Left to right in the front row are Ralph Edsell, George Breckenridge, Jack Sanford, Paul Fulton. Second row, Gene Carpenter, Earl Gates, Charles Deyo, Dave Guyton. Back row, Bill Schwartz, assistant coach; Dick Farrell, Glenn Stoll, Paul Schooley and Ellis Breckenridge, manager.

West Park Methodist, champs of the Hilltop "Y" Intermedia... Church League, extended their winning string last week by blasting the "All Stars" 6-2. The "All Stars" were composed of players from the other three teams of the league.

Gates, West Park pitcher, continued to display perfect control and allowed the "All Stars" only three hits. The "All Star" pitcher, Ruffner, was reached for four runs in the first inning but then settled down and allowed West Park only two runs the balance of the game.

This game brought to a close another Hilltop YMCA Intermediate Softball League.

West Park Methodist won all three rounds of play without a defeat, thus giving them the championship of the league.

The marching band from Hilliards High School returned Saturday evening from a week's training at Camp Pioneer on the Leesville Lake in Carroll County.

Robert White, the instructor, had a well planned training program, which included early morning drill, band practice, marching and individual practice time. Mrs. Patty Walcutt instructed the majorettes.

In addition to three wonderful meals a day, the children enjoyed square dancing, campfires, wiener roast, scavenger hunt, swimming, boating and craft work. The illness and accidents were minor, no more than tummy aches and insect stings. The band is in fine shape and ready for the first performance.

LETTER TO ST. PETER

Let them in, Peter, they are very tired;
Give them the couches where the angels sleep.
Let them wake whole again to news dawns fired
With sun, not war. And may their peace be deep.
Remember where the broken bodies lie
And give them things they like. Let them make noise.
God knows how young they were to have to die!
Give swing bands, not gold harps, to these our boys.
Let them love, Peter—they have had no time—
Girls sweet as meadow wind, with flowing hair.
They should have trees and bird song; hills to climb—
The taste of summer in a ripened pear.
Tell them how they are missed. Say not to fear;
It's going to be all right with us down here.

Elma Dean (Reprinted).

This poem has been reprinted here several times and requests for it are still received.

Concerning some tv and radio personalities — Patti O'Harra is the newest singing sensation on WLW-C. The daughter of Mr. and Mrs. Homer Meachum (Dad and Blanche, of "Just Neighbors" fame (WTVN), Patti has been singing since she was three, and has done everything there is to do in show business. Her charming, sparkling personality has endeared her to tv, stage and radio audiences; she recently signed a long-term contract with WLW-C. Her programs are heard at 6 on Monday and Wednesday evenings, from Cincinnati. Her style of singing, her appearance and mannerisms are very like her mother's, which is high praise, as any of Blanche's fans knows . . . Wally Snider, also of WTVN, is leaving for New York this week. He will do free lance commercial announcements for tv and radio. His replacement for the Home Theatre show is Earl Green, of Dayton . . . Bill McKenzie is leaving WTVN to go to WBNS-TV, Sept. 1 . . . Bill Nimmo, once associated with WLW at Cincinnati, is now doing very well on network tv shows. He is a friend of my favorite shut-in, and we are pleased that he is going places . . . Several new records heard on d-j radio programs (at least they are new to me) are "One Step", Patti Paige's "Butterflies", and another, the title of which I didn't catch. In the latter is the line "There is little perfection this side of the sky." True, and it is a good song.

Two quotations sent by a friend: "Oh, the comfort, the inexpressible comfort of feeling safe with a person, of having neither to weigh thoughts nor measure words, but pour them all out, just as they are, knowing that a faithful hand will keep that which is worth keeping, and with the breath of kindness, blow the chaff away" . . .

Life owes me nothing. One clear morn
Is boon enough for being born,
And be it ninety years or ten,
No need for me to question when—
While life is mine—I'll find it good
And greet each hour with gratitude.

• • •

A special delivery letter to my favorite shut-in told her that one of her best friends had won one of the Kaiser cars given away by WLW-T. She is Mrs. H. B. Burnette, of Middletown. We are very happy about the whole thing for this lady has spent her life doing things for others. Her home in Middletown is called "The House by the Side of the Road" and she is beloved by everyone who is fortunate enough to know her. Nobody is turned away hungry, and no stray dog or cat that stops at the Burnettes is ever turned out either, unless Mrs. Burnette has found it a good home. This wonderful lady deserves her good fortune.

"Out of the mouths of babes"—My favorite five-year-old and her grandpa were having a rough-house session and when grandpa made like a bear and told her he was going to eat her, she said pityingly, "Oh, Grandpa, what a child you are!" The same five-year-old and her mother visited a brand-new baby in the neighborhood. On the way home she said "Mother, why don't you go to the hospital right now and get me a baby sister? Then we'd have it over with." Another child of my acquaintance noticed the new moon for the first time. He called his mother to the window to look, and said "Poor moon, somebody broked it." A six-year-old was looking at LIFE magazine and saw a photograph of a large family group. After looking at it intently for a while he said to his dad, "But where is the President or the Governor or somebody?"

From the Sanskrit—

Look to this day!
For yesterday is but a dream,
And tomorrow is only a vision;
But today well-lived
Makes every yesterday
A dream of happiness,
And every tomorrow a vision of hope.
Look well therefore, to this day.

At The Playgrounds

By Pat Martindale

Just a little over two months have elapsed since the official opening of the Hilltop Playgrounds by the Hilltop Community Council on June 23 and during that period the playground programs have been packed with enjoyable activities for children of all ages. Adults too, have enjoyed the many planned events for them. The summer season officially closed last Friday and the supervisors of all five Hilltop City Playgrounds wish to acknowledge their sincere thanks to all parents, children and friends who help to make the summer a success.

Glenwood

During the summer Glenwood had a six team Little League sponsored by the Hilltop Kiwanis and Lions Clubs, two Junior Knothole teams and Junior Boys Softball team, the Forty Niners.

The five team Glenwood Girls softball league consisted of the Blue Eagles, New Rome, State School, Speed Demons and Columbian. The Tomboys was the only Junior Softball team at Glenwood.

Twelve boys and Girls passed their AAU Physical Fitness tests.

Glenwood's Junior Olympic team, consisting mostly of girls, participated in the three sectional track meets at West, South and North High Schools, in the city swim meet at Maryland Pool and the city track and field meet at Ohio State University.

Center and city-wide tournaments for boys and girls in the three standard age groups for foul shooting, singles and doubles in tennis and horseshoes were held.

Glenwood placed tenth with 23 points at the Central Ohio Junior Olympics Track Meet at Ohio State University Aug. 15.

Sonnie Betsch placed first in the girls 16 to 17 age division softball throw by throwing 172' 3". Ruth Hoffman threw 115' to win the girls eleven and under age division and Wayne Robbin took first place in the boys 12 and 13 age division. Mary Gardner placed fourth in the 16 and 17 division.

Hannah Simpson was fourth in the girls 14 and 15 year olds running broad jump by jumping 11' 1¾".

The girls (14 and 15) 200 yard shuttle relay team placed fifth. The team consisted of Beverly Cook, Janet Ball, Ida Ann Witt and Karol Lotz.

Boys and girls up through 15 years of age have been working on their AAU Physical Fitness tests.

A sprint, walk and run, sit-ups, pull-ups and standing broad jump are required. The baseball throw, running high jump, push-ups and continous hike for distance are the optional events from which anyone may be chosen to complete the sixth required event.

Those who have already passed their tests are Joyce Berlo, age 7; Donna Berlo, age 10; Shirley Berlo, age 15; Mae Brown age, 13; Alice Jones, age 14; Delores Parks, age 13; Ronnie Hill, age 15; John Witt, age 12; Bill Quinn, age 11; Vickie Quinn, age 9 and David Thomas, age 11.

Highland

Highland Playground officially closed at 8 P. M. Friday after a very eventful summer program. Many of the Highland participants took part in the city-wide events beside the special events throughout the summer on the grounds.

The craft classes this summer were well attended by the girls and the boys enjoyed the games and tournaments. The girls of Highland playground made a great showing in the West Sectional Olympics by winning 47 points, and both the girls and boys competed in the South and East sectional Track Meet at South High School.

During the summer the Highland children took part in the Drama Festival held at Sunshine Park and in the Aug. 20 pageant held at Central High School.

Mrs. Rosa Trigg wishes to express her appreciation for all of the help from the parents and children and for the publicity given the playground by the Hilltop Record and invites everyone back next summer.

Westgate

Westgate Playground was well attended this summer, Mrs. Margaret Edwards was in charge of the girls programs and the variety shows, Drama Festivals and City-wide pageant of Aug. 20 showed a grand display of talent from Westgate. Mrs. Edwards was a guest on TV during the summer to show some of the Handicraft she taught at Westgate.

Phil Fulton was in charge of the boys activities and his Little League teams made an excellent showing.

Holton

Holton Playground gained much attention in the float parade with their covered wagon and bicycle built for two. Their third float was a Sunday School reminder which was quite different from all other floats participating.

Holton's children took part in the Drama Festival at Sunshine Park and had a big part in the City-wide pageant. Crafts were shown at City Hall with displays from all 56 Columbus Playgrounds.

Holton was visited by the Traveling Zoo as were all Hilltop Playgrounds; was entertained with a variety show and held a family night. Mrs. Edna Echelt was in charge of the girls programs, handicraft and story hour.

The boys activities were headed by Floyd Elliot and athletics were outstanding this summer. Holton competed in the horseshoe and tennis tournaments, and the many other events.

Columbian

Paul Logeman was supervisor of Columbian Playground and developed a fine softball team this season.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

To the Editor:

Mr. and Mrs. American Citizen, I wish you could have been with me at our 12th Townsend National Convention, which was held at the beautiful Masonic Temple in Cleveland, O, with two thousand delegates from all parts of the United States attending. Our speakers, Rep. Carl Curtis of Nebraska, who is a member of the Ways and Means Committee, and chairman of the sub-committee studying our bill known as a pay-as-you-go National social security for all people past 60, the crippled, blind, widows with minor children, and all people incapacitated; if this bill had been in operation last year it would have paid an average of $135.00 per month to 17 million people based on a 2% gross income tax which would elimate the present social security, old age assistance, relief, infirmaries and all other private pension security.

Senator Humphries of Minnesota, who is a supporter of our bill, gave a fine message on national security.

If you are interested in having this bill become a law, you will have to help get it by affiliating with our organization. It takes membership to put this over. I would be glad to see you at our meetings at W.O.W. Hall, 588 S. Third-st, the second Thursday of each month, supper at 6:30, speaking at 8 p. m. Or drop me a card or call me for all information.

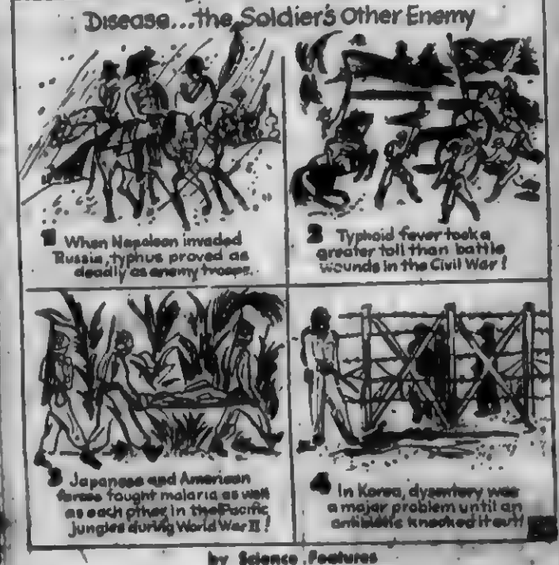
Cub Scouts Visit Lockbourne

By Pat Martindale

On Aug. 27 Cub Scout Pack 250 of St. Aloysius Parish made one of its most enjoyable trips of the summer through the cooperation of the commanding officer and his public relations staff under Sgt. McClellan at Lockbourne Air Base.

Starting their trip from the St. Aloysius School grounds at Midland-av and W. Broad-st, the airbase bus with its driver and guide, A1 Bart Miller, picked up the pack at 10 a. m. After arriving at the base and checking the group, the tour of the ground was started. A two-hour educational and first-class information tour was enjoyed by the boys.



The Cubs were fascinated by the different types of planes and the size of Lockbourne Air Base which they thought was "just like a city in itself."

The trip was planned by two den dads, Karl R. Blackburn and Robert C. Rice and the assistant cubmaster, John W. Lageman. Cubs who made the trip were Pat Tonner, James Tonner, Jeff Page, Joe Spander, James Culp, Pat Purcell and Joe Jones from Den No. 1; Pat O'Kane, Will Thompson, and Tommy Maxwell from Den No. 2; Jim Blickburn, Al Rice, Tom Martin, Ronald Puttick and Dean Momberg from Den No. 4; Robert Merridith, Gary Leeks, David Shesky, Larry Perdue, Tommy Vargo, Harry Cook, Frank Lageman and Dan Taynor from Den No. 5.

After the tour the boys and their dads were treated to a chicken dinner with all the trimmings at the air base mess hall, at which time the boys found that the L. A. B. men "certainly don't lose out on eats there."

So concluded an unusual trip, both educational and entertaining as Cub Scouts from Troop 250 were brought back to their starting point, a trip well planned by "Our Army Air Force."

Science and Your Health

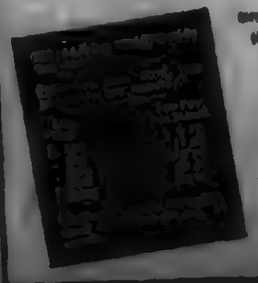
by Science Features

Disease has been a silent but deadly third party in all the wars of history, and Korea has been no exception. In that war-torn land both sides fought a scope of diseases and the degree to which the diseases were overcome played a large role in the military picture.

One of the most serious has been dysentery, a painful intestinal disease which is caused by both amoeba and bacteria. The threat of bacterial dysentery, the more dangerous of the two, is present whenever persons live in close association, such as soldiers must do. Amebic dysentery, on the other hand, is common at all times and in any population group exposed to unsanitary conditions. Even in the United States, it has been estimated that from five to ten per cent of the population is infected with this germ, although the symptoms of amebic dysentery may not appear.

The dysentery problem is not a new one in warfare. In the Fourth Century, B.C., the historian Herodotus attributed the defeat of the Persian army to this disease.

In Korea a serious epidemic of bacterial dysentery broke out recently in the South Korean prison camps, adding to the multiple military and political problems already involved. Sulfa drugs were rushed in but with little success. Other drugs were tried, including the antibiotics. A week later all prisoners who had been given terramycin were free of the disease.



Amebic dysentery also appeared in Korea, but again terramycin proved the answer, knocking out the disease in all of 104 patients with only six relapses. Dysentery is one disease that may never have another char..) to change the course of history.

What! No Soap!

In some parts of Mexico hot springs and cold springs are found side by side. The women often boil their clothes in the hot springs and rinse them in the cold springs. A tourist who had been watching this procedure, remarked to his Mexican friend, "I guess they think old Mother Nature is pretty generous."

"No, senor," the other replied. "There is grumbling because she supplies no soap."

Double B—

Two strangers had been paired in the club golf tournament. One was Colonel Thunder, red of face, wild of stroke, free of tongue. The other was a meek man, introduced namely—Dr. Bywell. At the first blunder, Colonel Thunder took a long, silent look at his ball, then turned and exclaimed:

"Pardon me doctor. But before I tackle this lie, would you mind telling me if you are a D. D. or an M. D.?"

Mrs. Kelley Offers Recipe For Sweet, Crisp Lime Pickles

Mrs. Edna Kelley

A recipe especially for all you readers who have discovered the sense of satisfaction which comes from serving food that you, yourself, have canned, is offered by this week's donor. She is Mrs. Edna Kelley, 1789 Sullivant-av.

President of Spanish American War Auxiliary, she has been active in that organization for the past 10 years. The group contributes to the care of veterans of all wars in the hospitals at Dayton and Chillicothe and to the soldiers and sailors home at Xenia. She is also a member of the Light O' Day Chapter, OES, Grand Central Chapter of the Rebeccas, Republican Club, White Cross Guild and Gift Street Church.

Her husband, John P., is a foreman in the city engineer's department and the couple has one son, Harold, of New York City.

This old family recipe of Mrs. Kelly's produces deliciously sweet, crisp pickles.

Lime Pickles

7 lbs. large cut cucumbers.

Cover with 1 gallon water and 1 cup lime. Let stand 24 hours, pour off and rinse well. Cover with cold water; let stand 3 hours. Drain well.

Mix 2 quarts vinegar (full strength), 4½ lbs. sugar, small amount stick cinnamon, 1 tablespoon whole cloves, 1 tablespoon salt, celery seed and mixed spices. Pour over cold; let stand over night. Heat contents next morning and simmer for 25 minutes. Seal.

Jacquie Hardy Will Teach for Sherick

The Jack Sherick Dance Studios announced this week that Jacquie Hardy will be teaching on a full time basis this year at the downtown studio. Jacquie taught part time last year, while completing her studies at Capital University.

Miss Hardy will continue to teach tap dancing and will also teach classes in American Jazz beginning Sept. 8.

Jacquie spent the summer months in New York City where she studied tap, ballet, and American Jazz dancing at the Roye Dodge School of Dance. She also did some show work in clubs in and around New York while she was there. Miss Hardy is at home now with her parents at 566 S. Richardson-av.

Hilltoppers will remember Jacquie for her numerous appearances in West High Band Variety Shows and Hilltop Minstrels and also her various public appearances with her father, George K. Hardy.

COACH TO BE SPEAKER

Dave Randall, West High School coach, is the invited guest speaker at the Hilltop Lions' Club weekly meeting, Thursday evening, Sept. 3, at Schmeber's Restaurant.

CAN I WEAR 'EM HOME?

"Can I wear 'em home? Can I Mom? Can I? Huh?" The familiar plea of any youngster who has just been fitted with a new, shiny pair of shoes. And, in most cases, he does wear 'em home because that seems to be half the fun of getting new shoes. And being a husky youngster and since children's shoes have nice broad toes and are fitted large in comparison with grown-up's shoes, he wears the new shoes with no ill effects. At least, in ninety-nine cases out of a hundred. The only trouble encountered is usually a bit of blistering around the heel from the stiffness of the counters in the new shoe. This can be avoided by placing a felt heel cushion about a quarter of an inch thick in the heel of the shoe the first couple of days. By lifting the foot in the shoe, the top doesn't rub. A bit of mole-skin or a band-aid around the heel may help too. Try to keep the youngster from wearing a new shoe more than a couple of hours at a time the first few days. That way the stiffness works out of new shoes gradually.

Seen at Seiller's
While walking along Broad-st. our first day back from Hollywood the city of glamorous women and beautiful clothes, and feeling a little depressed at having to return, Seiller's window caught our eye. It had the look of Fall and the campus and cool, cool weather. You could almost smell leaves burning.
Filled with beautiful, vivid, autumn colors, smart suede and corduroy jackets, heavy full, full skirts, sweaters, white socks and casual shoes gave us a lift, and made us realize our own little department store in our own community has clothes as smart and fashionable and eye catching as the smartest shops in Hollywood or any other city.
Today's wise girls want clothes that look smart with a minimum of care. These she will find at Seiller's
On the campus or off, she'll be voted the best dressed gal, when she buys her clothes at a store that is so fashionwise as Seiller's

Immanuel Baptist Is Scene Of Mercer-James Nuptial Ceremony

Mr. and Mrs. Ronald David James
(Photo by Anderson's Studio)

Immanuel Baptist Church was the setting for the nuptial ceremony uniting Miss Shirley Ann Mercer and Mr. Donald David James on Sunday, Aug. 9. Rev. Robert L. Titus officiated at the 3:30 p. m. ceremony.

The bride is the daughter of Mrs. Ralph O. Mercer, 274 Wrexham-av, and the late Mr. Mercer. The bridegroom's parents are Mr. and Mrs. Peter D. James, 589 S. Warren-av.

Given in marriage by her cousin, Mr. G. H. Donk, the bride wore a waltz-length gown fashioned of embroidered organdy. A jacket, featuring a Queen Anne lace collar, was worn over the formal basque bodice and the bouffant skirt with scalloped edges and pleated organdy insert, was worn over old-fashioned crinoline and hoop skirts.

An elbow-length veil of imported illusion was caught to a Juliet cap of organdy, with pleated outline enhanced with pearls. Her cascade bouquet was fashioned of stephanotis and white carnations centered with a white orchid.

Mrs. Herman W. Wolter, attending her sister as matron-of-honor, wore a waltz-length gown of sky blue organdy with formal bodice and shrug jacket, and a redingote-style skirt with scalloped embroidered edges and pleated insert. Her Juliet cap matched her gown.

Mr. Carl A. Caligiuri served as best man, and seating the guests were Mr. John R. Cherrington and Mr. Jerry L. Johnson.

The mother of the bride was gowned in a lavender and green on which print nylon frock and wore a corsage of white shattered carnations. The bridegroom's mother chose a pink voile gown with black velvet accessories and a corsage of American Beauty roses.

Hostesses for the reception held at the church were Mrs. Mildred Richardson, Miss Sally Billingsley, Miss Beverly Amorine and Mrs. Gloria Johnson.

For their wedding trip to Virginia Beach, Va., the new Mrs. James chose a sheath dress of charcoal grey, rose and white stripes, and a duster of iridescent rose and gray with white accessories, and she wore her bridal orchid.

The bride is a graduate of West High School and is associated with the Department of Taxation, State of Ohio. Her husband is also a West High School graduate and is now enrolled in Capital University.

The newly married couple is residing at 1776 Franklin-av.

Why do most people waste so much time reading trash when the greatest adventures of the world are true, educational stories?

Your Youth

By Bob Schmidt Dick Wilson

We just received a post card from Bill Ingle, Bill Botkin and Dick Rice from Camp Alfred Wilson. They are enjoying their junior Hi-Y training period and feel that this experience will help them in their club work this fall. Our boy, Dick Wilson, is just relaxing these past two weeks with his parents in Chillicothe. Haven't heard a word from him but we know when he returns he will be ready to start a super Hilltop "Y" fall and winter program for all you fellows.

I was out to watch the Hilltop "Y" Looper League last Thursday night. If you folks really want to see some good softball jump into the car and travel out to Westgate Park diamonds. You will never see so many old timers having the time of their lives. Of course, most of these players are "has beens" but what a lot of fun and fellowship they display on the ball diamond. These players are planning a family picnic and an All Star game Sunday afternoon, Sept. 13.

The "Y" Indian Guides are still on the war-path but seem interested only in food. The tribes are enjoying family picnics before the fall weather drives them back to the wigwams. Mr. Frank Watts is the new chief of the Cherokee, replacing Chief Jim Jackson. The Cherokee tribe has also inducted Harry Grashell and son, John, into the membership of their tribe. Big Brave Bob Edgar is the new chief of the Wyandotte Tribe, replacing Chief Louie Cirilli. The rules of the tribe state that a chief can hold office for six months only.

What a feeling of satisfaction to see these fathers and sons enjoying many happy experiences as "Pals Forever".

We wonder if the boys in Korea will vote for those politicians who said a truce that left Korea divided wasn't good enough, and suggested our boys fight on for North Korea.

COMIC CHARACTERS ASK SUPPORT FOR 1953 KENNY FUND APPEAL

Minneapolis, Minn. — Author-producers of some of the best-known comic strips, appearing in the nation's leading newspapers, for several years have contributed their time and efforts in support of the annual Sister Elizabeth Kenny Foundation polio fund appeals.

Familiar comic-strip characters who this year are urging generous contributions to the Sister Elizabeth Kenny Foundation include The Nebbs by Hess, Donald Duck by Walt Disney, Bugs Bunny by Warner Bros. Cartoons, Inc., and Steve Canyon by Milton Caniff.

"These nationally-known comic strip artists are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Marvin L. Kline, Sister Elizabeth Kenny Foundation national executive director, said.

Immanuel Baptist Is Scene Of Mercer-James Nuptial Ceremony

Mr. and Mrs. Ronald David James
(Photo by Anderson's Studio)

Immanuel Baptist Church was the setting for the nuptial ceremony uniting Miss Shirley Ann Mercer and Mr. Donald David James on Sunday, Aug. 9. Rev. Robert L. Titus officiated at the 3:30 p. m. ceremony.

The bride is the daughter of Mrs. Ralph O. Mercer, 274 Wrexham-av. and the late Mr. Mercer. The bridegroom's parents are Mr. and Mrs. Peter D. James, 589 S. Warren-av.

Given in marriage by her cousin, Mr. G. H. Donk, the bride wore a waltz-length gown fashioned of embroidered organdy. A jacket, featuring a Queen Anne lace collar, was worn over the formal basque bodice and the bouffant skirt with scalloped edges and pleated organdy insert, was worn over old-fashioned crinoline and hoop skirts.

An elbow-length veil of imported illusion was caught to a Juliet cap of organdy, with pleated outline enhanced with pearls. Her cascade bouquet was fashioned of stephanotis and white carnations centered with a white orchid.

Mrs. Herman W. Wolter, attending her sister as matron-of-honor, wore a waltz-length gown of sky blue organdy with formal bodice and shrug jacket, and a redingote-style skirt with scalloped embroidered edges and pleated insert. Her Juliet cap matched her gown.

Mr. Carl A. Caligiuei served as best man, and seating the guests were Mr. John R. Cherrington and Mr. Jerry L. Johnson.

The mother of the bride was gowned in a lavender and green on which print nylon frock and wore a corsage of white shattered carnations. The bridegroom's mother chose a pink voile gown with black velvet accessories and a corsage of American Beauty roses.

Hostesses for the reception held at the church were Mrs. Mildred Richardson, Miss Sally Billingsley, Miss Beverly Amorine and Mrs. Gloria Johnson.

For their wedding trip to Virginia Beach, Va., the new Mrs. James chose a sheath dress of charcoal grey, rose and white stripes, and a duster of iridescent rose and gray with white accessories, and she wore her bridal orchid.

The bride is a graduate of West High School and is associated with the Department of Taxation. State of Ohio. Her husband is also a West High School graduate and is now enrolled in Capital University.

The newly married couple is residing at 1776 Franklin-av.

Why do most people waste so much time reading trash when the greatest adventures of the world are true, educational stories?

Your Youth

By Bob Schmidt Dick Wilson

We just received a post card from Bill Ingle, Bill Botkin and Dick Rice from Camp Alfred Wilson. They are enjoying their junior Hi-Y training period and feel that this experience will help them in their club work this fall. Our boy, Dick Wilson, is just relaxing these past two weeks with his parents in Chillicothe. Haven't heard a word from him but we know when he returns he will be ready to start a super Hilltop "Y" fall and winter program for all you fellows.

I was out to watch the Hilltop "Y" Looper League last Thursday night. If you folks really want to see some good softball jump into the car and travel out to Westgate Park diamonds. You will never see so many old timers having the time of their lives. Of course, most of these players are "has beens" but what a lot of fun and fellowship they display on the ball diamond. These players are planning a family picnic and an All Star game Sunday afternoon, Sept. 13

The "Y" Indian Guides are still on the war-path but seem interested only in food. The tribes are enjoying family picnics before the fall weather drives them back to the wigwams. Mr. Frank Watts is the new chief of the Cherokee, replacing Chief Jim Jackson. The Cherokee tribe has also inducted Harry Grashell and son, John, into the membership of their tribe. Big Brave Bob Edgar is the new chief of the Wyandotte Tribe, replacing Chief Louie Christy. The rules of the tribe state that a chief can hold office for six months only.

What a feeling of satisfaction to see these fathers and sons enjoying many happy experiences as "Pals Forever".

We wonder if the boys in Korea will vote for those politicians who said a truce that left Korea divided wasn't good enough, and suggested our boys fight on for North [illegible]

COMIC CHARACTERS ASK SUPPORT FOR 1953 KENNY FUND APPEAL

Minneapolis, Minn. — Author-producers of some of the best-known comic strips, appearing in the nation's leading newspapers, for several years have contributed their time and efforts in support of the annual Sister Elizabeth Kenny Foundation polio fund appeals.

Familiar comic-strip characters who this year are urging generous contributions to the Sister Elizabeth Kenny Foundation include The Nebbs by Hess, Donald Duck by Walt Disney, Bugs Bunny by Warner Bros. Cartoons, Inc., and Steve Canyon by Milton Caniff.

"These nationally-known comic strip artists are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Marvin L. Kline, Sister Elizabeth Kenny Foundation national executive director, said.

"Heap Big Time"

By Mrs. James W. Whalen

A heap big time was enjoyed by the E. C. Sheets, Jr., family of 48 Buena Vista-av, on their recent jaunt to the "Great Smokies" and parts south.

On the Sheets' itinerary were Cincinnati, Louisville and Lexington, Ky., on into Knoxville, Tenn., crossing the Little Pigeon River and entering Ft. Weare, Game Park named for one of our country's great patriots, Colonel Sam Weare. Upon leaving Ft. Weare they entered Gatlinburg, the Gateway to the Smokies, and thence thru seven states which were Tennessee, Kentucky, Virginia, North Carolina, South Carolina, Georgia, and Alabama.

In the Smokies the Sheets Tribe smoked the pipe of peace with Chief Powell, the Cherokee Chieftain, whom the name of Pow-Wow would better fit, and spent several happy hours on the Indian reservation.

This Rome family took along its candid camera and recorded the high lights of their journey, taking pictures of pinto ponies, baboons, baby elephants, snakes, ostriches, etc., at the very excellent zoo at Ft. Weare, the fabulous "Smokies", the facinating scenery at Lookout Mountain, and Super Highway U. S. Rte. No. 441.

Among the interesting and pleasant people encountered and visited by Mr. and Mrs. Sheets and sons, Eddie and Jeffrey, were Chief Powell of the Cherokee Tribe on the Cherokee Reservation, and Dr. and Mrs. John Howard Sheets of Biscayne Bay in Miami, Fla.

Jeffrey, Mrs. E. C. Sheets, Jr., and Eddie III, at the gateway to the Great Smokies.

The Sheets' also enjoyed a week along the Atlantic at Miami Beach.

Rome residents have been enjoying at second hand the Sheets' trip and everyone who has the privilege of viewing the pictures of their grand trip and holiday seve their wonderful travelogue of hteir grand trip and holiday.

'Private Gas Well' Does Variety of Farm Jobs

Although most farms are located beyond city gas mains, they can now have their own "backyard gas well" to supply fuel for a wide variety of important jobs. Liquefied petroleum gas is delivered to the central supply system. Stored as a liquid, the fuel changes to its gaseous state when used. Large amounts of LP-Gas (butane, propane, bottled or tank gas) can be stocked because one volume of liquid expands to about 270 volumes of gas. The fuel is also used by millions of farm families to operate modern household appliances, including automatic ranges, water heaters, clothes dryers, incinerators, refrigerators and heating plants.

Ex-Hilltopper Is Performer In "The 17th Star"

By Mrs. James W. Whalen

Mrs. Melvin Koch and daughters, Kaye and MaryLu, of 101 W. Dunedin-rd, are cast in four different sequences in the impressive and breath-taking spectacle now playing at the Ohio State Fairgrounds, "The 17th Star", the premiere of which was given on Thursday evening, Aug. 27, and will continue through Monday, Sept. 7.

Mrs. Koch enjoyed many happy years on the Hilltop as the daughter of one of the city's leading attorneys and councilmen, Fred W. Postle, formerly of 48 Eldon-av. She is one of four daughters born to Mr. and Mrs. Postle at this address. She attended West Broad Elementary School and North High School from which she graduated, her family having moved to 300 Oakland Park-av, at the time of her high school years.

Later she attended Ohio State University, where she was enrolled in the college of arts and science. She was a member of Mortar Board, Chimes and Phi Beta Pi and A.A.U.W. The former Miss Postle married Melvin Koch of Cincinnati.

She was at one time associated with a radio station in Boston, conducting radio contests which were broadcast throughout New England. Later she produced children's radio programs at Muskogee, Okla. While in Oklahoma she wrote and directed a children's play which was later used on a national outlet.

Versatile Mrs. Koch is past president of the Mortar Board Alumnae, honorary society for senior college women, which office she held from 1950 through 1952, inclusive. She is greatly interested in anything and everything beneficial for the youngsters of her community, county and state, and recently conducted and completed two detailed surveys under the sponsorship of White House Conference for children and youth, i.e. "Children's radio and television listening habits." These surveys are used nationally by the National Association of Radio and Television Broadcasters for their members.

Earlier she assisted her husband in the completion of a very technical and statistical survey on "The Value of Newspapers in the Schools", with which he secured his master's degree from Northwestern University. Mrs. Koch is also a past officer in the American Association of University Women, a member of the Ohio State Alumnae Club of Franklin County, a member of the Ohio Women's Republican Club, and a former secretary of the Postle family reunion, her family having migrated to this area in 1803, the year of our official statehood.

For the past several years these reunions were held in the home of their family member, Mrs. J. I. Gates of W. Broad-st, New Rome, until the Gates' sold the old homestead and moved to Lincoln-rd, in Arlington.

Recently Mrs. Koch and her two daughters were special guests on a television show, "Backstage at the 17th Star", given by the production staff and a few members of the cast on Station WTVN in connection with publicity for this master production and also because of her family's history.

Attractive Mrs. Koch and her two blonde daughters very capably and convincingly portray a distraught widow and her two grief-stricken daughters at the mine disaster, are very good in the migration scene in which they were members of a covered wagon group, later descending and dancing outside after having arrived in Ohio, and lastly appearing in an open early model car wearing an authentic duster from the 1890's and a large hat secured by a silken scarf, concluding with the other 497 members of the cast in the gigantic finale.

Being real troupers, Mrs. Koch and her daughters have never missed one rehearsal or regular performance, which enviable record has not been attained by any other member of the cast.

Sisters of—Mrs. Koch living on the Hilltop are Mrs. Morgan W. Bates, 661 Binns-blvd, and Mrs. Jack Lett, 50 Schultz-av. Her other sisters are Mrs. Rodger Borror of Wilmington, O., and Mrs. G. H. Evans, 145 Henderson-rd, Columbus.

Furniture Fashions

New presentations introduced at the summer furniture markets range in style from adaptations of French, Spanish, Italian, and American Provincial to trend-setting Modern.

Bridging the gap between Traditional and Modern furniture, there are contemporary groups designed to capture the interest of those who prefer the combination of the heritage of Traditional and the up-to-date feeling of Modern furniture.

Shown is a French Provincial dining room group scaled to fit the smaller dining area. At the same time, it is generously proportioned so that it will add dignity to any size dining area.

Made of solid cherry wood, the table extends to 92 inches. In addition to the oval table shown, there is a choice of either a rectangular or drop-leaf model. The finish is amber tone.

French Provincial furniture is ideal for the homemaker who wants to give her home a touch of historic glamour.

Brand New Bookmobile Starts In Area

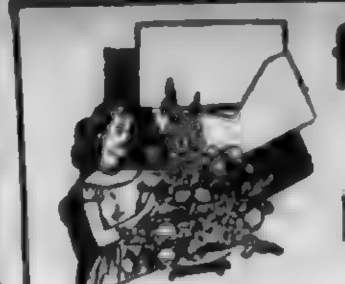
Adults stops are still to be scheduled by the library.



The library on wheels will carry 3,000 volumes, and take [illegible] for books not on its shelves. Registration for bookmobile use is free.

A loudspeaker will alert patrons by playing a "Theme Song" at each stop. The bookmobile will stop at each point every three weeks. Stops will begin this fall.

Seeing IS *Believing*

Did you ever stop to think, for a moment, what part the words *look* and *see* play in your own religious faith?

Some people, for example, only "look" at a sunset. But those who "see" the sunset in all its glory know that no mortal could have placed those majestic colors there.

Seeing—for them—is *believing* in God.

Others look up only occasionally at the stars. But over the grave of a great American astronomer and his wife are these words of touching faith: *"We have loved the stars too fondly to be fearful of the night."*

Seeing, for them, was believing.

Isn't this true of our churches as well? We may look at them as beautiful buildings. But most of us *see* in churches man's expression of his faith in his God.

On entering any church door, we sense that faith.

And when we worship within any church, we know that our faith is real.

Yes—there's more to living than just "looking."

When we see the wonders of nature and man for the real meaning they hold, then "seeing *is* believing"—in God.

Blessed are they that have not seen, and yet have believed.

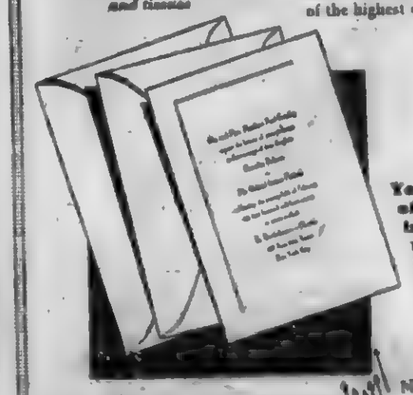
Edible Cereal Bowl

Western cantaloupes are an amazing fruit. They are high in enjoyment and good nutrition yet VERY low in calories. One half of a 4½ inch melon contains only 30 calories (good news for weight watchers) yet this same low-caloried serving of cantaloupe will yield 5,000 International Units of Vitamin A! Besides being so amazingly nutritious and good to eat cantaloupes are also amazingly easy to prepare. Just cut in half with a knife, touch with a spoon to remove the seeds, and you have two servings of refreshing melon ready to use in any one of many ways.



MELON-CEREAL BOWL

Here's something really different in breakfast ideas—a cereal bowl you can eat. Cereal-in-a-melon offers a wonderful combination of sweet, smooth melon and the whole-grain goodness of "bite-size" shredded wheat biscuits, perfect to wake up lazy summer appetites. Cuts down on breakfast clean up, too. Just fill the chilled cantaloupe half with cereal and milk and let 'em eat bowl and all.

United Appeals Workers To Be Honored At Tea Party

Mrs. Frank J. Lausche will open the Governor's Mansion, 1234 E. Broad-st for a tea on Wednesday, Sept. 9 to which all volunteers in the Women's Division of the United Appeal—Red Cross Campaign are invited. Hours for receiving guests will be 1:30 to 4:00 p. m.

While Mrs. Lausche opens her home to many groups throughout the year, it is especially fitting that she will be hostess to the women who are giving their effort in the campaign's house-to-house canvass to make the Capital of the State of Ohio a better place in which to live.

Mrs. Harold K. Schellenger, 4554 Starret-rd, chairman of the Women's Division and the three vice-chairmen of the Division, Mrs. Harry M. Miller, 2020 Tremont-rd, Mrs. Simon Lazarus, 2688 Brentwood-rd, and Mrs. Neil Rush, 1686 Milford-st, will assist Mrs. Lausche as hostesses.

The new 1954 campaign film, "When Help Is Needed" is to be shown in the ballroom of the Mansion throughout the afternoon. The film shows actual scenes of services given by the six major organizations in United Appeals —Community Chest, Cancer Society, the U. S. O., Heart Association, Cerebral Palsey and the Red Cross.

Among the Unit chairmen pouring at the tea tables will be Mrs. Robert M. Reeves, 95 N. Huron-av chairman of the West Unit.

Mrs. Fred L. Dinsch, 41 S. Huron-av, Mrs. W. B. Spence, 348 Letchworth-av and Mrs. Charles Willis, 512 Larcomb-av Unit vice-chairman, will be assisting hostesses.

Gardening Tips

One of the best periods to plant narrowleaf evergreens such as Taxus and Junipers is in early fall, starting about Aug. 15 and extending through October. It is a safer practice to plant the broadleaf evergreens such as Mountain Laurel and Rhododendron in the spring as the early fall planting in protected situations is usually a safe practice.

There are a number of advantages to early fall planting. First of all there is the time factor. Nurserymen are not as rushed and plants are frequently handled more carefully. Nearly always the soil is warmer in the fall than in the spring at the time most of the planting is done. Evergreens should not be transplanted to a cold soil, but to one that is sufficiently warm to permit root growth to begin immediately. Again, early fall planting is advisable because the soil is in an easily workable condition, a fact frequently not true in early spring.

One of the most important environmental factors to be considered in transplanting evergreens is soil mixture. There should be plenty of moisture in the soil at the time of transplanting. Thus unless early fall rains have adequately moistened the soil a thorough watering should be given before the planting is done. With moisture conditions right, evergreens are best moved as early in the fall as possible so as to become well established before the ground freezes up around the roots.

In planting evergreens the soil should be deeply prepared. In digging the holes make them somewhat larger than the ball of earth around the roots. Place some type of drainage in the bottom of the hole unless you are sure the natural drainage is adequate. Put some good top soil on the drainage material before the plant is set in the hole. When finally set the plant should be approximately the same depth it was in the nursery. Only the good top soil should be used to fill in about the plant. Water well when the plant is set.

With transplanting done at this time of year it is best to place around each plant a mulch of peat moss, rotted leaves or ground corncobs. This is done in order to maintain a more even temperature in the soil, which, with sufficient moisture, will encourage rapid root growth.

Sewer, Water Lines Installed At Lincoln Village

LOOKING AHEAD—Engineers working on the first section of the Lincoln Village model city development along W. Broad-st, have installed thousands of feet of water and sewer lines. The contract for paving of streets was recently awarded. The village is to have some 900 single homes and 700 rental units in the initial development which adjoins New Rome. The industrial section of the community has 550 acres of sites. Lincoln Village is being built by the Peoples Development Company, a subsidiary of the Farm Bureau Insurance Companies.

Contestants May Write Original Prince of Peace Contest Orations

Original essays on peace may be used for the first time in the 29th annual Prince of Peace Declamation Contest, which will open in local churches on Nov. 8 according to the Rev. W. Henry Shillington, executive secretary of the Ohio Council of Churches which sponsors the contest.

In the past contestants have been required to select an oration from the official book of selections, which contains prize winning orations from college peace oratorial contests throughout the country. The booklet will still be available for those who wish to memorize a declamation.

"We feel we can increase the educational value of the contest by offering this opportunity for original and creative thinking about peace", said Mr. Shillington.

Orations should be between 1,000-1,500 words in length and must be submitted in duplicate to the Ohio Council of Churches, 85 W. Gay-st, by Oct. 9 for approval in order for the contestant to be eligible to use his own oration in the declamation contest.

"Contestants will still be judged only on the effectiveness of the delivery of their speeches," Mr. Shillington pointed out. "This is necessary in order to provide an equal basis for judging for those who do not choose to write their own orations."

The contest will begin in local churches and end before a session of the Ohio Pastor's Convention in Columbus, Jan. 25-28, 1954.

Prizes in the final state contest are: first — $200 and a four-year tuition-free college scholarship; second — $100 and a two-year scholarship; third — $50 and a one-year scholarship; fourth, fifth and sixth — $25 each.

A bronze medal is awarded to the winner in each local church that has two or more contestants. A silver medal goes to each county winner—with an extra silver medal for a county with more than seven contestants. The winner in each district receives a gold medal.

The contest is open to students 14-19 years of age or who have enrolled in the ninth grade and who are not yet enrolled in college.

Scholarship winners may select their colleges from the schools cooperating in the scholarship offer: Otterbein, Schauffler, Bluffton, Wilmington, Ashland, Defiance, Hiram, Ohio Northern University, Findlay, Marietta, Lake Erie, Wittenberg.

In addition, Bluffton College offers a scholarship of $150 to each winner of a district contest and a scholarship of $100 to each winner of county contests to be distributed over a four-year college course at Bluffton.

Last year more than 5,000 young people participated in the contest and spread the peace message throughout the state. Eight hundred contests were held—a total of more than 150 contests over the previous year.

State winners last year were Gilbert Ware, Urbana; Bonnie Roxbury, Cuyahoga Falls, and James Gallagher, Dayton.

Any church may organize a contest by filling out an official enrollment blank and agreeing to conduct the contest in accordance with the rules at a regular church service.

The county silver medal contest will be held on or before Dec. 6 and the district gold medal contest on or before Sunday, Jan. 3, 1954.

TOP ENTERTAINMENT STARS SUPPORTING KENNY FUND DRIVE

Minneapolis, Minn. — The nation's top ranking personalities of the entertainment world are giving their active support to the 1953 polio fund appeal of the Sister Elizabeth Kenny Foundation, now under way, according to Marvin L. Kline, the foundation's national executive director.

KLINE

The long, star-studded list from stage, screen, radio and television includes Henry Fonda, Edward G. Robinson, Groucho Marx, Rosalind Russell, Jimmy Durante, Rosemary Clooney, Frankie Carle, Guy Lombardo, Spike Jones, Gene Autry, Hopalong Cassidy, John Cameron Swayze, Eddie Cantor, Jack Benny, Kate Smith and many others.

RUSSELL

LOMBARDO

"By contributing their time and efforts, these people are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Kline declared. "The Kenny Foundation is dependent upon public contributions for its program of training additional Kenny Therapists and for making the Kenny treatment available to polio victims. It has no other source of revenue for this work."

RICH MAN, POOR MAN . . .

GOOD HEALTH FOR ALL

READY FOR SCHOOL?

The first day of school is a big day event in a child's life.

He may have spent years in nursery school or kindergarten, but he feels that first grade is "the real thing." He is eager, and at the same time a little worried. He may even be afraid.

Of course, reminds the Columbus Tuberculosis Society, parents will see the necessity of taking Junior to the doctor to make sure there are no physical defects, such as poor eyesight or hearing, that will hold back his school progress. In fact, many schools will give reading readiness tests to be sure he is mentally ready for first grade. But often his emotional preparation is forgotten. There may be fears and wrong attitudes which will interfere with his adjustment to school.

"Just wait till you get to school. They'll make you behave."

Thoughtless parents may have used threats like this which make school a terrifying prospect. Older children may speak of teacher as a combination of ogre and policeman and exaggerate the difficulty of school work. If the damage has already been done, all members of the family will have to work together to repair it.

The Columbus Tuberculosis Society suggests that an older child take Junior around the school and make him feel familiar with the building. A shopping excursion for clothes and school supplies will make pleasant associations for the prospect of going to school.

The change to a rigid schedule should be made gradually as summer ends, and the time needed to get Junior up, dressed, fed, and off to school can be worked out so that there will be little tension and confusion when the great day comes.

The Columbus Tuberculosis Society advises that Mother will be wise to hide her feelings and not tell Junior how much she will miss him while he is in school. With many children adjustment takes a few weeks, and parents will have to be patient and understanding. It will only distress and perplex the child to be asked endless questions about what he learns or what he does in his first school days.

Parents are in an important position to make the first days of school a happy adventure that will lead to a good emotional adjustment to school life.

Leaders Named For Local Boy Scout Camporee

Three assistants to head up various phases of the Southwest District Scout Camporee were named this week by V. A. Barbee, chairman of camping activities.

Selected to help with the big camping event are Vernon Sanford, Harry Keller and Robert Schorr. The camporee will be held at Camp Lazarus on Sept. 18, 19 and 20.

Registrations were being made this week for the three-day camping affair, planned to start off the fall scouting program in this district. Competitive events calling for knowledge of scouting skills will highlight the week-end campout.

It is expected that more than one-third of the units participating will set up camp on Friday afternoon or evening. Many other units will check in on Saturday morning.

Religious services will be held on the grounds on Sunday for Protestant scouts and scouters. Catholic campers will go in to Delaware for mass.

Parents and friends of scouts and scouters are invited to visit the camp site on both Saturday and Sunday.

Local Women Win Prizes At State Fair

Mrs. Ned Barnes, 1265 W. Broad-st, won a gas range Tuesday as first prize in the Ohio Fuel Gas Company cake baking contest in the Commercial Building of the Ohio State Fair.

She received first prize for the best sponge cake, while Mrs. Hazel Layman, 624 Columbian-av took first prize, a gas clothes dryer, in the decorated cake division friday.

First prize each day in the sponge and butter cake division were deluxe gas ranges. A gas clothes dryer was awarded for first place in the cake decorations division.

The contest was held every day and sponsored by the Ohio Fuel Gas Company and several food companies.

Decisions in the sponge and butter cake divisions were based upon appearance, texture, flavor and taste. Cake decorations were judged on appearance only. Size made no difference. The contest was open to everyone except employes of participating companies and their families.

All cakes were auctioned off and the proceeds given to the United Appeals.

Sixty-two boys from West participated in the contest with a total of 220 entries. Full listing of the rankings will be carried in next week's edition of The Hilltop Record.

"Child Safety - - - It's No Accident"

Hey, Bike Riders! Red, yellow and green are your safeguards in traffic. If you're riding a bicycle back to school this fall, remember that red, yellow and green are safety signals for you as well as for cars. Obey your traffic lights and you'll enjoy your bike without getting hurt. Don't let this happen to you.

By R. E. Green

Right after Labor Day, in millions of homes, a similar scene is enacted—a mad scramble for books, pencils and last minute odds and ends—"Don't forget your lunch bag! Did you take a clean hankie?"—a hurried "Bye Mom!" —a bang of the screen door—and off they are to school. For some children it means 'back to the old routine', for others it is the start of a new and big adventure. Many parents have looked forward to this moment with a mixture of relief and anxiety — for them, too, it means 'back to the old routine' and back to the old worries about transportation, traffic, the measles and birthday parties with 30 classmates of Jimmie or Joan milling all over the house.

Many parents of younger children are concerned with traffic hazards and are frequently worried to the point that only one solution seems possible: to move away from a congested or otherwise 'hazardous' location. In some instances, this will be a distinct advantage for the entire family; in others it may create hardships for one or both parents because of longer rides for one or both parents because of longer rides to and from work, separation from friends and family and the need for adjustment to a new surrounding. Where there are older children, it may mean a different school and a new set of friends, and frequently also a new set of values—not always in keeping with the parents' thinking.

We can't escape hazards — they are around us everywhere, in a material as well as a spiritual sense. Our approach to hazards should be threefold: first, recognition; second, elimination of those that can be corrected; and third, awareness and caution where complete elimination is impossible.

Let me cite an example: I grew up in a congested area of a very large city. The school I attended was a good 25 minutes' walk from our home and in a location where neither street cars, busses nor trains would have materially shortened the walking distance. Before I started in the first grade, my parents had repeatedly walked over with me, shown me the building and asked me to lead them back home. On the first two days

An Editorial—

"Always Give The Kids A Break"

Fond hopes of parents are wrapped up in their children as they go off to school day after day. Perhaps the town's banker, a famous research scientist, a noted lawyer is in the making. Or a future President of the United States. Who knows for sure?

Then, one day, tragic news shatters all such dreams. The child has been cut down by a speeding driver who couldn't stop in time. Or the youngster was run over by a careless motorist who didn't allow for the unexpected things a child might do while playing or riding a bicycle.

The extent of these street and highway tragedies muffing out the lives of promising boys and girls of school age or younger, or inflicting injuries that may cripple them permanently, is something every driver should know and always keep in his heart. In a single year approximately 4,300 school children under 15 are killed and 215,000 are injured. Well over half of them die and an even greater proportion are hurt when struck by drivers who should be fully prepared for sudden emergencies when children are in the streets.

The burden of caution rests squarely upon the shoulders of a driver who is approaching any child or a group of children on a street or highway. Children's actions are never predictable, although we have been able to train them in the ways of safety with some success. Usually it is when a driver is going too fast to stop safely, or thinking of other things rather than the very important job of driving properly, that he kills or injures one or more children of tender years.

The protection of police or adult crossing guards at school intersections has helped greatly in keeping accidents at these places to a minimum. School boy safety patrols also have helped. Most drivers obey the signals of these protectors of children and respect the ever-present need for alertness and slower driving in speed zones near schools or play areas, or making a full stop when children are leaving or boarding a school bus. But even more than that is needed. To all drivers we commend the admonition: "Always give the kids a break."

New Record Feature

Dunkel Football Index Starts Next Week In Hilltop Record

Beginning with next week's edition of the Hilltop Record, those who succumb to the annual fever that invades this area, namely "footballitis" will find a new treat for themselves in the pages of the Record. It starts next week. Dick Dunkel's Football Index, giving the ratings of the top collegiate football teams.

This is an exclusive feature which will be carried in this area only in the columns of The Hilltop Record. Ever since Dunkel obtained his first copyright register in Washington for a differential correlating rating system, his football index has been the unchallenged leader.

The latest check against two other, newer systems showed that Dunkel's football accuracy over the season was 1.4% higher than A's and 3.9% higher than B's. This was on the simple basis of whether the higher rating team won, not counting unpredicted ties.

On this basis the Dunkel Football System was 79.70% correct in 2,094 games played throughout the country in 1952.

Dunkel's pre-season forecasts were featured for three years in Life Magazine and twice in Colliers and now they come to you every week in the Hilltop Record right at the start of the football season.

Be sure to look for it and follow the top collegiate teams of the country.

Plan Rally Of Diocesan Holy Name Union

Major Joseph E. Tritschler (1040 Elmwood-av) diocesan president of Columbus Diocesan Holy Name Union; Rev. Albert E. Cullitan, diocesan director of the Union, and pastor of St. Christopher Church; and Charles P. Gilbert (233 East North Broadway), general chairman, are directing the arrangements for the Diocesan Rally, which will bring Holy Name men from all parishes in Franklin and 22 other counties that comprise the diocese of Columbus. The rally will be held Sunday, Sept. 13, at the Coliseum.

New Books Are Donated To Library

Five books to advance democracy have been donated to the Hilltop Branch Library by the Zion lodge of B'nai B'rith anti-defamation league.

"One God" shows the worship of the Protestant, Catholic and Jewish faiths. "People are Important" depicts how people are basically alike although apparently different. "All About Us" is the history and traits of many races. "Sing a Song of Friendship" is a collection of songs to improve human relationships. "All-Of-a-Kind Family" is the story of a happy family of little girls in old New York.

Most of the books are designed for understanding and appeal to young readers, as well as grown-ups.

Two Tax Levies On Ballot For Franklin Twp.

Voters of Franklin Township will have the opportunity of deciding on two tax levies at the November election.

The Board of Trustees of that subdivision last week filed resolutions asking that a three-mill fire levy and one-mill road maintenance levy be placed before the voters. The fire levy is a continuance of an existing levy for fire purposes in the amount of 1.60 mills. It would add an additional tax of 1.40 mills. The road maintenance levy would be a new tax. Both levies would run for a period of five years.

Otto Peoples, 1300 Hart-rd, president of the board, pointed out that the fire levy is needed to continue the present fire protection program, and to adequately house and equip the department now made up of 90 volunteers with three full-time employes. The road levy is in response to a growing need for better road maintenance, he said.

"Residents of Franklin Township are continually demanding better roads and as the population increases the job of maintaining our 37 miles of unimproved roads becomes more difficult," Peoples said. "Voting additional road funds is the only way it can be done."

One of the major items in the fire protection program would be erection of a central fire station on a three-acre tract recently purchased on Sullivant-av, near the airport. This would be the No. 2 Fire Company and serve as communication center for the three company setup that has been in operation since July 1951. Previous to that time fire protection was provided by the City of Columbus on a contract basis.

Numerous residents of the township have pledged their support to work for both levies, the Franklin Township official stated.

Sullivant Friends To Hold Rally Day This Sunday

The Sullivant Avenue Friends Sunday School and Church will hold Rally Day services this Sunday morning at 9:15. The service will be a unified one which will continue through the morning worship hour.

About 75 of the children of the Sunday School will have part in the program which is under the direction of Miss Alice Upperman, Gessie Shaver, Nina Tompkins and Miss Vera Adams. The program will include the Youth Choir, Solos and special music by the various departments, and several of the children who will give recitations.

One of the features of the service will be an illustrated message by the pastor, Rev. Leonard L. Borton. This message will be the launching of the Fall and Winter program of the Church and Sunday School. The Church is planning for as many as 300 in attendance Sunday and will be giving awards to both classes and individuals who contribute toward making the day a success.

Ex-Hilltop Man Named As Manager

Robert Cromwell

Robert Cromwell, former resident of the Hilltop, has been appointed sales promotion manager of WHIZ radio and television stations in Zanesville.

Cromwell graduated from West High School in June, 1944, and Ohio State University with a B.A. degree in radio-journalism this past June.

The youthful executive, age 22, has as his duties the promotion contacts with the major radio and television networks, and is in charge of all local and regional sales promotion.

His background in the broadcasting field includes 18 months as a sports announcer with WOSU in Columbus; color announcer for the Ohio State football games over WTAM-NBC in Cleveland, and freelance writing for the United Press Bureau.

Bob and his wife, the former Donna Cramer, are residing in their new home at 796 Military-rd, Zanesville.

Bureau of Juvenile Research To Widen Scope By Accepting Commitments from 50 Counties

Pictured above is the Bureau of Juvenile Research Center at 2280 W. Broad-st which beginning next week will begin accepting commitments from 50 Ohio counties. Note the new security fence in the foreground which is now being erected in anticipation of the influx of commitments. The fence was ordered earlier after a number of escapes from the institution.

The new $500,000 reception center at the State Bureau of Juvenile Research, 2280 W. Broad-st, will be opened next Tuesday, Sept. 15, for commitments from 50 Ohio counties, under an executive order issued by State Welfare Director John H. Lamneck.

The bureau has been used to receive commitments from seven counties on an experimental basis since Oct. 1, 1950. The experiment was termed so successful it has been decided to expand the receiving program.

The order provides that the expanded program shall apply to all male commitments of children under 16 made by Juvenile Courts in counties of less than 40,000 population.

The program would be made applicable to additional counties in the state as soon as the new program can be properly assimilated and additional personnel obtained, according to Lamneck.

The director said the central reception center for observation, examination and classification of juvenile delinquents was the first of its kind in the United States.

West Opens Grid Season Tomorrow

Pictured above is a bit of the action as seen by the camera in last Saturday's practice game between the Cowboys of West High School and Cambridge. West displayed a bevy of speedy backs operating behind a solid line to easily win the practice tilt.

By Woody Owen

Friday night at Grandview at 8:15 p. m. local followers of the West High Cowboys, as well as those from North, Arlington and Grandview are going to get their first look at their 1953 football squads, as the season will officially open, with the above mentioned squads meeting in what are called preview contests.

Each squad will play one half of a regulation contest, with the Cowboys and the host team Grandview opening the proceedings. Arlington and North will then clash in the second quarter, with the Cowboys and Golden Bears meeting in the third period, the host 11 and North will close out the nights action in the final canto.

These games mean little in the seasons record books, but each squad will be out to win and should give some indication as to what may be expected as the season progresses.

Last Saturday morning the Cowboys displayed vast improvement in their play as they scored a 27-19 practice game win over Cambridge.

Particularly impressive was the offensive play of two new offensive ends Jim Vincent and Dana Deshler both who are converted halfbacks.

The locals' tentative starting offensive line up for Friday night's opener will be: Ends; Vincent and Deshler; Tackles, Eppert and Horn; Guards, R. Dean and Johnson; Center, Brownlee; Quarterback, Nafzger; Halfbacks, Ongaro and Fenlmore and Fullback, Cole.

The defensive line up is as yet uncertain with only veteran ends, Sensenbrenner and Kruckeberg; Halfbacks, Kline and Thompson and Safety man Vincent assured of starting positions.

C. O. Rawlings has been appointed to serve as district chairman of promotion and ticket sales for the third annual scouters convention of the Central Ohio Council, Boy Scouts of America. The convention will be held Sunday, Sept. 27, at Capital University.

This is the third such gathering of men and women who are actively engaged in the work of bringing Cubbing and Scouting to thousands of boys in this area.

The big event will start at 1 p. m. Sunday with displays, games and demonstrations on the midway—a gigantic display of Scouting and Cubbing skills. The kick-off session will take place at 1:30 p. m. This will be followed by workshops, sessions set up to help Cubbers and Scouters become better acquainted with new skills and techniques.

Mr. Rawlings will work with the chairman and leaders of the various Cub and Scout units in promoting attendance at the convention.

The West Side Unit's share of the Women's Division is $14,186.

Mrs. Robert M. Reeves, 96 N. Huron-av, chairman of the West Side unit, and vice-chairman Mrs. Charles Willis, 512 Larcomb-av; Mrs. Fred Dinsch, 41 S. Huron-av, expect much of the solicitation to be completed on the first day, leaving the rest of the week for "mop up backs."

The Women's Division is the only campaign division having the use of the "We Give" window stickers this year.

Safe Driving Course Started By West High

Presentation of a new Chevrolet was made Tuesday afternoon in West High School by the Redenfels Chevrolet Co. for the purpose of furthering driver education classes. Present at time of delivery of the car were those men pictured above, left to right, O. D. Lehman, instructor of driver education at West; Howard C. Lloyd, sales manager of Redenfels; M. D. Sheatsley, supervisor of physical, health and education for Columbus Public Schools, and I. F. Young, principal of West High School.

A combined program of safety designed to develop better attitudes toward driving and to instill a clearer recognition of motoring safety, is the objective of West High School this fall in starting a full time course of driver education. The new course is under the direction of Orrie D. Lehman, former West football coach.

The driver education course is open to 56 students each semester. Usually the class is composed of seniors but it is also open to any West Side student who is 16 years of age or over.

The course consists of 6 hours instruction behind the wheel, 20 hours of observation and 36 hours of classroom work. Every student enrolled in the course is required to devote time to the class three times a week and also take instruction in the car at least twice weekly.

The new full-time course is operated at West with the cooperation of the Ohio Highway Patrol and upon completion, those who have successfully passed the course are granted their driving licenses by the patrol.

Suppose I offered to buy one of the fingers on your hand? What would it be worth to you? A thousand dollars? Five thousand dollars? Or perhaps you wouldn't part with a finger for any amount of money. Fingers that can't be replaced are priceless. Yet the Safety Council of the Columbus Chamber of Commerce tells us each year about 220,000 thumbs and fingers are lost through occupational accidents. The average compensation paid is only $276. Are your fingers really worth so little?

Accidental death to a child is always tragic.

PRECISION CAKE BAKER

Knowing how to make precision parts for automatic washing machines may not be absolutely necessary in order to bake a chocolate cake but it helps according to Forrest Moreland, a foreman in the largest washing machine factory in the world. The difference is that he only bakes as a hobby.

Moreland uses practically the same efficient assembly-line methods for gathering cake ingredients as he does for turning out the vital and precise mechanism of a Whirlpool washing machine. The final results in each case are a proud example of craftsmanship.

In the nearly 30 years that Mr. Moreland has been associated with washing machine manufacture he has learned the secret of precision in quality production. In his own kitchen he follows the same methods.

A chocolate cake starts at one end with an empty bowl. As it moves along the kitchen "assembly line" toward the oven, proper ingredients are added from neat wall bins and shelves. While the cake is baking the "sub-assembly" job of preparing the frosting goes on.

Here is one of Mr. Moreland's "secrets" on how to remove cake that sticks to hot pan: Apply a cloth soaked in cold water to bottom of hot pan. The cold causes pan to contract and loosen cake without breaking.

PRECISION CHOCOLATE CAKE

Preheat oven to 350°.
1½ cups sugar, ½ cup shortening; 3 eggs unbeaten; 1 teaspoon vanilla — mix for 5 minutes.
2 cups sifted cake flour—if other flour is used, add 2 tablespoons more milk; 3½ teaspoons baking powder, double acting, or 4 teaspoons of quick acting; 1 teaspoon salt; ¾ cup milk.
Add dry ingredients and milk to above mixture and beat for 5 minutes.
Melt 3 squares chocolate, unsweetened, over hot water—add to batter and beat for 2 minutes.
Bake in two, 9-inch cake pans for 30 to 35 minutes.

WALLS

Say now, of what are walls made?
They might be made of concrete or pearl and jade,
But that's not quite what I have in mind.
Walls are like chains. They may bitterly bind
Or hold one to qualities, winsome and kind.

Say now, about the wall that fills you with rue;
Which is the larger, that wall or you?
O, the soul of a man is unlimited store.
And I think you'll perceive what some folks knew before:
That to whole-hearted happiness that wall has a door.

Mail—A "report" on Dr. Kinsey's report, from a friend in Madison, Indiana: "There is nothing sinful or shameful about it (Dr. K's. book) except perhaps in the reader's mind. If instructions as to happy marriages are sinful, when happy marriages are supposed to be the backbone of a nation, then maybe instruction in mathematics, spelling, and infinitum, should be dispensed with." Maybe my friend is right; maybe not. I dunno . . . From a Columbusite, vacationing in Kentucky: "You mentioned a friend who could not find the Mammoth Cave in Kentucky? Well, we found it, and it is a wonderful thing to see. There were a lot of caves in the state, advertised to be as large and beautiful as Mammoth Cave, but we passed them up." The Fred Zartmans, of Thornville, also found Mammoth Cave, and I have the picture post card to prove it, postmark and all.

TOO YOUNG TO DIE!

When an epidemc strikes it takes its sudden and deadly count of the young . . . it tears at our heart strings for there is so little that we can do about it. Such tragedies may occur once in a year or two. But the highway toll of young innocents produces a casualty list every day, year after year. There is much we can do about it, for we are responsible.

School safety patrols are holding down the casualties of children going to or coming from school. Two out of three are killed while outside of school supervision. That is the big reason why it's up to you, Mr. and Mrs. Driver, to protect little children. Be alert for the unpredictable actions of youngsters at play, crossing streets, chasing balls and riding bikes.

THESE MERCHANTS HOPE THAT YOU WILL HEED THESE SAFETY WARNINGS

Record Bike Contest Draws Many Entries

Youngsters in the Hilltop area this week were a busy lot, getting ready for school and filing entries in the Hilltop Record's new fall subscription bike contest. Pictured here are a few of the early birds gathering in subscriptions to win one of these grand "Huffy" bikes. It's an easy contest and one in which you, too, can become a proud owner of one of these bikes being admired here by Dick Curtiss, 265 S. Burgess-av; Susie Davis, 261 S. Burgess-av; Sharon Lorene Washburn, 675 S. Wayne-av, and Jack Sims, 309 S. Harris-av.

Child Safety —

(Continued from Page 1)

of school, my mother accompanied me; on the third day, a classmate and I were sent off by ourselves. We had to cross several streets in heavy traffic and had to follow main and side streets by devious routes. It never occurred to us that we might get lost or that we might try to cross over unless both traffic lanes were clear as far as we could see. (There were only a few signals up in those days. Many years later my mother confessed that she and a neighbor took turns, for a few days, walking behind us to and from school, just to be sure!) This was right after the first world war and crime was on the increase. We were warned, at home and in school, not to go along with any stranger, but to report any attempt (and there were many!) to 'come along and get some candy'. We did report, and none of us gave it a second thought—except for our parents and teachers who worked closely with the city police. We were expected to take care of ourselves, and we knew it, and so we did.

For many years, safety experts have told us that 'safety is a frame of mind'. Some people are 'accident prone' as insurance companies can testify. Fortunately, 'safety' can be taught, just as reading and writing. There is a reasonable medium between undue fear of accidents and preventive measures. In order to teach our children safety, however, we ourselves have to learn how to recognize and to prevent hazards. Traffic safety is just one phase of an overall preventive program. The youngster on a bicycle who makes a wild dash into the street has not learned yet that he might be hurt but that he may also hurt or cripple somebody else.

Sometimes, when reading about child accidents, I wonder: how many parents are including "safety teaching" in the everyday experience of living? The broken electric cord, the toy on the floor, the patch of ice on the back steps, neighbor Jones' smashed finger—all these are teaching opportunities, daily hazards that can be handled without undue emphasis but with enough weight to impress some basic safety rules upon our youngsters.

The approach may vary and should be suited to the occasion. I recall a little incident that happened when I was in my very early teens. A chum and I were sitting by an open window of our third floor apartment, eating cherries and merrily ejecting the pits into the street. (You guessed right—it was a distance contest!) Suddenly my mother appeared, armed with a broom and a frown that meant business. Chum and I were ordered to sweep the street — a most humiliating experience for teenage apartment dwellers. The owners of some stores downstairs stepped outside to give advice and the kind of "encouragement" that made us wish we had never been born. Afterwards, my mother reminded me of the fractured leg I had suffered in gym a few years before, and of the hazard of cherry pits for an unsuspecting passer-by—not to mention civic pride: "Keep Our City Clean." There were few words, but they were mighty effective. I don't believe I dropped an orange skin or cherry pit, after that, in any place where somebody else might step on it.

When we speak of "prevention," at this time of year, we should think of preventable illness as well. Every small child should be protected against smallpox, diphtheria, whooping cough, and tetanus (lockjaw). If immunizations were given during the first year of life and a "booster" around the age of three, one more booster at the time of school entrance will protect your child for about the next two years. This regular schedule should be followed for older children as well. If at least 85% of the school population have been properly immunized, there will be no epidemics of these diseases, no needless deaths or lingering illness. There may still be a few "cases", here and there even among immunized children, but the illness will be mild and will leave no permanent defect.

There are many other factors of safety that we should think about. How safe is the school building itself? How safe all sanitary installations? How safe the playground? The gym equipment? Here, too, the old "ounce of prevention" will pay dividends. A careful survey and correction of defects will greatly contribute toward safety in our schools. But it takes planning—and joint responsibilites of parents and school authorities. Child safety is not accidental—it is a program for a team in which the child himself should play a role suited to his age and ability.

Many Benefit From United Appeals Aid

More than 24,000 residents of Franklin County living outside greater Columbus were benefited by the United Appeal in the past year, Edward N. Sloan, County Chairman of this fall's United Appeal-Red Cross campaign, announced in a report this week.

The United Appeal quota for the County Division is $59,307, he added.

"County residents should be able to go easily above this year's county quota," Sloan said, "since they make up about 22 percent of Franklin County's total population, yet their quota is little more than 2 percent of the entire UA goal of $2,513,674."

In Sloan's report, more than 3,357 residents of Franklin Township received benefits last year from the United Appeals of 39 health and welfare agencies which will begin its campaign October 5.

Although not all of the UA-supported organizations were tabulated in the report—such as the Central Ohio Heart Association and the American Cancer Society, both of which carry on night-and-day research to destroy America's top two disease killers—many of the UA's 39 agencies were included.

Below is a cross-section of several United Appeal agencies and the number of residents of Franklin Township serviced by them:

Columbus Hearing Society, 580 township residents; Volunteers of America, 308; Salvation Army, 150; Children's Mental Health Clinic, 183; Visiting Nurses, 105; South Side Settlement House, 531; Old Folks Home, 94, and the YMCA-YWCA, 164.

GOOD HEALTH FOR ALL

BAIGRE SPOTS

Are your children safe at home? Did you know that in your kitchen they may be in constant danger?

One-third of all fatal burns happen to children between one and five years old, the Columbus Tuberculosis Society says.

The majority of these and many lesser, but still serious, burns come from ranges, grates, hot liquids and matches—the kitchen booby traps.

The Columbus Tuberculosis Society states that children cannot stand burn injuries as well as adults. When as much as 50 per cent of the body is burned, there is not much chance for recovery at any age. But many children die when as little as 30 per cent of the body surface is burned.

Common sense and careful supervision are the best prevention. Kitchen matches should be out of reach. That means that the ability of a small child to reach, climb, and scramble into seemingly impossible places should never be underestimated. Pans in which anything is cooking should be on the back stove burners when possible, and handles should be turned away from the edge of the stove. Most important of all, a small child should never be in the kitchen without supervision.

If, in spite of all precautions, a child is burned, first aid measures can be taken.

For a mild, or first degree burn, the Columbus Tuberculosis Society suggests cleaning the skin with bland soap and water and applying a soothing ointment. The old-fashioned butter or lard treatment will help, since there is little risk of infection or shock.

In a second degree burn, blisters form. Do not open, but apply a bandage over ointment-treated gauze. If there is much pain, the doctor should be consulted. Serious second degree and all third degree burns require prompt medical attention, no matter how small an area of skin is involved.

Adventist Church Grade School Opens

School started Tuesday for Seventh-day Adventist elementary and junior high school children at their school at Union and Ryan-avs. Approximately 30 children registered for the new school term Betty Cradle, new to the school, will teach the lower grades and Mr. Clarence Dunbebin will again be the teacher of the upper grades this year.

For over 50 years this church grade school has been maintained entirely by the local church congregation. It is one in a chain of 4,438 Seventh-day Adventist schools round the world.

"The church recognizes the contributions being made by public schools to the community," Elder Richard T. Minesinger, pastor of the church, says, "but as a christian denomination we feel that our own purposes are served better by maintaining a decidedly Christian enviornment for our children during their early school life."

Sherick School Of Dancing Resumes Classes

The Jack Sherick School of Dance, will resume classes the week of Sept. 14, at 2296½ W. Broad-st, in the K of C Hall at Burgess-av and W. Broad-st.

Mary Gillivan Hillebrandt will be in charge of both the Hilltop and Linden Studios with her sister, Claire, as assistant teacher and are prepared to give instructions in Tap, Ballet and Coptemporary Dance, also special classes for women in Body Mechanics.

Registrations are now being taken for Fall Classes at RA. 6301, JO. 6618 and MA. 1433

Religious Movies To Be Shown

A series of religious pictures will be shown at the Seventh-day Adventist Church, 3346 Broadway, Grove City, on Friday and Sunday evenings, beginning Sept. 11.

These pictures will present the major teachings and events of the Bible helping you to have a better understanding of the Scriptures.

Rare Cereus Plants Bloom

Two oddities of interest to flower lovers occurred on the Hilltop this past week with the blooming of night blooming cereus plants. Pictured above is John F. Nelson, 118 N. Roys-av, whose plant stole the honors with a record of 17 blooms. Mrs. Laura Richardson, 147 Elden-av, also reported an oddity with the same species of plant in that its first bloom came after only three years whereas the normal first blooms do not appear for at least five to seven years.

The blooming cycle of the cereus lasts but 12 hours. Four hours in opening, four hours in full bloom and four hours in closing, according to authorities well versed in the nature of the rare flower.

Favorite "Chop Suey" Recipe Is Submitted By Mrs. Planck

Mrs. Mary Planck, 901 Wilson-rd, is the donor of this week's recipe. Familiar to all residents in this community, she has been their neighbor for more than 20 years.

Much of her interest has been centered in the activities of organizations in St. Paul's Lutheran Church of New Rome. She serves as chairman of the Rhoda Guild, in addition to numerous social activities.

Her husband, Melvin, has operated a meat stand in Central Market for the past eight years, and they have one son, Eugene.

Her recipe for "Chop Suey," obtained from her sister more than 15-years ago, has remained the favorite main-course dish in her household since the first time she prepared it. Mrs. Planck suggests that this recipe will solve your problem of finding a different and delicious dish that will give your menu a real lift.

Mrs. Mary Planck

Chop Suey

1 lb. cubed veal
2 cups diced celery
1 cup diced onion
1 can of bean sprouts
1 large can of mushrooms
1 bottle La Choy sauce
1 can of La Choy noodles.

Fry meat in a bit of lard until almost done with a tbs. of sauce. Then add celery, onions, mushrooms and the water from the bean sprouts, and two tablespoons sauce. Simmer until done. Add the bean sprouts and heat thoroughly, then take flour and water and make a gravy for there should be a lot of stock.

YOUR YOUTH

By Bob Schmidt Dick Wilson

As the Summer Fun Club comes to a close, we of the Hilltop YMCA look forward to the annual membership enrollment which will be from Sept. 21-30. The goal for this year is a $2,500 enrollment which we must secure in addition to United Appeals aid to balance our budget.

The Hilltop Branch last year continued its decentralized program throughout the community. This program reached a total attendance of 35,018 youths and adults. Of this total 11,350 attended regularly scheduled groups with definite enrollment; 14,283 attended regularly scheduled groups without definite enrollment and 7463 attended special activities.

Regularly scheduled groups with definite enrollment consisted of clubs for boys and girls, sports teams, councils and committees and hobby classes. They enjoyed a program of informed education, social and physical recreation and service projects.

Regular scheduled groups without definite enrollment consisted of movie programs held in elementary schools, churches, recreation centers, YMCA, city parks, the Columbus Bureau of Juvenile Research, State School and State Hospital.

There were many special events offered which included rubberneck tours, Bike Rodeo, Treasure Hunts, Gold Rush, Award Night and Overnite Campouts.

The Hilltop "Y" was also the meeting place of 28 outside groups. These neighbors in our community held 109 sessions with an attendance of 1922. Some of the organizations were the Boy Scouts, Girl Scouts, Blue Star Mothers, Postal Card Club, Hilltop Women's Chorus, Hilltop Community Council and other civic groups.

The year 1953 has shown an increase over the past year's figures and several new clubs and sports leagues have been added. The old members already know the program which is offered, so this is an invitation to any Hilltop youth or adult to join us in Christian Fellowship. Membership for youth is $1.00 and $2.00 for adults

Mrs. Warren Leeka, co-chairman of the Residential Division for the 1953 enrollment, informs us that her section heads are still looking for workers. Anyone who is interested may call the "Y" office at JO. 4841 or Mrs. Leeka at Jo. 2636.

Motor vehicle accidents killed 9,600 pedestrians last year! Not all of these accidents were the driver's fault.

New Rome Wins Hilltop YMCA Looper League

By Dick Wilson

The New Rome Old-Timers displayed true championship form last week at Westgate Park as they came from behind to beat the Hilltop Post Office 9-7 in a play-off game for the second round championship. New Rome also won the first round of play therefore, the win last week gave the West Broaders undisputed possession of the league trophy.

The two teams were evenly matched in the hitting department with both clubs smashing out 11 hits. The difference in runs scored came from a rally in the top of the sixth inning when the Romans put together three hits and two errors to push across four tallies. D. Ryan led the winners' hitting attack with two doubles in four times at bat. Les Click led the losers with two singles and a triple in four times at bat. Dick Wunderle of the losers hit the lone home run of the game in the third inning with two mates on base.

Outstanding defensively for the losers was left fielder Dickinson who successfully handled several hard chances. Fenner looked good afield for the victors as he played heads up ball at his third base position.

The league champions will meet an All Star team at a league picnic for all players and families which will be held at New Rome High School grounds on Sept. 19 at 12 noon.

The "Y" staff this week offered "Thanks a million" to all league managers and players for the splendid cooperation shown throughout the season.

OUTGROWN SHOES

Children's feet remind me of the potted plants that set in lots of school-room windows. The plant grows and the roots become a tangled mass that fills the flower-pot so full that, unless the plant is trans-planted to a larger container, it is literally choked to death. So it is with little feet . . . toes are the roots and shoes are the flower pot and when the toes fill the shoes, they need to be trans-planted to larger shoes less they become crooked and gnarled. It is the duty of every parent to take the child to the shoe store each time he is fitted so his feet can be measured and his new shoes tried on. Then it is essential that his shoes be checked in three or four months so longer ones can be provided before the toes have reached the end of the old ones. No matter what your youngster does when he grows up, good feet will be a valuable asset. Do your part to see that he has them.

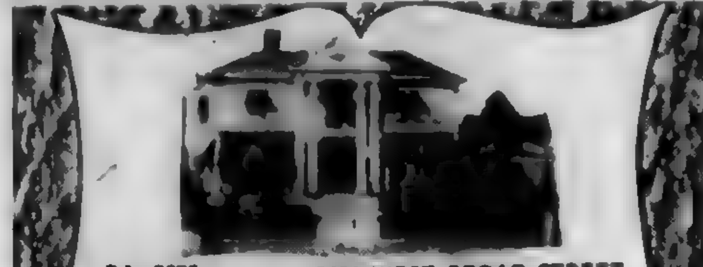
"Old Rugged Cross" Named As America's Favorite Hymn

What is America's favorite hymn? A nation-wide survey just completed by the Seventh-day Adventist Voice of Prophecy radio broadcast indicates that "The Old Rugged Cross", written in 1913 by George Bennard, holds that distinction.

This song was placed first on the list by thousands of persons who responded to the survey to determine the top ten religious songs in North America. More than 10,000 persons belonging to different denominations in all parts of the country participated in the poll.



The ten top favorite religious songs were featured on the Voice of Prophecy broadcast on Sunday, September 6, over WHKC at 10:30 a.m. and on both ABC and Mutual network stations throughout the country. H.M.S. Richards, founder and speaker of the program, narrated a brief history of each of these songs, which were sung by the King's Heralds male quartet and Miss Del Delker, contralto.

Titles of the ten favorite religious songs in the order of their preference are: "The Old Rugged Cross", "The Love of God", "In the Garden", "What a Friend We Have in Jesus", "Beyond the Sunset", "Precious Lord, Take My Hand", "Rock of Ages", "It Is No Secret", "Abide With Me", and "No One Ever Cared for Me Like Jesus."

Oldest of the ten favorites is "Rock of Ages", written by Augustus M. Toplady 177 years ago. Newest is "It is No Secret", written in 1950 by Stuart Hamblen, cowboy turned evangelist.

In an average year, 60 out of every 100 pedestrian accidents happened between intersections.

Many pedestrians who didn't watch where they were going, are not going anywhere any more.

Burgess EUB Plans Rally For Children

Special efforts are being put forth to reach the parents and homes of children within the borders of the Burgess Ave. E. U. B. Church area this coming Sunday, Sept 13. It will be Children's Rally Day at the 10:30 Worship hour.

There will be a Junior Choir, special music by the Juniors, a Surprise box to be opened and a surprise and illustrated Story for the Children by the pastor. Mrs. Ruth Fuller, Children's Director, will assist in the services.

The youngsters will do the ushering and will have certain sections marked off for them to sit in. The teachers of the various departments are urged to be with the age group with which they work, if at all possible. A general invitation is extended to all.

The Sunday morning sermon will center around Daniel and Lion's for the Rally Service. A series of sermons on "Philip, the Evangelist, from the 8th chapter of Acts, will be concluded at the 7:30 worship Sunday evening.

Let's call the roll for last year. 1952—4,500 children killed and 200,000 injured in motor vehicle accidents! All under 15 years of age! We pride ourselves on our advanced civilization, and yet we continue to be apathetic toward accidents.

WE'LL BE *Seeing You...*

You haven't forgotten the night they called—just about a week after you had moved into the new town and were lonesome for the other town in which you had lived for so long.

It wasn't that you didn't like this town. There were good stores, and streets with big elms, first-rate schools, and a clean beach nearby that the children would enjoy in the summer time.

But yet, you were "strangers." You didn't know a soul.

But one night you had these callers. Friendly people. The same kind of people you had left "back home." The same kind of people you had hoped you would meet here—and finally had.

"We'll be seeing you again," they said as they left, "Look for us in church next Sunday."

Thanks to them and their invitation, your family is a part of your new town now. For you found friendship in your neighborhood church. Your children found playmates in the young people's groups, and for you, there were fellowship and worship meetings that welcomed your arrival. After your first morning in church, it wasn't a strange town any more.

You'll find this true in any town in our America. For it's one of our traditions that church people are friendly people—sharing your faith and your beliefs, sharing your interest in making your town a better town for you and your children.

"We'll be seeing you again . . ."

Your church is waiting to say that to you . . .

A man that hath friends must shew himself friendly.

Spice Party Layers

Giving a new twist to her newest creation, Ann Pillsbury has given the old flavored spice cake a modern glamor role. Here's how she helps you prepare easily this tasty, different looking, party cake.

Bake Spice Cake Mix as directed on package in two 8 or 9 inch layers. Cool. Whip 2 cups (1 pint) whipping cream with rotary beater until stiff. Blend in ¼ cup sugar and 2 teaspoons vanilla with a few additional turns of the beater. Divide each cooled cake layer into two layers, making four layers in all. Do this by placing heavy sewing thread halfway up side of cake layer. Gently pull thread back and forth in sawing motion to cut through cake.

Spread top of each layer with one-fourth of the whipped cream. Then stack layers and decorate top with slivered pecans or other nuts if desired.

West High Band Parents Name New Officers

We're All for One—On A Tray

Designed for a time-of-your-life party—our Barbecued Corned Beef Hashburgers. They are easy to cook, attractive to serve and the proof of it all is in the eating. It's a one-tray meal in keeping with modern ranch house living. Let the man-of-the-house carry it triumphantly to porch or yard for popular outdoor eating. It will match the appetites of good neighbors assembled for impromptu get-togethers.

Menus which include foods that can be arranged on one large serving platter or tray are most suitable for transporting to a cool, breezy dining spot. The hashburgers, on toasted buns, are prepared with a minimum of time and effort. Food trays need the impact of color and here it is in the speckling green of fresh or frozen string-less beans and the relish garnishes.

Combine catsup, mustard and vinegar and spread over top of hash slices during last ten minutes of baking. Cut buns in half and toast both cut sides. Place a slice of barbecued hash in each bun. *Yield: 5 Barbecued Corned Beef Hashburgers.*

Furniture Fashions

It's Home Fashion Time, September 24 through October 3. This is the furniture and home furnishings industry's annual style show staged in thousands of retail stores across the country.

During Home Fashion Time the new developments in furniture and home furnishings are highlighted. These important features show the homemaker how today's furniture can make housekeeping a pleasure instead of a chore.

Note all the convenience in the living-dining area shown. Round dining table has a lazy susan in the center. Small scaled room divider provides storage space and a serving surface for the dining area as well as the living room area. Mobile server with three shelves is almost indispensible in today's home. The modern three piece sectional sofa gives the room flexibility in arrangement.

The comfort, convenience, and style shown in this room setting are typical examples of new Home Fashion Time furniture. Whether you prefer Modern or Traditional furniture you will find that today's furniture is contemporary in function.

Drivers, here's the "Life-Line" of the month from the Safety Council of the Columbus Chamber of Commerce: "Children May Dare . . . Drivers Beware!" Drive carefully and save a child's life.

Greater emphasis on the Mediterranean and Near East areas and more stress on anti-submarine warfare preparations are urged by Admiral Carney, new Chief of Naval Operations.

Hilltop YMCA Deserves Community-wide Support

This is a word about the Hilltop YMCA membership enrollment now under way. The word is "worthwhile".

In a period of the past five years the YMCA has made a big stride forward on the Hilltop. Back at the time of organization of the local branch there was a feeling that such an institution was needed here. For years there had been much talk about doing something big for the youth of the Hilltop.

Organization of the local Y was a step beyond the talking stage. It has ceased to be a matter of just talk. It is a real accomplishment. Thousands of boys and girls of the Hilltop have come in contact with this program and with the limited facilities available the Y has done much to carry on a very successful Christian character building program.

Residents of the community are now being asked to buy a membership in the Y. In view of the lack of facilities the group does not have a complete program that provides activities for every member of the family but the very extensive program for young people of the community merits the support of the Y by adults as well as youngsters.

Therefore when you are called upon to take a membership just remember that in doing so you are buying a share in the youth of the Hilltop and that such a program pays big dividends in developing future citizens of the community.

Support the Y. Enroll as a member right away.

We Don't Like Department:

We don't like that increase from 3½c to 8½c per 1000 in the water sewer rates voted recently by city council and in effect with this last month's bills. These same councilmen can see fit to make a big noise over increase in public utility rates but are not hesitant to vote an increase of over 100% on a city owned utility. What do you think?

• • •

Notes and Nubbins: Robert Maxwell, for a number of years associated with the staff of our papers, has taken up a position on the Hilltop with John Hancock Insurance and we wish Bob all the luck in the world in his new venture . . . The Dr. R. J. Millers are back from the summer vacation in Canada and already making plans for the trip next year . . . Jane Reeb is back from the hospital and recuperating at her home . . . Spang, the druggist, put on a whoopin' good songfest as leader at the Eastern Kiwanis Club birthday party last week . . . Eddie Walker is hard at work, beating the bushes for votes for city council in the coming election and our prediction is that Eddie is making enough headway that he will probably be one of the successful candidates. Hilltoppers can do well to investigate his qualities . . . Bob Edgar is the new chief of the Wyandotte Tribe of Indian Guides . . . Charley and Mary Kent have taken up residence in Ft. Lauderdale, Fla., and now we have a reason to go south in the winter . . . Richard Anderson, former Hilltopper, now employed at Battelle Institute, has a very fine address on why Alaska shouldn't be admitted to the union.

Community Council Holds First Meeting

The first fall meeting of the Hilltop Community Council was held last Thursday night at the Hilltop YMCA. Representatives from many of the Hilltop organizations were present for the discussion of the 1953 Halloween party sponsored annually by Hilltop groups through the council.

Charles Ditrick, a representative from the Hilltop Business Association, was elected vice-president to serve the unexpired term resigned by F. N. Reister, Glenwood Recreation Center director, who has accepted the position of superintendent at Glenford High School in Glenford, O.

Hilltop Council meetings will be held the second Thursday of each month from September through May. All Hilltop organizations are asked to send a representative to the meeting to help plan all civic projects for the improvement of community life, such as safety traffic, street improvements and parks and to help plan to take part in special programs and events for Hilltoppers of all ages.

Annexation Of Brookshire Park To Be Completed On Sept. 29

According to announcement made this week by Al and Ray Tonti, developers of the new Brookshire Park Addition located south of Eakin-rd, the entire addition comprising nearly 60 acres will be annexed to the City of Columbus as of Sept. 29. The builders said that all free holders in the addition have agreed to have the section annexed and that approval has been given by the Franklin County Commissioners.

Brookshire Park when completed will provide for 125 rental units on Harris and Racine avenues—80 of these units of the twin single type have been completed and are now occupied and during September and October more are expected to be ready for occupancy, according to the builders.

In the addition, Harris-av, Regina-av, St. Joseph-av, Racine and Vanderberg-av have all been paved with concrete base and curbing finished with black top. Several miles of sanitary and storm sewers and other utilities have also been installed in the area.

The builders also indicated that a shopping center is being contemplated at the corner of Eakin-rd and Harris-av with construction to start sometime in the early fall. It has also been rumored that the erection of a new public school may be made at the same site.

Eakin-rd will also come in for its share of improvement since the builders of Brookshire have dedicated 24 feet of the south side of the present street for the building of a new street 60 feet in width and extending westward to Hague-av.

No playground equipment had been installed at Westgate prior to the swing installations. Bob Schmidt, executive secretary of the Hilltop YMCA looks on as the presentation is made.

Westinghouse Will Be Important Factor In Growth Of Hilltop Area

That officials as well as the rank and file employes of the new Westinghouse Electric Co. Philippi-rd plant will play an important role in the growth of the Hilltop area was the prophecy made Tuesday evening by H. W. Dailey, manager of the Industrial Relations Department of the corporation's plant.

Dailey made that statement in a talk given at a meeting of the Hilltop Business Association, held at the Glenwood Methodist Church.

"While some of you may think of us as newcomers to the community, actually many have been here for as long as two years and are keenly interested in the affairs of the area.

"Westinghouse not only looks with favor upon the participation of its employes in local, civic, fraternal, church and school functions, but encourages them to do so," he said.

"Add the thousands who will ultimately be employed at the Westinghouse plant to those who are now carving their niche here, and it is easy to visualize the impact which it will have upon the Hilltop community."

In reporting upon the progress being made at the plant, the speaker said that the office building and factory structures are nearing completion, that production should get under way within 30 to 60 days.

"We expect to secure a good proportion of our employes from the Hilltop area and Westinghouse is providing many facilities which will make our plant an ideal place to work. Wage scales will be equal or better than the average for Columbus," Mr. Dailey said.

The speaker indicated that an Open House would be held at the plant within a few months, during which the public will be invited to come and view the huge development.

In a question-and-answer period which followed, Dailey told why Columbus had been chosen by Westinghouse for its new home appliance plant.

"This city had everything which we deemed necessary—good railroad transportation facilities, sound labor, its location as a distribution point, and plenty of room for expansion.

"Our decision to locate here was also influenced by the friendliness and wonderful cooperation of the city and county officials as well as other civic-minded individuals and groups," he added.

To the query as to what steps were to be taken to alleviate traffic tie-ups at the end of working shifts, Dailey said that a system of parking will be used which will expedite both entrance and exit to the plant.

"We have already scheduled our shifts so that none will begin or end at the same time as those of the nearby General Motors Terrstedt Division plant," he said.

Dailey was introduced by Jack Alkire, HBA president. Following his talk, a business meeting was held by the organization.

Delbert Puckett, 178 N. Harris-av, and Ralph Fenster, 2743 Bellwood-av, proprietors of the Broad-Eureka Service Station, became members. They were inducted by Jay Goodwin.

C. H. Campbell, secretary, gave a report to the group of a meeting of representatives of chambers of commerce and business associations, recently held at Granville.

Orientation Classes Start At State School

Orientation classes will be held at the Columbus State School, 1601 W. Broad-st, Thursday night, Sept. 24 at 7:30 and Monday afternoon Sept. 28 at 1:15 p. m. Both men and women are invited to attend these meetings and learn what can be done and what is being done at the school with volunteer services.

Church groups, club groups, and neighborhood groups are especially invited to attend these classes. For further information call Mrs. Horton Ryan, JO. 4604 or Mrs. Sanford Dye, RA. 7424.

New Citizens Are Honored On 'Citizenship Day'

Jane Pfaltzgraf, one of the Hilltop Welcome Wagon hostesses, is pictured above as she delivered an invitation to Mrs. Margaret McGuire, 470 Chestershire-rd, to attend a reception being given to honor new citizens of the U.S., on Sept. 17. Mrs. McGuire, the current president of Daughters of Scotland is the mother of two boys and two girls and grandmother to seven. She became a citizen June 29.

September 17 has been set aside by the U. S. Congress as "Citizenship Day."

"Citizenship Day" will honor those citizens becoming of voting age this year and all citizens just recently naturalized. It will also commemorate the signing of the Constitution of the United States.

Lyle Zuber heads a citizenship committee of forty prominent Columbus men and women planning a reception to be held at the Art Gallery, for nearly 80 men and women in Franklin County who will receive their citizenship papers. The governor and mayor will be the speakers at the reception.

The committee requested the Columbus Welcome Wagon hostesses to call on these new citizens and extend a personal invitation to them to attend the reception. They have been asked to carry the usual basket containing civic and church literature, greetings and gifts from their business sponsors.

This is the first time Welcome Wagon hostesses have had a chance to make special occasion calls. They made five or six of these calls on the Hilltop.

Forget-Me-Not Drive of DAV Is Saturday

"Wear a Forget-Me-Not" will be the slogan of the volunteer salesgirls on the streets of Columbus Saturday, Sept. 19 urging all citizens to wear the little blue flower. The Forget-Me-Not Drive is sponsored by the Disabled American Veterans. Some 200 girls from high schools of Columbus will participate in the drive.

The excellent rehabilitation service of the D.A.V. has brought incalculable returns, both humanitarian and financial to thousands of deserving war-time disabled veterans, and has thus helped the purchasing power of every community. May every citizen be prompted to be generous in his giving in exchange for a Forget-Me-Not.

Saturday, Oct. 10, a ball will be given for the girls who took part in the drive. A queen will be chosen with a court of honor consisting of one girl from each school represented.

YMCA Enrollment To Start Monday

The Hilltop YMCA Branch will officially open its annual membership enrollment Monday, Sept. 21, and continue with the campaign through Sept. 30. The enrollment will be open for the nine day period with 250 workers contacting all of the business, industrial and residential areas throughout the Hilltop.

The kick-off meeting will be held in West High School auditorium beginning at 8 p. m. Monday with Donald F. Smith presiding as general chairman of the enrollment.

Rev. A. J. Wold of Hope Memorial Presbyterian Church will offer the invocation and Bill Jones will be the song leader. Glyndon Davis, an officer of West High School Senior Hi-Y Club will present a short talk and the workers will be shown the new YMCA film, "My Son's Dad".

Chairman Smith will then introduce the following divisional and sectional chairmen: Business Division, Nelson Greene and Joe Goodwin; Industrial Division, Otto Best and John Nippert; Schools, James Henery; Churches, Rev. A. J. Wold.

Residential co-chairmen, Mrs. Fred Dinsch and Mrs. Warren Leeka. Working with these co-chairmen will be the following section chairmen; Mrs. Howard Lloyd, Mrs. Omer Marlow, Mrs. Ben Trigg, Mrs. Edward Pass, Mrs. Otto Acker, Mrs. Ted Lasch, Mrs. A. M. Pemberton, Mrs. Charles Ditrick and Mrs. Harry C. Graham.

The goal for this years annual membership enrollment has been set for 900 adults and 700 youths. Theme of the enrollment for this year is, "Y" Sure Join Today".

Franklin-Twp. United Appeal Quota Is Set

The quota will be $2,530 for Franklin Township in this fall's UnitedAppeal-Red Cross campaign which will begin Oct. 5, Edward N. Sloan, UA's county chairman, announced today.

"This figure is a small but vital segment of this year's United Appeal goal of $2,513,674," Sloan said. "But the township's quota is the bare—yet essential — minimum which must be reached if the number of Franklin County residents living outside greater Columbus are to receive needed services," Sloan added.

Last year more than 24,000 county residents directly benefited from the United Appeal of 39 health and welfare agencies, according to a recent report compiled by Sloan. This report did not include the UA organizations carrying on day-and-night research to check heart disease and cancer, which account for 65% of America's deaths.

Sloan also brought out that the administrative and campaign costs of the United Appeal are only four per cent of the total goal. "This is a small percentage," Sloan said. "for if the 39 UA agencies carried on separate campaigns it would cost from seven to 30 per cent—meaning many needlessly lost dollars."

Hilltop Lions To Hear OSU Coach Sept. 17

Floyd Stahl

Hilltop Lions will be entertained by Ohio State Coach Floyd Stahl at Schmelzer's Restaurant Thursday evening. Coach Stahl will show and commentate on the Western Conference film.

Stahl for several years has been assistant athletic director as well as head baseball coach at Ohio State. His coaching ability dates back to the early 30's when his Dayton Rivers teams dominated the state basketball championships.

The football minded Lions will likely learn some "dope" on the new material that Woody Hayes is shaping up for the opening game with Indiana Sept. 26.

All Hilltop Lions, wives, sweethearts and guests will enjoy the annual steak fry at the George Campbell farm Saturday, Oct. 3, 7 p. m. Reservations can be made at $3 a couple with Bill Leibensperger, Chuck Weaver or Paul Leibinger.

GIVEN FIRST AID

Helen Arnold, 22, 134 N. Terrace-av, received first aid treatment from emergency squadmen when she became ill at 2404 W. Broad-st, Tuesday morning, and was taken home by the squad.

City-wide Teen Conference Starts Sept. 19

Anita DeMatteo, 334 S. Burgess-av, of West High School, and Belva Hoodlet, 441 Ryan-av, of Central High School, are members of the hostess committee planning the Columbus Y-Teens' annual city-wide fall leadership training conference to be held this year on Sept. 19 and 20 at Buchaieb Park.

The conference theme this year is "Let's Learn to Live" and will be carried out by leadership workshops, club clinics and interesting speakers. A report of the 1953 state conference with colored films will be given.

The week-end of camping out is planned for fun, too, with a big Saturday night party when everyone comes dressed as a comic strip character. Other highlights will include a talk on "Let's Learn to Live With Ourselves" by Mrs. Walter Denney, YWCA chairman for teen-age program. A special film, "The High Wall" on the topic "Let's Learn to Live With Others" will be shown and the Sunday morning worship service topic will be "Let's Learn to Live With God."

Y-Teens from all Columbus high Schools will attend the conference.

Election Board Sets Final Date For Registration

Charles R. Davies, clerk of the Franklin County Board of Elections this week directed attention of the voters to several important facts relative to registration for the forthcoming November election.

Davies said that in order to vote at the General Election on Nov. 3, all residents of Franklin County must be registered. This applies to residents of all cities, villages and townships in Franklin County. The final day for registration will be Sept. 23.

Other things to remember in connection with registration are as follows:

To register a person must be 21 years of age on or before Nov. 3.

A person must have resided in Ohio for one year, in Franklin County and his precinct for 40 days by Nov. 3, to comply with the residential requirements for registering.

Members of the armed services of legal age may vote without registering, but discharged veterans are civilians and must conform to civilian requirements for registration and voting.

If you have not voted at a general, special or primary election at least once in two calendar years, or have not transferred your registration within that period you must register.

If you have changed your name since the last election, you must register.

Persons wishing to transfer their registration from one address to another may do so by appearing

Food Sense—Not Nonsense

Clip For School Lunch Box

From planning to packing the school lunch box, mothers welcome a short cut to preparing attractive lunches which will rate an A plus in nutrition.

A short cut to meeting the child's requirements for this meal is to follow a basic menu pattern. Whether the lunch is carried, eaten at home or at school it should provide one-third of the daily needs for calories, proteins, vitamins and minerals. If mother packs the food correctly, neither breakfast nor dinner need do double duty for a skimpy lunch.

A simple basic menu pattern is the Type A lunch. Recommended by the National Research Council, it consists of two ounces of protein-rich foods such as meat, eggs or fish; three-quarters cup of vegetables or fruits or both; one or more portions of bread with two teaspoons of butter or margarine and a half pint of milk.

Here is the guide as it looks in the lunch box of the five to nine-year old: Generous serving of meat loaf between two slices of enriched bread spread with butter or margarine, carrot and cabbage salad, hot cocoa in a vacuum bottle, one large cookie and a banana.

His teen age brother needs almost twice the number of calories daily. An A plus lunch for the 15-year old includes a serving of cheese between slices of enriched bread, bologna or ham on a bun, plus hot corn chowder in the vacuum bottle and milk, purchased at school. A couple of doughnuts and an apple top off the lunch for the on-the-go-adolescent.

A few caution signals are run up for mothers. Lunches are apt to be low in thiamine, a B vitamin. Sandwiches made with enriched bread filled with either peanut butter, liver sausage or baked beans will keep the thiamine score high. Vitamin C, or ascorbic acid, also may be low. But tucking in an orange or a fresh tomato will hurdle this trouble spot and keep mother at the head of the class.

Miss Sandra and Master John B. Churton, Jr., of Huntington, W. Va. were recent visitors of Misses Eva and Estella Burnside at 92 N. Powell-av.

Holy Family PTA will hold its first regular meeting of the year on Sunday, Sept. 20, at 2:30 p. m. in the school. Refreshments will be served.

The Senior Wesleyan Service Guild of Glenwood Methodist Church will have their first meeting of the fall on Monday evening, Sept. 21, at the church. A supper will be served at 6 and the business meeting, with Miss Annis Turner presiding, will follow.

John Burroughs PTA will meet on Tuesday, Sept. 22 in the school lunchroom at 1:30 p. m. for a "Get-Acquainted" tea. Miss Maloney will speak on "Friendship Between Homes", and hostesses will be Mrs. Dale McCann, Mrs. Otto Groene and Mrs. Robert Schmidt.

Camp Chase Post And Auxiliary To Sponsor Legion 'Cycle Races

Camp Chase Post 98 and auxiliary are sponsoring the Legion Motorcycle races at the fair grounds on Sunday, Sept. 20, and as usual the auxiliary is helping by working in the consessions. All unit members are asked to help.

There will be two consessions in the grandstand selling sandwiches, baked beans, coffee and soft drinks, and two stands outside the grandstand where sandwiches and drinks will be served. Veterans and their attendants from Chillicothe Hospital will be served and breakfast will be served to the riders at 5 a. m.

The general public is invited.

The next regular auxiliary unit meeting will be Friday, Sept. 18, at 8:15 p. m. at the Post Headquarters. As a special feature, the delegates to Buckeye Girls' State, Miss Kay Glass and Miss Joan Courtney will speak of their week at Girls State, and Miss Glass will also tell of her trip to Washington, D. C., where she attended Girl Nation.

A beautiful time is summer is the hour of eventide, with the stars, the lightning bugs and the motel "no vacancy" signs all flashing on at once.—Richmond Times Dispatch.

Kids, roller skating is great fun in the summertime, but don't skate in the street. Skate in a safe place, away from automobile traffic. And never hitch a ride on a moving vehicle. Stay on the sidewalk and supply the power for your own skating.

Say, bicycle riders! An expert rider is a safe rider. Keep on the right and obey all the traffic rules. And when you're riding with a group of friends remember to go in single file. If you ride with safety, you'll have more fun.

Boys and girls, back-to-school hustle-bustle time is here again. It's exciting to meet all of your classmates once more, isn't it? But remember don't get so excited on your way to school that you forget to be careful crossing the streets.

Motorists, remember, when you forget to be careful, you may be aiming it at some child.

INSOMNIA

Insomnia, the Columbus Tuberculosis Society points out is the inability to sleep when sleep is ordinarily to be expected. It is a symptom rather than a disease itself.

Most people who find it impossible to sleep at night are actually suffering from some mental or physical disorder, or a combination of the two.

It is not uncommon for people to have difficulty in getting to sleep once in a while, usually for easily explainable reasons. The majority of us are wakeful at night during oppressively hot weather, or if we are excited just before bedtime, or if we eat a heavy meal late at night. But these conditions are temporary and are seldom a serious threat to health.

Of real concern is "true insomnia," which the Columbus Tuberculosis Society describes as the condition whereby a person goes night after night without sleep.

This situation is one of nature's warnings that there is something mentally or physically wrong with the sufferer, calling for medical diagnosis and treatment.

The person with insomnia who delays visiting his doctor harms himself in two ways. He guts off finding the real source of his trouble, perhaps letting a serious illness get the upper hand. Meanwhile, he suffers needlessly from the frustration of trying to make himself sleep, and then drags himself around miserably during the day without the energy to perform his normal tasks.

Sleep, and enough of it, is necessary to health, efficiency, and full enjoyment of living. Sleep restores muscles and tissues which are fatigued or broken down. It also builds up a reserve energy. Sleep is directly responsible for reducing poisons and wastes accumulated in the body, and sleep must supplement good food in replacing and building red corpuscles in the blood.

There are a number of patent medicines on the market which will induce sleep but they should never, under any circumstances be taken without medical advice.

Doctors warn continually that any of these drugs, taken in sufficient amounts, are powerful poisons. If they are prescribed for a particular reason and used under medical direction, these "sleep producers" should be kept out of the family medicine cabinets, labelled carefully, and then destroyed when the condition for which they were prescribed has been corrected.

Hilltop YMCA Is Principal Center Of Many Youth Activities In The Community

Rubbernock tours proved to be a popular pastime for the many youth of the community and pictured above is one of recent date which was especially enjoyed. A trip to Lockbourne Air Base courtesy of the AAF.

One of the popular activities created by the Hilltop YMCA in this past year was the organization of the Indian Guides, where father and son get together in a closer understanding of one another's problems. A full blooded Indian chief paid the local Y a visit this past summer.

One of the principal summer time activities of the Hilltop YMCA is its supervision and encouragement of the Little League Baseball Leagues. Pictured here is the Little League All-Star team of this past summer.

Making work seem like play is one of the valuable lessons taught by the local YMCA branch in the craft classes where Hilltop youth learn how to create with their own hands and have fun doing it.

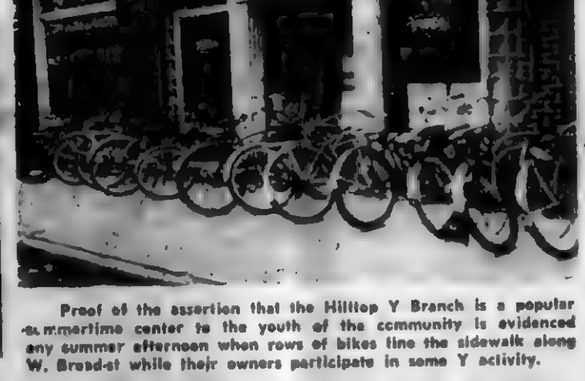
During the spring this past year a new innovation was introduced by the Hilltop YMCA Branch. Kite flying, always a popular outdoor sport was encouraged by a contest, with boys making and flying their own creations. Champs of the tourney are here seen taking their prizes.

Fall trips by bus into the wonderland of nature in the Hocking hills was another of the Rubbernock tours ranking high in popularity on the Hilltop Y agenda. Hilltop Lions helped in promotion of this tour.

Should Be

A problem child was becoming too well-acquainted with the principal's office. One day the principal showed her annoyance. "This makes the fifth time I have punished you this week. What have you to say for yourself?"

"I'm glad it's Friday."



Familiar Foot Work

Brown — What made you start clapping your hands when that woman stepped on your foot in the crowded car?

Barlow — I was dozing and I thought my wife was giving a musicale and was signalling that it was time to applaud.

Indicative of the manner in which the democratic way of life is being taught in the local YMCA is the fact that the veterans of the wars are not forgotten by the youth of today. These boys are pictured here as they started to Chillicothe with gifts for hospitalized veterans. Money for the gifts was earned by the YMCA youth by selling candy mints.

Proof of the assertion that the Hilltop Y Branch is a popular summertime center to the youth of the community is evidenced any summer afternoon when rows of bikes line the sidewalk along W. Broad-st while their owners participate in some Y activity.

Girls too find that they are as welcome as the boys at the Hilltop Y. Special classes have been organized wherein girls engage in many craft time pursuits and find that the lessons taught pave the way for healthy hobbies as well as useful arts.

Good Health For All

IT ISN'T TRUE

"TB runs in his family." When you hear anyone make that statement, speak right up and say, "It isn't true."

Tuberculosis is not inherited. The Columbus Tuberculosis Society states that it is a disease caused by a germ which [illegible] people who have the disease to [illegible]

[illegible] of families where TB seemed to be inherited, passed down through the generations, like the family silver. Grandfather had it, and his sons, and his sons' sons. But it was not because of anything in the family blood.

The Tuberculosis Society explains that TB seems to run in families because, naturally, family [illegible] with a TB [illegible] ing to catch the germs he coughs up, they are the most likely victims.

This is why it is so important to find all cases of tuberculosis early, so they can be placed under treatment for their own sakes, as well as to prevent spread of the disease. [illegible] physical checkup and chest X-ray will help make certain that TB is found before it has done too much damage.

When TB is discovered, the tuberculosis hospital is the best place for the patient. There he can receive all the benefits of the most modern methods of treatment. There he can be cured with the certainty that he is not spreading his disease to those he loves.

The Christmas Seal X-ray Cruiser, maintained by the Columbus Tuberculosis Society, is busy taking chest pictures all year round.

Between September 21 and October 2, it will be operating in the Tri-Village area—10 different locations. A chest X-ray is yours for the asking, no matter where you live in Franklin county. Telephone the Columbus Tuberculosis Society at AD. 3241 for specific time and locations.

Modern "miracle" drugs have helped reduce the TB death rate. They have shortened the period of hospitalization for TB victims. They have strengthened other victims so that vital lung surgery could be accomplished.

But case-finding through chest X-rays must go on. Before tuberculosis can be treated and cured, it must be found.

As a matter of fact, now that we have better-than-ever weapons to fight TB, we are more obligated than ever to intensify our chest X-ray programs and find and treat every possible case.

Scores Of Games On Tap For Opening Of Football Season This Week-end

By Dick Dunkel

Kutztown Teachers, Ozark Preachers, Natchitoches State,
Kalamazoo and Yankton U, and good old Upper Plate,
Without platoons, their grid fortunes, must face uncertain fate,
So read this column every week and find out how they rate.

* * *

And they shot McKinley. Well—

The football season's here, and the scramble is on to see who, if anyone, can unseat Michigan State as the nation's No. 1 college team.

The East Lansing Spartans won that distinction rather handily last year in all kinds of ways, including our specialty, the Power Index, which will be a weekly feature in this space. The P. I. lets teams set their own ratings without the use of anybody's opinion.

Specifically, Michigan State came in first with a Power Index of 116.0 to beat out UCLA's 112.2, and Georgia Tech's 110 8. That was figured this way: The Spartans established an average scoring superiority of 25.3 points per game over opponents who had an average rating in this system of 90.7. Adding 25.3 to 90.7 results in Michigan State's top figure of 116.

That was better than Maryland's No. 1 rating of 111.4 the year before, but it still was considerably short of the modern record of 138.7, set by the 1945 Army team. Other leading marks set since 1929 have been 1944 Army, 136 6; 1938 Tennessee, 135.6; 1930 Notre Dame, 135.4; and 1931 Southern California, 135.4.

The prophets of 1953, trying to pick the prospective leaders of the coming season, have run smack into this problem: How much effect will the new limited substitution rule, outlawing platoons, have on otherwise 'solidly fixed gridiron reputations?

It might have a lot of bearing. We won't really know until the teams start grinding out their own ratings here week after week. But in the meantime, if we can be permitted one hunch, it would be that the new rule might cancel itself as a factor, since its restrictions will fall on all teams alike.

If so, that would leave us with the same old primary requisites of manpower, coaching, and schedule — and on that basis it's our guess that the following will have the best chances at national and sectional honors:

EAST	MIDWEST
Navy	Mich. State
Princeton	Notre Dame
Villanova	Oklahoma
Penn State	Ohio State
Pittsburgh	Purdue
SOUTH	FAR WEST
Alabama	U.C.L.A.
Ga. Tech.	So. Calif.
Maryland	California
Texas	Washington
Duke	Temple State

But that's only surmise — and this column is dedicated to football facts. So, beginning now, when Power Index pairings for next weekend's games will be shown, we'll do away with opinions and rely solely on what the teams say about themselves.

The Power Index shows how well each of the nation's 600 teams has performed relative to the strength of the opposition it has faced. Originally all teams started with identical median ratings, thereby eliminating guesswork. Since then they've found their own natural levels through adjustment by two factors — average scoring margin, and average opposition rating.

As an example, here is the 24-year ranking and average rating of the Top 30 teams since 1929. In the right hand column is shown our guess at their approximate finishing postions this year.

24-Year (1929-1952) Rank and Rating		1953 Guess
1. Notre Dame	100.8	5
2. Ohio State	95.8	8
3. So California	95.6	6
4. Tennessee	94.7	15
5. Alabama	94.5	3
6. Minnesota	94.5	18
7. Michigan	94.3	24
8. Army	93.5	34
9. Northwestern	89.8	62
10. Stanford	88.8	52
11. California	88.3	13
12. Pittsburgh	88.0	33
13. Navy	87.7	16
14. Purdue	87.1	14
15. Illinois	86.4	28
16. Tulane	86.4	39
17. Washington	86.3	17
18. Duke	86.2	11
19. Texas	85.7	10
20. Texas Christian	85.7	36
21. Wisconsin	85.4	19
22. Michigan State	85.2	1
23. Pennsylvania	84.7	35
24. Georgia	84.4	42
25. Louisiana State	84.2	32
26. Georgia Tech.	83.5	4
27. Southern Methodist	83.5	37
28. Oklahoma	83.4	7
29. U.C.L.A.	[illegible]	2
30. Indiana	[illegible]	60

Unlisted above, but completing the Top 30 in our guess at this year's rankings are: Maryland, 9; Mississippi, 12; Florida, 20; Houston U, 21; Miss. State, 22; Princeton, 23; Missouri, 25; Tulsa, 26; Villanova, 27; Rice, 29; and Cincinnati, 30.

College football gets off to a tremendous start this weekend with scores of games of midseason caliber on the docket.

Although many eastern and midwestern powers won't kick off until next week, this Friday and Saturday will find in action a number of contenders for national honors, including UCLA, Alabama, Georgia Tech., Southern California, Mississippi, Texas and Duke.

The Uclans, preseason pride of the west coast, who ended last season with a potent Power Index of 112.2, will start things Friday night against Oregon State (72.2). By subtraction, that's a difference in rating of 40 points. Which means that in 1952 UCLA was 40 points stronger, per game, than Oregon State, against the same kind of opposition.

Of course, those are last year's figures, and this is a new year. All teams will start on a new Power Index average after their first games. In the meantime we have the temerity to show old ratings for opening games because most teams have the habit of staying in the same grooves from one year to the next. Only about 10 per cent show a radical change. About those exceptions, more later.

Friday night also will find Alabama (107.5), one of the prides of Dixie, opening against Miss. Southern (84.7), the rating separation being about 23 points.

On Saturday, Georgia Tech. (110.8) should extend its winning streak into the fourth season when the Wreck runs into Davidson (52.5).

On the other hand, Texas (102.4), heralded as the Southwest's best, won't have any bed of roses in its opener at Baton Rouge against LSU (87.6).

Rose Bowl champion Southern California (109.1) travels to Washington State (88.3), while potent Mississippi (103.8) takes on Chattanooga (82.6) and Duke (96.6) meets South Carolina (79.6).

Then comes trouble. Here are three of Saturday's contests where the 1952 ratings are quite likely to take a sound beating.

1. Maryland (99.7) at Missouri (92.0). It's a long trip out to Columbia, and the well stacked Tigers are anxious to avenge last year's 13-10 loss.

2. Florida (99.1) at Rice (89.5). Florida may have been 10 points stronger last year, but veteran Rice is after 1953 glory, while the Gators have lost many key performers.

3. College of Pacific (90.3) at Stanford (81.4). It may be close, but COP doesn't figure to be that strong this year.

Other outstanding jousts of the weekend, with Power Index differences, are:

In the East — Saturday, Villanova 3 over Georgia.

In the Midwest — Friday night, Detroit 21 over N. D. State; Saturday, Kansas State 20 over Drake, Nebraska 15 over Oregon, Okla. A & M 11 over Hardin-Simmons, Tulsa 3 over Cincinnati.

In the South — Saturday, Clemson 34 over Presbyterian, Kansas 5 over TCU, Kentucky 11 over Texas A & M, Miss. State 36 over Memphis State, Tulane 24 over Citadel, Wake Forest 5 over Wm. & Mary.

In the Far West — Friday night, San Jose 3 over Idaho; Saturday, California 12 over Baylor, Utah 2 over Arizona, Washington 9 over Colorado.

Tin cans and can openers cause many home accidents. No kitchen is complete without a good can opener, preferably the type which cuts with a revolving motion that folds under the edge of the can as it opens.

Marion Harding Opens West Hi Grid Season Here Friday Night

By Woody Owen

Friday night at 8:15 p. m. on Magly field the West High Cowboys will open their 1953 home football season by clashing with Marion Harding.

The up-staters will be out to avenge a 20-13 defeat at the hands of the locals last season and with a more experienced and heavier eleven than that possessed by the Cowboys, they well may accomplish their objective.

The Cowboys will be facing in every contest on their schedule greater experience and will also be outweighed, but this writer is confident some of the locals' speedy backs will run away from their heavier opponents and that the play of the Cowboys both offensively and defensively will improve with each game as the new players gain added experience.

Last Friday night at Grandview in the pre-view contests the Cowboys battled both the host eleven and North to scoreless ties.

Each opponent threatened the locals' goal line but an intercepted pass or recovery of a fumble by an alert defense prevented the scores.

Since the Cowboys were on the defensive most of the evening they didn't get much of an opportunity to open up their offensive bag of tricks, which are going to surprise many of their opponents before the 1953 season comes to a close.

Friday, West will be without the services of guard Ronnie Dean who suffered a dislocated elbow in the preview game at Grandview. Danny Greer will take over for Dean and in all probability play both on offensive and defensive teams.

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 30.0 team has been 10 scoring points stronger than a 40.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home team advantage, injuries, [illegible] changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system [illegible] records of all college teams and was started in 1929.

Fall Race Meeting Starts At Beulah Park Track For 25 Days

The familiar cry, "They're off and running!" is heard at Grove City every afternoon as Beulah Park conducts a 25-day fall racing meeting.

The fall racing season, which ends Oct. 10, will conclude Beulah Park's 30th anniversary year. Present indications are that it will be one of the most interesting meetings in the track's long and successful history.

More than 800 well-conditioned runners are competing for purses totaling approximately $400,000 over the 25-day span. Topping the prize list is the ninth renewal of the Ohio Championship, a mile and one-sixteenth event to be run Oct. 10, which carries a $10,000 purse.

With 15 major events carded for the course of the meeting serving as additional lure, some of the finest horses, trainers and jockeys to be found in the midwest are registered with the stewards at Beulah Park. Gale Osborne, the leading trainer at River Downs, Floyd Schultz, the top conditioner at Dade Park, Pete Maxwell, who saddled the most winners at Hamilton, and Carl Robinson, leading trainer at Beulah during the spring meeting, have all stabled potent stables at the Grove City oval.

There's considerable talent in the jockey colony, too. W. D. Lucas, Lloyd Wickel, Colin Knisely and Guillermo Silva each won top riding honors at different tracks this season.

A daily post time of 2:30 p. m. is being observed at Beulah Park for the fall meeting. The Saturday's program embracing nine events, will start at 2:15 p. m.

Marysville Lone Scorer At Hilliards

Marysville was the only team to score in the high school football preview at Hilliards last Friday night.

In the first eight-minute period, Hilliards and Grove City fought to a scoreless tie. Then, Marysville and Worthington duplicated it.

The third eight-minute quarter saw Marysville turn back Grove City, 7 to 0. The Monarchs scored when Bill Scherer plunged over from the five. Scherer place kicked the extra point.

In the final period, Hilliards and Worthington played to a 0-0 stalemate.

SPORTSLANTS

By Woody Owen

The football teams of the Universities of Nebraska and Oregon will romp in living rooms across the country on the opening day of the 1953 collegiate season, Saturday, Sept. 19, as their intersectional clash is nationally televised as the General Motors TV Game of the Week over the 34-station NBC network direct from Memorial Stadium, Lincoln, Nebr.

Millions of televiewers throughout the land will have "50-yard-line" seats as Coach Lee Cassnova's Oregon Webfoots try to avenge a 26-13 defeat suffered in 1952 at the hands of the Cornhuskers, coached by Bill Glassford. Mel Allen and Lindsey Nelson, NBC sports commentators, will describe the game action and color. Telecast time is 1:45 p. m. (CST).

The return of the one-platoon system, with its 60-minute men and triple-threat backs, promises one of college football's most exciting seasons. The Nebraska-Oregon contest will be the first one-platoon college game ever telecast.

Throughout the 12-week season, the General Motors TV Game of the Week series will include games in all sections of the country on a schedule set up by the NCAA.

The probable starting lineups for Saturday's game:

Workers! Workers! The Hilltop "Y" Membership Enrollment will be Sept. 21 and some of the sections are still in need of workers. If you want to volunteer your service please contact the Hilltop "Y" office JO. 4641.

Many time I receive material which should be shared with you. The other day there came across my desk the following story "What is a Boy" which I know you will enjoy.

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in assorted sizes, weights, and colors, but all boys have the same creed: To enjoy every second of every minute of every day and to protest with noise (their only weapon) when their last minute is finished and the adult makes pack them off to bed at night.

Boys are found everywhere — on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a fire cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boys across the street, woods, water, (in its natural habitat), large animals, Dad, trains, Saturday mornings, and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults or bedtime.

Nobody else is so early to rise, or so late to supper. Nobody else gets so much fun out of trees, dogs and breezes. Nobody else can cram into one pocket a rusty knife, a half eaten apple, 3 feet of string, an empty Bull Durham sack, 2 gum drops, 6 cents, a sling shot, a chunk of unknown substance and a genuine super-sonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your work shop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckled-face, pint-sized, cat-chasing, bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with the two magic words—"Hi Dad!"

But a boy, Heaven help him, soon becomes a man. His magic world of comic books and bubble gum changes into a rugged, competitive world of time clocks and tax deadlines. Boyhood becomes just a memory.

Today and every day the Hilltop Young Men's Christian Association, through a carefully directed activity program, is providing hundreds of youngsters with raw materials for some of their most-treasured future memories — the thrill of belonging to a club . . . fun-filled days at summer camp . . . the friendly guidance of a wise leader . . . exciting games, swims, hikes . . . close friendships. These are the memories of a happy, healthy boyhood.

But even more, your Hilltop YMCA is laying the groundwork of Christian ideals, integrity and love of freedom so essential to constructive American citizenship.

To this end its entire program is dedicated.

Boys and girls, when you grow up and drive an automobile, you will be careful not to run over any children, won't you? You'll teach your own youngsters to be careful crossing streets. Always be as careful as your parents want you to be.

Some of you boys and girls probably ride buses to and from school, and you probably enjoy the ride. Let others enjoy the ride, too. How? By staying in your seat until the bus stops, and by keeping the aisles clear.

Mrs. Whalen Submits Favorite Recipe, 'Gingerbread Supreme'

Mrs. Virginia Whalen

A recipe for a dessert, traditional at this time of year and in the season ahead, is submitted this week by Mrs. Virginia Whalen, 28 Buena Vista-av, New Rome.

An active member of her community, she gives generously of her support and time to the many organizations which interest her. President of the newly-formed Prairie Gardeners, she is press relations chairman of Franklinton Chapter, DAR, and historian of that group, a member of the Rome Bridge Club and the Rome Study Club.

She also serves as publicity chairman for the Rome Business Association, Inc., the Prairie Township School PTA, District 10 of Girl Scout Association of Columbus and Franklin County, and is a member of the Altar Rosary Society of St. Cecilia's Church.

Her husband, James W., is manager of the parts department of Rodenfels Chevrolet Co., 555 W. Broad-st, and the couple has two children, Jim, Jr., and small Virginia.

Her recipe for "Gingerbread Supreme," handed down from her mother, is a southern recipe, and is quite different from usual gingerbread recipes. This is real "party fare", quite festive enough for the most special occasions.

Gingerbread Supreme
(Eight portions)

½ C fat
1 C sugar
2 eggs
½ C. molasses
1 C sweet milk
2 t. cinnamon
1 t. cloves
1 t. ginger
1 t. nutmeg
½ t. salt
2½ C flour
1 t. soda
1 t. baking powder

Cream the fat and sugar. Add the rest of the ingredients and beat for three minutes. Pour into a shallow greased baking pan and bake for 50 minutes in a slow oven. (Fresh gingerbread topped with whipped cream and sprinkled with nuts makes a delicious dessert.)

Grapefruit Good with Fall Vegetables

No doubt about it, every last one of us has to take advantage of all the plentiful foods in the markets, whether they be fresh or canned. And while some of the best buys are the autumn garden crops of acorn squash, kale and cabbage, probably the best buy of all is canned Florida grapefruit.

High in quality and nutrition, the golden grapefruit sections bring zesty new flavor to the season's vegetables, and make glamor dishes of several of the homelier ones.

Here is a recipe for an attractive and delicious vegetable-grapefruit dish.

Acorn Squash with Grapefruit Sections

3 acorn squash
1 No. 2 can Florida grapefruit sections
2 tablespoons brown sugar
2 tablespoons butter or margarine

Wash squash; cut in half lengthwise and remove seeds. Place in shallow pan with small amount of water and bake in a moderate oven (350°F.) about 50 minutes, or until tender. Remove from oven. Drain grapefruit; fill each squash cavity with grapefruit sections, sprinkle with sugar and dot with butter. Return to oven and bake 15 minutes longer.

YIELD: 6 servings.

Attention, Space Cadets! When you're zooming through the stratosphere and come to a street, be sure to look both ways and for turning cars. When crossing, walk fast; don't run. Even a rocket pilot can crack-up in an accident. Make sure you came home for a safe landing.

It is very nice for people to tell you how smart you are, but the test of their faith is whether they take your advice, which they seldom do.

SEPTEMBER

Rich in sunshine on her plain;
Rich in fields of golden grain;
Rich in stores for winter's cold,
Larders full as they can hold;
Rich in music from the trees,
Humming-birds and bumble-bees;
Rich in sylvan dwellers shy,
Glory to the hunter's eye;
Rich in sports of many kind,
Restful to the weary mind;
Rich in joy and mirth the same,
Autumn's tidings first proclaim.
Ever since I can remember,
This to me has been September.
R. LeRoy Corkran.

The first day of school—a sad day for thousands of young mothers; a day of memories for older mothers. All day, little girls in new dresses and shoes, some with pigtails and some with home permanents undergone for The Big Day, have been passing. And little boys with new hair cuts and wearing long pants and bright shirts. Bigger girls with little brothers and sisters holding their hands, and mothers with eyes a little red. For the eight or nine year olds, it's old stuff, this first day of school. But for the six year old it is The Big Adventure. Any older mother knows how the young mother feels. Most of the young mothers who pass my house look like high school girls, themselves.

Mail—Thanks, C. M., for your kind letter . . . From my favorite shutin: "Even though Dr. Kinsey and Dior are mere men, they seem to be doing all right" . . . From Angie Bennett: "Why don't you use more poetry in your column and not so many jokes?" (Thanks, A. R., but some time ago a reader wondered why I didn't use more jokes and less poetry. Always aim to please so there will be more of both—if I can find more) . . . From a relative in Virginia: "I see that your state had more fatalities over the Labor Day week-end than any other state. No wonder. We don't need a sign to tell us we are in Ohio—we know we are in Ohio, by the crazy way you drive up there. Seems to be every man for himself, and may the best and quickest man win. A few drivers' licenses taken away for a few years should help the situation." (I see by the paper that Virginia had a few casualties too, cousin, though not as many as

AUTOBIOGRAPHY OF A HIGH SCHOOL JUNIOR

I saw the paper lying idly there,
Open for all to see, not put away,
And so I picked it up and read
your life,
The years so uneventful till today,
Experiences of work and play and
school,
Mention of father, mother, younger sister,
And then within the closing paragraph
You uttered this pronouncement,
mister:
"When I grow up I'll be a bachelor."
I smiled, although of course, it might come true;
And yet I think somewhere a schoolgirl writes,
"Some day I'll marry," and she'll marry you!

ALL CHILDREN SCUFF LEAVES

Autumn there never was that did not know
The narrow legs of children, quick or slow,
Scuffing through gutterways the fallen leaves.
The untaught heart receives
This gaudy, simple legend of the year.
For children have no fear
Of what goes down to death
In one fine flame of breath.
Warmed by this red, this gold,
They are not pinched by rumor of the cold;
With such bright ruin billowed at their knees
They do not look at trees
Naked against the sharpened tongues of air,
And even if they looked, they would not care.

Yet, with a need they do not understand,
Once in a while they take each other's hand.
Sarah Litsey,

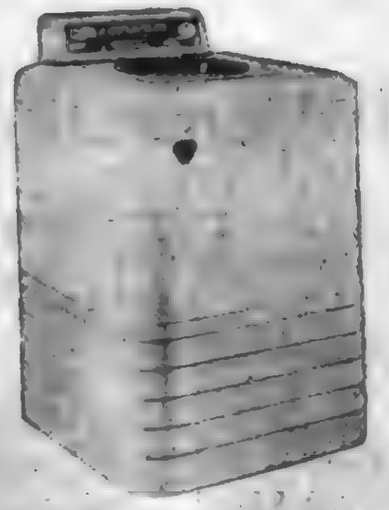
More jokes:

From "Sanaire" (Benjamin Franklin Hospital publication): Mrs. E: "I scratched the front fender a little. If you want to look at it, it's on the back seat." . . . A woman went to buy a drinking bowl for her dog. The clerk asked if she would like one with the inscription "For the dog." "It really doesn't matter," she replied, "my husband never drinks water and the dog can't read."

From here and there: First male—"I'd like to meet a girl who doesn't flirt, giggle, drink, smoke, pet, use make-up or gossip." Second male—"Why?" . . . "So you were raised in a tough neighborhood, huh?" "Tough—I'll say it was tough. A cat with a tail in our neighborhood was a tourist!" . . . Rockefeller's money is tainted—taint yours and taint mine . . . A throw rug is just that . . . The perfect man is your wife's first husband . . . The old-timer remembers when he could buy a pound of steak for a dime, but forgets he had to work an hour to earn a dime . . . A rich man is one who isn't afraid to ask the clerk to show him something cheaper . . . This is especially for Dr. Miles: The doctor's office was crowded. Finally a man walked out, telling the receptionist he'd go home and die a natural death . . . Pedestrian, from the ground: "What's the matter, are you blind?" Motorist: "Blind? I hit you, didn't I?" . . . Customer to waitress: "I see tipping is forbidden here." Waitress: "Apples were forbidden in the garden, too."



What you see or don't see in traffic can be a matter of life or death. Keep your windshield clean, and save a life. Perhaps yours.

Seen at Seiller's

The chilly weather we had over the week end is only a mild, mild sample of "what's a comin'". We had better do something about winter coats and jackets for those boys of ours, who'll be trudging back and forth to school through plenty of sleet and snow those cold winter days ahead.

Seiller's have a grand selection, just in. They range in price from $7.99 to $18.95. They have reversable warm up jackets, pea coats, tweed, millium lined, toppers, just like Dad's, split tail and all. Plaids, solid colors, some with suede yokes, some with alpaca lining, some with mouton collars, others with knitted cuffs and waistband.

One clever number has a little zipper change pocket in the sleeve within easy reach. He will appreciate this when he has an armload of books and is hurrying to catch the bus.

The boys will find just what they want from this large selection. Boys to-day are more style conscious than they were 10 to 15 years ago. No made over "hand me downs" for them. Is your husband old enough to remember having to wear Pop's cut down clothes?

Go to Seiller's to buy your young man's jacket, he'll be happy, and so will you. They are priced right.

Burgess EUB Launches Fall Programs

The Young People's Department of the Burgess Avenue EUB church will observe their "kick-off" ceremonies for their fall program with a wiener roast and old-fashioned campfire service this Saturday evening at the Morris farm, 2803 Harrisburg-pk. Rev. and Mrs. Melvin George of Asbury, Ky., will be special guests and Rev. George will conduct the campfire service.

Youth Rally Sunday will be observed this Sunday with special emphasis on youth during the morning and evening services. Rev. Melvin George will speak at the 10:30 a. m. service, at which time the entire program will be in charge of the youth department.

During the afternoon period, teams and young people will be calling on other youth of the church and community in a visitation campaign, and they will then return to the church for the 7:30 service. The evening service will be a candlelight communion service, presided over by the youth with Rev. George again bringing the message.

Betty Morris, 434 S. Burgess-av, is president of the Senior-High Youth Fellowship and Shirley Anderson, 802 Wiltshire-rd, is president of the Junior-High Youth Fellowship. Mrs. Robert Trott, 874 Townsend-av, is youth director of the church.

True Direction..

One thousand years ago in Europe, men began the building of the great cathedrals that are known today all over the world.

All were different—except for *one* thing. The builders of the cathedrals erected them so that always the morning light of the East would stream through the great panes of stained glass at the front of the church.

In front of everyone for the morning service would shine the new light of the morning.

And the weary traveler who had lost his sense of direction had only to visit the church or cathedral of any town.

Always—to the left of the altar and the glorious light that flooded through the windows behind it—lay the direction of North. . . .

Today, a compass furnishes a ready reference for anyone who must know the direction of North. But as in the days of the cathedrals, churches still point out the true direction a man must follow if he is to attain the help and comfort of Him for whom the cathedrals were built.

In our modern age, when our sense of direction is often confused by the problems and doubts of the times, the church still stands ready to mark the path.

Today's churches are not always built to catch the morning sun and point the way to North. . . .

But in every church, the spire or steeple still points upward to God.

In all thy ways acknowledge Him, and He will direct thy paths. Proverbs 3:6.

Good grooming becomes a game for the kindergarten beginner when big sister takes over the inspection.

First day of school for your wee lad? This is when good grooming becomes important to him. The impression his first teacher makes upon him can affect his whole future, and obviously she will like him better if he looks neat as a pin.

Teaching him this new responsibility of cleanliness will be easier on both you and him if you make it an interesting game rather than a chore. All little folks like to be grown up, so make him feel he has reached big sister's class by letting her help him establish his morning toilet schedule. A slate for checking makes it important to both of them.

Make it easy for him. There's nothing more frustrating than feeling incapable. A step-stool to bring him up to sink height can be kept 'neath the basin when not in use. A low shelf or hooks for brushes, comb and washcloths are easily reached.

Make it fun! A small brush to lather up, or a soft sponge that scrunches with soapsuds add inducement for hand scrubbing. Place a mirror low so he can see his shining face, thus giving him pride in his accomplishment.

Once the routine is planted—and pleasantly planted—it becomes a habit—a good habit that will stand a little boy—or a little girl—in good stead for a lifetime.

Golden Agers Hobby Show Starts Friday

One of the finest shows of its kind is scheduled for the Columbus Gallery of Fine Arts, starting Friday noon.

The Golden Age Hobby Show, sponsored by the Columbus Citizen and the Council of Social Agencies of Columbus and Franklin County, runs through Thursday, Sept. 24.

The Golden Age Hobby Show is designed to give central Ohioans, 60 years of age and over, an opportunity to exhibit the products of their spare time work or hobbies.

Exhibits range from poetry to prose to works in metal and marble. All types of collections, needlework, woodwork, paintings and other types of handicraft are included in the show.

This year's show is expected to be the biggest and best in its five-year history. In addition to exhibits of their wares, many of the entrants will give demonstrations of their handiwork. A special program of events to entertain visitors at the show also is scheduled.

A selling mart is held during the Golden Age Hobby Show, during which articles made by entrants in the show are sold to the general public. Oftentimes revenue from these sales are means of support for Golden Agers. In other cases the funds augment lifetime savings.

A trip to the Columbus Gallery of Fine Arts during Sept. 18 to 24, will not only benefit the Golden Agers but will let central Ohioans see how people 60 years of age and older can spend their time both pleasantly and profitably.

YWCA Launches New Program For Housewives On Hilltop In Expanded Neighborhood Plan

Pictured above are the local committee leaders in the newly created YWCA program on the Hilltop, Mrs. Jack Hostetter, 706 Joyful-st (seated) is chairman of the group and her aides left to right are Mrs. Howard Prout, 79 S. Sylvan-av; Mrs. Frank Laderer, 790 S. Roys-av, and Mrs. Burnette Johnson, 396 Clarendon-av.

A new program of classes for homewomen is being offered on the Hilltop this fall by the Columbus YWCA. This program has been planned by a committee of Hilltop women as part of a plan to extend the YWCA's activities to neighborhood areas where busy homewomen may enjoy hobby classes and fellowship groups without making a long trip downtown. Two classes are scheduled for the fall term of eight weeks and plans call for additional classes in the future if there is sufficient interest by Hilltop women to continue the program.

A class in hat making will start off the new series on Monday, Sept. 28 from 1 to 3 p. m. Mrs. George Mandel will teach the class for beginners and emphasis will be given to use of fabrics and patterns and basic techniques. The beginner will learn how to use hat blocks, construction of hats, use of frames, remodeling of old hats, the turn and twist for a fashionable chapeau and clever trims. This class is preparatory to more advanced hat classes in felts and straws which the YWCA offers during the winter and spring terms. Here is a chance to make over your old hats or to brighten your fall clothes with matching fabric hats, adapt them to latest styles, personalized for you.

Mrs. Mandel has taught hat making at the YWCA for the past five years and previously taught other groups there for several years before that. She is a product of the YW hat classes and to her own natural skills in the art has added special work during several summers in New York and Chicago at professional millinery houses.

The second class of the YW's Hilltop program will be interior decorating and it will meet for the first time on Tuesday, Sept. 29, from 1:30 to 2:30 p. m. Emphasis will be given to developing a gracious home—with pictures, lighting, slip covers, furniture, floor coverings, wall treatments etc. as special areas of consideration. Miss Edythe Mae Massey, who will conduct the class, is a graduate of the Chicago Academy of Fine Arts and studied at the Chicago Art Institute and the Chicago Modern School of Design. She is now a decorating consultant and frequently works through some of the leading retail stores. Her approach to home decoration is a practical one, however, with an artist's flair. Miss Massey has many of her own paintings and designs of home furnishings and these have been exhibited all over the United States under the sponsorship of the American Institute of Decorators.

Mrs. Jack Hostetter, 706 Joyful-st, is chairman of the YWCA Committee which has planned this program for the Hilltop. Those working with her include Mrs. R. W. Dennis, 160 Demorest-rd, Mrs. H. Alfred Glascor, 345 S. Wayne-av; Mrs. William Harlor, 27 Letchworth-av; Mrs. Barnett Johnson, 396 Clarendon-av; Mrs. Lloyd Johnson, 171 S. Wheatland-av; Mrs. Frank Laderer, 790 S. Roys-av; Mrs. Howard Lloyd, 126 N. Eureka-av; Mrs. Ernest McChesney, 79 S. Algonquin-av; Mrs. Fred Posey, 307 S. Algonquin-av; Mrs. Howard Prout, 79 S. Sylvan-av, and Mrs. Ben Trigg, 44 S. Oakley-av. Those from West High School who have been working with the committee are Ruth Bachmayer, Harriette Brown, Mrs. Mary Murphy, Mrs. Mary Heeler and Mrs. Mozelle Warren. Mrs. Donald Calhoun and Rowena Kesler are YWCA staff members who have helped plan the program.

YWCA classes on the Hilltop will be held at 2502 W. Broad-st. Reservations and further information may be obtained at the Central YWCA, 65 S. Fourth-st, or by calling AD. 9121. A folder of program activities will be sent on request.

OVER-SHOES

A couple of weeks back when the thermometer was crowding the hundred mark, we were unpacking our first shipment of four buckle arctics. Rushing the season? I don't think so. Now is the best time to buy over-shoes and galoshes. For instance, we know that warm as it has been, fall rains and colder weather are only weeks away. Right now our stocks are complete and you can get almost any sort of protective foot-wear you want. Later on when you are forced to buy, selections are limited. In fitting children's galoshes, we anticipate the size of the next pair of shoes and fit them large enough to take care of that pair, too. We also know that little folks, all bundled up, can't get tight over-shoes on, so, we consider that also. Protect the shoes that protect your child's feet with over-shoes and do it now.

Annexation Report Is To Be Made Next Tuesday

The long awaited report by Dr. Harvey Walker, Political Science professor at Ohio State University on his survey of the problems of annexation or incorporation in Franklin and Prairie-twps. will highlight the meeting of West Franklin Association, next Tuesday evening at 8 p. m. at Prairie Local School, Norton-rd, New Rome.

The report on Dr. Walker's survey, which has taken approximately four months to compile will outline in detail the pro's and con's relative to incorporation and annexation of areas immediately adjacent to the Hilltop area and offer recommendations on the course to be followed in the future.

The survey was launched by the West Franklin Association after a recommendation to that body by the Hilltop Business Association suggesting that such a survey be made in order that the general public have a clear and concise picture of the situation.

With development of the Hilltop area westward at a far more rapid pace than had ever been anticipated there have been three fields of thought on the matter, with some elements suggesting incorporation of the area or portions thereof and others believing that annexation to the City of Columbus as the most logical solution to the many problems which have arisen. There is also a group that feels that no change whatever should be made in the status of the area.

D. J. Kunz, president of West Franklin Association, this week said that the meeting would be open to the general public and that every interested person in the area is urged to attend in order to have first hand information on the survey.

The costly survey was made possible by the contributions of various individuals and organizations who contributed to a fund set up for this purpose. Individual contributions were made by Dr. William G. O'Harra, Harold Derrer, Morris Morgan, William Maurer, Golden Yeater, Mary Demorest, E. L. LeCaptain, Walter Knapp, Jamie Phillips, Delmar Kunz, E. B. Queen, C. Neutzel, Jerry Spears and Donald Smith. Organizations which have contributued are Rome Business Association, Galloway Boosters, Hilltop Business Association and Wilson Heights Civic Association.

Beulah Fall Racing Meet Is Popular

Exciting and thrill-packed running races are now being presented daily, except Sunday, at beautiful Beulah Park, located at Grove City, just seven miles from Columbus. Eight races are scheduled Monday through Friday with post time set for 2:30 p. m. Saturday's program embraces nine events and a 2:15 p. m. post time is observed.

The popular central Ohio track is experiencing one of the most successful meetings in its 30-year history. According to Robert J. Dienst, president of Beulah Park, the exceptionally high calibre of the races has been a major factor in the upswing of the attendance. Some of the most outstanding horses to compete on midwestern tracks are now stabled at Beulah Park.

The current fall meeting at Beulah Park extends through Oct. 10. The grand finale for the fall racing season will be the ninth renewal of the Ohio Championship, to be run the closing day. This is a handicap event for a $10,000 purse and will be contested over the mile and [illegible] course.

Some of the likely starters in the Ohio Championship are already on hand and are busy getting acquainted with the mile oval. Notable in this group is Harry Lou, winner of the 1953 Governor's Handicap at Beulah Park. Harry Lou has made one start at this meeting winning the feature race on last Saturday's program over the championship distance in the laudable time of 1:44.

Participants in Columbus have included newspaper pressmen, salesmen, clerks, college professors, and a burlesque theater worker. For further information call Frank Sheridan at RA. 1972 evenings.

Plenty Of Action In West Game

COWBOY NEMESIS—Marion Harding's flashy back Gary Ballinger (90) is pictured above as he started another of his jaunts through the West line last Friday. Dick Sensenbrenner (37) West tackler, sprawls helplessly as Ballinger whirls loose for another seven yards.

"NOT SHROUGH HERE BUD"—That might be the words Tackle Jimmy Whaley is saying to Ron Klein (76) as he flattens the Cowboy attempt to come through the center of the Marion forward wall. For additional information see story on page 6.

Boy Escapee Nabbed For Food Store Burglary

A 15-year-old [illegible] Franklin Village (County Children's Home) was caught by sheriff's deputies Sunday, Sept. 20, after he was discovered trying to break into the Delewese grocery, 3306 Trabue-rd.

Deputies Cecil Clark and Robert Markin were patroling the area when they spotted the boy on the roof of the grocery. The boy fled into a rear lot and was captured after Markin fired three warning shots into the air.

The youth told deputies he and another Franklin Village escapee had stolen $18.63 in cash and four bottles of pop from the R and S Fleetwing Service Station, Trabue and Dublin-rds, earlier. The deputies did not see the second youth.

The officers said they found two stolen bicycles nearby and that the captured boy was carrying a glass cutter and other burglar tools. The boy has a long record of juvenile delinquency, the deputies said.

New Junior High School Seen As A Possibility On West Mound-st

Expansion of facilities at West High School were seen this week in a move of the Columbus Board of Education in purchasing from The Sharp Co., 24 lots in Chase Heights Addition. The lots are located north of West High School and front on Olive-st. Purchase price for the plot of ground was not revealed but was understood to be a considerable sum.

F. H. Rudy of the Columbus Board of Education said Tuesday that the newly acquired tract would be used as an extra playground area for West High School with the current playground at the rear of West seen as the site for future expansion at West. The new playground area, he said extends for 18 lots deep on both sides of Chase-av and that the school board would take moves to have the land dedicated to Chase-av in the area vacated. Total acreage of the tract is 3.74 acres.

It was revealed too, that much of the long range planning by the Board of Education is very dependent on the $14 million bond issue and renewal of the 7 mill levy which will be presented the voters in the forthcoming elections in November.

If the bond issue goes through, according to Rudy, the School Board will try to buy a site for a new Junior High School on the Hilltop. At the present time, he said, the probable location would be on W. Mound-st. It was pointed out however, that should the new junior high school materialize that the current Junior High at West would not be abandoned.

Other schools in the Hilltop area which would come in for additions in the event the bond issue is approved are the new Westgate Elementary School which is already [illegible] possibly West Mound Elementary and West High School.

At West, the planning calls for another physical education station, more space for business education, and additional study halls.

Rev. H. Anthony In His 16th Year As Pastor Here

Rev. H. R. Anthony

Beginning this week, Rev. Harris R. Anthony, pastor of the Warren Avenue Church of the Nazarene, enters his 16th year as minister to the local church. He is the fifth pastor to serve the local church.

A native of Kennetcook, Nova Scotia, he taught school for five years before accepting a call to the pastorate. At one time he served as the principal of Nampa, Idaho High School.

Prior to his acceptance of the local pastorate he was pastor of the First Nazarene Church at New Haven, Conn., for a two year period and pastor of the First Nazarene Church at Manchester, Conn., for a seven year period.

New GM Guidebook Stresses Good Community Relations

General Motors is distributing a new 33-page guidebook to help GM people do an increasingly better job of maintaining the position of the company as a good industrial neighbor.

Entitled "GM Lives Here," the booklet lists 67 typical case examples of different things GM plant management has done to earn the respect and confidence of their neighbors in the community.

Based upon actual plant experiences, the booklet is described as a "practical community relations guide written by GM plant management for GM plant management."

In a forward, Harlow H. Curtice, president of General Motors, says:

"There is no magic formula for success in building good relations with people in any community. It is a matter of good conduct in what you do and say. In a large organization like General Motors, it is important that every man and woman understand his or her responsibility in this regard."

"But beyond that, the management of General Motors for many years has sought its people to be a good neighbor in the plant community . . . A good job is being done in meeting this important responsibility of management. As we learn to do still a more effective job, we will further enhance GM's good reputation with the people in our plant communities and with the public generally."

The booklet, which also is being distributed to the thousands of General Motors suppliers, tells: How one GM plant heated the local hospital during a coal strike; How another plant graded and equipped a school playground; How other plants built Little League baseball diamonds, sponsored Boy Scout troops, furnished trucks for local salvage campaigns, made their auditoriums available to local organizations, established a residency in industrial medicine, provided engineering advice to improve a local school's heating plant and technical assistance in design and construction of a hospital.

The booklet emphasizes that in each case example it describes "the important fact is that the need for community relationships was recognized and something was done about it."

Special Rally Day Planned By Adventist Church Members

A bid for more Sabbath School members will be made Saturday, the last Sabbath of the third quarter, during a Special Rally Day program which will be held at 9:30 a. m. in the Eastwood Seventh-day Adventist Church. The children of the Primary Dept. will present a program in the senior department. They will have songs, dialogues and recitations featuring the needs of the African Mission Field. The children will present their program beneath a black poster on which bright, shiny new dimes have been pasted spelling out the word AFRICA. This department is under the direction of Mrs. Fern Brown, 622 Belvidere-av, leader, and Mrs. Julia Wilson, 1624 S. Eighth-st, assistant.

The children who will have special parts are Rodger Clark, 495 Reinhard-av, Karen Fertner, 4447 St. Rita Lane, Peggy Giebell, 3420 Waggoner-rd, Jackie Holobaugh, 4070 Avis-rd, Sharon Nettleton, 305 Cypress-av, Bobby Slonaker, Basil, O., Philip Wayne Swicegood, 495 Reinhard-av.

Serigraph Display Is Being Shown At Hilltop Library

An exhibition of 25 serigraphs are being shown at Hilltop Branch Library. These serigraphs were produced by graduate students and advanced undergraduate students of Prof. Robert M. Gatrell of the School of Fine and Applied Arts, Ohio State University.

Gatrell has been largely responsible for stimulating an interest in this latest addition to the field of graphics for the artist in central Ohio. He and his wife, Marion, have exhibited their own serigraphs throughout the United States and now have an exhibition at Helen Winnemore Galleries, Columbus. During the Ohio State Fair they demonstrated how serigraphs are made. Gatrell was awarded first prize for water color painting at the Ohio State Fair art exhibition, and Marion was awarded an honorable mention for water color and an honorable mention for graphics.

The following students are represented in the exhibition at the library: Albert Martin, William Blakesley, Mari Miller, John Thomas, Samella Lewis, Sister Eugene, Marion Ament, Joy Gillette, Douglas Houchens, R. Bussabarger, Kent McAllister, Nathan Sherick, William Barth, Louis Rosenfeld, David Delafield, Patricia Holmes, Otto Jiskra, Charles Dietz, Hall Carey, James Merrill, and Glenn Wasserman.

These serigraphs have been exhibited at the following colleges and universities: Iowa State Teachers College; Arkansas State Teachers College; University of Costa Rica; Elizabeth City State Teachers, North Carolina; Fairmont State College, West Virginia; and Baker University, Kansas.

Hard Luck Dogs Heels Of Pair At Hilliards

By Jane Chenoweth

Hard luck seems to have some fiendish delight in plaguing some folks.

Walter LeMaster was employed by the Russel Grain Co., Hilliards, and everything was fine. He purchased a home in the new addition and he and his wife and four children were very happy. He then decided to go into the furniture and upholstery business. He continued working at the grain company and Mrs. Lemaster cared for the store through the day.

Then, the trouble began. Mrs. LeMaster was taken ill and has had to be hospitalized several times. Samuel Siders, a veteran, having taken advantage of the G.I. training program studied furniture upholstering, and was interested in putting this knowledge to good use, inquired about such a business in the vicinity of Hilliards, and learning about LeMaster contacted him and a good friendship as well as a partnership resulted. Siders, married and the father of two children is employed with a construction company during the day and works at the store in the evenings.

The two partners were doing well and making many friends and customers in the community in spite of all the set backs in the book. Things were looking up again until the other day on the job when LeMaster became ill and was rushed to the hospital. He is due to be released in a few days but the probability of heavy work for a while is out. He will work in the store and take care of business and Siders will continue to work in the evenings and says that they will make a go of it in spite of all the bad breaks.

Through The Garden Gate

By Members Of Highland Garden Club

Come through the Garden Gate and walk with me back 15 years to meet and to visit with the first president of the group known as The Highland Garden Club, Mrs. C. E. Sharp, 2263 W. Broad-st.

She greets you with graciousness and as you walk into her home a feeling of warmth and charm envelopes you. Lovely pieces of old china and glass sit on shelves in the dining room and as the warm afternoon sun shone through the window, perky little sunbeams danced among her treasures. There are flowers all around and two lovely roses on the dining table added their touch of hospitality.

Mrs. C. E. Sharp

Rather tall, erect, with a friendly but keen pair of eyes, her face softly framed by white hair, this woman indeed is an exemplification of a true pioneer of the West and the outdoor woman. Born in Missouri, one of a large family, she was raised on a farm in Kansas where she grew to love nature and all things close to God.

As a young woman she taught school at an Indian School in the territory now known as Oklahoma and later taught school in Texas. Married at the age of 23, she trekked to Ohio with her young Doctor husband, who was known and loved so many years on the Hilltop.

Mrs. Sharp and her good friends, Mrs. E. D. Myers and Mrs. W. R. Hamilton visited and talked flowers and more flowers and one afternoon a meeting was held at the home of Mrs. W. R. Hamilton and "The Highland Garden Club" was born with Mrs. Sharp as its first president.

In 15 years this club has proved its worth to the community and is a living memorial to the women who founded it. Mrs. Sharp spoke with feeling and with great vision of the things she hopes this club may sponsor in years ahead, such as a program to interest and educate our school children in nature and a love to grow things. She said "A child that has a bit of ground to work in will not be a juvenile delinquent on our streets."

As I closed the Garden Gate I asked Mrs. Sharp "Which is your favorite flower?" and as you can expect from a lady of her caliber, she replied "They ALL are my favorites."

RICH MAN, POOR MAN . . . GOOD HEALTH FOR ALL

BEWARE "HEALTH CURES"

The traveling medicine man, selling bottles of exilir of panaces, is largely a thing of the past.

Today we are amazed that people of past generations were "taken in" with claims of cures by these charlatans.

As a result of public education and legislation, comparatively few people nowadays are victimized by peddlers of false "health cures."

But despite nationwide efforts to protect the public against harmful or useless drugs, contrivances, and cosmetics for which extravagant claims are made, a few quacks still sell fake medicines and "medical devices."

The Columbus Tuberculosis Society states that waste of money on these fake cures is serious enough in itself. But the real danger of these fraudulent claims is that they tempt people to "doctor" themselves instead of seeking professional advice, frequently with tragic results.

Certain limited, small-scale forms of self-medication, the Columbus Tuberculosis advises, are harmless. Most of us keep iodine, bandages, and headache remedies and laxatives in the medicine cabinet for minor accidents and ailments. But even in matters of headache relievers and laxatives (which can be habit-forming or dangerous), the guidance of the doctor should be sought. The doctor is the one qualified source of advice, and treatment for disorders, especially in the event of symptoms or suspicions of serious illness.

For example, with so many people seeking slim, youthful figures, scores of companies have "reducing remedies" on the market today. Again, whether his overweight be due to gland or gluttony, a person can reduce safely only under the advice and supervision of the doctor.

Incredible as it sounds, some swindlers try to get away with selling fake drugs or devices to "cure" serious illnesses like cancer, arthritis, tuberculosis, and kidney disease.

Even if the "quick cures" are worthless, rather than dangerous in themselves, much harm is done when the sick person substitutes purchase of the useless product for a visit to the doctor.

But the federal and local laws made to protect the people against such frauds are constantly being strengthened. Moreover, post office employees and reputable advertisers and business men are always on the alert to crush this modern version of the old-time "medicine man." The consumer himself can help in this crusade by refusing to patronize medical frauds and reporting them without delay to the proper authorities.

POINTED TOED SHOES

In our shoe department, one afternoon last week there came a young lady with her mother. Obviously the young lady was in the upper part of high school and it didn't take her request for gym shoes to bring about this deduction . . . she was what my son would call "cool." She was wearing exactly the same style of clothes worn by all of her friends . . . including shoes of a certain well known brand with pointed toes. As we tried the gym shoes on, her mother said, "I declare, I don't know what we are going to do about this girl's feet. For a sixteen year old, her feet look like she's forty. She has corns and bunions and crooked toes. What do you suppose is wrong?. We've always bought her good shoes." Unfortunately even good shoes can ruin feet if they are not fitted or suited to the feet that go into them. Feet are not shaped like the pointed toed shoes the young lady had on and her toes had to crawl on top of each other to fit in . . . hence the corns and large joints.

Evangelistic Mission Is Planned Here

Rev. Edna Hughes of Logan, O., will conduct a Special Evangelistic Mission at the Westgate Evangelical United Brethren Church from Wednesday, Sept. 30, through Sunday, Oct. 11. Rev. Hughes is an evangelist of the Evangelical United Brethren Church and this will be her third meeting in the Westgate Church.

David Skipper of Columbus will be the song leader and guest soloist.

Services will be held each night at 7:30 except Saturday. Each Sunday Mrs. Hughes will preach at 10:00 a. m. and 7:30 p. m.

The public is invited to this series of meetings.

News of Rome

By Mrs. James W. Whalen

Mrs. Eldon Sherman of New Orleans (a former resident of Rome), has been visiting her daughter, Mrs. Ed Morris (Virginia Sherman) of Columbus, and enjoyed a pleasant evening with her friends, Mr. and Mrs. Sam Heinzman, 5036 W. Broad-st, Saturday, and accompanied them to the Prairie Township School PTA Membership Drive Dance which was held in the school auditorium. All those in attendance were pleasantly surprised when Paul S. Noblett, the new school principal, assisted. Bill Kunz and Seted as a caller for the square dancing for a while. Versatile and pleasant Mr. Noblett also helped the small fry to enjoy a delightful portion of the evening's fun, by being a member of their group and telling them how to "swing their partners." Successful chairman of this fine dance was Mrs. Harold Rings.

The Ruth Circle of the Columbia Heights Methodist Church will meet in the home of Mrs. James B. Fleming, 163 Lawrence-av, on Thursday evening of this week. There will be an election of officers.

Mr. and Mrs. John Giehl of 42 N. Grener-rd have just returned from a very pleasant vacation trip to Florida. Visited enroute were the fabulous Marineland and the old fort at St. Augustine.

During their stay at Daytona Beach they were guests of their nephew and family, Mr. and Mrs. Donald Ballenger.

Mrs. Jack W. Shinn, 201 Pasadena-av, will be hostess to the members of the Rome Bridge Club for the first fall meeting, in her charming home on Thursday. This will be a dessert luncheon, which will be followed by progressive contract bridge.

The Columbia Heights Methodist Church is sponsoring a chicken dinner to be served in the church basement, Saturday, Sept. 26, 5 to 7:30 p. m. Chairman of the dinner will be Mrs. O. O. Baker of 164 Pasadena-av, New Rome. Prices of the dinner will be $1.25 for adults and 60c for children under 12. The public is invited.

All boys from eight to 11 years of age interested in Cub Scouting are to meet at 7:30 p. m. Friday, Sept. 25, at the Columbia Heights Methodist Church. Boys must be accompanied by their parents or will not be admitted. This meeting is also for boys and their parents already in Cub Scouting. Cub Scoutmaster is Ernest Schroeder, 164 Lawrence-av.

Aldorf, president, Mrs. Ernest H. Stork, vice-president, and Mrs. Charles E. Busch, program chairman.

A special meeting has been planned by William Lamb, president of the Prairie Township School Board, for Thursday evening, Sept. 24, at 8 p. m., at the school cafeteria. A discussion will be held on the present bus schedules, with representative members of the Prairie Township School PTA selected by their president, Russell E. Harrison, who are Mrs. Jasper Craig, William Bettinger and Mrs. James W. Whalen. The parents of the bus riding children are greatly distressed by the present bus schedules which necessitate the early morning departure of students at 7:30 and not returning them to their respective homes until approximately 5 p.m. which makes a very long school day.

The first fall meeting of the Avanti Guild was held at the home of Mrs. Ernest Shaner, 244 Rome-Hilliards-rd, Thursday at 12:30 p. m., beginning with a luncheon. Mrs. Shaner is the newly elected president of this worthwhile organization, with other officers being Mrs. Michael G. Hoydic, vice-president, Mrs. L. J. Simpson, secretary, and Mrs. Richard M. They stopped at the Roosevelt Hotel, adjacent to the Grand Central Station, and enjoyed a tour through upper and lower Manhattan. While there they also went to the top of the Empire State Building, the Statue of Liberty, and visited Saks Fifth Avenue Department Store. While purchasing some souvenirs in Saks, Mrs. Meckstroth discovered that she was standing alongside the attractive and talented Dorothy Kilgallen.

Rev. Mrs. Thomas McNutt Patterson of Tarpon Springs, Fla., but formerly of 274 Maple-dr, New Rome, announce the engagement and approaching marriage of their daughter, Mary Loretta, to Dale Mitchell Harsh, son of Mr. and Mrs. Howard Dwight Harsh, 3034 N. Walnut-st, Dover, O.

Miss Patterson is the newly elected president of the Rome Study Club, having taken office and conducted the fall meeting of this group on Monday, Sept. 21.

Lt. and Mrs. Edward A. Thomas (Virginia Shaner) and children, Ricky and Patty, were recent guests of Mr. and Mrs. Ernest Shaner and family, 244 Rome-Hilliards-rd. Following their visit with the Shaners the Thomas family spent a week of their vacation in Detroit, Mich., with Lt. Thomas' parents. At the conclusion of their vacation visit Lt. and Mrs. Thomas and children left for Ft. Riley, Kans., where he is stationed.

Mr. and Mrs. Silas Adams and sons, Billy and Michael, 7115 W. Broad-st, were Sunday guests of Mr. and Mrs. John Cassiday of Bexley.

Poetry Corner

The following poem "The Old Timer" was written by Charles G. Hoar a former Hilltop resident and dedicated to Carolyn Jean Hoar and her family by the writer. Originally the poem was published in "Daily Thoughts" a poetry publication.

THE OLD TIMER

Youth laughs at the old timers.
Maybe youth has cause.
When your hair gets grey and thin
You don't expect applause.
Perhaps we're not so handsome.
Perhaps we're not so spry.
When youth gets as old as us
Then youth won't wonder why
For we have fought the battles
And we have led the van.
Made this life an easier road
Far many a younger man.
And, he will do tomorrow,
A lot of things that pay.
Because some old timer thought them out.
And tried them yesterday.
We know the world is changing,
The ways of life are new.
Men put new labels on their goods
And roofs on houses too.
But still, the old foundation
That some old timer laid
Remains the cornerstone of all.

Good lighting does make a difference

When lighting fades so do grades! Yet many parents have the mistaken idea that the way to improve grades is to keep their child's nose to the grindstone. Children, however, don't study with their noses . . . they use their eyes! (Keeping at it is well and good but good lighting is even more important!)

Good lighting is easy and inexpensive to achieve. So don't take chances! Make sure your child has the proper study lighting, which will provide glare-free . . . softly diffused light. (Homework will be easier and it will light the way to better grades.)

The studio is located at Burgess-av and Broad-st, saving a trip downtown, and the fine teachers on the staff at the downtown studio handle the course here on the Hilltop.

The system of paying for the first four lessons makes it easier on Pop's pocketbook than paying the whole amount at one time. Call the downtown studio at MA. 1433 or the Hilltop studio at RA. 4265 and enroll right away. Be in the swing for your next dance at school.

Novena Series In Its 19th Year At St. Mary Magdalene Church

How long is perpetual?

At St. Mary Magdalene's Church it's 19 years so far. That's how long the Perpetual Novena to Our Lady of the Miraculous Medal has been continuing.

And it will probably go on as long as men have some special request that only heaven has the answer for, which is pretty close to what perpetual really means.

There's nothing like having a friend on the inside for getting what you want, and there's no friend so "on the in" with God as His own Mother.

If she can't get it for you, you shouldn't have it.

This Novena is particularly successful in getting hard-to-obtain favors, as the hundreds of letters of thanksgiving people have sent in seem to show. It consists of a half-hour service each Monday for nine consecutive Mondays. A small medal, designed by the Mother of God herself, is part of the devotion, and through the wearing of it so many favors have been received that generations have called it the Miraculous Medal.

A new series of the Novena will begin Monday, Sept. 28, and the sermons will be preached by Rev. James Kimberly of Junction City. Ten different hours for services every Monday offer everyone an opportunity to attend, at 8:30 and 10 in the morning, and 3, 4, 5:15, 6, 6:45, 7:30, 8:15 and 9 in the afternoon and evening. The Sullivant-av bus brings you almost to the door.

New Director Is Named For Glenwood

N. J. Barack, superintendent of recreation, announced this week the appointment of Charles Moore as the new director of Glenwood Recreation Center, to replace Floyd Reister, who has accepted a teaching position at Glenford school, Glenford, O.

Moore

Moore graduated from Willis High School, Delaware, in 1946, and served with the army air forces from 1944 to 1947. He received his B.S. Degree in physical education at Ohio State University in 1950 and is now working on his master's degree in physical education.

He has been employed by the recreation department since May, 1951, at Sullivant Gardens Center. For the past two summers he has been a sectional supervisor for the summer playgrounds.

Moore resides at 3282 Walmar-dr.

Marion Stops West 6-0 In Opening Tilt

SCAT BACK IN ACTION—The President's scat back 150 pound Doug Bibler (75) is pictured above as he scampered around the West right end for a nice gain in last Friday's contest. Dane Deshler (83) of West is following the play while Larry Nafzger (5) comes in for the tackle as does Ron Dean (89) in the background.

HERE'S THE BEGINNING OF THE END—This is the pass interception by Marion Harding last Friday night which spelled doom for the Cowboys. No. 75 Bob Hamor of Marion leaps in the air to intercept Nafzger's pass intended for Jim Vincent (40) at far right, to set up the only and vital score of the contest.

By Woody Owens

West High's Cowboys opened their 1953 grid season last Friday night at Magly Field and suffered defeat at the hands of Marion Harding, 6-0, in a hard fought but cleanly played defensive battle. A large Mothers' Night throng witnessed the contest.

Neither eleven could muster much offensive power in the opening period but early in the second Marion got the break which turned the tide of battle. Bob Stauffer, Harding back, made a brilliant interception of a Larry Nafzger pass on the Cowboys' 42 yard line from where in 13 plays the Presidents ground out the score, climaxed by a plunge off his own right tackle from two yards out on fourth down by fullback Gary Ballenger. Armstrong's conversion was wide.

The Presidents' tough defensive unit kept the Cowboys' offensive well under control until late in the final period when the locals made their only sustained march of the night.

Ongaro returned a Price punt to his own 37, Nafzger then tossed a screen pass to Cole, who raced to the visitors' 37. Nafzger again passed to Deshler and completed on the 14. Cole ran right end for five, Ealy blasted through left tackle for three, Cole repeated through center for one, with four down, one to go from the five and just time left for one more play. Nafzger's bid for a victory via the aerial route was batted down in the end zone by an alert defender.

Outstanding for the visitors was the entire defensive line spearheaded by a brilliant tackle, Bob Hamor, who was all over the field.

The Cowboys' defensive team gave a good account of themselves also, with Larry Nafzger particularly outstanding. Besides making plenty of tackles he also intercepted two enemy aerials and recovered one fumble by the visitors.

This Friday night the Cowboys will pay a visit to Upper Arlington, who lost to South last week, and since both are anxious to break into the win column, a hard fought battle is in store.

Ohio State Is Rated Stronger Than, Hoosiers

By Dick Dunkel

Everybody gets into the college football act this week, and the opening games of Michigan State, Notre Dame, Oklahoma, Ohio State, Purdue, and Navy will come in for special attention.

Last year's national champion, Michigan State, carries over a formidable 116.0 Power Index from the 1952 wars. On Saturday, the Spartans will make their Big Ten debut at Iowa City against the Iowa Hawkeyes, whose last rating was 82.5.

By subtraction, these figures show State to have been about 34 points stronger, per game, than Iowa, against comparable opposition. Whether that's still the case, under 1953 conditions, remains to be seen.

Notre Dame and Oklahoma, both looking toward top national honors, will knock heads at Norman in what should be a wowser. Last year the Irish had the No. 5 Power Index of 108.5 while the Sooners were in sixth place with 108.3. That's a difference of less than one point. Saturday's game could be the making of either team's 1953 reputation.

Ohio State (95.7), whose coach Woody Hayes, calls the Bucks the best team in the land, will start at home against Indiana (77.5).

Purdue (83.5), another highly regarded Big Ten member, will visit once-beaten Missouri (88.9).

Navy (98.2), favored as the East's standard bearer, has notched itself at about 13 over its opening opponent, William and Mary (84.9).

In the meantime, UCLA, national leader after last week's games, with a Power Index of 112.7, has a home date Friday night with the Kansas Jayhawkers (85.7). The rating difference is 27 points.

Ole Miss (109.7), presently second to UCLA, indicates that it is 20 points stronger than its Saturday visitor, Kentucky (89.4).

Third ranking Georgia Tech (108.2) has a 16-point bulge on the record as it goes after consecutive victory No. 19 at the expense of Florida (92.3).

Other top attractions of the week-end, with latest Power Index differences, are:

In the East: Saturday - Army 24 over Furman, Boston College 2 over Clemson, Colgate 3 over Cornell, Columbia 13 over Lehigh, Holy Cross 17 over Dartmouth, Penn and Vanderbilt even, Pitt 6 over West Virginia, Princeton 47 over Lafayette, Syracuse 11 over Temple, and Yale 27 over Connecticut.

In the Midwest: Saturday — Cincinnati 13 over Marquette, Illinois 8 over Nebraska, Kans. State 5 over Colo. A&M, Michigan 4 over Washington, Northwestern 3 over Iowa State, Tulsa 27 over Wichita, and Wisconsin 6 over Penn State.

In the South: Friday night — Miami, Fla. 23 over FSU; Saturday —Duke 11 over Wake Forest, Georgia and Tulane even, Houston U. 6 over Texas A&M, LSU 8 over Alabama, Maryland 43 over W&L, Miss. Southern 3 over P.I. Marines, N. Caroline 31 over N.C. State, Tennessee 18 over Miss. State, Texas 2 over Villanova, and Virginia 30 over Va. Tech.

In the Far West: Saturday—California 9 over Oregon State, Colorado 20 over Arizona, Oregon 3 over Stanford, San Jose State 24 over Brigham Young, Tempe State 7 over N. Texas State, Utah 25 over Idaho, and Wyoming 33 over Montana.

The Power Index is computed from two factors—average scoring margin, and average rating of opposition. Originally all teams started with identical median ratings, thus eliminating guesswork.

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 50.0 team has been 10 scoring points stronger than a 40.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home team advantage, injuries, lineup changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system correlates records of all college teams and was started in 1929.

Mrs. Hott Gives Recipe For Favorite Chocolate Cookies

Mrs. Dorothy Hott

A recipe for "Chocolate Drop Cookies," which produces a cookie with a flavor and texture similar to fudge cake, is offered this week by Mrs. Dorothy Hott.

The donor is well-known to many Hilltoppers, for she is associated with the Hilltop Business Association as assistant secretary. Her husband, Paul, is serviceman for the T and G Music Co. and the couple, with their 11-year-old son, Douglas, resides at 51 N. Westgate-av.

Mrs. Hott serves as pro-primus for Alpha Nu, Alpha Chapter, Gradale sorority, service organization and an affiliate of the Hilltop Branch YWCA, which is composed of business and professional women. She is also a member of the Hilltop Lions Club Auxiliary.

She obtained this recipe from a friend and has used it many, many times for they are a popular favorite with her family and guests. They are always in demand at bake sales and bazaars and she is often asked to contribute them to pot-lucks, picnics, and to serve at meetings.

Chocolate Drop Cookies

1 cup brown sugar
½ cup shortening
1 egg
½ cup sour milk
½ tsp. soda
¾ tsp. baking powder
2 sqs. bitter chocolate
1¾ cups cake flour
(1 tbs. vinegar, added to ½ cup sweet milk, may be substituted for the ½ sour milk.)

Cream shortening and sugar well. Add the beaten egg and sour milk. Sift together the flour, soda and baking powder and add. Add also the melted chocolate. Mix well. Drop from tsp. on greased cookie sheet. Place about 1½ inches apart. Bake 8 to 10 minutes in 400 degree oven. When cookies are taken from oven, cover immediately with chocolate frosting.

Chocolate Frosting

1 square melted chocolate
¾ lb. confectioner's sugar
2 tbs. melted butter
1 tsp. vanilla
Milk

Melt chocolate and butter in top of double boiler. Add the sugar, vanilla and enough milk to make the frosting easy to spread.

FAMILY FAVORITES

By BETTY NEWTON

A pot roast of beef and noodles is a wholesome and economical main dish. It's sure to please the family. Serve tender-crisp broccoli and fresh relishes or perhaps add several carrots and onions to the roast during the last half hour it cooks.

Appetites will be tempted when the spicy aroma of Barbecued Spareribs reaches the table.

Beef Pot Roast and Noodles

3 Tbsp. fat
2 Tbsp. flour
3 lb. beef shoulder roast
1 tsp. salt
Dash pepper
2 c. water or light or other
4 oz. medium noodles

Heat fat in large heavy kettle. Rub flour into meat on all sides and brown. Season with salt and pepper. Add 1 C. vegetable liquid or water. Cover and cook over simmer flame for 2½ to 3 hours, adding remainder of liquid when necessary. Add noodles and cook 8 to 10 minutes longer. Makes 6 servings.

Barbecued Spareribs

¼ C. lemon juice
¼ C. vinegar
2 Tbsp. granulated sugar
2 Tbsp. Worcestershire sauce
½ C. catsup
1 tsp. salt
1 tsp. dry mustard
1 Tbsp. paprika
½ tsp. pepper
2 minced, peeled cloves garlic
2 lbs. spareribs

To prepare barbecue sauce, combine first 10 ingredients in a saucepan. Cover; simmer 15 minutes. Meanwhile, cut spareribs into individual servings of 2 or 3 ribs each. Place spareribs, rounded side up, on rack in large baking pan. Bake in gas range at 500 degrees for 10 to 15 minutes. Reduce heat to 350 degrees; bake covered or uncovered for 1 hour, or until spareribs are very tender, brushing frequently on both sides with sauce. Makes 4 servings.

As for man, his days are as grass; as a flower of the field, so he flourisheth. For the wind passeth over it, and it is gone, and the place thereof shall know it no more. But the mercy of the Lord is from everlasting to everlasting upon them that fear Him, and His righteousness unto children's children.
Psalm 103:15, 16, 17.

* * *

It isn't often that this column is serious, but this week the deaths of two apartment-neighbors in two days has caused us all to remember things some of us had almost forgotten. How hard it is to lose a good friend and neighbor. And how hard to know the right words to say to grieving families who have to go on. To the families of our neighbors, Mrs. Lettie M. Barnes, 11 Belvidere-av, who died Monday, and Mr. William W. Weaver, 12 Belvidere-av, whose death was Wednesday, I respectfully dedicate this poem:

Have you ever seen a pathway
Stretching far ahead of you
That suddenly climbed a little hill
Then dropped away from view?
Then think of a path that is endless
Where your dear one is living still—
It is only we who cannot see
The path beyond the hill.
Author unknown.

* * *

When death does come to a neighborhood we all feel a regret that we haven't taken time to be more neighborly and that we have given so few flowers to the living. Mr. and Mrs. Weaver celebrated their 50th wedding anniversary a year or two ago. It will be difficult for her to realize that life must go on, but she is well acquainted with The Great Comforter.

Signs of autumn — Talk of football (with sighs of anticipation) . . . Talk of fall house-cleaning (with different type of sighs) . . . New fall styles and style shows . . . Kids and grown-ups saying "It won't be long till Christmas" . . . September Song on every dj show . . . Leaves whispering Goodbye as they fall . . . Putting away the lawn-mower and getting out the rake (if you can remember who borrowed it last fall) . . . Hating to get up in the mornings.

* * *

Mail—From my self-styled farmer friend over Thornville-way: "Every day is a little bit shorter. Every night is a little bit longer. The mornings have a little more nip to them. The birds used to be going north-ward. Now they seem to be going south-ward. Soon chore time will take till dark in the evening and will start before daylight in the morning. But our barns are different now they are like city streets. Those aren't night clubs you see lit up late at night and early in the morning . . . We farmers are milking and feeding. With milking machines and electric lights now, it isn't so bad" . . . From a mother in Cincinnati: "Summer again. Back over the years I go back to the first day I had to take the kids. That was the first time they started out, not needing their Moms."

Hilltop Men Attending R. R. School

Two Hilltop area residents are among a group of 21 local railroad executives, who are going back to school these days in an effort to improve their industry's community relations.

They are: W. S. Wilson, Jr., of 135 N. Huron-av, division freight agent of the Pennsylvania Railroad, and C. E. Cheaher of 690 S. Burgess-av, assistant trainmaster of the Chesapeake & Ohio.

They are attending classes once a week at Ohio State University in an experimental program recently launched by the Railroad Community Committee, an organization of the Eastern Railroads Presidents Conference.

The school, designed to bring the railroaders into closer relations with the communities in which they live, will stress public speaking and human relations.

Boys and girls, you're smart enough to notice that there are more automobiles on the streets this September than ever before. You'll really be smart if you cross at intersections with the traffic lights and don't play in the street.

Independence Day can be any day in the year if you use want ads regularly to sell your surplus farm produce, chickens and eggs. Get the pleasant, profitable habit of selling with want ads.

Sally Smallsreed Is Bride Of Lt. Robert Wolfe, Sept. 6

Mrs. Robert Kelsey Wolfe

Huckleberry foliage, palms and bouquets of white gladioli and pompons decorated the Christ Lutheran Church for the wedding ceremony of Miss Sally Louise Smallsreed and Lt. Robert Kelsey Wolfe, the evening of Sunday, Sept. 6.

Officiating at the 7:30 service of his sister, was Rev. Thomas G. Smallsreed of Grace Lutheran Church in Eaton, O., together with Rev. Carl Heminghaus, pastor of Grace Lutheran Church, Columbus.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. George A. Smallsreed, Sr., 1461 Roads End, and Lt. Wolfe is the son of Mrs. Bertha Wolfe Woodin, 206 N. Oakley-av.

The bridal gown, fashioned of imported chantilly lace in a delicate rosepoint pattern, was styled with lace motifs, encrusted with seed pearls, appliqued on the Queen Anne collar, and lace sleeves extending into points over the hands. The tight-fitting bodice was complimented by a bouffant skirt worn over crinoline and hooped petticoats, with the entire skirt marked with designs of seed pearls and iridescent paillettes.

A full-length three-tiered veil of imported illusion was caught to a lace crown, studded with pearls, and her bridal bouquet was fashioned of white Fugi mums, stephanotis and white roses.

Mrs. George A. Smallsreed, Jr., was matron of honor and the other attendants included Mrs. Karl K. Stewart, Mrs. Jack A. Cooper, bridesmatrons, and Miss Mary McGraw, bridesmaid. Mrs. Thomas C. Smallsreed, another sister-in-law of the bride, was soloist.

The matron of honor wore a gown of royal blue velveteen and nylon tulle, with the others wearing gowns in gold, emerald green and coquelicot red. The dresses were of the same design, with basque bodices, portrait necklines and very full skirts of tulle over taffeta. Matching crowns of tulle, banded in velvet, and bouquets of Fugi mums and pompons in colonial style, completed their costumes.

Mr. Richard H. Wolfe, brother of the bridegroom, was best man, and ushers were Mr. George A. Smallsreed, Jr., Mr. Robert Miles, Mr. Fred Pindels and Mr. William [illegible].

Honka's Provincial House, was the scene of the wedding reception. Mrs. Smallsreed chose for her daughter's nuptials a gown of Dior blue chiffon and lace, enhanced by sequin trim. Her hat and accessories were of blue in the same shade and she wore a corsage of pink roses.

Mrs. Woodin wore a gown of soft rose, the bodice accented by pearls shading from blush to deep rose. She wore a small cloche of the same shade, and a corsage of white [illegible].

Hostesses at the reception were Miss Virginia Stage and Miss Joanne Slater.

A suit of black faille, with lapel trim of beading and her bridal orchid was worn by the new Mrs. Wolfe as the couple departed for their wedding trip.

The bride is a graduate of Columbus School for Girls and was formerly associated with WBNS-TV. Lt. Wolfe is a graduate of West High School and Capital University. Serving with the U. S. Air Force, he is now stationed at Ellington Field, Houston, Texas, where the couple will reside.

With Peg Warren:

About The Hilltop

Life is short these days. It can be shorter than you think. If you're walking or driving, look out for the reckless driver who has no regard for life or limb. The sad part of it is, in an accident he usually winds up with only minor injuries . . . Jack Harmer, U. S. Army, is due home from Korea . . . A future bowler, the Eddie Kerr's are the proud parents of a nine-pound baby boy. Eddie is the manager of the Old Trail Bowling Alley . . . After a three weeks fishing trip at Holton Lake, Mich., "Jimmie" DeRubertis, the shoemaker, is back in the swing again, working in his shop at Central and Sullivant . . . How Lucky Can You Get? Bill Acord, the jeweler, won a Chris Craft awarded at North American . . . Couldn't stay away. Mr. and Mrs. Loui Rice of Miami are back on the Hilltop to stay. She is the former Jody Palumbo.

On Nov. 14, Miss Margaret A. Haney will exchange wedding vows with John D. Brown . . . This last month, the Fred Kenney's of City Furniture, vacationed in Florida . . . Former Hilltoppers, Tom and Flo Ansel, with their family, are now making their home out where the West begins, Topeka, Kansas. Tom is the manager of the TWA Airlines of that city . . . On Oct. 17, members of the Clover Leaf Guilds of St. Anthony's Hospital, will take their husbands dancing. The annual guild ball will be held at the K. of C. Hall. Gertrude Taylor is chairman of the affair . . . At this edition, Cpl. Robert Gabbert, who has been stationed in Korea, should be enjoying all the comforts of home . . . the Wilbur Thompson's of Florida are now residing on the Hilltop. Mr. Thompson's twin brother, Walter, is the newly appointed Athletic Coach of Hawthorne High in Hawthorne, Florida . . . Dr. Guy Hulett has sold his Community Hospital Nursing Home. He and his brother, Dr. Arthur S., still maintain offices on W. Broad St.

The popular councilman, Jerry Spears, Jr. and his family, are now settled in their newly purchased home in Westgate . . . Last week, Fred Gunning, long time resident of the Hilltop, celebrated his 83rd birthday. Home for the happy occasion was his son, Rev. James C. Gunning, of Pleasant Valley, N. Y. . . . Lt. Jack Bickham, who married the former Jane Wallace of Oklahoma City, is now stationed at Walter Reed Hospital. They are expecting a visit from the stork in December . . . For your convenience, the stamp window at the Main Post Office is open 24 hours a day . . . On Sept. 25, Louis Pass will be inducted in the Metropolitan Life Insurance 25-year Club . . .

WHAT'S AHEAD FOR ME?

Well sir, there is a lot ahead for me . . . a very bright future! You see I'm among the thousands of fortunate youngsters that live on the Hilltop and will have all the great opportunities afforded to me that are possible to have in a free America.

But I am even more fortunate than youngsters in some other communities. I'm indeed lucky to have my parents living in such a fine community as the Hilltop.

What does the Hilltop have that other communities don't have, you may ask?

The first and biggest thing is that very strong provincial type community spirit prevails on the Hilltop. It has been this kind of a spirit that has prevailed over so many years that has been responsible for the development of this great middle class community we know as the Hilltop.

It was this spirit that was responsible for the settling of so many fine folks just like my dad and mom who wanted to bring their youngsters up in a clean, civic minded community. The net result has been that the Hilltop has about the best in everything . . . fine schools, fine churches, fine civic groups . . . and everyone wanting to do things for young people to make them good American citizens.

How did this thing start? It started with the business people of the community taking the leadership in seeking and demanding the best for the Hilltop. Today they are still the leaders in the community. And that's why my mom and dad believe in backing up these same business people by trying first to buy everything possible in their stores.

Yes sir, I'm a pretty lucky young fellow! I'm a Hilltopper all the way.

Security

We'd like you to take another look at that word at the top of this column. Security . . . the word that has become the most important *personal* word in the American language today.

Some folks go after security almost frantically. They never stop trying to achieve it. They pile up resources—money, land, stocks and bonds, lending and borrowing power. They build homes in the "best" part of town—make sure they're seen in all the "right" places at all the "right" times.

Yet the security they seek never seems to arrive. Some vital element is lacking, and they have no idea what it is.

These people have missed the church, and all that it offers. They have passed up the only true source of security—the sense of sureness that comes when God has once entered the soul. Watch the happy faces, listen to the warmth and sincerity of the voices of your friends as they leave their church some Sunday morning after services. You'll see a *real* sense of security there—the secure knowledge of God's protection that can come only in His churches, or in our daily prayers.

That's the answer to any search for security. It doesn't come with bricks and mortar, or arrive with the dollar sign. But it does arrive to stay in the spirit which knows that the Redeemer liveth—the spirit which knows real security through honest communion with God.

He is my refuge and my fortress: my God; in him will I trust.

Walker Report Advises Consolidation Of New Rome And Lincoln Village

The Spectator
By C. C. Hartley

WE LIKE DEPARTMENT

One can't help but reflect with a lot of pleasure that Frank J. Lausche is governor of Ohio. And one can't help but reflect that he shows more of the qualities of a real statesman than we have come to expect from a public official in many a year. His statement this week that he would not appoint himself to fill the unexpired term of the late Senator Taft bears out again that he is not merely a politician looking after his own interests. He has demonstrated that he is a high quality public servant of whom the State of Ohio can well be proud

• • •

Briefly Told: Carl Johnson, formerly a barber on the Hilltop, was in for a visit this past week and reflected that he was proud of the honors that have come to a former Hilltop boy, Russell Carter . . . and this goes for the whole Hilltop, I am sure. . . . A new Kiwanis Club is about to be formed in the area just west of the city limits and business and professional men living or working in that area will be eligible for the new club. . . . Organization date for the club has been set for about Oct. 6. . . . Ellen Davis will return to her home this week-end after a week in Mt. Carmel Hospital, where she underwent an operation. . . . The chain letter fad is in the air again and this time they are asking $2, but what can you expect with inflation as it is. . . . Excavating work moved along right rapidly on the new building project at Warren and Broad, which, when completed, will be the new home of the First Federal Savings & Loan. . . . A big bright spot on Broad street these days is a basket of those nice melons in front of the Fox Food Shop, raised by Bill Devers up Hilliards way. . . . Harold Hart will wind up his current season of exhibiting his hogs when the Coshocton fair rolls around this next week. . . .

Sensenbrenner "Grass Roots" Drive Begins

Several meetings have been scheduled for the week of Oct. 4 for M. E. "Jack" Sensenbrenner, candidate for mayor, by the Franklin County Democratic executive committee in the organization's "grass roots" drive to defeat the present GOP administration.

On Friday, Oct. 9, at 7:45 p.m. a meeting will be held at the home of Mrs. Margaret Boan, 73 Princeton-av, with Harry Burns as chairman. Other meetings in the neighborhood will follow at 8 p.m., 8:15 p.m., 8:30 p.m. and 8:45 p.m

Sensenbrenner said he would attack the incumbent administration for its extreme waste of taxpayers' money, its neglect of recreation, playgrounds and parks; for spending $250,000 for a rose garden and then charging admission to it; for repeated and costly bus strikes and for lack of water.

"The present mayor has a personal kitty of more than a half million dollars," Sensenbrenner told a meeting last week on the East Side. "What does he do with that money besides appoint political hacks to soft, cushy jobs like the one for Maynard Hyland and Mr. Linton at $20.00 an hour to solve the transit problem?"

Sensenbrenner added that the people must wake up and change administrations or face an increase in the municipal income tax next year.

Rome Business Group To Meet On Oct. 13

All candidates in Prairie-twp will be present at the regular meeting of the Rome Business Association Tuesday, Oct. 13, at Prairie Local School on Norton-rd

The Wells H. Teachnour Cancer Group will serve a chicken dinner for the meeting

Pictured above is a portion of the more than 400 persons who Tuesday night attended the meeting to hear the fact finding report of Prof. Harvey Walker outlining the many questions surrounding the problems of annexation and incorporation of New Rome and Lincoln Village as well as the annexation of Valley View to the City of Columbus. Mixed feelings were evident as Walker urged joint incorporation.

New Street Paving Method Planned At Lincoln Village

Hilltoppers are invited to see a real show when construction starts on the streets in Lincoln Village. A revolutionary new method of paving will be used, and it should provide entertainment for the "side walk foreman."

With the new process, concrete curbs will be poured at the same time street pavement is placed. It will be the first major street installation of this type in the Columbus area.

Called the Detroit method of paving, the system has been used in and around the motor city since 1947. It actually provides concrete streets with "built-in" curbs, thereby cutting construction costs.

The new method of street paving was first used on a large scale in building 60 miles of streets in metropolitan Detroit, during 1947. By 1952, over 800 miles of rolled curb streets had been installed there. Toledo is now using the method extensively and Mansfield has recently constructed the new type streets.

The nine miles of concrete pavement in the first section of Lincoln Village will bring the new paving to Central Ohio for its first major installation.

Carl R. Frye, vice president and general manager of the Peoples Development Co., builders of the project said, "We are certainly happy to be able to bring the advantages of this innovation to Lincoln Village. With it, we will provide safe streets with low maintenance costs and long life. The excellent acceptance which the 'Detroit Method' has received elsewhere makes us enthusiastic about bringing it to Central Ohio on a large scale."

Lincoln Village is the 1270 acre model city being built along Broad-st between the Hilltop and New Rome.

The four sections of the project include two large industrial areas which comprise 550 acres. One section is on the north side of Broad-st. It runs from the thoroughfare, north to the Pennsylvania Railroad tracks, and lies directly across Phillipi-rd from the new Westinghouse plant. A 45 acre tract above the Westinghouse plant is also included in the development. It is at the corner of Phillipi and Fisher-rds.

The industrial area south of Broad-st extends beyond the New York Central Railroad and is bordered by Georgesville-rd and Sullivant-av.

The initial housing and shopping center area for the model city is located on the north side of Broad-st adjoining New Rome. Preliminary site grading for the 390 acres which comprise this tract has been completed

The second housing segment on the south side of Broad-st is to include 230 acres.

The project is being built by the Peoples Development Co., a subsidiary of the Farm Bureau Insurance Companies.

Columbus Annexation Of Valley View Urged

Approximately 400 interested residents from Franklin and Prairie-twps, along with others from the Hilltop's 11th Ward assembled at Prairie Township Local School, New Rome, Tuesday night to hear Prof. Harvey Walker of Ohio State University deliver his fact finding report on the annexation and incorporation question. The 26 page report contained two major factors which urged the immediate joining of the limits of Rome and Lincoln Village into one corporate unit, as well as the suggestion that Valley View become an integral part of Columbus proper.

The report also urged that school planning of the two townships be more closely coordinated and made for at least five years ahead. It pointed out that current inadequacies in the present school system and urged immediate consideration of the joining of Prairie and Franklin township school systems so that a new high school be erected in the area to provide better secondary schooling facilities

Walker scored the current lack of public transportation facilities to the two township areas and also pointed out the skimpiness of police protection in the area by asserting that Franklin Township should have at least three full time constables and at least two justices of the peace.

Pointing up the fact that social, economic and governmental factors are of paramount importance to the citizenry of Prairie and Franklin townships, Prof. Harvey Walker of Ohio State University, Tuesday night at Prairie Local School, New Rome, presented to the West Franklin County Civic Association, a 26 page report outlining needed changes and recommendations

In his report which urged a closer cooperation between township and city officials, Prof. Walker reviewed all aspects of annexation and incorporation as they pertain to this area. Franklin township, he pointed out, is on the threshold of a very rapid development in certain sections while Prairie township is still in the throes of slow growth.

Valley View, Marble Cliff

Major recommendations in the survey report were in that portion devoted to annexation and incorporation. Said Prof. Walker in his report, "Some interest has been expressed in the possible incorporation of all or certain portions of Franklin Township as a village or as villages under general state law. Two such corporations, Marble Cliff and Valley View already exist in the township. Both of these are closely built up and are immediately adjacent to other larger corporations. Both already have excellent schools available and all, or practically all municipal services which their residents desire. But in neither case can any reason be seen why they should continue as separate corporations. Both would be far better off if they would petition for consolidation—Marble Cliff to Grandview Heights or Upper Arlington and Valley View with Columbus.

The incorporation of all of the remainder of Franklin Township into a single village (under the law, original incorporation is always as a village, regardless of population) is not feasible. Only certain areas contain population in sufficient concentration to justify it. A majority of the areas involved is still rural agricultural land and probably will continue to be so for several years. Even the incorporation of (two villages, one to the north and one to the south of W. Broad-st is not indicated, for he same reasons."

Municipalities Eye Area

"The principal objective would seem to be to prevent piecemeal annexation of small tracts, or even large ones, by the City of Columbus or the city of Grandview Heights, both of which already have shown some interest in the Dublin-rd area and one of which has been casting an appraising eye upon the area between the west Columbus limits and Phillipi-rd."

These two areas it is pointed out in the report, include most of the industrial valuation of the township but only a very small fraction of its population. "The ability of the township to continue and to expand its services, said Walker, depends on its success in holding both in these areas."

He points out, that, if some of the resident property owners of the township become dissatisfied with the range or quality of its services, they may petition the county commissioners to be annexed to one of the cities in order to secure the more ample services available. A few of these, he says, could be provided by incorporating a village, but not enough to justify it.

On the question of annexation, Walker asserts that there are a few areas in the township which are so closely tied into the Columbus city area that their annexation by the city would seem desirable even now. He points out that there is already a petition before the county commissioners requesting approval of the annexation of one of these area, namely; the area adjacent to Eakin-rd between Richardson and Racine-av, next to the Hilltop Riding Academy. He says that, because of its street layout and orientation, the area cannot be served efficiently by the township, but can by the city.

Annexation Recommended

Walker said too, that another area in the southeast part of the township should also become a part of the City of Columbus. It is already tax exempt and the rest of the area, according to the report can be best served by the city rather than the township. The area referred to includes, that along and east of Route 104 to the south property line of the city sewage treatment works and city workhouse. The Bulen-McFarland farm south of the workhouse, says Walker, could be transferred to Jackson-Township

The third area, recommended for annexation in the report, which would be better served by annexation to Columbus or to Valley View (if the latter desires to continue as a separate corporation) is that portion of the Columbus city school district lying west of Valley View on both sides of Valley

Lost Bike Slows Delivery Of Boy's Newspaper Route

John E. Whitt, jr., of 29 S. Wayne-av is getting a bit footsore as a newsboy; this week all because someone borrowed his bike from his yard and forgot to return it. He needs the bike in order to carry his paper route and go to school.

The bike is described as a Schwinn Hornet, with serial No. A 0680, maroon with cream trim. The bike is equipped with a belly tank and a horn button is missing. Any parent whose child may be riding a bike that be found and which answers the description of Johnny's bike is asked to call RA. 1337

Proposed Franklin Township Fire Department Development Is Viewed By Trustees Of Area

Pictured above is an artist's perspective of how the proposed new Franklin Township Firehouse and central training station will look after completion. If the current fire levy is passed the structure will be built at 4100 Sullivant-av, according to township trustees.

A major step in the development of the Franklin Township Fire Department is being planned by the Township Trustees. It is the construction of a central fire station and training center to be located at 4100 Sullivant-av on a three-acre tract recently purchased for that purpose.

A spokesman for the board said that the architect firm of Ramsey & Croce & Henry M. Abbott, 400 City Park-av, has been retained to draw plans for the fire station, second permanent building to be erected in Franklin Township in the fire protection program.

The proposed building will be of brick construction with an equipment area large enough to provide space for five and emergency equipment for many years to come. It will serve as the central link in the fire communication system as well as a training center for the 94 volunteer firemen now serving the area.

No date for construction of the new building has been set pending passage of a three-mill fire levy that will be voted on at the November election. The special tax levy is being proposed for a five year period starting Jan. 1. It is a continuation of a 1.6 mill levy that expires at that time. The original levy was voted for a period of three years and went into effect in 1950. Increases in the tax duplicate since the time of passage have reduced it to the present 1.6 mills.

Fire headquarters for the central area of Franklin Township are now located in leased quarters at 3440 Sullivant-av.

This *necessity* is taxed higher than most luxuries

Taxes add a lot to your telephone bill

A federal tax of 15% is added to your local service charges, and to long distance calls costing under 25¢. *That's higher than the federal tax on TV sets. Other local public utilities like streetcars, gas, light and water carry no such tax at all!*

On long distance calls costing 25¢ and over, you pay 25% federal tax. *That's higher than the tax on train or plane tickets. It is even higher than the luxury tax on furs, jewels and night clubs!*

$15 excise tax per year per telephone

Federal excise taxes cost you . . . our customers . . . an average of $15 a year for every telephone we serve. If these taxes were removed, it would mean a real saving on your telephone bill.

Telephone excise taxes were levied as a war measure in 1944. They were scheduled to end six months after the war ended. But they still go on . . . adding to the cost of your telephone service.

We realize the need for government revenues. Like other businesses, we pay federal income and other taxes. These taxes averaged $16 per telephone last year. *Your excise tax is added on top of these other taxes.* Surely, your telephone should not be taxed higher than other necessities. Certainly, it should not be put in a class with luxuries.

I think some of my first "slips" and "starts" came from the garden of Mrs. Carl Weber who lived in the big house on W. Broad-st.

So many of the Highland Garden Club members, thru their offerings of "starts" have indelibly stamped their name in my garden. My yellow alyssum which is so lovely in the Spring — my regal lilies and many other treasurers in my garden came from my good neighbor, Mrs. H. L. Heinselman. Midway in my yard is a clump of "forget-me-nots" from another old friend and each time I pass it, it brings to mind that lovely poem by Emily Bruce Roelofson.

When to the flowers so beautiful,
The Father gave a name,
Back came a little blue-eyed one

And standing at its Father's feet

It said in low and trembling tone,
"Dear God, the name Thou gavest me, Alas! I have forgot!

Notre Dame Takes The No. 1 Spot In Week's National Grid Ratings

By Dick Dunkel

Notre Dame has wasted no time in taking over the No. 1 spot in the college football Power Index, as advertised.

The Irish, 28-21 victors over Oklahoma last Saturday, now own the top figure of 111.9, while the Sooners are making their season's start seven points lower, at 104.9, good for ninth position. These figures result from adjustment of ratings carried over from last year, and are the starting point for a brand new 1953 average.

UCLA, last week's leader, dropped to second place, with 108.9, after last Friday's 19-7 win over Kansas was added to the record.

Mississippi took third position on its 22-6 conquest of Kentucky.

Michigan returned to the Top 10 for the first time in several seasons, taking fourth position after its 50-0 romp over Washington.

No. 5 Michigan State defeated Iowa, 21-7; No. 6 Southern California won over Minnesota, 17-7; No. 7 Baylor was idle, after having licked California, 25-0, the previous week; No. 8 Maryland walloped W & L, 52-0; and No. 10 Wisconsin disposed of Penn State, 20-0.

The Power Index shows average difference in score relative to strength of opposition. Teams set their own ratings without the use of anybody's opinion.

Rank and ratings of national and sectional leader through last Saturday's games:

Oregon	83.1

Ah, yes, there's bad news today. Bad for certain college football teams, that is.

Due to an odd quirk in the schedule, none of the nation's 17 leading elevens have to play each other this week. As a result, they will take on an assortment of opponents who appear doomed to lose by anywhere from eight to 47 points.

One of the most important of these games will be the Notre Dame-Purdue clash at Lafayette. The Irish now sport the nation's top Power Index of 111.9, after beating Oklahoma, 28-21, in last Saturday's opener.

On the other hand, Purdue, touted in the preseason prints as a potential Big Ten champion, began with a 14-7 loss to Missouri. This give the Boilermakers a rating of 89.6, about 22 points lower than Notre Dame's 111.9. So, 22 points is the amount that Leahy's legions will win by, next Saturday, if both teams go strictly according to past performance.

No. 2 UCLA (108.9) heads for its third straight win on a sleeper jump to Oregon. And no sleep should be lost, because Oregon's Ducks rate 83.1—or 26 points lower.

No. 3 Mississippi (108.6) will visit Auburn's up and coming Plainsmen (91.2) in what may be the Rebs' sternest test to date, despite the 17-point rating advantage.

No. 4 Michigan (106.5), surprise package of the early season, will entertain an unruly guest in Tulane (98.5), but the Wolverines look eight points better on the record.

No. 5 Michigan State (106.6) travels to Minnesota (95.4) toting an 11-point bulge in the Power Index.

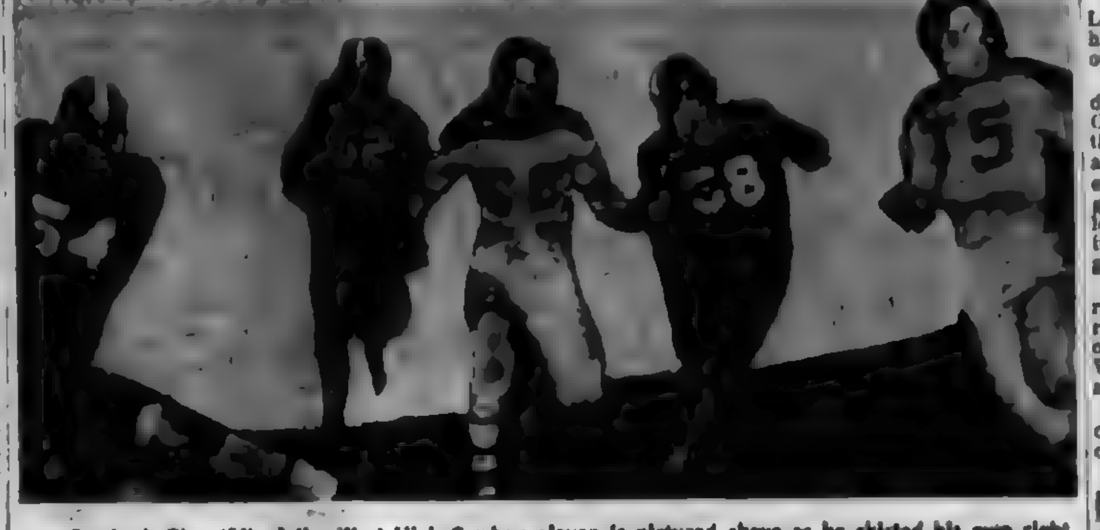
Here are the week-end's other games involving national leaders, with latest Power Index differences showing how the teams compare on the record—not necessarily how they will do when they meet:

Southern California 32 over Indiana, Baylor 26 over Miami, Fla., Maryland 28 over Clemson, Oklahoma 22 over Pittsburgh, Wisconsin nine over Marquette, Georgia Tech 14 over SMU, Miss. State 25 over North Texas State.

Miss. Southern 47 over Tampa, Georgia eight over Texas A & M, LSU 21 over Boston College, Ohio State 12 over California, and TCU 17 over Arkansas.

And here's how opponents compare in other outstanding contests:

Eastern: Syracuse 27 over Boston U., Holy Cross 24 over Colgate, Navy 22 over Dartmouth, Penn seven over Penn State, Princeton two over Columbia, Rice seven over Cornell, Yale 28 over Brown, and Ohio U. 15 over Harvard.



Midwestern: Detroit six over Fordham, Illinois and Stanford even, Iowa one over Wash. State, Kansas 18 over Iowa State, Miami, O., 12 over Xavier, Missouri four over Colorado, Nebraska three over Kans. State, and Wm. & Mary one over Cincinnati.

Southern: Alabama 11 over Vanderbilt, Florida seven over Kentucky, Duke seven over Tennessee, North Carolina 23 over W & L, South Carolina five over Virginia, Texas and Houston even, and Wake Forest one over Villanova.

Far Western: College of Pacific 11 over Tulsa, San Jose 43 over Fresno State.

Power Index pairing for next week-end games follow:

Golden Bears Trample Cowboys 13 - 6

Scatback Bley (54) of the West High Cowboy eleven is pictured above as he skirted his own right end last Friday night for a yardage eating jaunt. Nafager (22) and Johnson (58) are coming up to help out as Arlington's Bishop (GS) and Patsky (T5) endeavor to stop the West speedster.

By Woody Owens

West High School's Cowboys lost their second gridiron contest of the current campaign in as many starts last Friday night at Upper Arlington as the Golden Bears emerged the victor by a 13-6 count. The contest was marred by numerous fumbles on the part of both teams.

Fumbles halted several potential scoring drives in the early part of the first period with neither team being able to move the elusive pigskin consistently. In the latter stages of this stanza however, Larry Nafzger, Cowboy quarterback, faded to pass from his own 22-yard line, but when tackled by about half of the home team's forward wall, the ball was knocked from his grasp being recovered by Farmer of Arlington.

Flankman Campbell and Van Fossen then alternated to tote the ball to the two-yard line from where Campbell plunged through center for the score. Campbell also plunged for the point after.

Neither eleven was able to muster any other scoring drive until the final, when Jim Vincent intercepted a Campbell aerial on his own 25 and scampered to the home team's 37. Cole, Fenimore and Harper then alternated to carry the pigskin to the 8 but in three tries the Cowboys could only net 5 yards from where on the fourth down Roger Thompson blasted over his own left tackle to score.

The try for the point after was wide. Arlington received the following kickoff and was pushed back to their own 16-yard line. With fourth down and 14 Campbell dropped back in a short punt formation and catching the entire Cowboy team napping he circled his own left end, reversing his field and behind some brilliant down field blocking, raced 84 yards to score after the final gun had sounded.

Van Fossen's try for point after was wide.

Campbell and Van Fossen were outstanding offensively for the Golden Bears, while the Cowboys showed some improvement offensively over their opening game.

Roger Thompson stood out defensively for the locals, besides marking up their only score of the night. The biggest improvement the locals displayed, however, was in the punting department where Bob Kerns got off several long ones, one of which traveled over 60 yards in the air.

This Friday night the Cowboys open their City League schedule by invading the Linden McKinley gridiron.

The locals' main hopes to chalk up their initial win of the season will be in their ability to stop the Panthers' Chuck Kessler and John La Corte two fine backs.

Lineups of Friday's contest were

Game Digest Ready Oct. 1

The 1953 Ohio Digest of Game Laws is expected to be in the hands of hunting license dealers on or shortly after Oct. 1.

The digest went to press immediately after the meeting of the Ohio Wildlife Council at which the bag limits, length of seasons and hunting hours were established on Sept. 11. A temporary digest was provided hunters following the State Game Hearing in July in which opening dates of game seasons were announced.

Several changes in the hunting regulations and especially trapping regulations appear in the new and official digest and the Division of Wildlife urges hunters to obtain a copy of the 1953 Law Digest.

The Digest may be obtained free of charge by request from any license agent.

Should any hunter find the Digest unavailable at hunting license headquarters they may be obtained by writing the Ohio Division of Wildlife, 1500 Dublin-rd, Columbus 12, O.

7,043 county young people benefited from the YMCA and the YWCA last year—two important United Appeal youth organizations.

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 50.0 team has been 10 scoring points stronger than a 40.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home team advantage, injuries, lineup changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system correlates records of all college teams and was started in 1929.

United Appeals Instruction Sessions Set

Two instruction meetings for volunteer solicitors in the United Appeal-Red Cross campaign Women's Division in this area will be held at which time final instructions will be given and solicitors kits distributed.

The Women's Division solicitation for $200,000 will be held the week of Oct. 12 with most of the house-to-house canvassing being done on Monday, Oct. 12. In order to speed the solicitation it is hoped that women in the home and others of the households will be ready with their contributions or pledges.

Following is the schedule of the instruction meetings for this community:

Friday, Oct. 2, 8 p. m. — Westgate Shelter House, Parkside at Brittany.

Thursday, Oct. 1, 8 p. m. — Boy's Club, 115 S. Gift-st.

Incomplete Auditorium Forces Outdoor Classes

Out-of-doors classes are quite the thing right now at Starling Junior High School as can be seen in the above photo where a class is in session. Reason for the outdoors class is that the remodeling work at Starling is still a long ways from completion as can be seen in the lower photo where construction is currently underway on a new auditorium. Classes are held outside during the current mild weather to relieve the overcrowded conditions within the school. What happens when snow flies?

STARLING REMODELS
By Eva Jo Cosgray

The remodeling of Starling Junior High School is progressing nicely, but there is still much to be done. At present there is neither heat nor a cafeteria in the building. The gymnasium, the industrial arts, the household laboratories, and the library are all to be completed. The building of an auditorium will depend upon the passing of the bond issue this fall.

However, each day progress is observed. The rooms have been painted pastel shades of green, gray, yellow, aqua, rose, peach and white. In the halls are red and white tile floors. When finished, the building will be modern, attractive and safe — an improvement that has been badly needed for a very long time.

MRS. MOSHIER ADDED
By Dorreen Williams

Mrs. Sally Moshier is teaching art at Starling this year to replace Martha King who was transferred to South High School. Mrs. Moshier, who lives at 1496 Belmont-av, obtained her Bachelor of Fine Arts degree from Ohio University and her Bachelor of Science of Education degree from Western College for Women. She also studied at the New York Art Student's League.

When interviewed Mrs. Moshier said that her husband is a medical student and that she enjoys working with students of junior-high-school age.

STARLING FTA TEACHES
By Linda Bishop

The Starling Future Teachers' Association furnished substitutes for the various elementary schools on the West Side, Tuesday, Sept. 22. On that day the elementary teachers were attending a reading conference.

Starling FTA members are usually A and B students from the eighth and ninth grades; they were carefully selected and trained for their one day of teaching the first and second grades of the elementary schools.

Those who substituted for the teachers at Avondale Elementary were Judy Hanson, Helen Kettel, Nancy Koontz, Gail Landon, Delores Leonard, Sharon Martin, Lily Mooney, Joe Munson and Judy Tilton.

Those sent to Chicago Elementary were Helen Beatty, Ida Allis, Lavonne Cacchie, Helen Davis, Joy Meyers, Carol Richmond, and Allen Strickler.

At Dana Elementary were Barbara Arledge, Judy Bakenhester, Marilane Holton, Gary Longstreth, Lenora Shaver, Saundra Southworth, Sandra Vance, Barbara West, Jane Wortman, Joyce Williams, and Joan Hakes.

Substituting at Franklinton were Tonian Bolognese, Barbara Clark, Ronald Duff, Anetta Harris, Myrna Johnson, Nanni Miller, Barbara Norman, Gertrude Oliam, Barbara Wilson, Dorreen Williams, and Lois Osborne.

Since Bellows Elementary is being remodeled, those substitutes went to the various places school is being held these days. Martha Biegler was at the Church of the Nazarene. Bobby Bond was at the old Fieser building, David Dye at West Mound, Caroline Mercier and Delores Steinbrook were at Sullivant Gardens, Walter Williams at West Mound, and Patty Cunningham at the old Fieser building.

Supervising the undertaking was one of the FTA sponsors, Mrs. Helen Bauer.

Not Charity — A Chance

Goodwill Industries Provide The Handicapped An Opportunity To Earn Gainful Livelihood

By Pat Martindale

"So many sects, so many creeds
So many paths that wind and wind.
When just the art of being kind
Is what this old world needs."

Not charity, but a chance—this is the motto of the Goodwill Industries; an industry now 51 years old and located in 101 cities in the United States of America, Canada and 13 foreign lands.

The Columbus Goodwill Industries, located at 94 N. ...th-st, with four retail stores in various locations in Columbus, is the one in which our community is primarily interested. Through this branch hundreds of handicapped citizens have been given a new chance in life otherwise not extended to them. They have been given a chance to earn a living in a self-respectable way by working at the Goodwill Industries or by learning a trade through the Goodwill training program, which enables them either to be placed in a business or to open a business of their own.

Although many people know little or nothing about the Goodwill movement, there are equally as many who are acquainted with it, and many who today save much of this nation's waste by giving their discarded articles to Goodwill to be mended and repaired, thus serving two purposes: that of giving work to the handicapped and placing in their stores' materials that many under-privileged people can afford.

Goodwill Industries is an organization with a religious motive but does not specify a particular creed for its employees. As a matter of fact all creeds, nationalities and ages are employed at Goodwill so long as they have a definite handicap. The day is begun with a chapel service in order to start off in good spirit and good-will.

The Goodwill Industries is a business and must be carried on in the way of any good business in order to continue its work but it is not a profit making enterprise for any individual or organization. It is also a social service enterprise and endorses most of its teachings and practices to scientific social work. It investigates and studies causes, but generally it regards a job above an investigation. It believes more in prevention than cure, and most of all it is not charity—but a chance.

Rev. George Morey Evans, a Methodist minister, is Columbus' Goodwill executive director, with a staff of personnel director, public relations, bookkeeper, transportation and assistance.

A call to Goodwill, MA. 6711, will send a truck to pick up any donation of discarded clothing, furniture, books, newspapers, etc., to all communities and surrounding areas of Columbus.

Individuals or groups can secure a date to tour the Goodwill plant by calling or writing, or a staff member will be sent to talk on the work done at Goodwill or show slides if an organization wishes to know more about the work performed by the handicapped. (There is no charge for this.)

The Goodwill Industries, helping others to help themselves, needs your help to carry on a worthwhile task of "Never too poor to pray, never too weak to win."

Charles Turley, handicapped worker in the upholstery department, received his training at Goodwill Industries and now is regularly employed along with more than one hundred other handicapped workers in the local organization.

LETTERS TO THE EDITOR

Editor:

A special message and an appeal to the young people of America on a national social security bill that is being studied by a sub-committee of the House Ways and Means Committee. Rep. Carl Curtis of Nebraska heads this sub-committee. This bill would provide for a National social security for ALL citizens, and be based on a pay-as-you-go plan.

At present, young people do not have any security against the hazards of disability — only social security and old age pensions payable at 65. Very few are covered under any other plan.

The bill we refer to is sponsored by the Townsend organization of the United States. You know it takes a lot of pressure to put over any bill in Congress, and this is where we need help. We have laid the foundation, and you will have to help build from here on.

This bill provides for funds to be raised by a 2 percent gross income tax on salaries and income exceeding $250 per month. At present, we are paying taxes to cover social security, old age assistance, relief, infirmaries, and all other pension schemes which would be replaced when our bill becomes a law.

I hope you will appreciate what we are trying to do for you. While everything is fine now, and you are all making lots of money, still you should be prepared for what might happen some day as it did in 1931. We believe you will be interested enough in yourself, your fellow man and your country to go along with us for a better USA.

For further information, contact me or come to our club meeting, the second Thursday of each month at WOW Hall, 588. S. Third-st, where we have supper at 6:30 and speaking at 8 o'clock. We invite you to our roast beef dinner Oct. 8, 1953, at 6 p. m. Please make reservations by Oct. 5.

Dolls Are Momentos Of European Tour

Pictured above are Nancy (left) and Deborah Draper (right), daughters of Mr. and Mrs. Robert M. Draper, of 164 S. Westmoor-av, with momentos from their unforgettable European vacation. The dolls were collected from each of the ten countries they visited, England, Scotland, Norway, Denmark, Sweden, Holland, Germany, Austria, Switzerland and France. One of the most enjoyable features of the two-month trip, from the children's standpoint, was the trip over on the Mauretania, and the return voyage on the Queen Mary.

Mrs. Leeka Shares Favorite Recipe, "Swedish Meat Balls"

Mrs. Augretta Leeka

Mrs. Augretta Leeka has contributed, for the enjoyment of Hilltop Record readers this week, a recipe for "Swedish Meat Balls," a different and delicious way of serving economical ground beef.

The donor is familiar to many Hilltoppers for her active participation in youth work of this community. She is currently serving as co-chairman of the Hilltop Branch YMCA membership drive. Founder of the Mothers' Council of the Hilltop Y, she is past president of that organizations, and is now chairman of the ways and means committee.

A member of St. John's Lutheran Church, she is one of the church's representatives to the Hilltop Community Council and is past co-chairman of one of the circles of St. John's. She is also a den mother of Cub Scout Pack No. 250, and a room mother at West Junior High School this year.

Her husband, Warren, is an engineer with the Ohio Bell Telephone Co. The couple has three children and resides at 204 S. Richardson-av.

Swedish Meat Balls, a favorite dish in her household since she first learned to prepare it as a bride, is an unusually good meat course dish whose delicious flavor belies its economy and ease of preparation. The donor suggests it is especially good served with mashed potatoes or with rice.

Swedish Meat Balls

1 pound hamburger or ground hamburger. Form into balls and brown them on all sides in hot drippings (butter). Place balls in a buttered baking dish and add green pepper, celery and onion. Pour tomato juice over whole. Cover and bake in a moderate oven (350° F.) for one hour.

1 egg
1 teaspoon salt
¼ teaspoon pepper
3 tablespoons butter
1 cup tomato juice
¼ cup diced celery
1 green peper, diced
1 teaspoon minced onion

Add egg, salt and pepper to

A graduate of Otterbein College, he did extensive post-graduate work at Ohio State University. He was one of the earliest members of Burgess Avenue EUB Church, and his efforts helped built the church from a small frame structure to its present prominence. He also taught the Men's Class for many years.

Girls Volleyball Tournament Now Underway At Glenwood

The girls' volleyball tournament started Sept. 30 at Glenwood Recreation Center with the Crazy Eight playing the Blue Eagles; Spikers vs. V.B. Does and the Rock of 88's vs. the Ropers; Rocky Babies vs. Biscuits.

This is a double elimination tournament which will end with the semi-finals and finals Wednesday, Oct. 21.

Although the table tennis, shuffleboard, checker and chess ladder tournaments started Monday, Sept. 28, they are still open for new entries.

After you enter the tournament, you may challenge any person holding a position one, two or three places higher than your position. If you defeat that person, you take his position and he takes yours.

If a player refuses to meet a challenge, he must forfeit to his challenger. You may not challenge the same person to more than one tournament game the same day. All persons must play at least one game a week to stay on the ladder board.

Tournament matches consist of the best two of three games of 21 points each in table tennis, best two of three 25 point shuffleboard games, the best two of three games in checkers and chess.

Several touch football teams have been entered into the two divisions of the touch football league at Glenwood Recreation Center.

The league is scheduled to begin play this week at 4:30 o'clock in the afternoons. Those boys who have organized teams at present are Wayne Robbins, John Miller and Timothy Good in the Junior League; Don Fuller, Al Nichols and Mike Posey in the Intermediate League.

Anyone interested in playing on a team should contact Ron Cox at the Center to be placed on a team.

A wrestling team is being formed and all boys who are interested in this sport should contact Ron Cox at Glenwood Center.

Several boys have already begun practices and the prospects look good for a strong team to represent Glenwood Recreation Center this year. More boys are needed in the various weights, however, so be sure to sign up for this activity.

Effective Sept. 30 and every Wednesday evening thereafter, there will be a free feature-length movie at Glenwood. This movie is being furnished by the Columbus Recreation Department and will be shown in the movie room beginning at 7 p. m. Everyone is welcome. The films booked for the next two weeks are as follows: Sept. 30, "Black Arrow"; Oct. 7, "Ginger."

In addition to these movies on Wednesday evenings, there will be a free showing of selected short subjects on Saturday mornings at 10:45 in the movie room. This film is being furnished through the courtesy of the Hilltop YMCA.

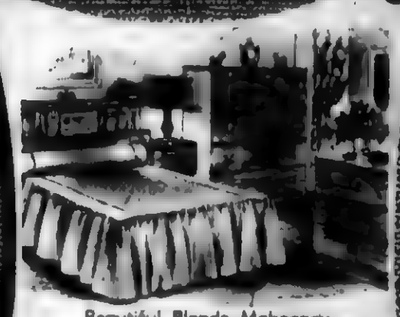
You may find, in the next few weeks, that some of the rooms at Glenwood are locked up at times when activities are usually scheduled. This will be because we are painting some of the furniture in order to present a more attractive appearance. As the rooms are completed, they will be opened for use.

It is a dark world for the sightless. But your contribution to the United Appeal supports the Monell House, a "lighthouse for the blind", where the blind can work and find recreation.

YOUR YOUTH

By Bob Schmidt · Dick Wilson

Sunday was an important day to the members of the West Park Methodist Intermediate Church League champions of the Hilltop YMCA. Ray Anderson, a member of the Hilltop board of management, presented a team trophy to Ellis Breckenridge, manager of the West Park team. Each player was presented with an individual trophy and the team trophy was then presented to Breckenridge to the Sunday School of West Park Methodist Church.



Our hats off to a grand gang of high school fellows. The West Senior-Hi-Y came to the rescue again Thursday evening by lending their time and effort in soliciting Hilltop "Y" memberships throughout the West Mound district. With this type of enthusiasm from the youth of the Hilltop we are bound, in the very near future, to realize the much needed "Y" facilities for the youth.

The fall program is now in full swing. The Gra-Y Clubs started this week, also Junior and Senior Hi-Y and Indian Guides. Be sure to check with your principal as to the time and day your club meets. Boys' craft class meets every Monday, 3:30 p. m. and girls' craft class meets every Friday. Tuesday after school free movies are presented for all boys and girls.

For a closing note, a big "Thanks a Million" to the 250 membership enrollment workers who have as their goal—to contact every Hilltop home. This is a tremendous job but with the spirit of all the workers we can be assured of a successful enrollment.

West Band Struts In New Uniforms For Crowd

West High's crack marching band is pictured here as they performed in their new uniforms during half time at the Upper Arlington-West game last Friday night. The performance of the West band drew the plaudits of the huge crowd on hand for the contest.

Annexation -

(Continued from Page 1)

View-dr for 1000 feet; then on the south side of Valley View-dr north of the Big Four tracks to a point 200 feet west of Southampton-av, thence south to the Columbus city limits.

"This area is really an integral part of the City of Columbus," said Walker in his report to the civic group, "both physically and economically and should be a part politically. Similarly, that portion of the settled area of Valley View to Harper-rd, between the Pennsylvania and Big Four tracks also should become a part of Columbus or Valley View."

The report indicates that, freed of these areas difficult of access, Franklin Township would possess a taxable valuation adequate to its needs and sufficient to enable it to extend its services in accordance with the wishes of its citizens, within the scope of its legal powers.

Rome Imperilled

The problem of annexation which is such a pressing issue to Franklin Township, according to Prof. Walker, is of minor importance in Prairie Township. He points out that Prairie Township is separated from the western limit of the city of Columbus by at least a mile and a half of unincorporated territory. But, that since this area contains both the General Motors Ternstedt plant and the new Westinghouse plant as well as several bulk oil plants and other substantial tax valuations, it is likely that Columbus will bring pressure to annex the area if it can.

Should such annexation take place, Walker points out, the move would place New Rome and its intervening unincorporated area, including Lincoln Village, immediately in the path of further city expansion. He explains, that for this reason as well as several others, attention to the annexation or incorporation problem is imperative at once for New Rome.

The report states that when the village of New Rome was incorporated in 1941, only a small portion of the platted and developed area of the settlement was included. In 1950, only 75 persons were reported as living within the corporation. There are several hundred more who live in the immediate vicinity whose homes lie outside the corporate limits. In a few more months there will be thousands instead of hundreds, when Lincoln Village is completed.

Rome Action Necessary

Walker asserts that there is no question that these people will expect and demand services which the townships will be unable to give them. He recommends three possible solutions: (1) for the present village of New Rome to annex the rest of its settled areas on both sides of Route 40 and Lincoln Village. (2) for the present village to surrender its charter and permit a new village to be incorporated, including all of the area mentioned and (3) for Lincoln Village to incorporate separately.

Either of the first two, according to Walker would be preferable to the third alternative under which both corporations would be too small and too poor to compete with Columbus in rendering service and besides most of the present area of New Rome would remain unincorporated. The second alternative, according to Walker, seems better than the first, since it would enable a fresh start to be made with officers representing all parts of the area and a name satisfactory to a majority.

Action Recommended

Walker recommends in his report the present Village of New Rome immediately institute proceedings under Sections 703.20 and 703.21 of the Revised Code of Ohio, 1953 for the surrender of its corporate powers.

This requires a petition by the village council signed by at least forty percent of the electors, as determined by the number voting at the last regular municipal election. An election is then held on the question of surrender of corporate powers. If it carries, the village clerk notifies the county recorder and the secretary of state and the corporate rights cease. All money or property remaining after surrender belongs to the local school district.

Lincoln Village Factor

He further recommends thereafter, in cooperation with those in charge of the development of Lincoln Village and the residents of the New Rome area, proceedings could be begun to incorporate the whole area as a separate municipality. This incorporation petition would need only to be signed by 30 resident electors.

The petition would then be presented either to county commissioners or to the township trustees. (If to the trustees, a majority of the signers must be freeholders?) The county commissioners after a hearing, may order the incorporation without an election. If the petition goes to the trustees, and election is held to determine public sentiment. If a voting majority approve, the area is then incorporated.

Walker says that aside from this one area it seems that there is no immediate problem of annexation or incorporation in any other part of Prairie township.

Complete Report Coming

The complete report of the Walker Survey will be carried in the columns of The Hilltop Record beginning next week covering the entire observations concerning area and population housing, utility services, sewers and sewerage disposal, tax valuations, tax rate trends, the school problem for both Prairie and Franklin townships, county functions, agriculture, health, welfare, juvenile delinquency, library service, township services, fire department, township hall, highways, zoning, law enforcement and justice, cemeteries and parks and a general summary of the report.

FITTING RECORDS

One day last week we had a phone call from a frantic mother who wanted to know if we could help her out. It seems that there was to be a wedding in her family that afternoon and her three year old son had playfully thrown his only pair of dress shoes into his bath water. She tried to dry them in the oven and they shriveled up into a brittle mass that broke into pieces when she tried to straighten them out.

We checked our record cards, found the young man's fitting record and rushed a new pair of shoes out in time for him to be shown off at the wedding. It takes a little time for us to keep a record of each pair of shoes we fit but it helps in many ways to insure a more perfect fitting service for our customers. This means that we know the shoe, house-slipper, overshoe and stocking requirements of some eight thousand Hilltop youngsters and seven or eight hundred men. Information which comes in mighty handy around Christmas.

Try It Yourself

Long, long ago—so the old story goes—there was a king with a beautiful daughter. Anxious to see her happily married to an intelligent man, he proposed this test:—whoever could count all the stars in the sky in one night could have his daughter's hand in marriage.

Thousands tried, and then gave up. It was impossible! But one night, a young man reported to the king.

"Sire," he said respectfully, "There are 8,647,283 stars in the sky tonight."

"Imposter!" roared the king, "How can you possibly have counted them? How can *I* know?"

"Well," said the young man quietly, "If you don't believe me—try it yourself. . . ."

The next time a doubting friend asks you what you find in religion, remember this little story. It might do little good to tell your friend the peace of mind you obtain through communion with God. It might not help to point out to him the real fellowship in church membership. You might not even get very far explaining to him the many other benefits that church life and church-going brings.

But you have one unshakeable answer. It is the same one the king heard that night so long ago. . . .

"Try it—yourself!"

Ask, and it shall be given you; seek, and ye shall find. . . .

HEARTHERS

Bill always chose the hard way,
And Joe, the easy road;
Seems Bill would tote his own pack,
Likewise his brother's load.

Bill had no time for women,
Joe danced his way along.
And if the piper must be paid,
He'd settle for a song.

Bill crashed one blazing midnight
While bombs screeched overhead.
But Joe died in a mansion
The hard way — in bed.

Fred Gage is one of Columbus' youngest radio announcers, both in age and point of service. He started as an announcer at WHKC last February and is already one of this city's most popular radio personalities. Born in Battle Creek, Mich., he came to Columbus from Chicago.

He is 22 and single; his hobby is aviation. His father is an Air Force pilot and Fred has been employed by several air lines. At this late date I'm convinced of a fact that I've suspected for years — that I shall never be a good interviewer. When Mr. Gage was telling me of his experiences as an airplane "gasser" I was so interested that I forgot to take notes! I'm sorry for his experiences have been both amusing and dangerous, especially the time his brakes failed when he was hauling 28,000 gallons of gas, and the rainy night when he put 21 people on a plane at Chicago, and wasn't sure they were on the right plane.

Prior to being hired as an announcer at WHKC, he had had no radio experience, but had been in several stage plays. In 1942 he was in Hollywood, and appeared in a Boy Scout film. He also played in the Hollywood U.S.O. shows. In Junior College in Chicago in 1950, he "carried a spear" as he put it, in a Famous Players production, and has had parts in summer theater plays at Ohio State. He was also the villain in a Paylos Players show—which I'm sure must have been titled "Dirty Work At The Crossroads." His account of his spear-toting and villain roles was hilarious and I'm sure he was too modest about them.

Fred Gage may be heard on the "Date For Debate" show (WHKC at 1:30 each afternoon, Monday through Friday) and as the announcer for several other programs. He plans to stay with radio, as he says, as long as radio will have him. His followers will agree that that should be for a long time.

• • •

Speaking of the program "Date For Debate," the M. C., Budd Sweeney, asked a member of his studio audience for her opinion of Communism, and hastily added "And remember, we are on the air."

Sensenbrenner Waging Intensive Campaign

M. E. "Jack" Sensenbrenner, Hilltop candidate for the mayoralty race, this past week pulled all stops and began an intensive drive for votes by carrying his message right into the homes of Columbus voters. In his grass roots campaign Sensenbrenner has been making as many as 10 speeches per day.

M. E. "Jack" Sensenbrenner, candidate for mayor in the Nov. 3 election, continued to press his campaign in the wards and precincts of the city, this week.

Carrying his message of City Hall reform direct to the grass roots, Sensenbrenner is scheduled to speak Monday, Oct. 12 at 7:45 p. m. in the home of Stuart Thomas, 500 Oakwood-av. Other meetings in the Fourth Ward will follow at 8:00 p. m., 8:15 p. m., 8:30 p. m. and 8:45 p. m. Mr. Thomas presiding.

On Tuesday Oct. 13, Sensenbrenner will address the Franklin County Democratic Women's Club at 8:00 p. m. at the Southern Hotel. Mrs. Dixie Lehman will preside.

On Wednesday, Oct. 14, he will talk at the home of Lillian Myers at 998 Bellows-av at 7:30 p. m. Other meetings are scheduled in the Ninth Ward with the Democratic Councilman Frank Schneider presiding at 7:45 p. m., 8:00 8:15 and 8:30 p. m.

On Thursday, Oct. 15, Earl Williams of the 11th Ward will preside at a meeting at 7:30 p. m. in his home at 133 N. Wheatland-av. Other meetings will follow at 7:45 — 8:00 — and 8:15 p. m.

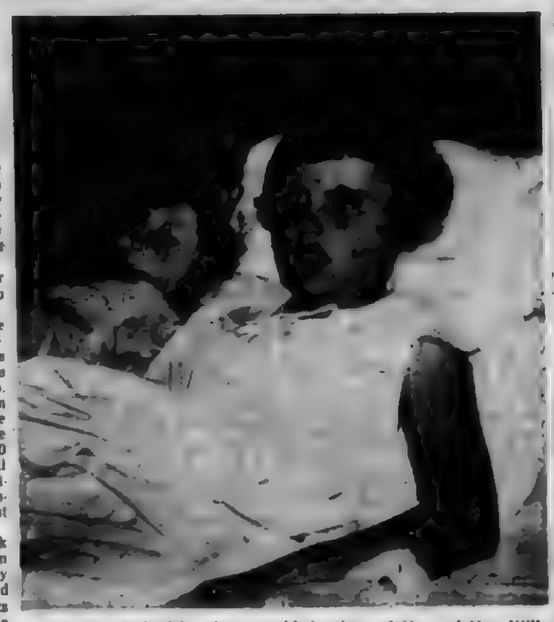
On Friday, Oct. 16, Sensenbrenner will appear at the home of Harold Welch, 13th Ward Democratic Committeeman, 868 Gibbard-av. Other meetings will follow at 8:00 and 8:15 p. m.

Sensenbrenner, who has the indorsement of the Franklin County Democratic Executive Committee, will continue to attack the present administration's failure to solve the city's water shortage; the $250,000 Rose Garden; lack of sufficient playgrounds and juvenile deliquency. He will also warn that if returned to power, the GOP machine in City Hall will demand an increase in the municipal income tax.

Road Program Expansion To Be Asked

A recent survey conducted in several areas of Franklin Township showed that "better roads" was the preference of a large majority of those contacted. With that expression of opinion, the Franklin Township Trustees decided to give voters an opportunity to settle the issue at the polls in November.

A one mill road levy to run for a period of five years will be up for decision of the voters on Nov 3. After considerable study, the township officials unanimously decided that the only way that roads can be improved is for the voters to vote more funds to do the job.



The current year's road program is cited as an example of the inadequacy of road funds to do the job. With less than $16,000.00 total for road purposes from all sources, township officials are attempting to operate a road maintenance program that should cost almost twice that amount.

It was pointed out this week that under the ten mill limitation statute, Franklin Township is only able to levy 0.2 of a mill for road purposes. In 1952 this amounts to less than $7,000.00. Gasoline tax brings in $5600.00. A small road mileage fund distributed by the state produces approximately $500.00 and a township assistance fund administered by the County Commissioners accounts for the remainder.

Some townships in Franklin County have one mill and more to spend on their roads and as a result have been able to improve roads yearly on a planned basis.

With a full mill for road purposes it is estimated that some surface treatment could be carried out annually in addition to a better job of maintaining gravel roads of which there are now approximately 38 miles. Snow removal and weed mowing could then be accomplished in a more suitable manner, it was stated.

Rare Operation Is Performed On Heart Of Local School Girl

Regina Redenfels, nine-year-old daughter of Mr. and Mrs. William L. Redenfels, 110 S. Harris-av (pictured above) will really have something to tell her playmates about in the fifth grade of St. Aloysius School when she is able to return.

Regina recently underwent a valvulotomy operation at Cleveland Clinic which is a delicate operation involving an incision in her heart to open a valve. Her operation was the 15th of its kind performed at Cleveland Clinic.

Now she is at home and on the road to recovery after the delicate surgery which was performed by Dr. Don Eppler. The diagnosis of congenital valvular pulmonic stenosis in severe form was made by Dr. F. Mason Sones, Jr.

Voting Changes Announced In Franklin-twp

Voters in two Franklin Township precincts will find new voting places when they go to cast their vote on Nov. 3.

Precinct J, formerly a voting house located at Grace-st just off Wilson-rd, will be located in a store at 3810 W. Broad-st. Voters in Precinct I who formerly voted in the Wilson School, will vote in a residence 1695 Ransburg-av, just a few houses west of the school.

Paul Wichterman, 500 N. Powell-av, clerk of the board of township trustees, said that an already crowded condition in the Wilson School made necessary the move in Precinct I. The bad condition of the voting house on Grace-st, plus the lack of parking space, dictated the move in Precinct J.

A complete list of all voting places in Franklin Township that will be open on election day is as follows:

Precinct A—voting house at 980 Midland-av; Precinct B, Township Hall, 3443 Sullivant-av; Precinct C, Cummins Diesel Sales Co., 741 Grandview-av; Precinct D, Briggsdale School.

Precinct E, voting house rear of 2339 Valley View-dr; Precinct F, Skidmore School, 1122 N. Ragueav; Precinct G, residence, 1275 Hart-rd; Precinct H, fire house, Briggsdale.

Precinct I, residence, 1695 Ransburg-av; Precinct J, store room, 3160 W. Broad-st; Precinct K, fire house, Briggsdale.

Residents of Valley View will vote in the village hall. Residents of Marble Cliff vote in the Community Church.

Questions concerning precinct boundaries should be directed to the Franklin County Board of Elections, Wichterman said.

Walker Report....

A Survey Of Social, Economic and Governmental Factors In Prairie And Franklin Townships

INTRODUCTION

The area with which this survey is concerned includes two townships, Franklin and Prairie, lying mainly to the west of the Scioto River in Franklin County, Ohio. Franklin Township surrounds the western portion of the city of Columbus, capital of the state, on the north, west and south. Prairie Township lies immediately to the west of Franklin on both sides of U. S. Route 40, the old National Road. Both townships are vitally affected by their proximity to the city of Columbus and by their consequent inclusion in the Columbus Metropolitan Area. Other townships lying adjacent to the city on the north, east and south have similar problems. Many of the conclusions of this survey may be equally applicable to them, but no attempt will be made here to include them.

Ohio was the proving ground for various systems of land survey used at various times by the national congress in its efforts to encourage settlement and to dispose of the western public lands. The results of this experimentation eventually bore fruit in a uniform system of six-mile square townships identified with reference to geographical ranges and meridians. Franklin County offers examples of three different plans which were tried and later discarded. The northeast sector of the county is divided into townships which are five miles square, consisting of 16,000 acres, which were sold in tracts of 4,000 acres each to holders of land warrants issued in payment for military services during the Revolutionary War. Adjoining these military lands to the south, east of the Scioto, was another survey based on rectangular divisions, but comprising townships of varying sizes. West of the Scioto lay the Virginia Military Lands, reserved by that state to pay its Revolutionary soldiers when it relinquished its claims to the Northwest Territory in 1783. In this area the tracts were located by metes and bounds, without reference to parallels or meridians and the townships which resulted when these irregularly shaped tracts were combined for the purpose of local government possessed limits which were equally irregular in shape. The seven townships in the western third of the county all have this characteristic. Franklin and Prairie Townships are both in this area. Apparently at some date subsequent to its original organization, some territory east of the Scioto River was added to Franklin Township. It was from this portion that Marble Cliff and Grandview Heights were formed and the remainder constitutes a significant industrial area today.

Both Franklin and Prairie Townships are roughly triangular in form, with the longest side of the triangle to the east. The Scioto River forms the east boundary of most of Franklin Township, which also is bordered by Norwich on the northwest, Prairie on the west, Jackson on the south and Marion

Best Elected New Kiwanis President

Otto Best

Otto J. Best, 169 N. Chase-av last Thursday was elected as the new president of the Hilltop Kiwanis Club for the year of 1954. Best succeeds C. Carlton Hartley as the Kiwanis prexy.

Other officers elected in last weeks election were: Mack Pemberton, first vice-president; Howard Lloyd, second vice-president and Dick Nash as treasurer.

Elected to the board of directors were: Walter Bonnell, Herbert Deems, Vern Fiscus, Larry Scales, Bob Weaver, Curt Wilcox and George Williams.

Installation of the newly elected officers will be made on Jan. 7 at Ilonka's Provincial House.

Lions-Kiwanis Renew Rivalry

Members of the Hilltop Kiwanis Club and the Hilltop Lions Club will renew a rivalry started this year prior to the Hilltop Bean Dinner, when they will at the East-West game pre-game ceremonies complete an unfinished job—their Tug-of-War match.

The two teams built up quite a rivalry that was to have been one of the highlights of the 1953 Bean Dinner. At the crucial moment however the hempen rope broke under the mighty heaves of the two teams and no decision was rendered. As a result there has been a number of allegations made by both sides as to whether or not sabotage was performed at the Bean Dinner.

A new rope has been purchased and inspected for flaws, the stage is all set and Friday night will tell the tale of whose team is best. A trophy will be presented the winners by Louise DeMastry, the Hilltop Bean Dinner Queen of 1953.

HILLTOPPERS INJURED

Dorothy A. Baker, 49, of 2539 Westwood-dr, received neck injuries and Paulette Moling, 32, of the same address, back injuries, in an automobile accident at W. Broad-st and Civic Center-dr, early Monday morning. They were removed to St. Francis Hospital by the emergency squad.

Bromfield To Speak Oct. 8 To Kiwanians

Louis Bromfield, noted author and lecturer is to be the principal speaker at Ohio State University's Plum Hall, Thursday evening Oct. 8 at an Inter-Club meeting of all Kiwanis Clubs in this division. The meeting is scheduled to get underway at 6:30 p. m.

Hilltop Kiwanis Agriculture Committee composed of John Nippert as chairman with Russell Carter, Loren Galloway, Ed Johnson, Leo McComb, Otto Mattox, Harry Parker, Lou Rausch, Ralph Schmelzer, Noble Allen, Paul Rausch, Jerry Watson and Harold Cunningham will be in charge of the meeting.

on the east. The eastern line of Prairie is formed by Franklin and Jackson, with Pleasant to the south and Norwich and Brown to the north. On the west it adjoins Madison county along Big Darby Creek. The land area of Prairie Township is given by the United States Bureau of the Census as 30.2 sq. mi This has not changed for many years. Franklin Township, on the other hand new has approximately 21.6 sq. mi. of area, which represents the remainder after a long series of annexations of portions of the township by the City of Columbus, beginning in 1911. The prospect of further annexations by the city is one of the principal reasons for the making of this survey. The people of the area want to know where they stand and what effect such annexations will have on their future. Furthermore, if the transfer of territory to the city will be beneficial, they need to know how to guide and promote it; if detrimental, they need to know how to discourage or prevent it. Similarly, if other alternatives are preferable and available the citizens need to be advised on how they may proceed to choose and take advantage of them.

It is hoped that it will be possible to suggest some solutions to all of these problems.

THE COLUMBUS METROPOLITAN AREA

The City of Columbus lies near the center of Franklin County and spreads its urban area in the form of a cross along two axes, High Street (U.S. Highway No. 23) from northwest to southeast, and Broad Street (U.S. Highway No. 40) from southwest to east. Within the city's 39.4 sq. mi. the census of 1950 showed that 375,901 persons were dwelling. Adjacent to the city and so intimately connected with it physically that the casual observer cannot tell where one leaves off and the other begins are a number of incorporated cities and villages. These include the following:

	Pop. 1950
Bexley City	12,378
Upper Arlington City	9,024
Grandview Heights City (1)	[illegible]
Whitehall Village (2)	4,877
Hanford Village	922
Valleyview Village (3)	611
Marble Cliff Village (4)	437

(1) Formerly in Franklin Township, separated in 1941.
(2) Incorporated, September, 1947.
(3) Incorporated, June, 1940; still in Franklin Township.
(4) In Franklin Township.

Separated by only a short distance and characterized by a built-up, almost urban area between the city and the corporation are the following additional municipalities:

	Pop. 1950
Worthington village	2,141
Riverlea village	324
Gahanna village	[illegible]
Urbanerest village (5)	823
Grove City village	2,339
New Rome village (6)	75
Minerva Park village (7)	232
Reynoldsburg village	724

(5) Incorporated, June 1948
(6) Incorporated August, 1941; in Prairie Township.
(7) Incorporated, September, 1940.

In addition, many persons dwell in the township areas adjacent to the City of Columbus, which have not become incorporated separately into cities or villages. These townships, which are essentially urban in many of their aspects, include:

	Total Pop. 1950	Pop. Incorp. area	Pop. Unincor. area
Clinton	9,471	——	9,471
Mifflin	8,251	596	7,655
Truro	5,556	3,601	2,955
Marion	9,933	922	9,011
Fr'klin	10,127	1,048	9,079
Perry	3,435	——	3,425
Sharon	10,704	2,465	8,239

Most of the people who live in these cities, villages and townships work in Columbus and do a major part of their business there. They are, with those who live and work in the City of Columbus, participants in an economic and cultural unity which may be called the Columbus Metropolitan Area. However, politically, educationally, and to some extent socially, they are separated from the city. This is the eternal dilemma which plagues all growing urban centers: economic unity vs. political disintegration.

The reasons why persons establish homes outside of the central city in the surrounding metropolitan fringe area are quite varied. Without attempting to make an exhaustive catalogue of them, a few of the more common ones may be mentioned and commented upon: (1) a desire to escape the higher valuations and real estate tax rates of the city; (2) a desire for room —open space, light and air—to escape the "cooped-up" feeling one has when living in a house which is quite close to its neighbors on either side, with a small yard and little or no space for a garden; (3) a desire for closer family control over personal living conditions and family development, particularly in the education of children, and over the immediate environment as a place to bring up children.

Cities operate under conditions of increasing cost. That means that the larger the city the higher the per capita cost of its government. Of course, the larger the city the more services it offers to its citizens, and the more services they demand. But the demand is not uniform. Some citizens and families need and desire more public service than others. Those who are content with less and who are more able to provide some services for themselves often feel that the cost of living in the city is not worth what they spend in taxes. They prefer to live outside the city where taxes and services are less. These people form one important element of the metropolitan fringe. Under modern conditions, however, the tax advantage is illusory. Many smaller municipalities and unincorporated areas in the metropolitan orbit find, today, that their tax rates are higher than in the central city and that the services they get for their tax money are less extensive and efficient than those offered by the central city to its residents. Furthermore, their real estate valuations are no less than inside the city and often are higher.

Of course, the fringe area residents themselves quite often are responsible for such conditions. In order to preserve the residential character of their neighborhood they frown upon the establishment of industries in their subdivisions, thus denying themselves a potential tax advantage. On the other hand, they freely vote extra levies for schools in order that their children may enjoy the best possible buildings and teachers. In order to keep the environment suitable for rearing children, they exercise local option to bar liquor sales, thus foregoing revenue from that source. Their sales tax expenditures are as high or higher than those of city residents, but they are usually made in city stores. Their subdivisions must later beg for a share of these funds from the county budget commission and from the state legislature.

The suburban resident who desires room to live finds himself gradually—sometimes even rapidly — hemmed in by additional dwellings. Where there were once no neighbors within a quarter-mile, lots have been laid out, streets put in and houses built, almost as close together as in a fully occupied city block. This is a trend which cannot be reversed. The suburban resident who cannot adjust himself to being hemmed in has no remedy except to sell out and move farther from the congesting area. One factor which renders such moving less frequent is that families mature, children leave home, and the parents who remain behind often do not feel opposed to having close neighbors, when they would have objected to such congestion while their children were growing up. The slow pace at which urbanism has come to many rural fringe areas has made such adjustments possible. In others, however, the changes have arrived more quickly, and there is more dissatisfaction with congestion. In such cases a higher mobility may be expected.

The areas included in this study show evidences of both slow and rapid urbanization. Franklin Township, which lies closer to the central city of the metropolitan area, grew slowly for a time, but now appears to be on the threshold of a very rapid development, at least in certain sections. Prairie Township has been growing more slowly. However, the installation of the large new Farm Bureau cooperative housing project east of New Rome will give population in the township a rapid jump in another few years. The Columbus metropolitan area survey, made in 1952 makes the following estimates of population in the two townships in question:

Township	1950	1953	1960
Franklin	10,127	11,674	14,470
Prairie	4,047	4,634	10,531

As of 1953, these two townships had an area and population density as follows:

Twp.	Est. Pop. 1953	Area acres	Area sq. mi.	Persons sq.mi.
F'lin	11,674	13,840	21.6	540
Prair.	4,634	19,328	30.2	153

In neither case is the population spread evenly over the township area. In Franklin Township the two incorporated municipalities of Marble Cliff and Valley View account for 1048 persons, as of 1950, or about 10% of the total. Other urban concentrations appear at San Margherita, along Hague Avenue and Wilson Road between Trabue Road and Valley View Drive, along Clime Road from Demorest Road to Brown Road, in the area along State Route No. 3 and especially in that portion adjacent to the south limits of the City of Columbus. Aside from these quasi-urban areas, there are rather widely spaced houses along other roads in settings which are distinctly suburban or rural. There is also considerable stock farming in the southeast. Finally, much of the township area, especially in the corners most remote from the city limits of Columbus, is clearly rural, used for the cultivation of such crops as wheat, oats and corn, or for raising cattle or hogs or for dairying.

Franklin Township also contains a considerable amount of tax exempt land, used by the city of Columbus for water and sewage disposal plants, city workhouse and garbage incinerator, and by Franklin County for its Children's Home. Other large tracts are occupied by Mt. Calvary and Greenlawn Cemeteries. Balancing this exempt property to some extent on the tax duplicate are several large industries, located in the northeast portion of the township, and along [illegible] 40 to the west. The Marble Cliff Quarry is located largely in Franklin Township as are also the Terminal plant of General Motors and the new Westinghouse plant. Several oil companies have established bulk storage and sales offices just outside the west city limits of Columbus. The Sullivant Avenue airport, just south of General Motors, also occupies a large area in the township. There are a number of large gravel pits to the west of State Route 104 in the southeast corner of the township.

Prairie Township has practically no industry other than agriculture. The three suburban concentrations of population are along Route 40 —New Rome and Alton, and the Big Four Railroad at Galloway. Only the first is incorporated and the corporation includes only a small part of the actual village. The construction of Lincoln village just to the east will face New Rome very soon with the problem of expansion by annexation, reincorporation, or the formation of a new rival corporation.

Franklin Township lies almost wholly within the economic, social and cultural area called Metropolitan Columbus. Prairie Township lies almost wholly outside of it today. Even after Lincoln Village is completed and occupied, only that portion of the township which lies along and near U.S. Route 40 will feel the effects of metropolitan influence. For these reasons, in this report, principal attention will be given to Franklin Township and its relation to Columbus, leaving the special problem of Prairie Township to be discussed and summarized more briefly at the end.

The situation of Franklin Township in relation to the city of Columbus offers many difficulties. Since it is largely unincorporated and lies adjacent to the city limits around a wide perimeter, it is peculiarly susceptible to loss of territory and valuation to the city by annexation. Its school district bears a similar relation to the Columbus City School District which already serves a part of the township area for elementary school purposes and practically all of it for high school purposes. Although township taxes are low, service, are limited and many newer residents desire the type of services which Columbus already is equipped to render, even at a somewhat higher cost. Certain utilities, such as transportation, sewer and water, are unavailable, they can be obtained only at a cost greater than that paid by city residents, all of which suggests to the suburban dweller the desirability of annexation to the city corporation. Lower fire insurance rates, garbage and refuse collection and better police protection also are factors.

On the other hand, those who view the Columbus city government from the outside often are not impressed with its efficiency and freedom from petty and personal politics. It is no big that it is difficult for an individual or small group to make its voice heard in the city council. Few suburbanites would ever have the opportunity to serve on the city council or school board even if they came into the city corporation, although it may be pointed out that one reason for the lack of competent candidates for such offices in cities is because so many of the most suitable ones have disqualified themselves from serving by moving to the suburbs.

Ideally, every metropolitan area should be politically unified. Its political boundaries should be the same as its economic boundaries. Actually, few cities even approximate this ideal. Mutual antagonisms and resentments sometimes stand in the way. In other cases, the central city is too timid to take a chance on annexation because of fear of the cost involved in the extension of city services to new areas. In still other cases annexation and consolidation are made difficult by rural-dominated legislatures setting up procedures which are hard and costly to follow.

If the city of Columbus and its people really desire to promote understanding of metropolitan problems and to promote political unity in the metropolitan area a number of changes would seem desirable. (1) Metropolitan planning should completely supplant both city and county planning for the metropolitan area. (2) The metropolitan area should be the basis for the solution of such common problems as water supply and sewage disposal. (3) The city should cooperate fully with her neighbors in solving common problems rather than making plain or veiled threats or imposing arbitrary surcharges. (4) The city government should be reorganized to give efficient and professional service, rather than political administration. (5) The city officials should show some imagination and courage in extending city services to new areas. (6) The city school district should be brought up to the same level of efficiency as is now seen in several of the suburban areas, such as Arlington, Bexley and Worthington. With such a change of heart and policy on the part of the City of Columbus, unification of the metropolitan area would be comparatively easy. Without it, progress may be slow indeed.

Cooler Cooking With Gas Stressed In Campaign

The "Matchless Gas Range" campaign, a promotion designed to show Ohio homemakers that the automatic gas range is the best for cooking and baking, is now underway throughout this area.

Many new models of modern, fully automatic gas ranges can be seen on dealers' floors, and on the display floor of the Ohio Fuel Gas Company.

Because 70 to 80 per cent of all cooking today is done on the top burners the heat should be tailored to just the right temperature. With a gas range the homemaker can choose any shade of heat for just the type of cooking her family likes.

Cooking with gas is cooler because there is no "waste heat." With a gas flame you can concentrate the heat directly under the utensil. None of it escapes around the edges.

The gas flame is flexible. It can be tailored to fit any utensil, large or small. The burner, in every position from high to low, spreads heat evenly over the bottom of the skillet or pan.

Other features of the modern gas range prove that cooking with gas is cooler. Here's a demonstration of oven insulation effectiveness. Six ice cubes are wrapped in a piece of the same insulating material that surrounds the oven. This package is placed in the oven with a cake that's ready for baking. When the cake is baked, the package is removed. The ice cubes are not melted.

Broiling in the modern gas range is done with the door closed —to keep the heat inside.

The instant a burner is turned off on a gas range the heat stops. The cooking operation is not continued beyond the desired time.

Prairie Community Fair Gets Culinary Artists Busy

Mrs. E. C. Sheets and daughter, Marjorie got ready for the Prairie Township Community Fair, Saturday.

Mrs. E. C. Sheets, Sr., 435 Pasadena-av, is one of many folks making pies, cakes, cookies, to enter at the Prairie Twp Community Fair on Saturday, Oct. 10, from 1 p. m. to midnight, at the Prairie Township School, 117 Norton-rd, New Rome.

Mrs. Sheets has a wonderful record of enthusiastic participation in community affairs. She is one of the first charter members of the first PTA organization in Rome some 30 years ago. She also enjoys this rating as one of the first charter members of the newly organized Prairie Township School PTA in the fall of 1952 when the new school was built and opened at 117 Norton-rd.

Mrs. Sheets was the Rome correspondent for The Hilltop Record for six years, secretary in the WSCS of the Columbia Heights Methodist Church when it was called Ladies' Aid, is a charter member of the Rome Study Club, and is a former treasurer of the Rome PTA.

Mrs. Sheets is proud of her eight grandchildren who are in attendance at the Prairie Township School. They are Caroline Rebecca and Robert Kaderly, Tim Rex, and Ted Lamb, Eddie Sheets and David Sheets.

In answer to a query of whether she thought she would win a blue ribbon for her pie, she replied with a twinkle in her blue eyes, "The only blue ribbon I have ever won is knowing that my pies are soon all gone."

Pictured with Mrs. Sheets is one of her daughters, Mrs. William G. Lamb (Marjorie Jean Sheets) who is a roommother in Mrs. Nelson's second grade class, for her son, Tad. Mrs. Lamb is the wife of the president of the Prairie Township Board of Education, and the mother of seven sons, and is a music teacher. Mrs. Lamb has 20 piano students for whom she holds two recitals every year. Most of her pupils are in attendance at the Prairie Township School.

Your Youth

By Bob Schmidt Dick Wilson

As Bob and I sit here wiping the sweat from our brows after the completion of the 1953 Membership Enrollment, we can begin concentrating on our fall program.

The fall season, of course, brings to mind that the Gra-Y Touch Football League has been started and is going strong. The league is made up of the five Hilltop Gra-Y Clubs and meets at West High School every Saturday morning.

The second thought which Fall brings to mind is the Annual Hilltop Lions-YMCA Fall Trip which will be made on Saturday, Oct. 10 to Seven Caves Park at Bainbridge, O. All boys from 9-16 years of age are invited to go on this trip. The boys making this trip are to meet at the "Y" office at 2502 W. Broad-st at 8:00 a. m. Boys must come to the "Y" and sign up before they are eligible to make the trip. The cost of admission into the park will be 50c each. Supervision for the trip will be furnished by members of the Hilltop Lions Club and the Hilltop YMCA staff.

Regularly scheduled activities at the "Y" office are boys craft class every Monday at 3:45; free movies for boys and girls every Tuesday at 3:45 and girls craft classes every Friday at 3:45.

The above gives you a sample of the fall program offered by your Hilltop "Y". If you want a full schedule and more particulars, you are invited to come down to the "Y" at any time and pick up a copy of the October program [illegible].

In closing this weeks column, Bob and I would like to say "Thanks a Million" to the division chairmen and all their workers who helped out on the 1953 Membership Enrollment. Nelson Greene and Joe Goodwin were co-chairmen of the Business Division: Otto Best and John Nippert headed the Industrial Division: Mrs. W. C. Leeka and Mrs. Fred Dinsch headed the residential division and the school division had Jim Henery at the helm. Once again the Hilltop Staff and Board of Directors extend their gratitude for your help.

CARE OF TROPICAL FISH

Many people have become tropical fish hobbyists during the summer months. BE SURE THAT YOUR TROPICAL FISH ARE WARM. The great majority of fishes that are kept as pets are tropical and cannot be kept in temperatures less than 73 degrees F.

To be healthy they must be kept in temperatures ranging from 74 to 76 degrees and must be protected from sudden temperature changes, especially from chilling. Unless they are kept in rooms with constant high temperatures, there is only one practical way to keep them heated properly, and that is by means of an electric thermostatically controlled heater. The heating element is simply an electric heating coil in a waterproof jacket.

The control is a thermostat that should be adjustable and sensitive to within a couple of degrees. Some aquarium heaters are built with the heater and thermostat in one tube. Some have two tubes, the thermostat in one, the heater in the other. Both types are adjustable. Mr. Trabert cannot emphasize too strongly the necessity of heat control at this particular time of year due to the warm days and cool nights.

Trabert's Aquarium at 2241 W. Broad St., is the place to go for bona fide information regarding your finny pets. Care should be taken not to use a heater that is too small for the size tank it must heat; otherwise a burned out heater and dead fish may result.

For more detailed information on this timely subject, stop at Trabert's Aquarium, 2341 W. Broad St., and get some professional and technical information for more healthy fish. They are open 12-8 p. m. daily and Sunday. —Adv.

Panthers Upset West 23-20

West's Deshler (83) was into the end zone for a West tally on this play after taking a pass from Nafager but then dropped the ball. Perry (13) of Linden makes a stab too for the flying pigskin. This action was in the final seconds of the contest as West strove desperately to come from behind.

Fullback Roger Thompson (51) of the Cowboys is pictured here as he made a sweep of his left end for considerable yardage in the Linden-West fracas last Friday night.

By Woody Owen

Last Friday night before a capacity crowd at Linden the West High Cowboys, with a new offensive backfield consisting of halfbacks Ron Kline and Bob Fenimore, along with fullback Roger Thompson and Larry Nafager, displayed their finest all around football of the season.

Behind a hard charging forward wall, whose blocking tore huge holes in the host teams defenses the backs rambled almost at will. Combined with Nafagers accurate aerials, the Brown and Buff built up a seemingly unsurmountable 20-7 halftime lead and appeared well on their way to their initial 1953 win.

An apparently beaten Linden team however, suddenly came to life midway in the third period and sparked by the accurate aerial arm of pitching Chuck Kessler, the fine pass snagging, and equally accurate toe of end Paul Snyder the host team narrowed the margin by a 20-13 score on the first play of the final period. They went on from there to count 9 more points to snatch a thrilling and hard fought for victory from the Cowboy's grasp by a 23-20 margin.

Linden received the opening kickoff and being unable to gain was forced to punt which went into the Cowboys end zone, who then marched to the Panthers 40 yard line from where Nafager passed to Jim Vincent, who made a one handed grab on the 35 and outraced the defenders into the end zone.

Kline's try for point after was good. Score, West 7 Linden 0 as the quarter ended.

The Cowboys again marched to the Panthers 17 yard line, where a fourth down pass was intercepted by LaCorte on the 4 and returned to the 15 yard line.

Fullback Chuck Spicer then found a huge hole inside the Cowboys left end and raced to the locals 37 yard line before being forced out of bounds. Spicer and LaCorte then alternated to tote the pigskin to the 1 yard line from where Kessler sneaked over. Snyder's kick was good, tieing the score at 7-7.

Fenimore then returned the next kickoff 12 yards to his own 26 yard line, from where the Cowboys suffered a 15 yard penalty, setting them back to the 11 from where Ron Kline on the end of a double reverse from Nafager and Fenimore and behind brilliant blocking, raced inside the Panthers left end, reversing his field twice, outracing the defenders to go 89 yards to score. Kline's kick was wide. West 13, Linden 7.

Linden received the next kickoff and returned to their own 20. On the first play Vincent intercepted a Kessler aerial and returned 19 yards to the Panthers 16. Thompson then ran left end and battered his way to the 1 yard line. Fenimore then went off left tackle to score. Kline's kick was good. West 20, Linden 7 at the half ended.

Neither eleven was able to gain consistently in the early stages of the third period until the Panthers took over the ball on its own 37 yard line, from where they marched to the Cowboys 1 yard line as the quarter ended.

On the first play of the final period Kessler plunged for a TD. Snyders kick was wide. West 20, Linden 13.

Notre Dame Cements No. 1 Team Position

By Dick Dunkel

Notre Dame's 37-7 thumping of Purdue last Saturday helped to consolidate the Irish position as the nation's No. 1 college football team, according to the Power Index.

The one-sided triumph upped ND's rating from 111.9 to 113.8 — a comfortably higher figure than that of second-running Michigan State.

In winning their first two games of the season by an average margin of 18.5 points, the Irish have disposed of two opponents whose adjusted rating was 95.3. Adding 18.5 to 95.3 yields the Notre Dame Power Index of 113.8.

Michigan State and Michigan, the Wolverine State's twin-pronged assault on the national title, are in a tight tussle for the runnerup spot, with 108.8 and 106.4, respectively. Both won their second straight games last Saturday, the Spartans taking Minnesota, 21-0, while their ancient rivals were beating Tulane, 26-7.

Other current residents of the Top Ten, their records, and latest exploits, are:

No. 4 UCLA (3-0) beat Oregon, 12-0.

No. 5 Maryland (3-0) won over Clemson, 20-0.

No. 6 Southern California (2-0) outscored Indiana, 27-14.

No. 7 Wisconsin (2-0) edged Marquette, 13-11.

No. 8 LSU (2-0-1) walloped Boston College, 42-6.

No. 9 Mississippi State (3-0) trimmed North Texas State, 21-6.

No. 10 Auburn (2-0) toppled Mississippi, 13-0.

The Power Index shows average difference in score relative to strength of opposition. The teams set their own ratings without the use of anybody's opinion.

Rank and rating of national and sectional leaders through last Saturday's games:

Front-running Notre Dame gets a well-earned rest this week-end, but the chips will be down for the remainder of the college football elite.

Michigan State, currently No. 2 in the Power Index, will go after its 27th straight win in a home game against hot and cold Texas Christian.

The Spartans' rating is now 108.8, compared to the Frogs' 90.7 —a difference of approximately 18 points. And 18 points will be State's margin of victory if both teams decide to go strictly according to past performance—a highly unusual practice this season, or any time.

Things look more difficult for No. 3 Michigan (106.4), for the Wolverines have a home date with rampant Iowa (99.1), whose latest effort was a 54-12 gallop over Washington State. Thus, the past performance ratings give Michigan a mere nine-point advantage.

And for No. 4 UCLA (106.6), the outlook is even darker. No. 7 Wisconsin (102.3) goes to the coast to meet the Uclans and rates only four points lower.

No. 5 Maryland, southern leader, will be at home to Georgia and rates seven points higher.

No. 6 Southern California visits Washington and is 21 higher.

No. 8 LSU has been only four better than its next visitor, Kentucky.

And shaping up as the battle of the week, No. 9 Mississippi State meets No. 10 Auburn with only one-tenth of a point difference in their ratings.

Here are the week-end's other outstanding games, with latest Power Index differences, showing how the teams compare on the record—not necessarily how they will do when they meet:

Eastern: Army 26 over Dartmouth, Fordham 2 over Syracuse, Harvard 6 over Colgate, Holy Cross 30 over Bucknell, Navy 13 over Cornell, Penn 6 over California, Penn State 7 over Boston U., Pitt 17 over Nebraska, Princeton and Rutgers even, Villanova 3 over Boston College, and Yale 11 over Columbia.

Midwestern: Cincinnati 45 over Toledo, Kansas 4 over Colorado, Kansas State 18 over Iowa State, Marquette 19 over Indiana, Miami, O., 45 over Western Michigan, Northwestern 3 over Minnesota, Ohio State 9 over Illinois, and Wichita 3 over Oklahoma A&M.

Southern: Miami, Fla., 5 over Clemson, SMU and Missouri even, Alabama 12 over Tulsa, Baylor 11 over Arkansas, Duke 10 over Purdue, Florida 38 over Stetson, Georgia Tech 2 over Tulane, Mississippi 13 over Vanderbilt, Rice 33 over Hardin-Simmons, South Carolina 20 over Furman, Tennessee 20 over Chattanooga, Texas 2 over Oklahoma, Texas A&M 9 over Texas Tech, Wake Forest and North Carolina even, and West Virginia 35 over W&L.

Far Western: Arizona 5 over New Mexico, San Jose 1 over Tempe State, Stanford 17 over Oregon State, and Washington State and Oregon even.

The Power Index is based on a continuous season's average of two factors — average scoring margin and average opposition rating. Originally all teams started with identical median ratings, thus eliminating guesswork.

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 50.0 team has been 10 scoring points stronger than a 40.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home-team advantage, injuries, lineup changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system correlates records of all college teams and was started in 1929.

Hilliards Loses Loop Opener 6-0

A second quarter touchdown by Charles Swanson provided Marysville with its 6-0 victory over Hilliards in a Mid-league opener on the [illegible] Field Friday night.

Swanson rambled for 15 yards after his team had staged a 55 yard march.

Hilliards threatened twice in the third period, one being held on downs on the three and the other time on the eight.

Friends Church Homecoming Is Sunday

Dr. Walter R. Williams

Sunday, Oct. 11, will be observed as Homecoming Day at Highland Avenue Friends Church. This will celebrate the sixtieth anniversary at the present church location.

Dr. Walter R. Williams of Damascus, O., will speak at the morning worship service at 10:30. Dr. Williams is a former pastor at Highland. For many years a missionary to China, he is now the General Superintendent of Ohio Yearly Meeting of Friends Church.

A Homecoming dinner will be served at noon by the Hi-Yo-Fo Class of the Sunday School. Following this dinner, Miss Martha Garner, organist of the church, will present thirty minutes of sacred music.

At two o'clock, Rev. Albert Fryhoff of Gilead Friends Church, will speak. Rev. Fryhoff was pastor at Highland Friends Church from the years 1930 to 1934. Also, at this service, letters from former ministers will be read. A skit entitled "Highland Progress" will be presented, and families will be recognized.

The final service of the Homecoming Day will be at 7:30 p. m. with Rev. Claude A. Roane of Alliance as speaker. Rev. Roane served the Ohio Yearly Meeting of Friends as Superintendent for more than twenty years and was also a former pastor of the church from the years 1928 to 1930.

Rally Day will be observed in the Sunday School which convenes at 9:15 a .m. Attendance goal for Sunday School has been set at 300.

All former members and friends of Highland are cordially invited to any or all of these services.

West Loses

(Continued from Page 6)

The Cowboys were again unable to gain consistently after receiving the kickoff with Kern punting to the home teams 24 yard line.

Kessler then passed to Lacorte for 10 to the 34. Spicer then ran off left tackle for 20 yards to the Cowboy 46. LaCorte then ran to end to the 33 from where Kessler passed to Snyder for the touchdown. Snyder's kick was the score at 20-20.

The Cowboys received the kickoff and marched to the Panthers' 37, where they failed to make a first down by inches. Linden took the ball. Kessler fumbled and lost 12 yards attempting to pass. He then tossed a long aerial to Snyder who was down on the locals' 17 by Fenimore.

The Panthers failed to make a yard in three tries at the line, from where Snyder dropped back to the 22 to kick his game winning field goal.

The Cowboys received the next kickoff and stormed back to the Panthers' 17-yard line, but were stopped as a fourth down pass was batted down in the end zone. Seconds later the contest ended.

Kessler, Snyder, LaCorte and Spicer stood out for the Panthers while Dan Greer played probably the finest defensive game turned in by a local guard in the past four seasons. Ron Kline and Roger Thompson spearheaded the offensive.

This Friday night another battle royal is in store for local fandom as the East High Tigers, defending City League champions, invade Magly Field. Should the Cowboys all around play continue to improve it wouldn't be too surprising to see the locals come out on top.

Colorful Gumdrop Bits Spice These Delicious Bar Cookies

Mrs. Bess Ferguson

Tiny bits of gumdrops add taste appeal and color to the appearance of these delicious "Gum Drop Cookies," the favorite recipe choice of Mrs. Bess Ferguson. She is the well-known president of the Chrisler Guild of Columbus State School, a service organization whose members work for the benefit of the inmates of the school.

Equipment is now on order for their latest project, installation of a beauty shop in the school, financed from the sale of the Cardinal Cook Book. The collection of recipes, published by the group, was compiled from Hilltoppers, West Siders and personnel of the school, edited by Mrs. Ferguson and the educational department and printed in the school's own print shop. Priced at $1, the book may be purchased from McClelland's Bookstore, Mrs. Ferguson or any Guild member.

The donor is also a member of the Hilltop Lions' Auxiliary, Artcraft Village Little Theater and Bird Avenue United Presbyterian Church. Her chief hobby interest is the collection of antique pressed glass goblets.

Her husband, Roy, is director of education and training at Columbus State School, and the couple has one daughter. They reside at 1801 W. Broad-st.

These cookies have an exceptionally long keeping quality, and Mrs. Ferguson suggests they are delicious served with tea. Since they do keep their freshness and pack extremely well, they would be a happy choice for an overseas box.

Gum Drop Cookies

6 eggs, beaten
2½ cups brown sugar
3 cups flour
1 teaspoon vanilla
1 teaspoon salt
1 cup chopped nuts
9 large orange gumdrops, diced
9 large lemon gumdrops, diced

Mix well and spread in a large pan, eight by 12, or larger. Bake 20 minutes at 350 degrees.

Cut in narrow strips and roll in powdered sugar.

I believe in God the Father almighty because wherever I have looked, through all that I see around me, I see the trace of an intelligent mind, and because in natural laws, and especially in the laws which govern the social relations of man, I see, not merely the proofs of intelligence, but the proofs of beneficence.

"AND THIS I ASK"

The "Now I lay me" floated in:
Rare eloquence, that once more,
Be pardoned, shamed the sunset's glow,
And clouds grew thick with thanks.
Below
Earth held up hands for Heaven to fill.

God leaned against His window sill
In pensive brooding. Through the
A sob cut clearly, then a boy's:
"If Rags should die before I wake,
I pray Thee, Lord, his soul to take."
God's hand, past priest and pedagogue,
Reached out to heal a small boy's dog.

Mayhoward Austin McEachern,
in Between the Bookends.

This poem is reprinted by request. It is one of my own favorite poems; others seem to like it too.

One day this week I spent a most enjoyable day in the little community of small houses, one of which houses the family of three which is very dear to me. Officially, I was there as baby-sitter to my favorite young lady, my kindergarten-going granddaughter, but most of the day there were four or five members of the pig tail set in the yard, not to mention a man of distinction—age three—who in about 15 years will be breaking hearts all over the place. Just now, he is the cave man type. When the pig tails ganged up on him he used the handiest weapon, a broom. Luckily, his aim wasn't so accurate so nobody was hurt. Up and down the street, slim young mothers were hanging diapers and little dresses on the lines and keeping one eye on children and dogs; starting to the grocery in cars or walking; one was painting her house, aided mightily by two toddlers and a pup; others were going to other little houses to visit. Rumors of wars seemed far away, except when jet planes zoomed overhead, mostly unnoticed. In that community, life is new and sweet and there are things to laugh about—now. It is hard to believe that several years ago, all these little children's daddies—and some of their mothers—were in the four corners of the world, fighting for what they now have. It seems to me that this is the real America, the little "G.I." settlements.

Another poem I like very much and which any mother will understand, follows:

My son is up in the sweet-gum tree
His jeans are caught on a middle limb
And motherhood is prodding me
To rescue him.

But Butch is there; the gang's along,
And, though a broken bone seems certain,
Lord, keep me here where I belong—
Behind this curtain!

Sorry, I've forgotten the author

A kind soul sends me a clever magazine which is published in English, at Brussels, Belgium. Edited by Mildred Seydell, it contains much good verse and articles, also jokes. Here are a few of the latter: Poor men worry about their next meal; rich men about their last one . . . "So your name is George Washington," the old lady mused. "Yessum," replied the small colored boy. "I guess you try to be exactly like him, or as nearly as possible?" "Lak who?" "Why, like George Washington!" "Ah caint help being like George Washington, 'cause that is who I is." . . . The driver who doesn't mind being passed will still be present when passers are past . . . A miss in the motor is not as annoying as a Mrs. in the back seat.

Heard on radio (Arthur Godfrey) —"The time to read the book of nature is when Autumn turns the leaves" . . . (A sermon on WLW) "Many of us can see the wrong we have done, but not the wrong we are doing" . . . (same sermon) "Many a man thinks he has a clear conscience, when he only has a poor memory."

A friend sent this for this column:

I DON'T

Most motorists are blooming fools,
They trifle with the traffic rules.
I don't.
No man should try to get the drop
On any seasoned traffic cop
Nor fail to heed his sign to stop.
I don't.
A man should never drive too fast,
Or brag about the cars he's passed.
I don't.
Safety First should be his creed;
There really isn't any need
To drive a car at reckless speed.
I don't.
A man should never lose his bean
When piloting a gas machine.
I don't.
On city streets or open road,
A man should never break the code
No fellow-farers incommode.
I don't.
He should not scare equestrians
Nor chase the poor pedestrians.
I don't.
In fact, I have no car to run.
I'm shy the coin to purchase one.
You'd think I wouldn't have much fun.
I don't.

E.I.B. Day Set For West High

On Wednesday, October 14, West High, along with all the other senior high, junior high, and elementary schools of Columbus, will act as host to visiting men of business and industry. Last year, business played host to education, and a day was set aside for school faculties to visit places of business, to see how industry is organized and run. This day was called E.I.B. Day.

This year, the tables are turned and education is taking over the role as host to explain and give businessmen a better understanding of how schools are run. The day set aside this year is called E.I.B. Day.

There will be a mass meeting at Central High School on the morning of October 20, where men will be grouped and assigned to the respective schools. They will be transported by school buses to the different elementary and junior high schools during the day. They will go to the senior high schools for lunch and spend the rest of the day there.

West, along with the other senior high schools, will serve lunch to one of the groups of special guests. The men will then be entertained for the remainder of the day. After school is out, the West High faculty and the industry and business men will meet in the auditorium for a period of discussion and consultation.

It's time we gave your car a lift!

. . . and a complete Fall inspection and servicing . . . checking everything from bumper to bumper —everything to assure you that your car will give top performance.

Holy Family Church Scene Of Houston-Albert Wedding Rites

Mr. and Mrs. Stanley Albert

Holy Family Church was the setting for the nuptial service of Miss Patricia Louise Houston and Mr. Stanley M. Albert, on Aug. 22. Rev. John E. Simon officiated at the 9 a. m. ceremony.

Given in marriage by her uncle, Mr. Walter L. Murnane, the bride is the daughter of Major and Mrs. R. C. Murnane, 100 S. Powell-av. The bridegroom's parents are Mr. and Mrs. Benton Lett, 1836 Harrisburg-pk.

The bride chose a waltz-length gown of Swiss-embroidered organdy with a strapless bodice and fitted jacket featuring a mandarin collar and short sleeves. The full skirt was styled with an apron effect, and she wore matching organdy mitts.

A small cap edged in seed pearls held the waist-length veil and she carried a white orchid mounted on a prayer book with lily-of-the-valley streamers.

Miss Francis D. Houston attended her sister as maid-of-honor and Mrs. Cornelia Albert served as bride's matron.

They were identically gowned in ballet-length white embroidered organdy over pale blue with blue shoes and blue half-hats. Their bouquets were fashioned of pale yellow daisies and blue delphinium, tied with pale yellow ribbons.

Mr. Robert H. Albert served as best man for his brother and seating the guests were Mr. Charles Veeley, Mr. Raymond Albert and Mr. William Crabbe.

For her daughter's wedding, Mrs. Murnane was gowned in a frock of gray lace over pink with pink accessories and the bridegroom's mother chose a gown of pink lace with white accessories. They both wore identical corsages of orchids, sent to the bride by her uncle in Florida.

Hostesses for the reception held at the home of the bride's parents were Miss Joanne Cochran, Mrs. Pauline Coughlin and Miss Mary Ann Houston.

The new Mrs. Albert is a graduate of Balboa High School, Canal Zone, and was employed at the Bureau of Internal Revenue. Her husband graduated from Holy Family High School and is associated with General Motors Corp.

Your Shoetrician in SEILLER'S

YOUR SHOE MAN

Over a period of years we have worked out a little system of shoe fitting that is almost fool-proof. We take off both shoes and have our young customers stand on a box called a pedo-graph which makes a foot-print of the foot. From this we can detect many of his walking habits and the height of his arch. Then we measure both feet under weight-bearing and check the position of the ball of the foot in the new shoes. The final check is a manual going over of the shoe after the child has walked a few steps. The completed fitting is then recorded on the child's record chart.

A few customer complimented us on our system the other day, said that it was a relief to find someone who didn't try to serve six or seven people all at once and who intelligently went about shoe fitting. We feel that fitting shoes is pretty important, that shoes are the only article of wearing apparel that can affect your health and comfort and that you should be as careful in your selection of shoemen as in choosing a doctor.

Hilltop Marine Makes Test Of New Survival Gear

MARINE CORPS AIR STATION, EL TORO, Calif.—Utilizing flotation gear, a one man life boat attached to a parachute harness, 10 Marine flyers from Marine Attack Training Squadron 10, Marine Corps Air Station, El Toro, Calif., made voluntary free parachute drops over the Salton Sea in central California.

Among them was Captain Richard E. Carey (above), son of Mrs. Marie Diedrich, 339 Wrexham-av.

Although new Marine aviation Captain Carey has an outstanding record as a Marine line officer. During Korean action in 1951 he was awarded the Silver Star Medal, Bronze Star Medal and the Purple Heart. Upon return from Korean service he entered flight training.

The jumps were made two at a time from a Douglas Skytrain (R4D) at an altitude of 2500 feet. The parachutists inflated their life rafts upon entering the water. A navy crash boat picked up the flyers. The drops were made during recent maneuvers at the Marine Corps Auxiliary Air Field, El Centro, Calif.

He that planteth a tree is a servant of God,
He provideth a kindness for many generations,
And faces that he hath not seen shall bless him.
Henry Van Dyke

OUR TREE

There he stands — OUR TREE—and every morning throughout the year, as my family assembles for breakfast, we just naturally look out the window to see our friend.

In the spring we rejoice with him as the sap of Life fills his veins—in the heat of the summer we visit with him under the shade of his outstretched arms—in the fall we love and marvel at the color and glory of his new coat as his leaves change—in the winter, tall and gaunt, he is a tower of strength—and even then a thing of beauty when covered with snow or icicles.

Seventeen years ago, on one of our jaunts to the woods and hills we brought him home with us. Somehow or other, we loved him then as we love him now. At one time we did consider giving him away since we held the fear that his mighty roots might clog up pipes and sewers, but our good friend Dr. H. C. Shetrone told us that this, "our tree" is a hard shell maple and never would be guilty of such action. And so he stayed on and his roots became imbedded deeper into the earth and into our hearts. He grew as our children grew and many a childish dream was mothered and many a gay game was played 'neath the shade of this maple tree.

I still recall the day we planted him. My husband dug a big hole and put tile and old shoes and odds and ends in the bottom for good drainage—and the children watched and clapped their hands as we planted this tree that holds so many memories for us now.

I hope that you too will plant a tree and have in your yard a living book of memories.

The staff of the Hilltop Branch Library, Mrs. Harry Emrick, Ruth Hastings, Mrs. James Myers, join Mildred Phalor, branch librarian, and Will Collins, city librarian, in extending to the Hilltop Kiwanis Club a public vote of thanks for their generosity.

The first exhibit to be placed in the trophy case is one showing the activities of the Hilltop YMCA.

Buy an automatic electric clothes dryer and you'll eliminate clothes line disasters, lugging heavy baskets of wet clothes, hanging clothes indoors and sprinkling piece by piece. Your automatic electric clothes dryer will fluff dry your clothes as easily as ABC. Simply place the clothes in the electric clothes dryer, set heat control, turn on the automatic timer switch and take the clothes from the dryer damp dry for easy ironing, or fully dry, wrinkle-free and ready to put away.

Indian Summer

This is America's show-time.

This is our Indian Summer, when field and hill and woodland unite in glorious blazes of color. Never have the clouds seemed so full, the skies so blue, the days so right for living.

It is also the time when we prepare for things to come. Granaries are filled. Fences are mended. Roofs are repaired.

And over town and country alike drift the autumn's two most beloved trademarks:—the sharp, clean scent of burning leaves, and the familiar aroma of the kitchen, where fruits and vegetables are slowly simmering into goodness on the fires. . . .

The hand of God—the "Great Provider"—is everywhere evident now. But throughout the year, God provides for us in an even more important way, if we but give Him the chance. Through Him, we can all prepare for coming events by fortifying our souls with a faith that cannot be shaken, no matter how severely our hearts and minds are tried.

We need the material security so evident everywhere in America in Indian Summer. But we also need a spiritual storehouse of moral reserve that only our churches can help us to build. No man can neglect it. And by attending church regularly, he will learn a great, though simple truth:—that the strength of God is also his own. . . .

Be of good courage, and he shall strengthen your heart, all ye that hope in the Lord. Psalms 31:24

YMCA Gra-Y Football League Kicks Off With Thrillers

By Dick Wilson

Last Saturday morning the West Mound Gra-Y was beaten by John Burroughs Gra-Y in the opening game of the Hilltop YMCA Gra-Y football league to the tune of 8-2.

Jim Bidwell, fullback for the J.B. eleven, was the big ache in the sides of the West Mound boys. He passed and ran for consistant gains and intercepted a pass in the first quarter on the 30-yard line and went untouched into pay dirt territory. The try for extra point was not good.

Jimmy Walker, left end for the team from Sullivant-av, was responsible for the two point safety which was also scored against West Mound in the first quarter.

The backfield combination of Myers, Harper, Friend and Montgomery threatened late in the second and fourth period, but lacked the extra punch to cross the goal. This combination nevertheless showed signs of developing into an underdog threat.

The second game of the morning had the 100 spectators biting their nails and yelling themselves hoarse. Tommy Hartranft, fullback for West Broad Gra-Y, was the hero of the day when he took the opening kick-off from Highland and ran the length of the field for a TD. Hartranft passed to Bill Kern for the extra point.

The Highland defense tightened up after this opening punch and held the West Broaders scoreless until the third period when Hartranft once again scooted the end to drive into the six-point territory. Bill Kern tried to run the extra point, but he was stopped at the line of scrimmage.

Box scores for each game are below:

COOKING CLASS IS BUSY
By Betty Brake

Under the supervision of our teacher, Miss Betty Lee, cooking class is spending its time learning and decorating. Here are a few things done in class: We make fruit baskets, decorate wooden fruit bowls, make refrigerator sets from odd jars, trim drinking glasses with decals and refinish woodenware.

Each month the class makes party favors and plans refreshments for the holiday of that month. One period we were surprised by a visit from Betty Newton, who gave a puppet show on good grooming. We also study flower arrangements, table setting, and proper ways of serving.

Mrs. Verona Rothenbuah's helpers are Jodell Cochran, Sue Hoover, Nelda Kidd, Jacqueline Landefeld, Mary Jo Moore, Barbara Norman, Gertrude Ollam Judy Perkins, Margo Rennie, Judy Smith, Elizabeth Wilder, Jane Wortman and Sandra Vance.

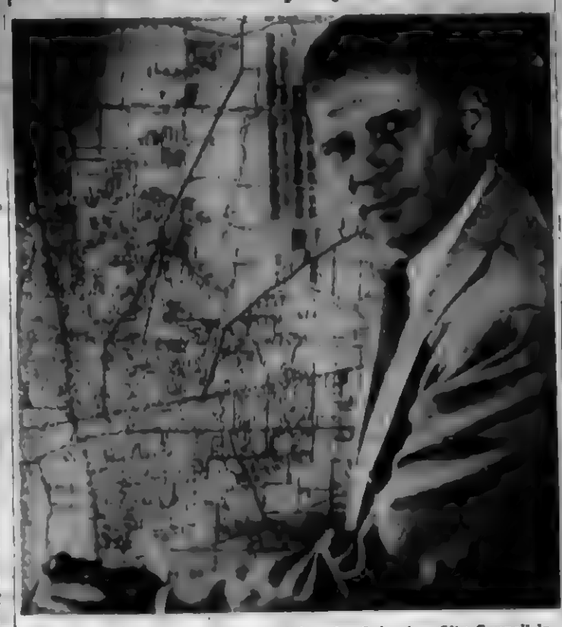
Briefly Told: Ben Knepper flew in from California Sunday and spent the day with his family, then flew off again for Key West, Fla., where he has a special assignment for United Community Defense Services, Inc., and the family will probably join him later . . . Organization meeting of the new Kiwanis Club west of the city will be held this Thursday at 6:45 at Old Hickory Barbecue . . . Richard Densmore, a long time resident of the western area, will be a candidate for Prairie Township trustee in November . . . The new telephone books still have a listing for Metropolitan Greens for Mayor Committee at 298 S. High-st, AD. 2482 . . . The Charley Maue family is now at home at 27 Vine-st, Stamford, Conn . . . Harold Cunningham has a new race horse and he is so fast that even Harold couldn't hold him down last Sunday and as a result had a hurried meeting with the ground . . . Louis Bromfield, speaking before the Kiwanis Clubs of this division last Thursday, reports digging a peck of potatoes from a hill up his way . . . Charley and Mary Kent are down to the business of living again and are at home at 43 N. Westgate-av . . . Helen Alford recently seen at Seiler's buying a pocketbook which she claims was to be a gift on her 39th birthday. Just like Benny, can't get over that 39 . . . A nice note from Audrey Smith to express appreciation for the scholarship fund granted by the Record . . . Robert Klein down Orlando, Fla., way wants to keep in touch with Hilltoppers and has renewed his sub to the Record . . . Harold Erlenbach shouldn't feel so bad about the mistake in spelling his name in his sign after hearing of the error up Milwaukee way when the slogan "Fire the Handicapped" stood out on a sign on the city hall . . . Let this be a lesson: Never toss a package away without opening it up. It happened to me Tuesday night, when I received a booster prize at the Hilltop Business Association meeting, the prize from Harriett Huff Beauty Salon, and figuring it was something in the cosmetic line for a woman I took it home unopened and presented it to my wife. And lo, when she opened it up, out rolled two shiny silver dollars! Thanks Harriett! . . . It's a new baby girl at the home of the John Parlow Garwicks, on Sept. 16, the mother being the former Barbara Wesley of the Hilltop . . . George Matson is putting in his appearance around the community again after a siege of illness and is sporting a new short cut . . . Irvin Young of West High reports that 90 students from last June's graduating class have entered college this fall . . . About 40 Hilltop Kiwanians were guests of the Columbus & Southern Ohio Electric Co., on a nine hour trip to Poston and Athens on Wednesday afternoon . . . Many people of the community are quite disturbed over the series of fights that broke out following the East-West game last Friday.



Question Tenant On Fire Cause

Sheriff's deputies arrested William Holt, 42, 910 Demorest-rd, on a charge of investigation of arson after the small three-room frame house in which he and Richard Watkins, 28, lived, burned to the ground Sunday night.

Deputies said Holt accused Watkins of setting the fire but a witness told investigating officers that Watkins was not near the house when the fire started.

Firemen were quoted by deputies as estimating damage at $400. Franklin Township firemen answered the call.

Service To The Entire Public Is Creed Of Jerry Spears Jr.

Jerry Spears, Jr. (above), candidate for Columbus City Council in the forthcoming November elections, said this week, "I believe firmly in the obligation placed upon me, that I must serve in the interests of all the people of Columbus regardless of where they reside."

Ten months ago a new name was injected into the political scene when the powers-that-be began seeking a replacement for appointment to Columbus City Council. That newcomer's name was Jerry Spears, Jr., a young Hilltop man just recently returned from service who felt that he would like to have a hand in the political arena.

Since that time Spears has served well and capably in the Columbus City Council and in that brief span has established himself as a young man who is taking the job seriously.

In the recent transit company hassle, Spears proposed a meeting of transit and city officials to explore every feasible manner by which a strike of the transit workers could be avoided. He believes firmly that the transit problem is one which can be solved and is adamant in his desires that the question not become a political football. He believes firmly in a cost of service franchise that will be equitable both to the firm that operates and to the general public at large.

Said Spears this week, "I believe in Columbus, all of it. I am trying to do the sort of a job in council that people want, and I intend to give every effort to serving all the citizens of Columbus honestly and in the betterment of government regardless of political implications."

Spears favors a solid metropolitan area by annexation at the will of the peoples residing in the affected areas. He is strongly adverse to any forced annexation by the city of Columbus, and likewise feels that it is the responsibility of the city to find a solution to the parking situation.

"On the housing situation Spears feels that private industry must help take up the slack by doing more building and planning, but that housing projects when undertaken must provide for the health, safety and sanitation needs of any given area.

In the recent primary campaign, the youthful councilman led his entire ticket in votes cast and in reviewing the primary he said, "The size of that vote makes me very conscious of the fact that it is not Jerry Spears, Jr., alone who gathered in that vote, but that there are others who worked hard and diligently to place me in that position. I am deeply conscious of the obligation I owe to the people of Columbus who gave me their support, and that obligation is that I serve not just one section of the city, but every section honestly and with full attention to the wants of the people."

Two Infants Escape Injury

Two Hilltop infants escaped injury Monday afternoon, when a loaded fuel oil truck slipped from its parking place in the 200 block of Emmitt-av and crashed into a home at 273 Emmitt-av.

Sheriff's deputies reported the babies, Debbie Edwards, six-weeks-old daughter of Mr. and Mrs. Ulie Edwards, and six-months-old Dean Edwards, son of Mr. and Mrs. Carl Edwards, were in the home when the truck crashed into two first floor bedrooms.

Driver of the truck, Fred G. Clark, 58, told deputies he had parked in order to check a tank in a home nearby. He said he turned around to see the truck rolling down the grade, jump a curb and travel through a field before hitting the home.

Force of the crash nearly collapsed one side of the home, deputies said. Damage was unestimated.

Hilltonia EUB Anniversary Is Scheduled

Plans were completed this week for the observance of the 27th anniversary service at Hilltonia EUB Church on Oct. 25 with the naming of chairmen who will head the event. Named as general chairman was John Campbell who will be assisted by Mrs. Ursula Roberts Lehman, publicity; Mrs. Verle Watrous, music; Joe Smith, decorations, and Mrs. Allen Hamilton, reception.

Following the custom of past years there will be three services conducted on Oct. 25 with Dr. O. O. Arnold, editor of EUB Sunday School Literature as the speaker for the morning and afternoon services. Richard Harris of Grove City School Musical Department will be in charge of the evening service.

This will be the first anniversary day service since the dedication of the completed church building.

Franklin-twp Leaders Ask Levy Support

Volunteer firemen from the three organized companies and other civic leaders in Franklin Township began calling on their neighbors this week to urge them to support two tax levies that will appear on the Nov. 3 ballot.

Meanwhile Franklin Township Trustees Otto Peoples, 1300 Hertrd, Harry Shonting, 477 Josephine-av, John W. Guy, 1980 W. Fifth-av, and Clerk Paul Wichterman, 500 N. Powell-av, have been appearing before PTA service organizations and civic groups to explain the need for the two tax levies.

One of the levies is in the amount of 3 mills and is intended to continue the building program of the fire department, add manpower and purchase equipment to keep pace with a rapidly growing township. This is a renewal of 2.6 mills and an increase of 1.4 mills for a five year period.

A one mill levy for road maintenance purposes is a new tax. It too would run for five years and is planned to provide money to do a better job of road maintenance on the township's 38 miles of gravel roads.

Both levies require a favorable vote of 60% for passage.

Workers were much encouraged recently when Dr. Harvey Walker, Ohio State University professor, had the following comments to make in summarizing his comprehensive report on the status of township government in Franklin and Prairie Townships:

"There is an insistent and vocal demand for better public facilities of many types . . . Township services need to be expanded to meet legitimate demands within the scope of legal powers . . . Both townships and schools require more ample tax resources. The valuations are available, but budgets have been too low and tax rates need to be increased."

Workers report that many Franklin Township residents feel that this is the time "to do something about the services they have been asking for."

New Hilliards Civic Club Is Organized

As a result of the recent Hilliards Centennial a new service organization has come into being at Hilliards with all organizations which had a part in the Centennial being represented in the new organization now known as the Hilliards Civic Club.

The club is the outgrowth of a meeting held in early September to decide on the disbursement of profits accrued from the Centennial which amount to the sum of $1687.76. Chairmen or a representative of each of the committees which served during the village celebration were on hand to form the nucleus of the new organization, which is dedicated to improvements of the village.

M. D. Hartsook has been named chairman of the organization for the next year with representatives of each of the committees serving as chairmen in the following order: Music Boosters, Mothers' Club, Grange, Village Council, Townfolks, Firemen, Red Men, American Legion, and Church. The secretary of the Hilliards Business Men's Association has been named as the permanent secretary of the new organization.

Current members of the organization and the organizations they represent are Leo Shade, Business Men; Wayne Becker, Firemen; Art Price, Red Men; Harry Cutler, Firemen; Paul Kindinger, American Legion; Rev. Clyde Pennell, Church; John Penfield, American Legion; M. D. Hartsook, Schools; John Russell, Business Men; L. D. Upperman, Music Boosters; Madlyn Shumaker, Mothers' Club; George Tillman, Business Men; Ted Morgan, Schools; Fred McCann, Townfolks, and H. W. Conklin, secretary of the Hilliards Business Men's Association.

Draper Gives Sensenbrenner Endorsement

Robert Draper, Hilltop attorney and long time member of the Columbus Board of Education, this past week gave his endorsement to the candidacy of M. E. "Jack" Sensenbrenner for Mayor of Columbus.

Draper said "I have known Jack Sensenbrenner for many years, been associated with him in Boy Scout work and church work and have always found him to be honest, industrious and a man who attempts to carry out the promises he makes. I feel that the city of Columbus would have a new type of honest government which they could rely upon to represent the people to carry out their wishes, if Jack is elected mayor. I feel he will surround himself with conscientous, civic minded people who will think more of their duty to the citizens of Columbus than to carry out any of their own selfish interests or the interests of any particular group."

Out Of Commission---Why?

OUT reads the sign posted on the fire hydrant at the corner of Harris-av and Olive-st, and such has been the case for a number of weeks since street repairs were made and new curbing installed at the location. Residents are beginning to wonder why the fire safety measure has been allowed to remain out of action for such a long period.

Plans Are Nearly Completed For The Annual Halloween Party

By Pat Martindale

"Holy Eve", or Halloween, will again be celebrated with a huge community party held at West High School on Oct. 31 from 7 until 11 p.m.

The Saturday night celebration, sponsored by the Hilltop Community Council is being arranged for all ages and is planned each year to keep property damage at a minimum on the Hilltop. The parties have proved successful in the past few years with as many as 4,000 youngsters and adults attending.

Most Residents Are Favorable Toward Valley View Annexation

Most residents in the Valley View area seem to be in favor of annexation of the village to Columbus according to a Survey made this past week by the Hilltop Record. The possibility of more municipal services, such as lighting, fire and police protection, better school facilities, bus transportation, garbage collection and other factors seemed to predominate as the ruling factor by which most of those interviewed based their opinions.

Here are some of the opinions offered to the question "How do you feel concerning the Walker Report advising annexation of Valley View?"

Mrs. Albert Chapman, 2324 Valleyview-dr: "Taxes seem high enough now without the raise annexation would mean. I don't believe there would be enough advantage to warrant higher taxes. We have water and all other facilities now, with the exception of garbage and rubbish collection."

Mrs. Frank Curby, 2324 Valleyview-dr: "I would like to see this area incorporated, so we might get some services out here. I'm speaking of bus service, and particularly bus service for school children. The children out here must walk to school. Those who go to West High School need to leave at 7:45 to reach school in time, and we have a smaller child who walks to Highland Avenue School."

L. G. Guyton, 2329 Valleyview-dr: "I am a member of the Volunteer Fire Department in the township; we have three fire trucks, sheriff service, city water, sewers, paved streets and bus service every hour. Columbus couldn't give us a thing the township can't except maybe street lights, and we could get them from the township just as well, by paying for them."

Mrs. Charles Beck, 2496 Valleyview-dr: "I certainly favor the move. I believe we pay about the same rate of taxes and maybe we would have street lights and better fire protection. I would also like the privilege of voting in the election for mayor of Columbus."

Mrs. Robert Fisher, 2684 Valleyview-dr: "I think it would be fine. The city garbage collection would mean a lot, and Columbus fire protection would be such an improvement; we are much closer to the city fire house than we are to the township station. I believe when the advantages are weighed with the disadvantages, it will be well worth the additional cost in taxes."

Mrs. O. E. Slaughter, 480 N. Harris-av: "My husband and I will willingly abide by the choice of the majority in this case. We do have our rubbish collected without additional cost now, although we still pay for garbage collection. We have lived in this house for 22 years, and we both feel we would be satisfied with what our neighbors decided."

Mrs. Charles Prugh, 430 N. Hague-av: "I believe it would be a very good idea and we would appreciate the extra services. I think we would have a better trash and rubbish collection system. If there would be an increase in taxes, it would be worthwhile for the improved service."

Marabelle Ward, 2340 Dibblee-av: "I feel sure that incorporating would give us better and more efficient police protection. I feel it is inadequate under the present setup. Fire protection would probably be better, too. I also believe the city would plan a badly needed civil defense program here. The outlying sections should be in a position to take a lot of responsibility during an emergency, and there is no civil defense program out here."

Mrs. Ervin L. Schmidt, 2726 Dibblee-av: "Yes, I am in favor of such a move. We have no inhalator service out here, and there are times when that can be very important. We would also like to have street lights. I don't know how much tax increases would be involved, but I do feel the added service would be worth it."

Hilltop Kiwanis Launch Window Painting Contest

Nine Hilltop schools with approximately 800 eligible competitors will be vieing for the $115 in prizes this year offered by the Hilltop Kiwanis Club in its annual Halloween Window Painting Contest.

Frank Mason, chairman of the Kiwanis Youth Service Committee, this week announced that teachers of the fifth and sixth grades at John Burroughs, West Broad Elementary, West Mound Elementary, Westgate Elementary, Highland School, St. Aloysius, St. Mary Magdalena, Concordia Lutheran and Skidmore Schools now have entry blanks for the contest.

First prize winner will receive $25; the school represented by the first prize winner will also recieve a $25 cash award. An award of $15 will be given the second prize winner and $5 each to the next best five while $1 awards will be made to the next 25 best for a total of 32 prizes in all.

Bob Miller is chairman of the window painting contest assisted by a committee of: James Henery, Dr. Jack Miles, Mack Pemberton, George Williams, Paul Rausch and Lou Rausch.

Judges for the window painting contest are: Ray Evans jr. of The Columbus Dispatch; Mary McGrew of The Columbus Dispatch and Richard Teichert, West High School Art teacher.

East-West Grid Games May Be Rescheduled

A strong possibility exists that future East-West football games will be played in the afternoons in future schedules according to reports emanating from West High School this past week.

School officials this past week were taking the proposed change under consideration following a series of fights during last week's game and following the contest at various points about the school.

Several reports have been made concerning fights which reached near riot conditions near the school last Friday night following the high school gridiron contest. One case reported was of a 15-year-old youth being attacked by six youths near Powell-av and Olive-st immediately following the game. A bit of rhubarb also cropped up during the contest back of the East seating area.

Reports were also made that a number of East High band players in groups of two and three wandered through the West grandstand section during the game making remarks designed to precipitate trouble.

A West school official this week pointed out that the proposed move to hold the game during the afternoon hours was being considered in order that better control might be exercised over the crowds. It was also pointed out that should the move be made, East's share of the game receipts would be considerably diminished — from approximately $600 back to $100.

Harry E. Slyh Succumbs At Age Of 77

Harry E. Slyh, 77, of 127 Highland-av, died Saturday morning in Mercy Hospital. He was born and reared on the Hilltop, and lived his entire life here.

He was a retired interior decorater and a member of Glenwood Methodist Church.

Surviving are his wife, Mrs. Lettie Slyh; a son, Edward Slyh; two daughters, Mrs. M. E. Swanson, and Mrs. Ray Blankenhorn, both of Minneapolis, Minn.; a brother, Al Slyh of Cincinnati; eight grandchildren and three great grandchildren.

Services were held at the Spears Funeral Home at 2:30 p. m. Tuesday.

Burial was made in Sunset Cemetery.

Polio Drive Chairman Is Named

Mrs. Jack Mitchell, 344 E. Brinker-av, has been appointed Mothers' March on Polio city district chairman for the west section of Columbus.

Mrs. Mitchell will assist in the organization of the second annual Mothers' March on Polio, a one-hour porchlight campaign for funds to provide care and treatment for the county's polio victims, as well as to help the National Foundation for Infantile Paralysis continue its research work on a polio-preventing vaccine.

Women interested in volunteering to give one hour of their time on Thursday evening, Jan. 28, are urged to call Mrs. Mitchell, at RA. 2971.

Rezoning Case May Be Placed On Nov. Ballot

Petitions by Dublin-rd residents concerning rezoning land along the highway between the Columbus Filtration Plant and Grandview-av may get the issue on the November ballot—and they may not.

The petitions, bearing 24 signatures, were handed to county Commissioners on Oct. 9 and sent on to the Board of Elections for a validity check. However, Charles E. Davis, clerk of the board, said the petitions may look sufficient signatured.

Commissioners approved rezoning the strip last month from residential to commercial classification.

Highway Patrol Warns Against Hayride Parties

Groups planning fall outings were asked today not to choose hayrides as one of their activities, because of the danger involved in traveling on dark roads and highways.

The request came from Highway Safety Department and the State Highway Patrol.

"Many times those on hayrides become so enthusiastic they forget safety precautions and serious accidents result," Captain D. W. Unkle, head of patrol enforcement, pointed out. "If a wiener roast is planned, it would be much better to travel to and from the picnic area in private autos or trucks."

"However, if hayrides are scheduled, those in charge should pick the safest route possible and make certain the hay-wagon is well lighted," Captain Unkle said. He advised being especially alert at intersections.

As a final warning, Captain Unkle stated that drivers of hay-wagons, not properly lighted, would be arrested.

NEW CONSUL

Merlin E. Smith of the foreign service, department of state, and the son of Mrs. Sheldon Smith, 127 N. Wayne-av, has been recently assigned as American Consul to Colombia, South America.

He left Washington by plane on Sept. 19 and Mrs. Smith and sons, Sheldon and Richard, sailed from New York on Oct. 6 to join him.

Laurels To The Victors—

Lions Down Kiwanians In Tug-Of-War Match

Hilltop Lions last Friday evening proved their superiority over the Hilltop Kiwanis Club in the long delayed tug-of-war match by dragging the Kiwanis team down the length of Magly Field before approximately 2500 spectators. Ed Tenti, captain of the victorious Lions team, is all smiles as he accepts the golden trophy of victory from Hilltop Bears Dinner Queen Louise DeMastry while MBA President Jack Aikins (at left) and Al Dailey Lions Club proxy look on.

A Survey Of Social, Economic and Governmental Factors In Prairie And Franklin Townships (Part Two)

(Continued from last week)

FRANKLIN TOWNSHIP
Area and Population

The present day area of Franklin Township is approximately 13,840 acres or 21.6 square miles. Of this, about 6,400 acres or 10 square miles lies north of Route 40 and 7,440 acres or 11.6 square miles south of Route 40. The total population of the area today is 11,600, with 4,000 in the northern portion and 7,600 in the southern. The 1950 census gave a total population of 10,127, of which 3,764 lived in the northern tract (includes the incorporated villages of Marble Cliff, 437, and Valley View, 611) and 6,363 in the southern one. These persons were mainly native born whites as shown by the following table:

	North	South
Native born whites	3,638	5,961
Foreign born whites	121	75
Negroes	3	324
Other races	2	3
Total	3,764	6,363

These persons lived in 2,460 families—920 in the northern tract and 1,540 in the southern. Persons in institutions accounted for 17 in the north and 253 in the south; the latter being mainly the County Children's Home.

The educational level of the population is indicated by a median number of years of school of 9.6 for the northern zone and 9.2 for the southern as compared with a median of 11.1 years for Columbus City. This small difference is reflected also in the median income for each zone which was $3,462 per year in the north and $3,190 in the south, compared with $3,083 for Columbus as a whole. The number of families receiving income of $10,000 per year or more was 55 in the north and 25 in the south. On the other extreme, 118 families in the north had incomes of less than $500, and 145 in the south.

The marital status of the residents over 14 years of age in 1950 is indicated by the following table.

NORTH	Male	Fem.
Single	290	370
Married	963	968
Divorced or widowed	94	137
SOUTH		
Single	528	317
Married	1649	1636
Divorced or widowed	152	209

The employment status of the adult residents at the time of the census in 1950 was as follows:

NORTH	Male	Fem.
Employed	1029	354
Unemployed	30	24
Not in labor force	261	881
SOUTH		
Employed	1626	557
Unemployed	103	36
Not in labor force	599	[illegible]

The employed persons were distributed by occupational classes as follows:

NORTH	Male	Fem.
Professional	86	35
Managers (incl. farm)	118	15
Clerical	68	116
Sales	68	38
Craftsmen	268	5
Operatives	267	86
Household	1	5
Service	21	60
Laborers	97	8
Occupation unknown	12	9
	1029	354
SOUTH		
Professional	80	31
Managers (incl. farm)	181	19
Clerical	118	165
Sales	97	49
Craftsmen	465	7
Operatives	466	173
Household	2	24
Service	67	61
Laborers	162	8
Occupation unknown	11	20
	1626	557

The age distribution of the population in the three census tracts is as follows for 1950:

UNDER 21	Males	Fem.
Prairie Twp.	833	790
Franklin N.	699	727
Franklin S.	1275	1206
Columbus City	86,127	86,369
21 YRS. AND OVER		
Franklin Twp.	1238	1200
Franklin N.	1159	1169
Franklin S.	2030	1852
Columbus City	128,398	136,107
% UNDER 21		
Prairie Twp.	40	40
Franklin N.	38	39
Franklin S.	39	39
Columbus City	31	29

These data show that the proportion of younger persons in the population is much higher and the proportion of older persons much lower in the suburban area than in the city. This tends to underline the importance of school facilities in the urban fringe to an even higher degree than in the city.

Housing

The census reports for 1950 show a total of 1055 dwelling units in the northern zone and 1703 in the southern zone. Of the 1039 in the northern area for which information on ownership was available, 775 were owner occupied while 264 were rented, giving a percentage of owner-occupancy of 74. In the southern zone, of 1657 for which data were available, 1186 were owner occupied, or 71.5 per cent, and 471 were rented. In the city of Columbus of 111,721 dwelling units 51,995 or 46% were owner occupied and 58,053 were rented. Of those in the northern zone 922 were single family dwellings, 63 were duplex or twins and 10 were multiple; while in the south there were 1602 singles, 77 duplexes and 24 multiples. The median value of the single family units in the north was $7,421, and in the south $5,396. In the city of Columbus as a whole it was $8,599.

The age of the dwellings in each area is shown for a large sample by the following table:

Yr. built	Northern Zone	Southern Zone	Total
Since 1940	330	595	925
1930-1940	280	280	560
1920-1930	170	345	515
Before '20	190	390	580
	970	1580	2580

Clearly shown by this table is the extent of the building boom, particularly in the southern zone during the last decade. This tendency continues and is even showing acceleration in the last few years due to the construction of many new homes near The General Motors plant. For purposes of comparison it may be of interest to note that in the City of Columbus only 15% of the dwellings were constructed between 1940 and 1950 and 75% were constructed before 1930.

The median number of persons per dwelling is the same in both zones—3.2. This is also well within national averages and shows no evidence of over-crowding. The average for Columbus is 2.8.

Some indication of the type of housing available is also given by the fact that in the northern zone 535 of the dwelling units are centrally heated, while 465 were not. In the southern zone 780 homes had central heating while 830 did not. Of 1020 homes in the northern zone for which data were secured 800 had electric or gas refrigeration and 156 used ice. In the southern zone there were 1315 mechanical refrigerators in 1630 dwellings; 230 used ice. Of 1005 householders reporting from the northern zone, 355 had television sets. In the southern zone there were 460 sets in 1,575 homes. In Columbus there were 24,795 sets in 106,355 homes.

PRAIRIE TOWNSHIP
Area and Population

The 1950 census data for Prairie Township show an area of 19,328 acres or 30.2 square miles and a population density estimated (1953) as 153 per square mile. The total population was 4,047, of whom 2,057 were males and 1990 were females; 4,035 were white and 12 non-white. Of the whties 3,979 were native born and 56 were foreign born. There were 1045 married couples, of whom 1000 maintained their own households. Total households numbered 1,151, and institutional population was 18. Among persons 25 years of age or over the median of school years completed was 9.8. Median income was $3,148 per year.

Among persons 14 years of age or older, 278 males were single and 214 females. There were 1055 married men and 1052 married women. Those widowed or divorced numbered 86 men and 133 women. Employment data show 1091 men and 323 women employed, 76 men and 15 women unemployed and 245 men and 1080 women not in the labor force. Occupations included the following:

	Men	Wom.	Ttl.
Professional	49	27	76
Managers (incl. farmers)	173	12	185
Clerical	77	75	152
Sales	44	26	70

My Favorite—Tuberous Begonias

Growing Tuberous Begonias is a very fascinating hobby. When we were spending our vacation in California a few years ago we visited some of the beautiful gardens there and I was so amazed at the size and beauty of the colors of the Tuberous Begonias that I decided to learn more of their habits and culture. I found they require some pampering and exactly the right conditions for growth.

Tuberous Begonias come from the tropics of Bolivia. Here the days are hot and it showers almost daily.

I learned the three essentials of their culture — shade, rich loose soil and moisture. A light acid soil, composed of leaf mold, well-rotted cow manure, peat moss and sand is best for them. They can be grown in cool climates but cannot endure frost. They like hot weather but plenty of humidity.

The real value of these begonias is that they thrive and bloom where few other plants will grow —in the shade. The north side of the house is an ideal place for them. During hot weather it is wise to water the plants daily, using a fine spray, for as I have said, they are natives of a humid country. Don't overwater the roots as the spongy soil retains moisture.

Here in the Midwest it is not wise to start the tubers before March or April. I start them in a shallow box of peatmoss or vermiculite and after all danger of frost, plant them outdoors. They come in almost all colors except blue.

Flower shapes resemble rosebuds, carnations — even to the notched edges, semi-double and double camellias. Flower sizes run from two to as much as six inches in some varieties.

There is a challenge in growing tuberous begonias. They're not too difficult to grow and yet, at their best they are so gorgeous, I'm always eager to give them everything they need to bring them to perfection.

Westway Postscripts

Regular post meeting dates—the second and fourth Friday of each month. Time: 8:30 p. m.

Regular auxiliary meeting dates: the first and third Fridays of each month. Time: 8 p. m.

Location: southeast corner of Whitehead-rd and Clarendon-av, just one square south of W. Mound-st. This home is not in the city limits but is in the county and in an effort to better acquaint fellow citizens and the veterans of the community, we have set aside every Tuesday, Thursday, Saturday and Sunday evening as entertainment nights and on these nights, entertainment open to the general public will be furnished to all.

Te purpose is to help defray and carry out the programs of the post and auxiliary. This program is expensive and we invite our fellow citizens (veteran and non-veteran) to join us on the entertainment nights and in that way assist us in our rehabilitation and veterans' care program.

Eleventh District meeting — At Marysville, O., Sunday, Oct. 25. All post and auxiliary members are urged to attend. (You need not be a delegate or alternate to attend.)

Operation Roof Top—Our thanks to the membership that purchased roof shingles; aided in installing them, and to the ladies who fed the hungry crew who did the work. Thanks to each. We now have a new roof on our post home, but are still shy about $40 of the cost of this new roof; so if you care to contribute, send it to the post quartermaster, Robert L. Hartman, at 3587 Walmar-dr. (Mark it for roof shingles).

Cross of Malta—Comrade Arthur Geddes put in some 120 hours work in making us a beautiful emblem and we venture to say that there is not another like it anywhere. Thanks Art for a job well done.

New officers—Comrade Bob Swigert has moved to Florida and to fill the offices left vacant by his absence the following men have been duly elected and installed: chaplain, Ed McGonagle, council delebate, William Wolfe; alternate, Orville Click. The Old Sarge has returned home from University Hospital for a short stay between facial operations and was present at our last post meeting.

School bond and 7 mill levy—The post voted to support this bond issue and levy, but specified that Post support does not bind the member to such support, as a voting citizen, but as an organization we do realize the immediate and long range need for such things.

YMCA, Hilltop Branch—The post voted to renew our membership in the Hilltop YMCA and Comrade Leslie Click who has served the YMCA urged the support of this membership, by setting forth the good that this organization is doing for the youth of our county.

Membership drive — The commander appointed the following committee on membership: Chairman, senior vice, Dan Russell; George Chambers; Orville Click, William Wolfe, Harry Zulauf. The commander is automatically a member of all such committees.

You have a new neighbor

Arrival of a new family in your neighborhood usually stirs up some friendly curiosity, doesn't it?

Well, we're a new family in Franklin Township, immediately west of Columbus on Route 40, and we hope you'll think well of our arrival.

Since we've been moving in for some time, maybe you and your neighbors already know a few things about us. For example, that we come from a large family spread all the way across the United States.

But we want you to know things like this, too. The local branch of the family really plans to take root here. However, this branch of the family can't rely on its "relatives" to support it. We've got to operate profitably. We are settling here by choice because you folks and the facilities here look like a fine combination for a successful operation.

We want to keep it that way.

As you probably know, we plan to build refrigerators and other electric appliances here at our new plant. In fact, shortly the first Columbus-made Westinghouse refrigerator will be rolling off the assembly line. Ours is a new kind of industry for the Columbus area and we believe it's the kind of industry the people of Columbus want.

If our philosophy sounds interesting to you . . . if you look forward to good working conditions in a completely modern plant, fair wages and an opportunity for advancement with a new organization, we'd like to talk to you. Only a moderate number of new employes will be needed at the start, but as production gets under way employment will increase rapidly every month. Eventually, we hope to employ between six and seven thousand people—with at least 95% of those coming from Columbus and the surrounding area.

We are very glad to be your new neighbor, and we hope that, as we reach full employment and production, our roots will become firmly planted and that the community and Westinghouse will grow and prosper together.

Ohio State Is Rated 10 Over Pennsylvania

By Dick Dunkel

Call it the luck of the Irish, I guess.

Notre Dame increased its lead in the college football Power Index by remaining idle last weekend. The Kelly Green retained its 113.8 figure-computed by adding its 18.5 scoring margin to a 95.3 opposition rating-while many of last week's other leaders found their digits slipping.

None of the Top Ten were upset. But two others, Penn and Ohio State, were so fantastically inverted that it called for a rush to the [illegible].

Penn had rated itself 6 points higher than California, but Cal won 40-0 last Saturday for a total swing of 46 points.

Ohio State's Power Index was 9 higher than that of Illinois, but the latter overlooked this and took the ball game, 41-20, for a swing of 30 points.

However, the records show that these two beauts can't hold a candle to the grandaddy of all modern form failures—the whopper that occurred in Boston on Nov. 28, 1942. Boston College, then the nation's No. 1 team, rated 24 over Holy Cross, but lost to the latter 55-12 for a total flop of 67.

UCLA now holds second place after winning its fourth straight, a 13-0 conquest of Wisconsin. Maryland, also 4-0, is in third position after a 40-13 licking of Georgia. Michigan State and Michigan, both 3-0 slipped to fourth and fifth after close shaves—the Spartans 26-19 over TCU and the Wolverines 14-13 over Iowa.

The Power Index shows average difference in score relative to strength of opposition. The teams set their own ratings without the use of anybody's opinion.

You can't be complacent about the fact that Notre Dame, the nation's No. 1 college football team, has rated itself 26 points stronger than its opponent next Saturday, Pittsburgh.

It is quite true that the Irish have compiled a Power Index of 113.8. It's also correct to state that Pitt's Panthers will bring a rating of 87.8—26 points lower—to South Bend. That's how their records have compared to date against comparable opposition.

But last year Pitt, with a 13-point deficit, made this same trip to the lair of Leahy, and emerged with a 22-19 upset win over the dumbfounded Irish. So here's one to watch this week-end.

The Power Index shows how the teams have compared up to date—not necessarily how they will do in the future. (Ha, I'm telling you.) On this basis, here's how other Top Ten members have rated themselves over their opponents of next Saturday:

No. 2 UCLA, 25 over Stanford.

No. 3 Maryland, 24 over North Carolina.

No. 4 Mich. State, 23 over Indiana.

No. 5 Michigan, 16 over Northwestern.

No. 6 Iowa, 21 over Wyoming.

No. 7 Georgia Tech, even with No. 10 Auburn.

No. 8 Miss. State, 3 over No. 20 Kentucky.

No. 9 Rice, over SMU.

In the weekend's other outstanding games, the differences are:

Eastern: Fordham 10 over Boston College, Colgate 8 over Dartmouth, Cornell 2 over Yale, Detroit 3 over Villanova, Duke 8 over Army, Harvard 3 over Columbia, Navy 25 over Princeton, Syracuse 3 over Penn State, and Ohio State 10 over Penn.

Midwestern: Cincinnati 22 over Xavier, Illinois and Minnesota even, Kans. State 1 over Colorado, Miami, Fla., 14 over Nebraska, Miami, O., 42 over Marshall, Missouri 17 over Iowa State, Oklahoma 9 over Kansas, and Tulsa 18 over Hardin-Simmons.

Southern: West Virginia 16 over G. Washington, Alabama 8 over Tennessee, Baylor 16 over Vanderbilt, Florida 42 over Citadel, Houston 7 over Okla. A&M, LSU 7 over Georgia, Mississippi 6 over Tulane, Texas 8 over Arkansas, Texas A&M 3 over TCU, Texas Tech. 9 over College of Pacific, Wake Forest 19 over N. C. State, Virginia 9 over VMI, and William & Mary 8 over Virginia Tech.

Far Western: California 19 over San Jose State, Colorado A&M 18 over Montana, Marquette 10 over Arizona, Southern California 32 over Oregon State, Utah 32 over Denver, and Washington 6 over Oregon.

The Power Index is based on a combination of two factors—average scoring margin, and average opposition rating. Originally, all teams started with identical median ratings thus eliminating guesswork.

Cowboys Register Fourth Loss Of The Season

By Woody Owen

West High School's fast improving Cowboys went down to their [illegible] defeat of the season and second in City League competition at the hands of the East High Tigers, defending city champs, last Friday night at Magly Field. The score was 6-0 in a brilliant defensive battle witnessed by a sell-out crowd.

The lone score of the grueling contest came midway in the first period when Tim Black, Tigers' 128-pound sophomore speedster, took a Bob Kern punt on the run, on his own 39-yard line, and behind brilliant blocking sped 61 yards down the sidelines into the end zone.

The game then settled down to one of the most brilliant defensive battles these eyes have witnessed in many years, with the locals having a slight edge, three times penetrating inside the Tigers' 30 yard line only to be halted by a stubborn defense, a fumble or a penalty.

So brilliant was the Cowboys' defensive unit that the defending champs failed to make one first down from midway in the second period until the closing minute of the game.

Bill Smith, a halfback, netted 65 of the Tigers' 79 yards gained from scrimmage, while Napoleon Key, an end, played brilliantly from his line backing post defensively.

Dan Greer again turned in a brilliant performance for the Cowboys, as did his guard mate, Jim Johnson, and backs Ron Kline, Larry Nafzger and Tom Ongaro.

This Friday the Cowboys will tangle with South Bulldogs at Magly Field, with the loser being the sole possessor of the cellar spot in the City League.

The Bulldogs have several key players on the ailing list after their pasting at the hands of Central last Friday, one of these being Ron Collander, a fine halfback, whose loss would hurt the Blue and Grays chances greatly.

Considering everything, this writer is going to predict a Cowboy victory by about two TD's.

East scoring: touchdown, Bialock.

Officials—Paul Wyman, Sam Devine, Don Elsass, Chalmers Hixson.

IT'S NOT A BALLET but some fast and furious action in last Friday night's football clash between West and East as West's Jim Vincent attempted to take a pass from Larry Nafzger. Despite the array of East defenders Vincent did hang onto the elusive pigskin.

Your Youth

By Bob Schmidt Dick Wilson

Last Friday several people stopped by the "Y" office and were surprised to see the office full of girls. They thought we scheduled programs only for boys. These girls, 22 of them, were enjoying their third week of Girls' Craft Class. This class is fast becoming the most popular event for the girls. Due to such interest we are happy to announce that Mrs. William Grover, 1960 W. Broad-st, has volunteered to conduct a Girls' Craft Class for all girls in Highland School district. This class will meet every Wednesday at the home of Mrs. Grover, who will serve as the craft instructor. The Hilltop "Y" is very happy to offer this program to the girls of Highland and for additional information please call the "Y" office, JO. 4641, or Frank Mason, principal of Highland School.

From all reports the fall trip cosponsored by the Hilltop Lions and the Hilltop YMCA was a great success. The boys stated that it was a long way down there but how they did enjoy exploring Seven Caves. The boys of the Hilltop want to again thank the Hilltop Lions for making it possible for them to enjoy a wonderful trip.

The October program schedules are out so don't forget, gang, to pick yours up at the "Y" office.

As a reminder, Boys' Craft Class is held every Monday evening after school and all boys are welcome to attend. Tuesday after school is free movies. Bring your sisters, brothers and friends to enjoy an hour of free movies.

Gra-Y football will resume play this Saturday with the following schedule: 9:00, Westgate vs. West Broad; 10:15, West Mound vs. Highland; bye John Burroughs.

All junior high school age fellows are now eligible to join the Junior Hi-Y Club which meets at the "Y" office every Monday evening at 7:15. Dick Wilson is the adviser of this group and claims that the club now has 35 members and is beginning to develop plans and projects for the coming year.

MEET SCHEDULED

Jehovah's Witnesses from 18 central Ohio congregations are to meet in Columbus' Memorial Hall Oct. 16, 17 and 18. This convention is one of hundreds being held throughout the nation as part of a world-wide Bible education campaign.

Hilltop Lions-YMCA Fall Trip Termed Success

By Dick Wilson

Last Saturday morning 90 Hilltop "Y" boys and eight members of the Hilltop Lions Club journeyed to the Seven Caves for their second annual fall trip. This trip is co-sponsored each year by the Hilltop Lions Club and the Hilltop YMCA.

The boys and supervisors enjoyed the scenic park which is located in the hills of famous Paint Valley. The park contains seven illuminated caverns and the precipitous cliffs of the famed Rocky Fork Gorge with connecting canyons, rapids and waterfalls.

Every point of interest easily accessible by foot-trails was visited by the group.

Members of the Lions Club who made the trip were Bill Coon, Al McFarland, John Grasse, Bill Beard, Herb Loechler and Dick Wilson, also of the YMCA staff.

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

[illegible] — The Power Index provides a direct comparison of the relative strength of any two teams for [illegible] to date. Thus, a 50.0 team has been 10 scoring points stronger than a 40.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 50.0 team should defeat a 40.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home team advantage, injuries, lineup changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system correlates records of all college teams and was started in 1929.

Self Government Is Advocated By Franklin-twp Trustee

Harry C. Shonting

A staunch believer in the theory of local self government is Harry C. Shonting, 477 Josephine-av, one of the Franklin-twp Trustees.

Born and raised on the Hilltop, Shonting works at the job of being a Trustee in a manner that rivals the enthusiasm most men show for their regular job. Seldom an evening goes by that does not find him looking over road conditions or working as a volunteer fireman in the local fire company.

Shonting, who is completing his first four-year term as a Trustee is a candidate for re-election at the Nov. 3 election. He was one of the first advocates of a locally operated fire department and has been one of its active members since the first companies were formed in 1950. Prior to the existence of the Franklin-twp Fire Department, he traveled many miles and interviewed dozens of volunteer firemen all over central Ohio to get an idea of how each company operated and what type of equipment and facilities were needed for a good department.

An electrician by trade, the Franklin-twp Trustee admits that he "just enjoys meeting people." His job as a fireman and Trustee makes this possible. In addition to other activities, he finds time to serve as president of the Franklin County Association of Trustees and Clerks, a member of the West Franklin County Civic Association, member of Westgate Methodist Church and West Gate Blue Lodge FQ&M.

He is a firm believer in the theory that residents of his township can have any service that they are willing to pay for at a cheaper tax rate than is possible by annexation or incorporation and that provided these services people will have little desire to become a part of an enlarged city.

Shonting was born on N. Harris-av in 1905 before it became a part of Columbus. He has lived in the township almost continuously except for two or three years when his work took him to the West Coast.

Mr. and Mrs. Shonting (the former Lucille Ives) have two sons, Harry, Jr., and Russell. The younger Harry served with the Marine Corps in Korea and was wounded in action during the first winter in the mountains of that country.

Glenwood Golden Age Club Organization Plans Are Made

Plans are being made to form a Glenwood Golden Age Club in the near future. Efforts to organize a club of this type have not been too successful in the past. However, it is hoped that this will not be true this year. In view of the fact that there is a definite need for an organization of this kind on the Hilltop.

Anyone desiring more information should contact Glenwood Center at RA. 7416 or stop in.

Craft Classes

A craft class will be started on Friday, Oct. 16 and will continue every Tuesday and Friday thereafter. This class is open to adults as well as children and will be held from 4 until 5:30 in the afternoon. The first craft that will be introduced will be plastic covered metal bracelets. Anyone desiring to be in this class should register at the center.

Movies

Effective Wednesday, Oct. 14 and every Wednesday thereafter the weekly film will be shown twice, once at 4 p. m. and again at 7 p. m. The first showing will be for children 12 and under, while the later showing will be for those 13 and over only.

The movie schedule for the next two weeks is as follows: Wednesday, Oct. 21, Kit Karson and Wednesday, Oct. 28, Bedtime for Bonzo.

Basketball

All teams that are interested in participating in the pre-season league should turn in their eligibility lists to Rex Cox at the center office. The deadline date for entries is Tuesday, Nov. 3. There will be leagues for all boys between 8 years through 18 years. July 1, 1953 is the date that will determine the age level a boy is eligible to compete on.

Wrestling

There are still some openings in the various weight levels on the center wrestling team. Several boys have already signed up for the team but more boys are needed. Outstanding candidates include Eddie Simpson who was the 1952 City Champion and Central AAU champion in the 103 pound weight division. Other candidates include Larry Anderson, Bob Brown, and Joe Righter.

Touch Football

There is still time to enter a team in the Junior or Intermediate Leagues as this week marked the initial round of play. Any individuals who desire to play can be placed on a team if they contact the center office. The schedule for next week is Monday, Oct. 19 and Wednesday, Oct 21, Posey vs. Fuller. Tuesday, Oct. 20 and Thursday, Oct. 22, Robbins vs. Crawford.

Officials Club

An Officials Club is to be formed and will comprise Intermediate (14-15 years) and Senior (16-18 years) age boys. These boys will be able to referee, score and time basketball games. Instructional classes on how to referee games will be offered so that these boys will better understand the game and how to "call" a game. All boys who are interested in joining this club should contact the center's office by Oct. 19.

Girls Officials Club

A girls officials club is being organized at Glenwood Recreation Center. The first meeting will be held Wednesday, Oct. 28, 4 p. m.

New Plymouth For 1954 Goes On Display Oct. 15

The 1954 Plymouth is longer and looks wider and lower as a result of design modifications. Front view shows new massive bumpers and new grille design with attractive Plymouth identification. The front is designed with a view to ease of cleaning and simplification of repairs.

The new Plymouth for 1954 will go on display here and throughout the United States on Thursday, Oct. 15, local Plymouth dealers announced today.

The new models have optional power steering and three choices of power drives.

The new Plymouth may be seen at Earl Sarvers, DeSoto-Plymouth, 550 W. Broad-st; West Side Motors, Dodge-Plymouth, 1350 W. Broad, and Tom Stanton, Chrysler-Plymouth, 500 W. Broad-st.

"We are confident that people will like the new beauty of our 1954 cars," says President John P. Manafield of Plymouth. "We are absolutely certain that they are the most durable, best riding, best performing and roomiest cars that Plymouth has ever built."

Plymouth is using the link type of power steering. It reduces steering effort up to 80 per cent, permits fingertip control in tight parking situations and promotes safe driving through lessening of driver fatigue and absorption of road shock.

In its 1954 line, Plymouth offers three options in power drives. Hy-Drive, a no-shift unit made up of a combination of torque converter and three-speed transmission, was introduced during the 1952 model year. It will be in volume production for 1954 models. The two other options are Synchro-Silent three-speed transmission and Synchro-Silent with overdrive, which provides a fourth forward speed for cruising.

The new Plymouth line is made up of 11 body types in three series. Aristocrats of the line are the Belvederes, consisting of a sport coupe of "hardtop" design, a four-door sedan, convertible and suburban steel-bodied station wagon type car, all beautifully color-styled in two-tone combinations. In the Savoy series are a four-door sedan, club coupe and two-door sedan. In the lowest priced Plaza series are a four-door sedan, two-door sedan, business coupe and suburban.

All models have completely new interiors. Other changes include an increase of 3% inches in overall length, a new front end styling treatment, new chromium side moldings and modifications in virtually all exterior design features.

Plymouth is introducing a new type of seat cushions with Dual Flex springs. They are made up of a combination of coil springs and jack springs which, working in combination, provide a softer cushioning action in normal riding situations and resistance to "bottoming" when the car hits a bump.

To extend top engine performance over a long period of time, Plymouth is using new silicon chromium alloy intake valves in 1954 models. Exhaust valve inserts have been retained to maintain high compression engine performance in years of service.

Other mechanical improvements include a higher capacity oil pump, new improved clutch, and improved electric windshield wipers.

West High Instructor Shares Favorite Recipe With Readers

Miss Mary Baker

The donor of this week's recipe is a familiar figure in her community, known for her outstanding record of service to the youth of the Hilltop. She is Mary Baker, 83 S. Harris-av, who has not only made working with young people her profession, but has devoted much of her leisure time to their benefit.

Teacher of ninth-grade Biology at West High School, her genuine interest in the welfare of young people is shown by her work as nature study councilor for Boy Scouts and as leader of Camp Fire Girls. She spent this past summer vacation serving as nature study councilor in a boys' camp in Maine.

She also sponsors a girls social club known as the Nawakwa Club, whose members recently observed their 20th anniversary. A member of the PEO Sisterhood, a service organization and University Chapter, OES, she attends E. Broad Street Presbyterian Church.

The donor's friends and guests have enjoyed these "Pineapple Triangles" often, for Miss Baker has served them on many occasions, since she first obtained the recipe ten years ago. Miss Baker suggests that other fruit fillings may be substituted if desired, and that they are delicious served cold or warm, with coffee or tea.

PINEAPPLE TRIANGLES

6 cups unsifted all-purpose flour.
2 tbls. g. sugar.
1 teas. salt.
1 cake yeast crumbled in above.
1 pound lard rubbed into above like pie, add
3 well-beaten eggs and
1 cup milk.

Mix well and store in refrigerator for at least four hours. Roll out on powdered sugar instead of flour, cut into triangles and fill with the following pineapple filling.

Cook until thick and cool.
1 No. 2 can pineapple (crushed).
1 cup granulated sugar.
4 tbls. cornstarch.
1 tbls. butter.
1 teas. lemon juice.
pinch of salt

Bake 350 degrees for one hour. Makes 4 doz. Delicious warm or cold.

Want Ad Success Stories Are Many

We use some space in every issue for calling attention to the want ads and we find it very effective. Picked at random, the want ad is repeated with a head over it saying:

"Here is a sample of the bargains to be found in the want ads of The Hilltop Record and West Side News."

Mrs. R. Cooper, 212 Highland-av, had wonderful success with the following ad: Washing and ironings to do in my home.

Mrs. Myrtle Bell, 146 N. Yale-av, sold ironer 1 hour after paper was out on the street. She praised the paper, and received many, many calls.

Mrs. Helen Boyd, 2081 W. Broad-st, advertised for the first time: Nice sleeping room for rent. She rented the room the same day the paper was published.

MAIL ORDER SHOES
As you may have noticed . . . we have a men's shoe department in Seiler's which is operated by my son Jim. Jim, by the way, holds a certificate in shoe-fitting from Franklin University and in my biased opinion is an excellent shoe-fitter, already experienced far beyobd his years. At any rate, he came to the children's shoe department yesterday to tell me that a customer had just stopped in to thank us for fitting him.
It seems this gentleman had been getting his shoes from a house to house salesman who took the numbers from his old shoe, drew an outline of his foot on an order form, collected a deposit and the shoes came directly from the factory. The shoes were well but the wearer developed such corns and callouses that he had to lay off work. When Jim got him he was wearing 8 D. He measured for 9½B and was so fitted. Too, he was given the names of our two Hilltop Chiropodists and apparently visited one of them. He said that he felt like he had a new set of feet. Getting shoes by mail is not as satisfactory as having them fitted on your feet in the store.

Majorette Wins Ohio Title

Barbara McDonald

A South High School majorette was recently named "Miss Majorette of Ohio."

Barbara is the daughter of Mrs. Ray S. McDonald, 1862 S. High-st. She won the title from a field of 86 contestants, one from each county in Ohio.

Judges for the contest were Bill Modlin, drum major at the University of Michigan; Mariane Martz, head majorette at Miami University, and Victor Faber, professional drum major and contest director.

She is now a majorette with the South High School Marching Band and the American Smith Barratt Drum and Bugle Corps of Post No. 248.

Barbara hopes to follow in her sister's footsteps. Her sister, Bea Gorsuch, and niece, Linda Gorsuch, march with her in the Legion drum corps.

GOLDENROD

Disdainful of man's bland despair,
Blow trumpets at futility—
Worn tortured earth, soft thrust of share,
Old seed too spoiled to sow itself—
You challenge all, strong wind at back,
And blanket them with flour of gold,
A Dorcas army, autumn's stalwarts,
Thirsting for conquest of the old
Effete, you fight from ridge to furrow.
Clutching soft-rooted pessimism.
You cover it with sturdy stalklets,
Wave Beauty's bannerets of gold—
Triumphant!

Mail — From Marietta: "While you are roaming around why not come to Marietta? We are just plain folks, plain as old red barns and cornbread and rail fences, but we know how to make visitors feel at home" . . . From Lynchburg, Ohio: "When I read in Reader's Digest that the mother of Norman Vincent Peale is buried in our town cemetery, I looked up her grave. How proud she must be of her illustrious son, though being a mother she would be as proud of him if he was a truck-driver or a farmer or a salesman" . . . From Indiana: "The company I work for could almost appear en masse on the tv program 'The Name's The Same.' We have an Edward G. Robinson, a Robert Montgomery, a Gale Storm, a Bob Crosby, a Roy Rogers, a Herbert Hoover, a Margaret O'Brien and even an Eddie Fisher."

If you have only the week-end to spend and want to see enough autumn beauty to last all winter, leave early Saturday morning and go to Parkersburg, W. Va.; take route 50 to Winchester, Va. We did that last week-end (3-4 October) and it was wonderful. The trees in West Virginia and the small part of Maryland you cross have turned, and the hills are beautiful, though beautiful is a weak word to describe such beauty. When we left Winchester we took Route 11 down into the Shenandoah Valley; came back Sunday morning, along the same route. Once is not enough for all that beauty. But go before the rains spoil the trees and make the highway slippery. You won't be sorry. To me, the Shenandoah Valley is lovely at any time but just now, the way to the Valley is magnificent.

• • •

What made our brief trip even more delightful is the fact that we saw only one wreck, and nobody was injured in that. A driver hadn't made a curve and his convertible was standing straight up, propped against a tree with its "nose" to the ground. It is one of those freak accidents you read about. That was in West Virginia.

From somewhere—Classified ad: Wanted—boy to open oysters 15 or 16 years old . . . A near-hit bolt of lightning can create more Christian thinking than a long-winded sermon . . . The neighbor of a small boy with a new drum performed the noble experiment of the year. He gave the boy a knife and said, "Son, do you know what's inside that drum?" . . . Sympathy is what one woman offers another in exchange for details . . . The one who coughs violently through his cigarette probably hasn't read the ads.

Also from somewhere, these

I threw my coat around me
To take a haughty leave,
But my hand went through the lining
Instead of down the sleeve.

Revolving doors are spiteful things
I cannot but feel,
Unless I leap out breathlessly,
They nip me on the heel.

A moth is such a fairy thing,
So lightly through the air it flicks,
Who'd think that it subsisted on
Our heavy winter overcoats!

Double-Ring Ceremony Unites Miss Vandevender, Lt. LaVelle

Mrs. John B. LaVelle

On Sept. 12 Rev. Raymond Bauschard, pastor St. Mary Magdalene's Church, officiated at the nuptial high mass and double ring ceremony that united Miss Elaine Frances Vandevender, daughter of Mr. and Mrs. Charles Harris of 726 S. Harris-av, and Lt. John B. LaVelle, son of Mr. and Mrs. Leo M. LaVelle of 187 Midland-av. White gladioli, mums, fern and lighted tapers decorated the altar of St. Mary Magdalene's church for the occasion.

The bride, given in marriage by her father, wore a gown of imported chantilly lace and nylon tulle over skinners satin. The fitted bodice of chantilly lace fastened down the back with covered buttons and long lace sleeves tapered to points over her hands. The bouffant skirt of satin and lace cascaded over an old-fashioned crinoline petticoat and extended into a cathedral train. Her fingertip veil of imported French illusion fell gracefully from a crown of chantilly lace and seed pearls. She carried a bouquet of white pompons and a crystal and silver rosary, a gift of the bridegroom.

Mrs. Thomas McCormick Kimball, sister of the bridegroom, attended the bride as matron of honor and the bridesmaids were Miss Dorothy Sinclair, Miss Mary Ann Miller, Miss Julie Crites and Miss Dorothy Mae Horsch. Their floor length gowns of olive green tissue taffeta and velvet fashioned with empire waist line and bouffant skirts over crinoline petticoats. Velvet fichus were attached to the strapless gowns to form a soft portrait neckline. Their semi-cascade bouquets were of bronze pom pons tied with talisman ribbon.

The honor attendant, Mrs. Kimball, wore a contrasting gown of emerald green and carried a bouquet of yellow pompons with yellow ribbon. All were velvet bonnets to match the gowns.

Richard Skiles Cahill of Streator, Ill., cousin of the bridegroom, was the best man. Ushers included Mr. Marvin Vandevender, brother of the bride. Mr. Thomas McCormack Kimball, Mr. Thomas Sheehan and Mr. Richard Underhill.

Mrs. Harris chose for her daughter's nuptials a dress of powder blue tissue taffeta with which she wore coral accessories and a corsage of pink rosebuds. The bridegroom's mother wore a royal blue dress with matching accessories and her corsage was of blue pom pons.

Following the ceremony a wedding breakfast was held at the home of the bridegroom's parents for the immediate families.

A reception and dinner were held at the Grandview Inn before the couple left on a wedding trip through the middle west. For traveling the bride chose an emerald green boucle suit with luggage and tan accessories and a miniature bride's bouquet corsage of pompons and baby breath.

The couple will make their temporary home in Corpus Christi, Tex., where Lt. LaVelle will report for jet training. Later he will be stationed in Miami, Fla.

The bride is a graduate of West High School and was, until her marriage, associated with the Ohio Bell Telephone Company. Lt. LaVelle is a graduate of St. Charles attended Ohio State University until called to the service and is a graduate of the Naval Cadet School in Pensacola, Fla.

How do you like to spend your evenings? Are you the stay at home and watch TV type?
You've worked hard all day, dishes are done, children all tucked in, you now have a couple of precious hours to spend with a very special person, so dab on a little of your favorite perfume and relax in one of the pretty quilted dusters and toreador like pants you'll find at Seiller's. There are many pretty ones from which to choose, some have white background with pink, blue or yellow print. Some are of flannel plaid with corduroy collars and cuffs. Red and white, green and white, or perhaps your favorite will be, as is ours, the ever smart black and white plaid. Priced at only $3.99 and $5.99.
Also ask to see the TV sets with the long outing flannel coats, white background prints with red, blue, and green pants. Many, many other comfy, cosy, outing flannel pajama styles.
If you're the kind of a gal that falls asleep before the show is over (much to your husband's annoyance) all you'll have to do is go up and crawl in. And so good night. Adv.

We're All for One—On A Tray

Designed for a time-of-your-life party—our Barbecued Corned Beef Hashburgers. They are easy to cook, attractive to serve and the proof of it all is in the eating. It's a one-tray meal in keeping with modern ranch house living. Let the man-of-the-house carry it triumphantly to porch or yard for popular outdoor eating. It will match the appetites of good neighbors assembled for impromptu get-togethers.

Menus which include foods that can be arranged on one large serving platter or tray are most suitable for transporting to a cool, breezy dining spot. The hashburgers, on toasted buns, are prepared with a minimum of time and effort. Food trays need the impact of color and here it is in the sparkling green of fresh or frozen string-less beans and the relish garnishes.

Hot and hearty breakfasts are a must for school children. To introduce variety, serve French toast. Dip day-old raisin or white bread into a mixture of egg and milk, lightly salted. Saute in melted vitaminized margarine till golden brown and serve with bacon.

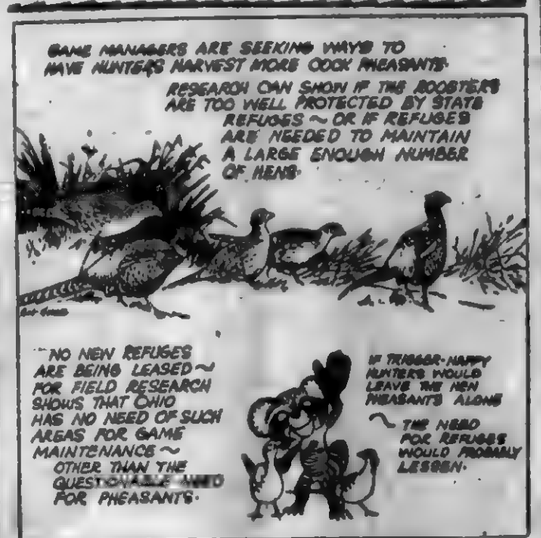
★ ★ ★

Don't throw away your old powder puffs. Wait yet firm, they're excellent for rubbing silverware and help to avoid stains on the fingers.

★ ★ ★

There's less work for mother and more incentive for the children when they help to keep themselves neat and tidy. Give them their own shoe polish kit, with liquid and wax polishes, brush and cloths. And don't let them stop at shoes, either—a neutral colored shoe polish does wonders for school bags, pocket books and belts.

★ ★ ★



Surprise dad and the kids with a tempting Waldorf salad in their box lunches. Per person, chop 1 medium size apple, 1 stalk of celery and some walnuts. Mix with 2 tablespoons real mayonnaise and pack in a small plastic container. For those who want lettuce, wrap separately in waxed paper.

★ ★ ★

Dish towels come in such a variety of colorful patterns that they're naturals for kitchen curtains. For the standard low, wide window over the kitchen sink, two 18" x 36" towels are just right. Sew six white plastic rings at the top of each towel and there are your curtains. Trim with ball fringe or rick-rack braid, if desired.

Fisher Body Begins Model Competition

Bill Treuer, field representative of the Fisher Body Craftsman's Guild, visited local high schools this week to announce plans for the 1953-54 model car competition of the Craftsman's Guild. Enrollments are being taken for the competition in which $90,000 in awards, including eight university scholarships, will be given to state, regional and national winners. The 1954 competition, for the first time, offers young car designers the opportunity to build sports cars, convertibles, or station wagons as well as two or four-door sedans. Past competitions have entries limited to four-door sedans.

Awards for the best models entered in the Guild competition again include eight university scholarships for the national winners of the junior age division (12 through 15) and the senior age division (16 through 19). In each group there will be awards as follows: first—$4,000 scholarships; second—$3,000 scholarship; third—$2,000 scholarship; fourth—$1,000 scholarship.

There will be 14 awards in each state and the District of Columbia, seven in each age group as follows: first—$150 cash; second — $100; third—$50; and four honorable mention awards of $25 in U.S. Savings Bonds. For judging purposes, the states and the district of Columbia will be grouped into 20 regions, each of which will send a junior and senior division winner expense-free to the National Guild Convention.

Strain at a gnat, swallow a camel . . .
That's an old expression, but many people apparently have forgotten its meaning. The added cost of using their cars to drive a few or several blocks to "save" a questionable penny or so is often overlooked. More and more folks in our neighborhood are realizing this.

Columbia Heights Mary Circle Meets

The Mary Circle of the Columbia Heights Methodist Church met on Wed. evening, Oct. 7, at the church.

[illegible] officers for the ensuing year are Mrs. William F. Hackensmith, chairman; Mrs. Raymond Messer, vice chairman, and program chairman; Mrs. Richard Compton, secretary, and Mrs. Jack A. McHale, treasurer; committee chairmen chosen by Mrs. Hackensmith are telephone committee, Mrs. Emmett Hegewood and Mrs. William E. Ranshous; publicity, Mrs. Richard Rarey; membership chairman, Mrs. Noah Teach; devotions chairman, Mrs. G. F. Peters; ways and means chairman, Mrs. Ralph LaRue, and sunshine chairman, Mrs. Homer E. Nichols.

Hostesses for the evening were Mrs. Leroy Schoonover and Mrs. A. Sampson. Theme for the year will be "The Life and Task of the Church Around the World."

The Circle, organized in Nov., 1951, was named in honor of Mary Kinniard Weaver, charter member of the church and one of the first residents of New Rome. Before the church was built some of the services were held in her home at Maple-dr and Kinniard-av.

Failure?

Be careful about this word "failure."

It's a very misused word. . . .

Can we, for example, call today's cancer research men "failures?" They haven't found a cause or cure for the disease. Of the hundreds working on it, only one or two may succeed. The remainder will be forgotten by history, even though they gave their lives to the search.

Would you call them failures?

Over four hundred years ago this month an Italian and an Englishman were born. One believed that the earth was round. The other was determined to translate a book. Christopher Columbus died a pauper; William Tyndale was executed at the stake. But one discovered America, and the other translated the Bible into English for the first time.

You will find, in your church worship, that the church and its people do not judge a man by the number of times his name appears in the papers, or the money he makes. Your church judges men by what they are trying to do in line with a great truth which reads:

". . . when the One Great Scorer comes to write against your name he writes—not that you won or lost—*but how you played the game. . . .*"

A good name is rather to be chosen than great riches. . . .—Pr. 22:1

The Walker Report . . .

(Continued from Page 2)

The Census reported 1,167 dwelling units in Prairie Township, of which 828 were owner-occupied and 315 were rented. Most of them (1093) were single family units, 49 were two family units and 25 were multiple. Of 1128 reporting, 634 had no private bath and 426 no running water. Of 1030 reporting, 365 were built in 1940 or later, 220 from 1930-1939, 165 from 1920 to 1929 and 280 in 1919 or earlier. The median number of persons per dwelling was 3.2. Of 1105 dwellings reporting 475 had central heating and 630 did not. Of 1130 reporting on refrigeration equipment 880 had mechanical types and 160 used ice, 90 used other systems or none. Of 1125 homes reporting only 390 had television sets. The median value of 471 owner-occupied single family dwellings was $6,085.

UTILITY SERVICES

Inquiries have been made at the offices of the Columbus and Southern Ohio Electric Company and The Ohio Fuel Gas Company concerning the extent of availability of their services in Franklin and Prairie Townships and the conditions which are placed upon extensions. Information was also secured from the Franklin County Regional Planning Commission on the present availability of water and sewer services in these townships. The results of these inquiries are summarized below:

Electric light and power service. Domestic light and power service is available in all parts of both townships. There are few areas where there are not lines already in place from which new connections can be made. Where such connections are not immediately available the company's rural line extension plan applies. This plan calls for line construction to be done at company expense upon a guarantee of revenue by the customers to be served. This guarantee is effective for four years and requires a payment by the customers of aggregate minimum charges equal to one per cent of the construction costs per month. If additional customers are secured on the extended line, the minimum charges of all are adjusted accordingly. The customers may use electric current up to the minimum paid in conformity with the applicable tariff, approved by the State Public Utilities Commission.

The current charge for residence service, effective January 1, 1953, is as follows:

First 20 KWH or less per month $1
Next 30 KWH per mo. 3.5c per KWH.
Next 100 KWH per month 3.0c per KWH
All over 200 KWH per month 2.0c per KWH

A modified schedule, providing somewhat more advantageous residence rates, where electricity is used for water heating, is established by a supplementary tariff.

While it would have been an undertaking of considerable magnitude to ascertain by survey how many of the residences in each of the two townships are served by C.&S.O. electricity, it seems safe to assert that there are few, if any exceptions. The large number of mechanical refrigerators and television sets, mentioned above, indicates rather clearly that the residents of this area are not denying themselves the advantages of electricity. Equally apparent is the fact that the local electric company stands ready to serve any and all parts of the area on proper application.

Natural Gas Service. Domestic natural gas service is available only in certain areas of Franklin and Prairie Townships. In Franklin, there are gas lines along the Dublin-rd area, tying into both Columbus and Grandview. Marble Cliff is served from Grandview. Valleyview, although adjacent to the city, is treated as a separate unit for rates and service. The line along Hague-av from Valleyview to Trabue-rd is treated as a part of the city of Columbus rate area. But from the corner of Hague and Trabue east through San Margherita a different rate is applicable.

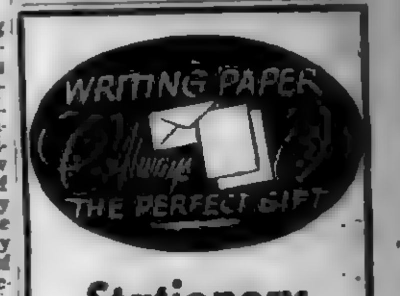
Gas service is available along Route 40 west to Phillipi-rd at city rates. The same is true of the new additions in the township, both north and south of Sullivant-av and south of Eakin-rd. The are between Mound-st and Clime and Frank-rds—both east and west of the Harrisburg-pk, is considered to be a part of the city of Columbus rate area. South of Frank-rd on the Harrisburg-pk, the rates charged are those applicable in Grove City.

Conspicuous areas not served include Wilson-rd and the subdivisions between that road and Hague-av (except the east part of El Paso-dr), Fisher-rd, Demorest-rd, the west part of Clime-rd and the area along Brown-rd, south of Belmead, Little-av, Richter-rd, Hart-rd and the subdivisions east and west of Brown-rd south to Frank-rd, Eureka-av from Eakin-rd to Briggs-rd and the area between Eakin-rd and the Columbus city limits west of the B.&O. right of way. These people must use bottled gas or other fuels for cooking and heating.

The Gas Company is now working toward a simplified rate structure for the Columbus metropolitan area. There will be one rate for the city itself and certain fringe areas. There will be a second rate for incorporated areas, like Upper Arlington, Grandview, Marble Cliff and Valleyview. A third rate will apply to unincorporated areas, like San Margherita. The fourth rate is for those areas which are served by other sources, as the south part of Franklin Township which is bracketed with Urbancrest and Grove City, and New Rome and its environs which are served from Hilliards and which pay the Hilliards rate.

The present city rate, which applies in several parts of Franklin Township, effective as of Nov. 11, 1952, is as follows:

First 1000 cu. ft. per month (min. charge)—$1.
All over 1000 cu. ft.—57c per 1000 cu. ft.



These rates are subject to adjustment from time to time based on the price paid by the company for gas. There is a 5% penalty for non-payment within 10 days after bills are rendered.

The Grandview Heights rate, effective Dec. 31, 1952, which is applied along Dublin-rd west of the Columbus waterworks, and is the same as that paid in Marble Cliff and Valleyview, is as follows:

10c per 100 cu. ft. for the first 1000 cu. ft. per month.
8c per 100 cu. ft. for all in excess of 1000 cu. ft.

Time for the Pendulum to Swing

Citizens of Columbus are apparently not too much concerned over the coming election of a mayor and city council members even in the face of less than two weeks time left before they have an opportunity to express themselves.

In our contacts with people of other sections of the city we have often heard the expressions "I suppose you will support Sensenbrenner because he is a Hilltopper."

It is a fact that we are supporting Sensenbrenner but not because he is a Hilltopper. It has never followed that the Record supports local candidates just because they are Hilltoppers. Any endorsement we have ever given candidates has been based on our sincere belief that the man was qualified for the position he sought.

Our support of Jack Sensenbrenner for mayor is based on our sincere belief that it is time for a change on the political scene in Columbus. After a great many years the American people finally started the swing of the pendulum back toward the right. We believe the people of Columbus will profit by doing the same thing. The old line Republican organization has been at the helm long enough. It will make for a healthy condition to allow a change at this point.

We have always contended that the best government in a two party system is the one that swings back and forth. This makes for progress. A continuation of the same party in power makes for waste and a tendency toward corruption.

Jack Sensenbrenner is not an old line politician. This is his first effort to seek public office. He is under obligation to no one. He will not go into office with a label on his back.

Furthermore, all who have known Sensenbrenner over the years will agree that he has always maintained a "can do" attitude. He is the kind of a person who likes a challenge. Every civic undertaking he has been affiliated with has had new life injected into it because of his leadership. Every task he has undertaken has been with the one thought of making a record that breaks the one that has previously been set.

Columbus needs this kind of an administration. Columbus needs some "spizzerinctum."

People of Columbus have every right to believe that Jack Sensenbrenner is honest and as such they can expect him to surround himself with able and honest men.

Jack, nor any other candidate can possibly have the solutions to all of the city problems. They are immense. All the varied problems of the city government today have grown up under the present city hall regime. If they have had no answers for them in over 20 years it is reasonable to believe they will not find the answer in another few years.

It is therefore our belief that Columbus needs and will get a new approach to city hall matters if the people of Columbus will elect Jack Sensenbrenner mayor.

It is time for the pendulum to swing in an opposite direction. This makes for good strong government. It is time for a change.

Club For Older Adults Is Fine Thing

We believe many older adults of the community will welcome the news contained elsewhere in our paper today regarding the formation of a club for their age group.

Many communities have such organizations and they are very popular.

Organizations and groups interested in supporting worthy projects will do well to lend their support to this movement and determine further where they might be of service.

Wanted: Miracle Men

Candidates for mayor and city council this past week received questionnaires from newspapers and groups asking their views on matters pertaining to city government.

We are reprinting herewith some of the questions being asked. If there is a man or woman in this community who can give intelligent and pointed answers to all these questions, let him or her step forward. Columbus needs such miracle men and women.

Do you have a ready answer to these same questions that have bothered city officials for the past 20 years? How would you answer them?

What specific plan do you propose for the development of better recreational facilities in Columbus?

What is your opinion as to the obligation of the city to make available funds for relief, in event of a marked increase in the number of such cases?

In view of Columbus' rapid growth what are your suggestions for the solving of the city's need for greater income?

How do you propose to solve the need for low cost housing?

School Bond Issue Vital To Needs Of Education

The impact of the school construction and modernization program which will get underway immediately if voters approve a $14,000,000 bond issue at the general election Nov. 3 will be felt in every neighborhood in Columbus.

Although the most critical school-housing shortages exist in three widely-scattered areas — east of Bexley, the northeastern part of the city, and the Hilltop — school officials have revealed plans to carry out a number of projects in every section of Columbus if funds are made available by the public.

The plans are based on a list of 84 recommendations compiled after a careful, scientific, city-wide survey of school-housing needs.

The study showed that the rapidly-growing city faces a serious shortage of school facilities on both the elementary and secondary school level.

Conservative estimates of future school population show that the situation will become especially critical within two years if a large-scale expansion and modernization program isn't begun in the next few weeks.

These estimates show that elementary school enrollment is expected to climb at least 28.7 percent above the total for the 1952-53 school year. Junior high population is expected to jump 48 percent, and senior high enrollment is expected to leap a whopping 55 percent.

Enrollments in the city have climbed 11,000 in the past five years and are conservatively predicted to increase another 10,000 in the next few years.

The most urgent need is for greater elementary school and junior high facilities. The high school problem is more remote.

Proof that the system already is operating above its capacity is shown by the fact that 49,221 students in grades 1-12 had enrolled by the end of the first week of school this fall. The school plant currently has a capacity calculated at 49,092.

Counting kindergarten and special students, total enrollment now is only slightly under 55,000.

In gauging the impact of the proposed building program on each section of the city, the report issued by the housing-needs survey committee divides Columbus into five large areas.

The western part of the city would gain a new junior high school and 18 elementary school classrooms in the proposed program.

The new junior high, which would have a capacity of about 900 students at first, would be located west of Richardson-av and south of Sullivant-av. It would relieve both West junior-senior high and Starling junior high and provide facilities for the anticipated increase in junior high pupils in the area during the next decade.

Twelve classrooms would be added to present elementary schools on the Hilltop. The additions probably would be erected at Westgate and West Mound schools, but the final decision would depend upon checks made just before construction.

It is also recommended that an auditorium be added to Starling Junior High and that the school's site be expanded.

In addition to actual new construction and remodeling, all areas would benefit from furniture and equipment replacements which would be made possible through bond-issue funds.

Vandals Hit Hilltop Homes

"Government is Business"

Walker Waging Strong Bid For Columbus Council Seat

Edward Walker, 240 Demarest-av, a newcomer to the political front, is a strong believer in "knowing your city government" and between campaign speeches can be found at his home studying all aspects of municipal government.

"The job of being a councilman in the City of Columbus is one that calls for the devotion of full-time to the task of being fully aware of what goes on in all departments," said Ed Walker this week as he continued his campaign for a Columbus City Council seat.

Walker, a Hilltop business man, entertainer and World War II veteran, is making his first bid for public office, seeking one of the three seats to be filled in Columbus City Council in the November elections. Since the primary campaign he has waged an intensive campaign asserting that "Good government endorsed business men anonymous and running the city of Columbus is big business."

Walker asserted this week that in the past there has not been enough vision in council and not enough long range planning into the future with the result that too much emergency legislation is being passed without the public and council itself having enough information on the subject.

"Every citizen in Columbus," says Walker, "has a right to be heard before council and when they enter Columbus City Hall they are entitled to courtesy and service." In his campaign Walker is urging that pay scales at city hall be overhauled in order to attract people of experience and tested ability and thereby put the city government on a higher level and be better able to cope with city problems.

"Everyone has a stake in government and an obligation to fulfill and that's why I'm running for office now," Walker said. "If I am elected into council I intend to make a full time job of it and go into every department to find out first hand what is needed to make the Columbus municipal government better than it is today. I would utilize business experience in every way necessary to provide the citizenry with full value received for every cent of their money paid into the city coffers."

Walker is the owner of Walker's Auto Laundry on Orel-av and is also associated with the Stewart-Neff Real Estate firm.

Married and the father of two children, he resides with his wife and family at the Demarest-av address.

His affiliations are with the West Gate Masonic Lodge, Camp Chase Post 98 of the American Legion, War Veterans Republican Club, Hilltop Business Association, Columbus Realtors Association, and Young Republicans' Club.

Westinghouse Sets Date For Production

The first refrigerator will be made at the new $20 million Westinghouse plant on the Hilltop about Nov. 1, it was announced this week.

H. W. Dailey, director of industrial relations, said production will be very slow at first. He said much work remains to be done on various ovens and other machinery used in the production of the refrigerators.

The plant is on Phillipi-rd just off U. S. Route 40.

The plant is on a 330-acre site. 45 acres under one roof. Construction on the plant and installation of machinery has been under way a year.

Originally jet engine parts were to have been manufactured but when the Korean Action ended, the engine program was placed in another plant.

During the past several weeks members of the club have been collecting old clothing for needy youngsters in Korea. Word received this week from Major Harry Hunt in Korea stated, "The response to our appeal has been most gratifying. I never realized that a service club could and would do such a fine job. Extend our sincere thanks to all who have been so generous.

Jack Sensenbrenner, chairman of the Support of Churches committee of the Hilltop Kiwanis Club, was in charge of the collection.

Police Nab Gang Of 17 Boys After Grid Game

Close cooperation of Columbus City Police and school officials this past week has resulted in what is hoped to be the break-up of a gang of youths believed to be the group which has been causing fights and other troubles at local football games.

The gang, consisting of 17 boys led by an ex-prize fighter was arrested last Friday night after they had been asked to leave the South-West game at Magly Field. Their capture was effected at Starling-st and W. Broad by cruisermen working with school officials.

Police said that all of the 17 boys captured in a truck were wearing black leather gloves and were armed with lead pipes. No South or West youths were in the gang, most of which was made up of former East graduates, two East first team players and six other East students.

East High School officials took immedite remedial action by suspending indefinitely the two players from the football squad. They were Leroy Houpe, defensive halfback and William Wilson, regular left guard. The two along with the six other East High students were called before East Principal Austin Besancon and sent home to their parents.

The group of 17 reportedly started a near riot following the South-West game by attacking a group of West High School students.

In the meantime no further action has been taken on the possibility of changing the East-West games of the future to afternoon affairs. Principal Irvin Young said this week, "We had talked of the possibility but have taken no definite action. It is a shame that we had to even consider the possibility because of the actions of some few people. We hope that with the break up of this gang that the matter may be solved. The City Police are to be especially commended for their fine cooperation and help in keeping order at the games."

Window Painters Go Into Action This Week End

The annual Halloween Window Painting Contest sponsored by the Hilltop Kiwanis Club swings into full stride this week with more than 2,000 cups of paint scheduled to be in use this Friday and Saturday by Hilltop elementary school children. All nine Hilltop elementary schools are participating in the contest in which a total of 23 prizes are to be awarded. First prize winner will receive $25 as will the school he represents; second is $15 and the next five receive $3. The next best 25 will receive $1 prizes.

Bob Miller, chairman of the Kiwanis contest said that Hilltop merchants are cooperating to the fullest measure with the contest by readily giving permission to the youngsters to paint their entries on store windows.

Water Service. A considerable part of Franklin Township is served by the Columbus city water plant. The city water treatment works are located to the north of Dublin-rd in the northeast part of the township, and there are mains serving most of the industrial section east of the Scioto River as well as Marble Cliff. West of the river there is complete service in Valleyview and a main lies in Hague-av to Trabue-rd, east to San Margherita and a short distance along McKinley-av. There are laterals west on Trabue-rd, Britton-av, El Paso (east and west) and Fisher-rd. Full service also is available in the Sylvan Avenue Addition to Valleyview-rd.

City mains run along Route 40 west into Prairie Township, down Phillipi-rd to Sullivant and along Sullivant to the city limits. There also is a line along Derrer-rd serving customers both within and without the city. The subdivision lying south of Westgate Park, as well as Westgate Manor and the new Tonti Addition have water service. The addition south of the city limits near Eakin, Racine and Richardson-aves is completely provided for as is also the Whitehead-rd, Clarendon and Whitethorne area.

The area between the B.&O. tracks and Greenlawn Cemetery has an excellent network of mains except for Geneva-av. The water extends south on the Harrisburg-pk to Big Run-rd, and east on Frank-rd to the Franklin County Children's Home. Most residences in Briggsdale have water available. On Brown-rd the mains extend as far south as Hart-rd with laterals on Little-av east and Hart-rd.

Water extensions are proceeding rapidly in several areas of Franklin Township according to the county sanitary engineer. Mains have been laid in four new streets south of Sullivant-av both ways from Demorest-rd, in Josephine-av and Wicklow-av; also in the subdivision at the northwest corner of Wilson-rd and Route 40, and at the east end of Little-av. Installations are projected in Clime-rd, west from Harrisburg-pk, Westgate Manor, Rea-av, Wilson-rd to El Paso-dr, in El Paso and Crom-well-av. An enormous project is under contract for a large water main in Route 40 to New Rome to serve the existing New Rome area as well as Lincoln Village, with appropriate laterals in all streets both north and south from Route 40. The county sanitary engineer will take over the New Rome water system and furnish service to all present users from the present distribution system, with water from the Columbus city plant.

The rates charged for water by the City of Columbus are as follows: per 1000 cu. ft.—
First 25,000 cu. ft. per mo. $1.70 plus 10%.
Next 175,000 cu. ft. per mo. $1.65 plus 10%.
Next 800,000 cu. ft. per mo. $1.55 plus 10%.
Next 1,000,000 cu. ft. per mo. $1.40 plus 10%.
All above 2,000,000 cu. ft. per mo. 85c plus 10%.
Minimum annual charge $6.60 plus 10%.

These rates were established by Ordinance 699-56 enacted July 31, 1950, effective Aug. 30, 1950.

The rapid growth of the Columbus Metropolitan area has caused a shortage in water supply, not simply because the water is scarce, but also because plant expansion has not kept pace with metropolitan growth. Occasionally, during a period of unusual drought there is an actual shortage of water. But usually there are enough rains throughout the summer months to keep up with consumption. However, additional storage is necessary and is now being assured. The storage at Griggs and O'Shaughnessy Dams and the new Hoover dam on the Big Walnut creek as well as the treatment facilities in Dublin-rd and the tank and reservoir storage and distribution mains have been provided over the years by city bond issues, although it may be noted that much of the distribution system has been financed by special assignments against benefitted property.

A few of the municipalities in the metropolitan area have their own water systems such as Grove City and Worthington. However most of the others, as well as all of the unincorporated portion of the county, is served, if at all, from Columbus. This is made necessary by the elementary geological fact that there is only one source capable of providing enough water for metropolitan Columbus. Since the city has preempted this source others who wish to share in its benefits must apply to the city for service. Since it has borne the principal burden of financing the large engineering works required to make water available, it is not surprising that it should seek through its water rates to equalize the burden between those who dwell in the city and those who live outside.

However, this offers little or no justification for using water service as a threat or club to force annexation of large areas, particularly those where amounts of water are needed. While it is true that cities may decline to provide utility services outside their limits if they do not have a surplus for sale, Columbus is nowhere near this point on its water service. Even if it were, there are other solutions which may be preferable to annexation. For example, a metropolitan water district embracing the whole county might be formed to take over the city plant and distribute water to the whole area on equal terms. Since this natural resource should belong to all and not be monopolized by one, this would be just and democratic. The taxpayers of the city would be reimbursed for their expense and the service widened to include all at a uniform rate.

It may be pertinent to inquire whether the rates now being charged residents of the city for water service are adequate. As a minimum they should be sufficient to pay all operating costs and the principal and interest on the bonds issued for waterworks purposes. If this is so, then the rate outside the city should be the same, since any excess would be in the nature of a profit to reduce the burden of residents below the amount which it is proper that they should pay. Fortunately the law (Sec. 743.13 Revised Code) forbids a surcharge of more than ten per cent.

Sewers and Sewage Disposal. Beyond the village corporations of Marble Cliff and Valleyview, few of the residences in Franklin Township are served by sanitary sewers. There are none north of Valleyview on the west side of the Scioto River and north of Broad st. However the two large industrial plants just west of the city limits are served by sewer lines on Broad-st (almost to Phillipi-rd) and on Sullivant-av. The small residential area just east of the General Motors Plant (west of the Big 4 tracks) has sewer service from Broad. This line follows Derrer-av along the west city limits to Sullivant, with a lateral from Sullivant-av along Josephine-av.

The small subdivision outside the city just south of Eakin-rd between Racine and Richardson, is completely provided with sewers on every street. The area between the B. & O. tracks and Greenlawn Cemetery south to Richmond-rd except for Geneva-av also has sewer service. Finally a line leads from Frank-rd and Harrisburg-pk along Frank-rd, past the Franklin County Children's Home direct to the Sewage Disposal Plant on the west bank of the Scioto. There are no laterals on this line.

According to the office of the county sanitary engineer, the following new sewer projects are under construction or approved or petitioned for completion in the near future: The three subdivisions south of Sullivant-av, one east and two west of Demorest-rd; the subdivision at the northwest corner of Wilson-rd and W. Broad-st, and the sewer project to parallel the water installations in Route 40 to New Rome. Laterals will be provided from this sewer main for all streets north of [illegible] all the way to New Rome.

The sewage treatment charges per 1,000 cu. ft. of water used are as follows:
First 25,000 cu. ft. per month—70c
Next 175,000 cu. ft. per month—21c
Next 800,000 cu. ft. per mo.—8½c
Next 1,000,000 cu. ft. per mo.—6½c
All above 2,000,000 cu. ft. per mo—3½c. Min. annual charge—$3

The sewer rental charges are collected on water bills by the City of Columbus. They were fixed by Ordinance 294-40 of July 23, 1940, and the present rates date from January 1, 1945. They are approximately twice the amounts charged customers who live inside the city limits.

Taxable Valuations for 1953-54. The County Auditor of Franklin County reports the following valuations for the principal units covered by this survey, for the 1953 taxes. These valuations are substantially above those for 1952 and will offer taxing and bonding capacity which is much more adequate than in the past for the solution of school and governmental problems.

Franklin Twp.: real estate, $18,665,630; personal p., $11,543,586; pub. util., $1,970,740; total, $32,179,940. Franklin Local Sch.: real est., $14,026,330; personal p., $8,965,240; pub. util., $1,653,130; total $24,646,700. Prairie local sch., $5,448,350; personal p., 764,050; pub. util., $1,246,190; total, $7,456,590.

Tax Rate Trends: The 1953 tax levies for Franklin Township show the following items:

County rate	$3 50
School rate	9.90
Township rate	1.[illegible]
State rate	5.20
Total	$15.00

The portion of the township area which lies in the Columbus Independent School District paid a school rate of 11.36 and a total of 17.06; that which lies in the Grandview Heights School district paid a school rate of 15.00 and a total of 20.70. The portion which is in the Jackson Township School District paid a school rate of 9.30 and a total of 15.00; that in the Norwich Township School district paid a school rate of 12.50 and a total of 18.20; that in the Prairie Township school district paid a school rate of 12.20 and a total of 17.90. In the Marble Cliff village corporation which lies in the Grandview Heights School District the school rate was 15.00, the township rate only .30 and the corporation rate 4.30 for a total of 23.40. In the Valleyview village corporation, which lies in the Columbus Independent School District, the school rate was 11.36, the township rate .30 and the corporation rate 4.90 for a total of 19.76. The rates paid by residents of Franklin Township varied from a low of 15.09 to a high of 23.40.

Yr.	Co'ty	Schl.	Twp.	State	City	Ttl.
1952	3.50	9.30	1.90	.30	[illegible]	15.00
1951	3.60	7.60	2.10	.40	[illegible]	13.70
1950	3.60	6.50	3.30	.20	[illegible]	13.60

1948	3.00	5.60	1.20			9.80
1947	2.60	6.00	1.20			9.80
1946	2.40	7.40	1.20			11.00
1945	2.40	9.40	.20			12.00
1944	2.50	6.00	.20			8.70
1943	2.60	8.80	.40			11.80

During the same period, the taxpayers of the city of Columbus paid the following rates:

Yr.	Co'ty	Schl.	State	City	Ttl.
1952	[illegible]	11.36	.30	[illegible]	20.40
1951	3.60	12.10	.40	[illegible]	22.00
1950	[illegible]	12.50	.20	[illegible]	22.40
1949	[illegible]	11.10		[illegible]	20.00
1948	3.00	10.12		[illegible]	19.20
1947	2.60	10.00		[illegible]	18.80
1946	2.40	7.84		[illegible]	16.80
1945	2.40	8.12		[illegible]	16.80
1944	2.50	8.22		7.[illegible]	18.06
1943	2.60	8.20		8.40	19.20

From a comparison of these two tables, it seems clear that taxes in Franklin Township have been consistently lower than those in the city of Columbus over the past ten years. However, it is equally clear that the residents have not had the services which were rendered to those who lived in the city. In fact, it may be questioned whether the township is doing enough especially for its schools. This will be discussed at length at another point.

Lapidary Art Is On Display At Library

The dictionary states, "lapidary — an artificer who cuts, polishes and engraves precious stones and gems." On a recent visit to Arizona Mrs. W. E. Ferguson, 3048 Crescent-dr, had an interesting experience as a "lapidary," cutting and polishing a ruby. Special cutting and polishing tools are required, and many residents of Arizona own such tools, because of the amount of raw material available in the area.

Mrs. Ferguson's ruby is mounted into a ring and is on display in the new exhibit case recently presented by the Hilltop Kiwanis Club to the Hilltop Branch Library, 2953 W. Broad-st. In addition to the ruby ring, Mrs. Ferguson has on display some other gems which she herself polished, as well as some unpolished stones.

According to Mrs. Ferguson this is an extremely interesting hobby.

The following books are in the Hilltop Library: "Jewelry Making by Arthur and Lucille Sanger; Creating Jewelry for Fun and Profit, by Andrew Dragunar and Art of the Lapidary by Francis J. Sperisen.

DEPUTY HURT

Sheriff's Deputy Augustine Caito, 31, of 1692 Harrisburg-pk, suffered a possible fractured leg Thursday, Oct. 15, when his motorcycle was involved in an accident at the west end of the Broad Street Bridge over the Scioto River.

Police Lt. Phil Wright said Caito was on his way to a West Side funeral home when the accident occurred. Emergency squadmen took the deputy to Mt. Carmel Hospital for treatment.

United Appeal "County Day" Is Scheduled

Friday will be "County Day" at the Fourth United Appeal report luncheon in the Southern Hotel, when a tribute will be paid to the 800 volunteers in the UA's County Division headed by Edward N. [illegible].

"I hope that many of the county division's workers will be there to report 100 per cent of their township's quota met," said Sloan.

Sloan expressed confidence that county residents would reach the county division's quota of $90,307, since "they make up about 22 per cent of the total population of Franklin County, yet their quota is little more than two per cent of the entire UA goal of $2,513,674."

However, some townships are lagging behind, he warned, and they have only several more days to complete their solicitations.

At the meeting Friday, the chairman of each township will report the amount of money raised in each township and the percentage of the quota met. "I'm expecting 100 per cent in every case," Sloan said.

Lions Turkey Awards Set For Nov. 19

The Hilltop Lions Club annual award of 25 turkeys throughout the community will be made on Nov. 19, according to "Turkey Chairman" Bill Coon (second from right above). The annual fall project of the Lions is now in full swing and Coon assisted by a committee (pictured above) of Dick Wilson, Jack Imler and Paul Leighninger, said that the "gobblers" will be delivered on Nov. 28. Lion Dick Bateman is current leader in sales for the project, already accounting for more than 300.

A Survey Of Social, Economic and Governmental Factors In Prairie And Franklin Townships (Part Three)

(Continued from last week)

Minimum charge $1 per month. Same penalty as in Columbus city. This rate also is subject to adjustment based on fuel cost.

The rate applied in San Margherita is on a sliding scale. There is one rate effective from Apr. 9, 1953, to Apr. 9, 1955, another for Apr. 9, 1955, to Apr. 9, 1957, still another for the period from Apr. 9, 1957, to Apr. 9, 1959, and thereafter unless changed by proper legal proceedings. Present rates are:

30c per 100 cu. ft. for first 500 cu. ft. per mo.
6c per 100 cu. ft. for the next 4500 cu. ft.
6½c per 100 cu. ft. for the next 95,000 cu. ft.
6c per 100 cu. ft for all over 100,000 cu. ft. Minimum charge $1.50 per month and 5% penalty.

On Apr. 9, 1955, the rates change to:

30c per 100 cu. ft. for first 500 cu. ft. per mo.

Water Service. A considerable part of Franklin Township is served by the Columbus city water plant. The city water treatment works are located to the north of Dublin-rd in the northeast part of the township, and there are mains serving most of the industrial section east of the Scioto River as well as Marble Cliff. West of the river there is complete service in Valleyview and a main lies in Hague-av to Trabue-rd, east to San Margherita and a short distance along McKinley-av. There are laterals west on Trabue-rd, Britton-av, El Paso (east and west) and Fisher-rd. Full service also is available in the Sylvan Avenue Addition to Valleyview-rd.

City mains run along Route 40 west into Prairie Township, down Phillipi-rd to Sullivant and along Sullivant to the city limits. There also is a line along Derrer-rd serving customers both within and without the city. The subdivision lying south of Westgate Park, as well as Westgate Manor and the new Tonti Addition have water service. The addition south of the city limits near Eakin, Racine and Richardson-avs is completely provided for as is also the Whitehead-rd, Clarendon and Whitethorne area.

The area between the B.&O. tracks and Greenlawn Cemetery has an excellent network of mains except for Geneva-av. The water extends south on the Harrisburg-pk to Big Run-rd, and east on Frank-rd to the Franklin County Children's Home. Most residences in Briggsdale have water available. On Brown-rd the mains extend as far south as Hart-rd with laterals on Little-av east and Hart-rd.

Water extensions are proceeding rapidly in several areas of Franklin Township according to the county sanitary engineer. Mains have been laid in four new streets south of Sullivant-av both ways from Demorest-rd, in Josephine-av and Wicklow-av; also in the subdivision at the northwest corner of Wilson-rd and Route 40, and at the east end of Little-av. Installations are projected in Clime-rd, west from Harrisburg-pk, Westgate Manor, Rea-av, Wilson-rd to El Paso-dr, in El Paso and Cromwell-av. An enormous project is under contract for a large water main in Route 40 to New Rome to serve the existing New Rome area as well as Lincoln Village, with appropriate laterals in all streets both north and south from Route 40. The county sanitary engineer will take over the New Rome water system and furnish service to all present users from the present distribution system, with water from the Columbus city plant.

The rates charged for water by the City of Columbus are as follows: per 1000 cu. ft.—

First 25,000 cu. ft. per mo. $1.70 plus 10%.
Next 175,000 cu. ft. per mo. $1.65 plus 10%.
Next 800,000 cu. ft. per mo. $1.55 plus 10%.
Next 1,000,000 cu. ft. per mo. $1.40 plus 10%.
All above 2,000,000 cu. ft. per mo. 85c plus 10%.
Minimum annual charge $6.60 plus 10%.

These rates were established by Ordinance 899-50 enacted July 31, 1950, effective Aug. 30, 1950.

The rapid growth of the Columbus Metropolitan area has caused a shortage in water supply, not simply because the water is scarce, but also because plant expansion has not kept pace with metropolitan growth. Occasionally, during a period of unusual drought there is an actual shortage of water. But usually there are enough rains throughout the summer months to keep up with consumption. However, additional storage is necessary and is now being assured. The storage at Griggs and O'Shaughnessy Dams and the new Hoover dam on the Big Walnut creek as well as the treatment facilities in Dublin-rd and the tank and reservoir storage and distribution mains have been provided over the years by city bond issues, although it may be noted that much of the distribution system has been financed by special assessments against benefitted property.

A few of the municipalities in the metropolitan area have their own water systems such as Grove City and Worthington. However most of the others, as well as all of the unincorporated portion of the county, is served, if at all, from Columbus. This is made necessary by the elementary geological fact that there is only one source capable of providing enough water for metropolitan Columbus. Since the city has preempted this source, others who wish to share in its benefits must apply to the city for service. Since it has borne the principal burden of financing the large engineering works required to make water available, it is not surprising that it should seek through its water rates to equalize the burden between those who dwell in the city and those who live outside.

However, this offers little or no justification for using water service as a threat or club to force annexation of large areas, particularly those where amounts of water are needed. While it is true that cities may decline to provide utility services outside their limits if they do not have a surplus for sale, Columbus is nowhere near this point in its water service. Even if it were, there are other solutions which may be preferable to annexation. For example, a metropolitan water district embracing the whole county might be formed to take over the city plant and distribute water to the whole area on equal terms. Since this natural resource should belong to all and not be monopolized by one, this would be just and democratic. The taxpayers of the city would be reimbursed for their expense and the service widened to include all at a uniform rate.

It may be pertinent to inquire whether the rates now being charged residents of the city for water service are adequate. As a minimum they should be sufficient to pay all operating costs and the principal and interest on the bonds issued for waterworks purposes. If this is so, then the rate outside the city should be the same, since any excess would be in the nature of a profit to reduce the burden of residents below the amount which it is proper that they should pay. Fortunately the law (Sec. 743.13 Revised Code) forbids a surcharge of more than ten per cent.

Sewers and Sewage Disposal. Beyond the village corporations of Marble Cliff and Valleyview, few of the residences in Franklin Township are served by sanitary sewers. There are none north of Valleyview on the west side of the Scioto River and north of Broad-st. However the two large industrial plants just west of the city limits are served by sewer lines on Broad-st (almost to Phillipi-rd) and Sullivant-av. The small residential area just east of the General Motors Plant (west of the Big 4 tracks) has sewer service from Broad. This line follows Derrer-av along the west city limits to Sullivant, with a lateral from Sullivant-av along Josephine-av.

The small subdivision outside the city just south of Eakin-rd between Racine and Richardson, is completely provided with sewers on every street. The area between the B. & O. tracks and Greenlawn Cemetery south to Richmond-rd except for Geneva-av also has sewer service. Finally a line leads from Frank-rd and Harrisburg-pk along Frank-rd, past the Franklin County Children's Home direct to the Sewage Disposal Plant on the west bank of the Scioto. There are no laterals on this line.

According to the office of the county sanitary engineer, the following new sewer projects are under construction or approved or petitioned for completion in the near future: The three subdivisions south of Sullivant-av, one east and two west of Demorest-rd; the subdivision at the northwest corner of Wilson-rd and W. Broad-st, and the sewer project to parallel the water installations in Route 40 to New Rome. Laterals will be provided from this sewer main for all streets north of Route 40 all the way to New Rome.

The sewage treatment charges per 1,000 cu. ft. of water used are as follows:

First 25,000 cu. ft. per month—11c
Next 175,000 cu. ft. per month—11c
Next 800,000 cu. ft. per mo.—8c
Next 1,000,000 cu. ft. per mo.—6c
All above 2,000,000 cu. ft. per mo—3c. Min. annual charge—$3

The sewer rental charges are collected on water bills by the City of Columbus. They were fixed by Ordinance 294-40 of July 23, 1940, and the present rates date from January 1, 1945. They are approximately twice the amounts charged customers who live inside the city limits.

Taxable Valuations for 1953-54. The County Auditor of Franklin County reports the following valuations for the principal units covered by this survey, for the 1953 taxes. These valuations are substantially above those for 1952 and will offer taxing and bonding capacity which is much more adequate than in the past for the solution of school and governmental problems.

Franklin Twp.: real estate, $18,665,620; personal p., $11,543,586; pub. util., $1,970,740; total, $32,179,940. Franklin Local Sch.: real est., $14,028,330; personal p., $8,985,240; pub. util., $1,653,130; total $24,646,700. Prairie twp.: real est., $5,381,490; personal p., $746,530; pub. util., $1,316,820; total, $7,444,780. Prairie local sch., $5,448,390; personal p., 764,050; pub. util., $1,246,190; total, $7,458 590.

Tax Rate Trends: The 1952 tax levies for Franklin Township show the following items:

County rate	$3 50
School rate	$9.20
Township rate	$1.90
State rate	$.30
Total	$15.00

The portion of the township area which lies in the Columbus Independent School District paid a school rate of 11.36 and a total of 17.06; that which lies in the Grandview Heights School district paid a school rate of 15.00 and a total of 20.70. The portion which is in the Jackson Township School District paid a school rate of 9.30 and a total of 15 00; that in the Norwich Township School district paid a school rate of 12.30 and a total of 18.20, that in the Prairie Township school district paid a school rate of 12.20 and a total of 17.90. In the Marble Cliff village corporation which lies in the Grandview Heights School District the school rate was 15.00, the township rate only .30 and the corporation rate 4.30 for a total of 23.40. In the Valleyview village corporation, which lies in the Columbus Independent School District, the school rate was 11.36, the township rate .30 and the corporation rate 4.80 for a total of 19.76. The rates paid by residents of Franklin Township varied from a low of 15.00 to a high of 23.40.

Yr.	Co'ty	Schl.	Twp.	State	Ttl.
1952	3.50	9.30	1.90	.30	15.00
1951	3.60	7.60	2.10	.40	13.70
1950	3.60	6.60	3.20	.20	13.60
1949	3.00	6.50	1.10		10.60
1948	3.00	5.00	1.20		9.80
1947	2.60	6.00	1.20		9.80
1946	2.40	7.40	1.20		11.00
1945	2.40	9.40	.20		12.00
1944	2.50	6.00	.20		8.70
1943	2.60	8.00	.40		11.00

During the same period, the taxpayers of the city of Columbus paid the following rates:

Yr.	Co'ty	Schl.	State	City	Ttl.
1952	3.50	11.36	.30	5.24	20 40
1951	3.60	12.10	.40	5.90	22.00
1950	3.60	12.50	.20	6.10	22.40
1949	3.00	11.10		5.90	20 00
1948	3.00	10.12		6.08	19 20
1947	2.60	10.00		6.20	18.80
1946	2.40	7.94		6.48	16.80
1945	2.40	8.12		6.28	16 80
1944	2.50	8.22		7.28	18.00
1943	2.60	8.20		8.40	19.20

From a comparison of these two tables, it seems clear that taxes in Franklin Township have been consistently lower than those in the city of Columbus over the past ten years. However, it is equally clear that the residents have not had the services which were rendered to those who lived in the city. In fact, it may be questioned whether the township is doing enough, especially for its schools. This will be discussed at length at another point.

Lapidary Art Is On Display At Library

The dictionary states, "lapidary — an artificer who cuts, polishes and engraves precious stones and gems." On a recent visit to Arizona Mrs. W. E. Ferguson, 3048 Crescent-dr, had an interesting experience as a "lapidary," cutting and polishing a ruby. Special cutting and polishing tools are required, and many residents of Arizona own such tools, because of the amount of raw material available in the area.

Mrs. Ferguson's ruby is mounted into a ring and is on display in the new exhibit case recently presented by the Hilltop Kiwanis Club to the Hilltop Branch Library, 2955 W. Broad-st. In addition to the ruby ring, Mrs. Ferguson has on display some other gems which she herself polished, as well as some unpolished stones.

According to Mrs. Ferguson this is an extremely interesting hobby.

The following books are in the Hilltop Library: "Jewelry Making by Arthur and Lucille Sanger; Creating Jewelry for Fun and Profit, by Andrew Dragunar and Art of the Lapidary by Francis J. Sperisen.

DEPUTY HURT

Sheriff's Deputy Augustine Ciato, 31, of 1092 Harrisburg-pk, suffered a possible fractured leg Thursday, Oct. 15, when his motorcycle was involved in an accident at the west end of the Broad Street Bridge over the Scioto River.

Police Lt. Phil Wright said Caito was on his way to a West Side funeral home when the accident occurred. Emergency squadmen took the deputy to Mt. Carmel Hospital for treatment.

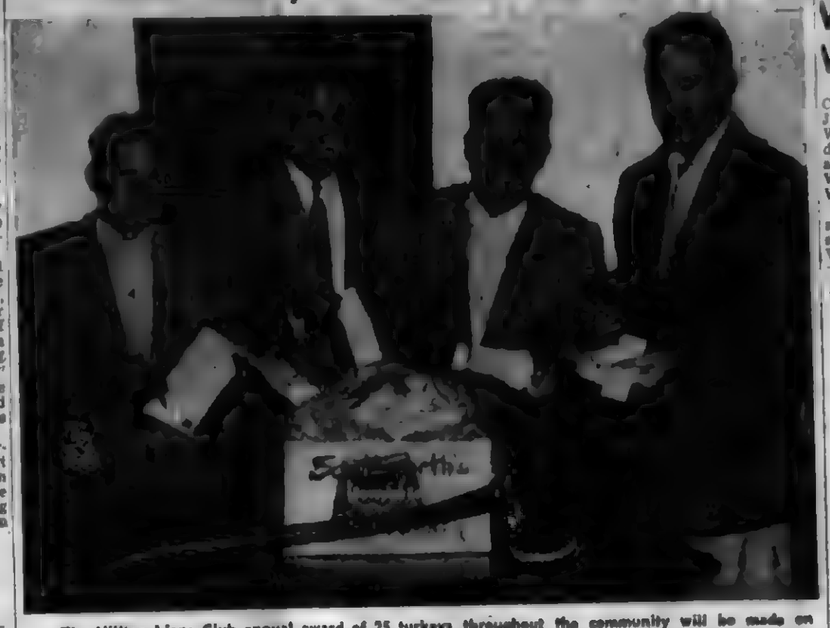
United Appeal "County Day" Is Scheduled

Friday will be "County Day" at the Fourth United Appeal report luncheon in the Southern Hotel, when a tribute will be paid to the 800 volunteers in the UA's County Division headed by Edward N. Sloan.

"I hope that many of the county division's workers will be there to report 100 per cent of their township's quota met," said Sloan.

Sloan expressed confidence that county residents would reach the county division's quota of $59,307, since "they make up about 22 per cent of the total population of Franklin County, yet their quota is little more than two per cent of the entire UA goal of $2,513,674."

However, some townships are lagging behind, he warned, and they have only several more days to complete their solicitations.



At the meeting Friday, the chairman of each township will report the amount of money raised in each township and the percentage of the quota met. "I'm expecting 100 per cent in every case," Sloan said.

The Hilltop Lions Club annual award of 25 turkeys throughout the community will be made on Nov. 19, according to "Turkey Chairman" Bill Coon (second from right above). The annual fall project of the Lions is now in full swing and Coon assisted by a committee (pictured above) of Dick Wilson, Jack Imler and Paul Leighninger, said that the "gobblers" will be delivered on Nov. 28. Lion Dick Baseman is current leader in sales for the project, already accounting for more than 200.

West Cowboys Mark Up First Grid Win

HE FLOATS THROUGH THE AIR to a touchdown, that is, and the winning marker of the South-West fracas at Magly Field last Friday night. "Fireball" Doug Cole, holdover fullback from last season's Cowboy squad, seeing his first real action this year, ripped the South line to shreds to provide the sparkplug for West to come from behind to win Friday. The final score was West 20, South 14. Cole scored all West touchdowns.

By Woody Owen

A listless West High football team last Friday was apparently headed for its fifth consecutive setback and then suddenly found the spark needed in Doug Cole and Ron Klein to explode all over the Blue and Gray of South High to take a thrilling last minute 20-14 victory.

Cole's running during the 1952 campaign made him one of the City League's most feared backs. But until Friday he had failed to display his true ability. He finally came into his own as he tallied all three Cowboy touchdowns and literally tore the Bulldogs' forward wall to shreds once pay dirt territory was reached.

Klein's long gallops around the flanks set up all three scores.

The Bulldogs counted their first T.D. midway in the initial period as defensive tackle Bob Shirey blocked a Cowboy punt which bounced out of bounds on the West 19. Three plays later Wilke waltzed through center to score.

Williams' try for the point after was wide.

The Blue and Gray added to their total early in the second period as a bad pass from center sailed into the end zone and after a mad scramble a Cowboy knocked the ball out of the end zone for an automatic safety, making the score South 8, West 0.

The Blue and Gray counted another T.D. about mid-way in this period as they returned a punt to the West 41 from where Black and Smith in two runs around end combined to carry the pigskin to the 10-yard line from where Wilke in two plays again scored.

Williams' kick was again wide.

Midway in the third period Tom Ongaro returned a punt 17 yards to mid-field. Two completed passes from Nafzger to Ends Deshler and Vincent carried the ball to the South 40 where the attack stalled, but a fourth down pass from Spratley to Nafzger made a first down on the 29-yard line.

Ongaro and Nafzger then carried to the 17 in two plays from where Cole scored in three drives through guard.

Klein's kick was wide as the pass from center was low and he was forced to hurry his try.

Mid-way in the final period the Cowboys scored again by going 80 yards. Klein on a double reverse ran right end for 14, a Nafzger to Vincent pass was ruled complete on the Cowsboys' 45 on an interference penalty.

The attack stalled and for the second time in the contest a fourth down pass from Spratley to Deshler made a first down on the South 44.

Ongaro ran right end for eight and Klein repeated around left end for 24 to the nine-yard line, from where Cole again scored in two plays. Klein's kick was good.

South 14, West 13.

South received the ensuing kick-off but a victory hungry Cowboy eleven halter them and forced them to punt which Vincent returned 21 yards to the Blue and Gray 34.

Klein ran right end for 19 yards to the 15. Cole than carried in four plays through the line to score with but 44 seconds remaining in the contest. Klein's kick was good.

West 20, South 14.

Two plays later the contest ended and the Cowboys had their first victory.

Black, Smith and Wilke led the Blue and Gray offensive, while Dennis, Peake and Shirey stood out defensively.

For the Cowboys Cole and Klein spearheaded the offensive. Ongaro stood out on the defensive.

This Friday night it will be homecoming as the co-league leaders, Central Pirates, invade Magly Field. The Cowboys would like nothing better than to hand the Pirates their first league loss.

In 1952 a heavily favored Cowboy eleven invaded the Pirates' den on homecoming and ran into a fired up team and luckily came out with a 9-7 win. This season the shoe is on the other foot with the Cowboys being the underdog it could develop into quite a battle.

Wisconsin Is Rated 12 Points Over Ohio

By Dick Dunkel

Notre Dame's perch atop the national college football standings is beginning to feel like the hot seat.

Although the Irish maintained first place in the Power Index for the fourth straight week, their rating slipped from 113.8 to 111.0 as the result of their uneasy 23-14 win over Pittsburg last Saturday.

Meanwhile, pursuit from below was waxing warm.

Michigan State jumped from fourth to second, with 107.9, after its fourth straight victory, a 47-18 lacing of Indiana.

Maryland (107.4) maintained third position and made its record 5-0 on a 26-0 conquest of North Carolina.

And of particular interest to Notre Dame, its next opponent, Georgia Tech, hurdled from seventh to fourth, with 105.7, after clipping Auburn, 36-6. The Yellow Jackets have a 4-0-1 record for the season, and have a date with the Irish in South Bend next Saturday.

Other current members of the Top Ten, their records and latest deeds, are:

No. 5 Oklahoma, 2-1-1, walloped Kansas, 45-0.

No. 6 Navy, 3-0-1, smothered Princeton, 65-7.

No. 7 Mississippi, 4-1, tanned Tulane, 45-14.

No. 8 Baylor, 4-0, vanquished Vanderbilt, 45-14.

No. 9 Michigan 4-0, beat Northwestern, 20-12.

No. 10 Illinois, 3-0-1, mastered Minnesota, 27-7.

The Power Index shows average difference in score relative to rating of opposition. Teams set their own ratings without the use of anyone's opinion.

Rank and ratings of national and sectional leaders through games of Oct. 17 follow:

It will be the Johnny Lattners versus the Leon Hardemans, otherwise described as Notre Dame taking on Georgia Tech, in the dream game on next Saturday's college football schedule, to be played in South Bend.

It will not only be a battle between assorted All-Americans for the national leadership, but also an attempt by Tech to extend its unbeaten string of 31 games at the expense of the current No. 1 team.

After a belated start, the Yellow Jackets have turned on the steam in their last two outings and now have a No. 4 ranking in the Power Index, with a rating of 105.7

On the other hand, Notre Dame has topped the national list for four straight weeks, but saw its rating shrink to 111.0 after last Saturday's 23-14 win over Pittsburgh. Nevertheless, by subtraction, the Irish still have an advantage of 5.3 points, or virtually one touchdown, on the comparative records to date. And that's the margin by which Notre Dame will win on Saturday if both teams should go strictly to past performance.

The Power Index shows how all teams have compared up to date - not necessarily how they will do in the future. On that basis, here's how other Top Ten members have rated themselves over their opponents of this weekend:

No. 2 Michigan State, 19 over Purdue.

No. 3 Maryland, 26 over Miami, Fla.

No. 5 Oklahoma, 21 over Colorado.

No. 6 Navy, 26 over Penn

No. 7 Mississippi, 14 over Arkansas.

No. 8 Baylor, 7 over Texas A&M.

No. 9 Michigan, 8 over Minnesota.

No. 10 Illinois, 16 over Syracuse.

In the weekend's other outstanding games, the differences are:

Eastern: Army 16 over Columbia. Cornell 14 over Princeton, Fordham 13 over Rutgers, Harvard 10 over Dartmouth, Holy Cross 25 over Brown, Yale 12 over Colgate, and TCU 2 over Penn State.

Midwestern: Cincinnati 40 over W. Reserve, Illinois 16 over Syracuse, Iowa 18 over Indiana, Kans. State 11 over Witchita, Miami, O., 17 over Ohio U., Northwestern and Pittsburg even, Okla. A & M 3 over Detroit, Wisconsin 12 over Ohio State, SMU 15 over Kansas, and Boston College 5 over Xavier.

Southern: So. California 7 over Clemson, Auburn 8 over Tulane, Duke 31 over N. C. State, Georgia 16 over No. Carolina, Kentucky 27 over Villanova, LSU 5 over Florida, Miss. State 2 over Alabama, Rice 1 over Texas, Tennessee 43 over Louisville, Texas Tech 47 over N. Mexico A & M. Vanderbilt 13 over Virginia, Wake Forest 13 over Richmond, Wm. & Mary 10 over G. Washington, and West Virginia 16 over VMI.

Far Western: Idaho 5 over Oregon State, Oregon 6 over San Jose, So. California 1 over California, Stanford 2 over Washington, UCLA 13 over Wash. State, Utah 3 over Wyoming, and Utah State 3 over Colo. A & M.

The Power Index is based on a combination of two factors - average scoring margin, and average opposition rating. Originally all teams started with identical median ratings thus eliminating guesswork.

Power Index pairings for next weekend's games follow:

Dick Dunkel's COLLEGE FOOTBALL POWER INDEX

EXPLANATION — The Power Index provides a direct comparison of the relative strength of any two teams for this season to date. Thus, a 90.0 team has been 10 scoring points stronger than a 80.0 team on their comparative records, in which average scoring margin has been weighed against average rating of opposition. However, this does not mean that a 90.0 team should defeat a 80.0 team by 10 points in the future, because the ratings have not been adjusted for such important forecasting factors as home team advantage, injuries, lineup changes, etc. Therefore, they are not to be construed in any way as gambling information. The Dunkel system cumulates records of all college teams and was started in 1929.

Seiller's Pay-Off For Perfect Game

Here is Paul Leighninger, co-partner of Seiller's Inc., presenting veteran bowler Cliff Robling a check for $375 and he and his teammates of the Superior Die and Tool team each receive a $25 gift certificate. The reason for both was Cliff Robling's perfect 300 game, which was rolled at Riverview Oct. 5th, when he threw 12 perfect rocket strikes, while the Superior team was shaping a season's high single and high three game total of the season.

When Seiller's outfitted the Superior team with Mark Twain bowling shirts, McGregor slacks, Hickok belts and Hyde shoes, a verbal agreement was made between Leighninger and Captain Freddie Lorch, that should any of his team "get lucky" a $500 War Bond or the cash equivalent would be paid by Seiller's.

Members of this All Star team are (top photo) Tony Troposso, Fred Lorch, Cliff Robling, Al Lockney, and the two not present were Bud Holstein and Bob Stewart.

Seiller's are already planning a separate Bowling Apparel Shop for next year, featuring both men's and women's bowling outfits from tip to toe.

Hilltop Gra-Y Clubs Elect New Officers

The five Hilltop YMCA Gra-Y clubs held their annual election of club officers in their club meetings which were held at the schools last week. Three nominations were made for each office of president, vice president, secretary, treasurer and chaplain the week before and a majority vote by all club members this past week determined the winner of each position. Parlimentary procedure prevailed at all the meetings with campaign speeches being the highlight prior to the actual vote.

The result of the West Broad Gra-Y election gave the presidency to Bill Kern. John Peterson is the vice-president elect and the accompaning officers are: Little Saint, secretary; David Davis, treasurer and Eddie Donaldson, chaplain.

Jimmy Walker is the president-elect of John Burroughs Gra-Y. Mike Cantos is the club's choice to serve as Walker's veep. Other elected officers are Jim Bidwell, secretary; Emmett Robbins, treasurer and Jackie Wilson chaplain.

The Highland Gra-Y Club put its trust in David Dildine to serve as the No. 1 officer. He will be assisted by John Galentine, the vice-president-elect. The secretary's job was voted to Floyd Chappelear and the treasurer-elect is Stephen Galentine. John Matthews was elected to the responsible position of chaplain.

West Mound Gra-Y, the club specializing in proper business procedure, elected Ronnie Harper as their prexy. Bennie Montgomery was chosen by the group to the vice-presidency. Gary White was elected as secretary, Douglas Ealy was elected treasurer and Donald Rudolph will serve the term out as chaplain.

The officers elected to head the Westgate Gra-Y for the coming year are: president, Joe Mann; vice-president, Artie Newkirk; secretary, Frank Tippett; treasurer, Jim Morris, and chaplain, Gary Weigand.

All of these officers will be officially installed at the Hilltop Gra-Y induction ceremony and pot luck dinner which will be held in the early part of February.

Details concerning this event will be published at a later date.

West Mound And West Broad Win Gra-Y Football Games

By Dick Wilson

After a week lay-off because of the Hilltop Lions-YMCA fall trip, West Mound and West Broad came back last Saturday morning to win their games in the Hilltop YMCA League. All league games are played at West High School. Highland Gra-Y was the victim of the West Mound eleven although the Highland Avenue boys jumped into a six point lead in the first quarter. This touchdown resulted when Timmy Good, center for Highland, intercepted a pass from Myers to Harper and scooted 30 yards into pay dirt territory. George Francis tried a pass to Fullback Edmonds for the extra point, but the pass was incomplete.

West Mound bounced back in the third quarter as Quarterback McClure completed a long pass to Myers, who stepped over the goal line to score. McClure scooted around his right end to make the extra point good.

Left end Beedler sewed up the game in the fourth period when he intercepted an Edmond to Dildine pass and ran 20 yards to score six more points for the Groesinger coached eleven. McClure's run for extra point was no good.

Score by quarters:

West Mound	0	0	7	6
Highland	6	0	0	0

Highland—R.E. Otis; R.T. Ball; R.G. Reynolds; L. Dildine; C. Good; L.G. Chappelear, Fraher; L.T. Big Galentine, Riebel, Shepherd; L.E. L. Galentine, Bennett; Q.B. Francis; F.B. Edmond; R.H. B. Dildine; L.H. Matthews.

The Westgate-West Broad game was the thriller of the season as the Furry coached eleven edged the Pemberton coached team 8-2.

The two teams battled to a scoreless first quarter and the second quarter was also a tie, as both teams scored safeties. West Broad scored the first one when the entire West Broad line caught Bob Ross behind his goal. The Westgate tied it up when End Pohle caught Tom Hartranft behind his goal.

The West Broad eleven got a break and an ultimate victory in the fourth quarter when Dick Williamson blocked a kick by Bob Ross and the ball was recovered behind the Westgate goal. There was not enough time for the Westgaters to get organized for an effective attack after this score.

Score by quarters:

Strange Sight

The underprivileged child from the city slums was in the country for the first time for a vacation. Everything he beheld on the farm was new and wondrous to his pinched little face.

Toward sunset of the first day he stood intently watching the farmer's wife plucking a chicken.

After a bit his curiosity grew too great and he asked gravely, "Do you take off their clothes every night, lady?"

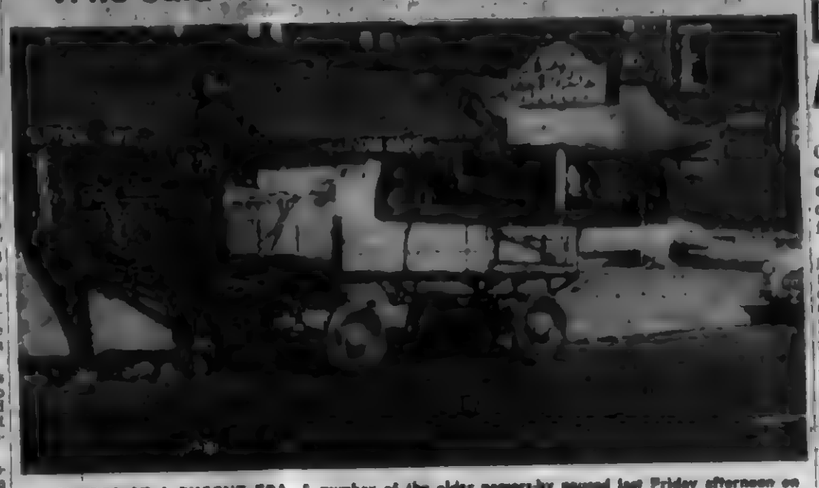
Importance Of Volunteer Fire Services Cited By Trustees

Volunteer firemen have answered almost 400 calls for fire equipment in Franklin Township in little more than three years that the the Franklin Township Fire Department has been in operation, a check revealed this week. These calls involved buildings estimated to be valued at $4,750,000.

Total loss as a result of fire damage has been slightly over $36,000. These figures were released this week by Paul Wichterman, 500 N. Powell-av, clerk of the Franklin Twp. Board of Trustees.

While many of the runs this time of year are to grass fires, statistics show that unless checked quickly, these fires can result in widespread damage to buildings and crops.

Realizing the importance of this service to residents of Franklin Twp., the trustees have placed on the Nov. 3 ballot a three mill tax levy to run for a period of five years. If approved by 60 percent of the voters, it will provide funds for a central fire station at 4100 Sullivant-av; a permanent fire house for the No. 1 company operating in the north portion of the township; and the employment of additional full-time help to meet the demands of a growing residential and industrial area. Trustees also plan to purchase additional equipment as needed and set up emergency service.



The tax levy is a renewal of 1.6 mills that originally started as a two-mill levy in 1950 and an increase of 1.6 mills. Township officials stressed the urgency of the levy if the fire protection program is to continue.

Along with the fire levy, voters of Franklin Twp. will be asked to express a choice on a one-mill road maintenance levy. This is the first time that such a levy has been submitted as a separate issue.

Otto Peoples, 1300 Hart-rd, president of the trustees, said that an adequate road maintenance program cannot be carried out on the approximate $14,000 that is available for that purpose this year. He pointed out that trustees are expected to maintain approximately 38 miles of gravel road and that new streets are being added annually.

Record want ads are result getters.

Who Said "Dobbin's Put Out To Pasture?"

SHADES OF A BYGONE ERA. A number of the older passers-by paused last Friday afternoon on Sullivant-av to gaze wistfully at this scene of Old Dobbin and an express wagon patiently waiting for the driver's return. Passing cars and the busy traffic seemed to make no impression on Dobbin.

Lincoln Village Reserves 550 Acres For Industrial Sites

New Job-giving industries may locate on the West Side of Columbus in Lincoln Village according to the developers of the community. Carl R. Frye, vice president and general manager of the Peoples Development Co., builders of the project west of Columbus, pointed out Saturday that some 550 acres of former farm land has been set aside as industrial sites.

The industrial district will be located along West Broad-st, for the most part. The segment south of Broad-st will be bordered by Georgesville-rd on the east, Sullivant-av on the south, and Garden Heights subdivision on the west. The north plot extends from Phillipi-rd to Garden Heights and from Broad-st to the Pennsylvania Railroad. A 45-acre tract of land north of the new Westinghouse plant is also included in Lincoln Village.

Frye said that indications are that modern industry is looking for organized industrial districts when they build new factories and warehouses.

He pointed to a speech delivered at the National Planning Conference in Detroit earlier this month. At the meeting, Theodore K. Pasma, industrial expert with the United States Department of Commerce, described the trend of industrial location to planned industrial districts throughout the United States.

Pasma said that the manufacturers were particularly pleased to locate in a planned industrial district, because so many of the headaches which accompany the location and construction of a new plant are avoided.

Other than the 550 acres for industry, Lincoln Village will consist of about 620 acres of converted land upon which is to be built hundreds of single homes, twin singles and apartments. It is also to have a large shopping center.

The Peoples Development Co. is a subsidiary of the Farm Bureau Insurance Companies.

Mrs. Stout Submits Recipe For Old-Fashioned Sugar Cookies

Mrs. Nellie Stout

A recipe for that perennial favorite of young and old alike, old-fashioned soft sugar cookies, has been submitted this week by Mrs. Nellie Stout. Long a favorite in her family, Mrs. Stout tells us that this recipe is at least 40 years old, and that the final addition of a small amount of vinegar is responsible for the delicious, soft texture.

The current president of Kiwanikwe, social and civic organization composed of wives of the members of Hilltop Kiwanis Club, Mrs. Stout is also an active member of Alpha Nu Alpha Chapter, Gradale sorority, Ladies' Oriental Shrine and De-Molay Mothers.

Her husband, Phillip, is the well-known Hilltop attorney and Mrs. Stout assists him in his offices at 2494 W. Broad-st. The couple has one son, "Skip", who is enrolled as a senior in the college of architecture, University of Cincinnati.

This cookie recipe is particularly welcome, coming at a time when there are children's lunch-boxes to pack and after-school snacks to provide. The donor suggests that they do pack very well and would be a welcome addition to overseas boxes.

Old Fashioned Sugar Cookies

1 cup sugar
1 cup butter
2 eggs
1 teaspoon soda with 6 tablespoons of sour milk or cream
pinch of salt
2 teaspoons baking powder
1 teaspoon vanilla
3½ cups flour
1 tablespoon vinegar added last, sugar sprinkled on top of cookies

Cream sugar and butter, add eggs, alternate with sour milk and flour sifted with baking powder and salt, add vinegar last. Roll or pat on board, cut with cookie cutter, sprinkle sugar on tops of cookies, bake until light brown. These cookies stay soft if put in covered container immediately after baking. More flour is used if needed to roll the cookies. Bake at 375 for 10 to 15 minutes.

Roberts (above), president of the Bonebrake Seminary, Dayton, will be the principal speaker Sunday at Westgate EUB Church when that congregation will observe the 24th anniversary of the local church. The anniversary service is scheduled to begin at 10 a.m. Rev. Harold Dutt is pastor of the church.

Your Youth

By Bob Schmidt - Dick Wilson

It was a wonderful meeting, and I believe that the plans which were made at it will make the Golden Jubilee Southeastern Ohio Hi-Y-Tri-Hi-Y, Youth Conference the best one ever staged. I am referring to the professional executive committee meeting which was held last Sunday at the Colonial Courts at Lancaster. The purpose of this meeting was to help plan the big Golden Jubilee Conference.

Prior to the meeting 35 Hi-Y and Tri-Hi-Y members who had attended the Camp Nelson Dodd Hi-Y-Tri-Hi-Y training periods last summer met at Lancaster to make some advance plans toward this conference which will be held at Ohio University on Dec. 5.

While I am on the subject of Hi-Y, I would like to take this opportunity to say "Thanks a million" to Frank Brown for the splendid job he is doing as adviser to the Hilltop YMCA West Senior Hi-Y. Frank is a teacher of physics at West High School and is volunteering his services as adviser to the 30 boys who make up the club.

A current project of the club is the publishing of programs for West High School homecoming game which will be on Oct. 23. The members of the club will be selling these programs at the game and in the high school the day before the game. The cost of the programs will be 10c. All proceeds from the sale will go into the club treasury for program and service projects.

The program committee of the West Junior Hi-Y met last week and planned its club program up to January, 1954. Some of the highlights of the program will be a Halloween party, World Service speakers from the YMCA Ohio-West Virginia area office, Thanksgiving basket service project, club induction, Christmas caroling and a Bible story telling contest. Members of this committee were Tom Sines, chairman, Dick Rice, Don Furry and Jan Lawrence.

In closing this week's column Bob and I would like to extend an invitation to all grade school boys to join the Gra-Y club at their school and to come down to the "Y" craft classes and free movies.

Program schedules are available at the "Y" office which tells the time and place for all these events. Come on down now and pick up your copy.

Through The Garden Gate

By Members Of Highland Garden Club

Mrs. J. Earle Taylor

So when some dear joy loses
Its beauteous summer glow,
Think how the roots of roses
Are kept alive in the snow.

Alice Carey, from "November"

Roses are very much like children—they need a lot of tending too—perhaps a bit of pampering, but like children, they just keep on growing and pay back in beautiful blooms all the love you have showered upon them.

Three of the rose bushes in my yard are 33 years old—a yellow, a white and a pink one. The yellow one is called Sunkist, but down through the span of years, I have forgotten the names of the other two.

Of course I have some of the new ones planted here and there in the rose bed and love a particular trait in each one of them.

One of the bushes I treasure above all is a rose called "York and Lancaster." As far as can be determined, it is the oldest species of rose in existence, and although its origin is unknown, it is believed it was propagated in the year 1600—a damask rose (Damascena) and to have come from the Eastern part of Europe and the Orient. Between the wars of the Crusaders and the Orient, one country possessed a beautiful red rose—the other, a lovely white one. The story is that these two roses were crossed—the result being a deep pink rose with white stripes which was duly christened "York and Lancaster."

It is a fascinating experience indeed to walk through my garden, pause at this bush when it is heavy with bloom and enjoy to the utmost a species of rose that has survived the years and been handed down generation to generation, with an ancestral tree second to none.

Some folks like to mulch their roses. I don't! I like to cultivate them. Some folks like spring planting and part-time shade. I like fall planting and full sun, but, as a learned man once told me, "Your own experience is as good as any rules set down by experts." So profit by your own experience, for no two parents or two gardeners ever agree on the best method of bringing up children or of growing roses.

PORTRAIT IMMACULATE

Lift up your eyes, my soul,
These are not hills today,
These are His parted garments
Strewn along the way.

Maple leaves for His wounds,
Crimson-etched and red;
Goldenrod for the halo
That hangs above His head.

Withered thorn and brier,
Thistle and Queen Anne's lace—
These are not hills in autumn
But the lines in His own sad face.

Moan of the mourning dove;
Call of the whippoorwill—
This is the Man of Sorrows
In decent clear and still.

Indian summer haze,
Smouldering as if aflame—
These are not hills and valleys
But altars to His name.

Mail—From a local writer of prose: "A truly great writer is always dissatisfied with something or other, and venting his spleen about it. I'm too lazy to look up the exact quotation but some author said of another author 'He would even be agin Utopia, which doubtless would be good 'for Utopia,' implying, I imagine, that so many Yes Men would cause it to grow stale. The modern trend is to stifle genius in its true form and encourage the type of writing that Oscar Wilde once called American Dry Goods. Wilde was a genius in the sense that the stuff he wrote was different and delightfully witty; people were shocked and they loved it. I do not defend Wilde's character, only his genius. I am not easily swayed by book critics, nor do I waver when they chirp enthusiastically about some ponderous tome written by an ulcerated college professor. Rather, I go out and buy the books they DON'T praise, read them and have a heck of a good time."

More mail—From a friend in Groveport: Can you or any of your readers send me a copy of the poem "Bill Is In Trouble"? I don't know who wrote it but it's about a father who is worried because his son is in the legislature . . . From a gal in the south end: A friend is a person who dislikes the same people you dislike, or so I've heard . . . From my favorite shutin: Tennessee is gorgeous in the fall, too, or at least the part of it I can see from my windows is, and I have the word of the natives for the rest. The leaves that are falling make me think of handbills that clutter your porch—they are ads for autumn, I suppose—or I reckon, as they say down here.

From somewhere—there was a man once, a satirist. In the natural course of time he died. The people came and stood about his corpse. "He treated the whole world as if it were his football" one said indignantly, "and he kicked it." The satirist opened one eye and said "But always toward the goal" . . . You can't keep up to the minute and worry by the hour . . . Take this honey for the bitter cup: There is no failure save in giving up . . . And a contradictory axiom: A well-timed retreat may outwit defeat.

TREASURES

A penny ring—"For Mom on Mother's Day;"
Baby shoes with tooth-prints in the toes;
A prayer book carried by a bride of long ago,
In it, a forgotten, withered rose;
A tousseled head bent over home work every night;
A letter from a friend; a neighbor's call;
Bittersweet in bright blue vase;
A shelf of books;
The tracery of green vines on a wall;
Your love, which is to me a thing apart—
These are the treasures dearest to my heart.

Mary Margaret Smith To Wed Michael Cherup In December

Miss Mary Margaret Smith
(J. Curtis Allen Photo)

Mr. and Mrs. Clarence J. Smith, of 187 Haldy-av., announce the engagement and approaching marriage of their daughter Mary Margaret, to Mr. Michael Anthony Cherup, son of Mr. and Mrs. John W. Cherup, of 139 S. Roys-av.

The bride-elect is a graduate of West High School and is associated with Dr. Wendell D. Postle as a dental assistant. The prospective bridegroom graduated from West High School, attended Ohio State University and is associated with the Fairmont Designing Co.

The open church wedding will be an event of Dec. 5, 1:30 p. m., at Glenwood Methodist Church.

New Club Is Contemplated To Serve Older Adults

A Club for older adults of the Hilltop will have its first meeting at the Hilltop Church of Christ, S. Burgess-av, at Olive-st, on Saturday afternoon, Nov. 7, at 1:30.

Sponsored by interested persons of the community, churches and groups, the club will not be a part of the Hilltop Church of Christ but will meet in the church building.

Programs will include recreation, discussions, trips, movies, speakers, exhibits and other features.

The club is designed to serve older adults in the community, giving them an opportunity to make new friends, participate in interesting meetings and serve the community.

Details of the club's activities, time and regularity of meetings, programs and organization will be matters which the club members will decide upon.

A complete list of sponsors will be published later. Groups which become "sponsors" will not take over the direction of the club, but will be available for advice and assistance.

Persons interested in further information may call the Hilltop Church of Christ, Jo. 4787 or the Hilltop YMCA JO. 4641. Reservations need not be made for the meeting, however, sponsors will appreciate a call from those planning to come so they may make adequate provision for rooms and re-freshments.

FIRST STEP SHOES

The other morning a little black haired cherub not yet six months old, took his first steps around one of our fitting stools, much to his grandmother's delight. That's a little young but since he did it of his own accord, it was all right. He had been pulling himself up on his feet in his play pen for a couple of weeks and we had just fitted him in "trainers", the first semi-stiff soled shoes. Until a baby does pull up and bear weight on his feet, the less foot covering the better.

The ability to wiggle his toes and kick and squirm strengthens his feet and legs for walking. As soon as he bears weight on his feet, he should have semi-stiff soled shoes with a slight counter or stiffening at the back. When he walks alone, he should have stiff soled shoes with firm counters and from the first semi-stiff soled shoes, he should be taken to the shoe man to be fitted. Baby shoes come in different widths and ought not be fitted by guess work.

HURRY --

The Explanation

"Mother, daddy's lying on the porch. I think he's unconscious," said the little girl to her mother. "He's holding a paper in his hand and there's a round box beside him."

"Oh, that's wonderful," answered the mother, "my new hat has come."

Four Keys

What is the true key to happiness? For hundreds of years, men have pondered the answer.

Long ago, in Greece, a kindly man named Socrates was certain that the answer lay in two words:—*Know thyself.*

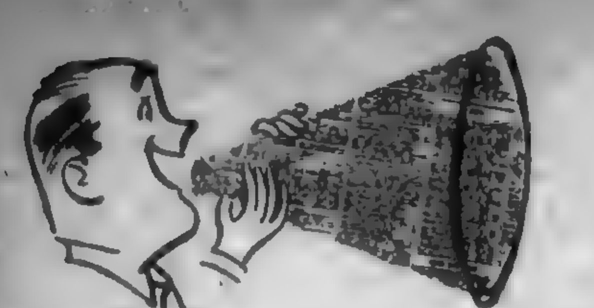
Socrates believed that knowledge was the key to happiness. Yet even the most educated men and women do not have the complete peace of mind that happiness should bring.

Amidst the decay of the Roman Empire, the great Marcus Aurelius wrote this answer:—*Master Thyself.*

Self-discipline—a valuable quality, but not the complete key.

Millions of us were involved in a mighty war because another man, Friedrich Nietzsche, gave the German people this formula:—*Elevate thyself.* Of the methods of that formula, democratic peoples want no part.

The fourth and final key is here in your own community. Every Sunday, your church tells you how it may be used. Those who have turned that key have found that it opens a new world of soul-satisfying, real, abiding happiness.



Two short words. Perhaps you have guessed them by now. They constitute the real key to happiness.

Two words:—*Give thyself.*

. . . and whoso trusteth in the Lord, happy is he. Pr. 16-20
